The Overall Picture
From Someone You Could Think Is Smarter Than This Researcher You Happened Across

Fellow pilot, astronaut, and sixth man to walk upon the moon, Edgar Mitchell noted the following forbidden historic truths in his truly excellent two-paragraph summary describing this most dangerous World Crime Syndicate. In 56 years of research, Mitchell's is by far the finest, the most beautifully compiled summary I have ever come across.

Edgar Mitchell, Pilot, Apollo 11 Astronaut, 6th Man To Walk On The Moon Exactingly Describes The World Crime Syndicate

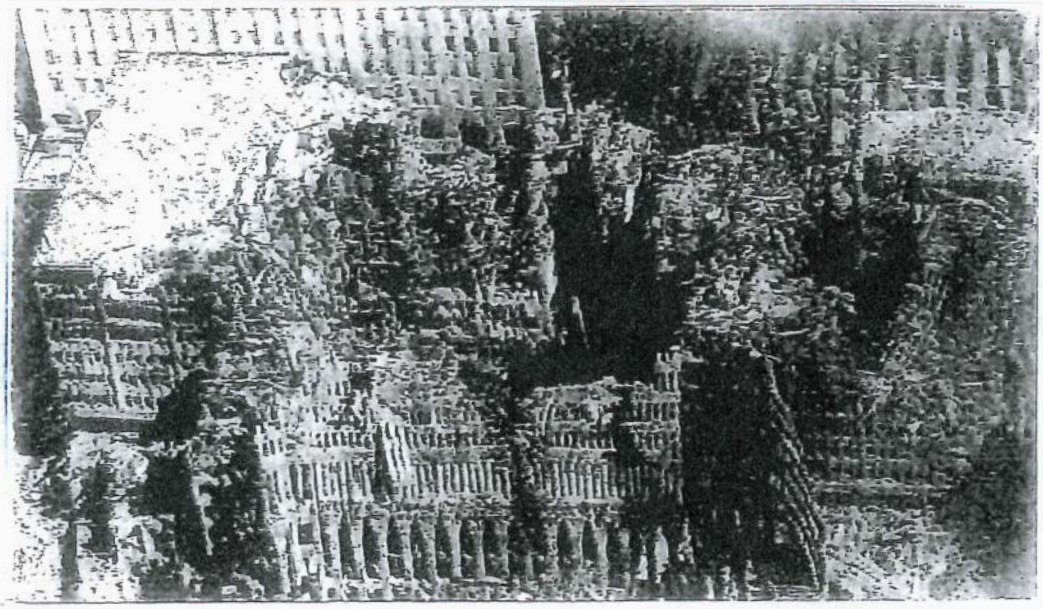

**"The wealthiest families on this planet
have erected a parasitic and absolutely inhuman system
for the exploitation and subjugation of mankind.
As the Dutch banker whistle blower Ronald Bernard,
who had worked closely with the Global Financial Elite,
recently stated:
"The misery of the world is a business model."
This system is based on usury,
and employs deliberately provoked and manipulated wars,
providing loans with heavy interest to both warring sides,
ensuring that both the victor and the vanquished
come under their iron control through debt bondage.
This brutal strategy is supplemented
by purchasing and corrupting important individuals
and groups, and converting them secretively
to a Satanic philosophy
through prolonged membership of secret societies,
through recruitment at a raw age,
through mind control and through terror."**

**"The end goal of this state of perpetual war
is to have a global slave state
with a much reduced global population,
with its riches concentrated
in the hands of a few families permanently,
with the enslaved mankind doing menial labor
for the pleasure and power of the ruling Elite.
There will be no such thing as freedom of movement
and freedom of thought
in this global slave state
known euphemistically as the One World Government
or the New World Order."**

**"As easy as it was to tell black from white,
it was all that easy to tell wrong from right."
- Lyrics excerpt from 'Bob Dylan's Dream'**

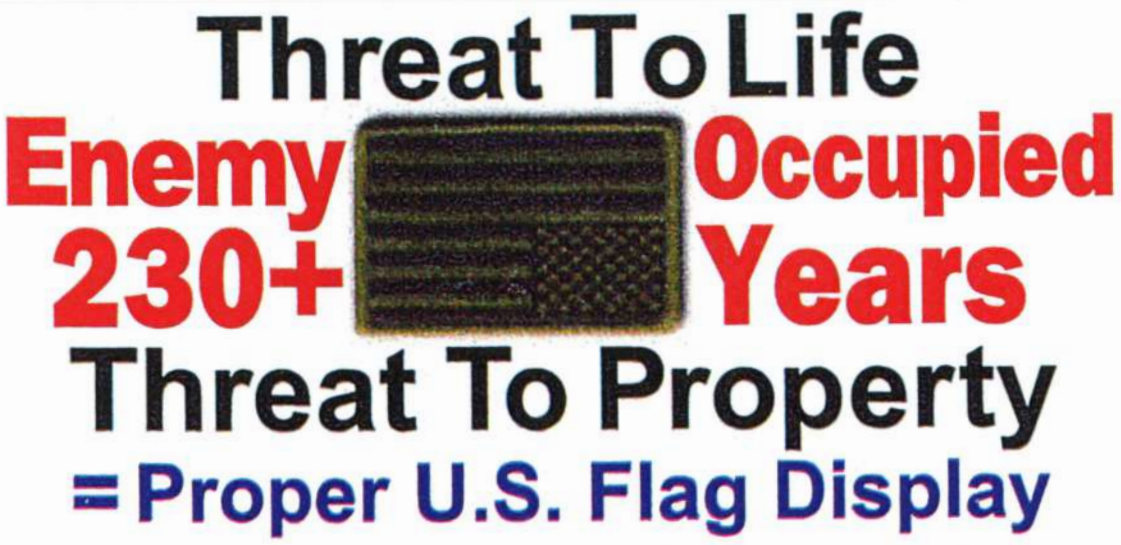

Many before us had a driving need to know what was driving so much war, so much blatant criminality, so much evil, that is **allowed** to exist.

As with any serious research into Hidden History (what I have come to consider, most accurately, as **Forbidden** History), **my** five+ decades of evidence documentation of this planet's most horrific, sub-human acts against humans **is only possible due to the immense sacrifice of all of the dedicated loyalists and patriots who have revealed this, before me.**

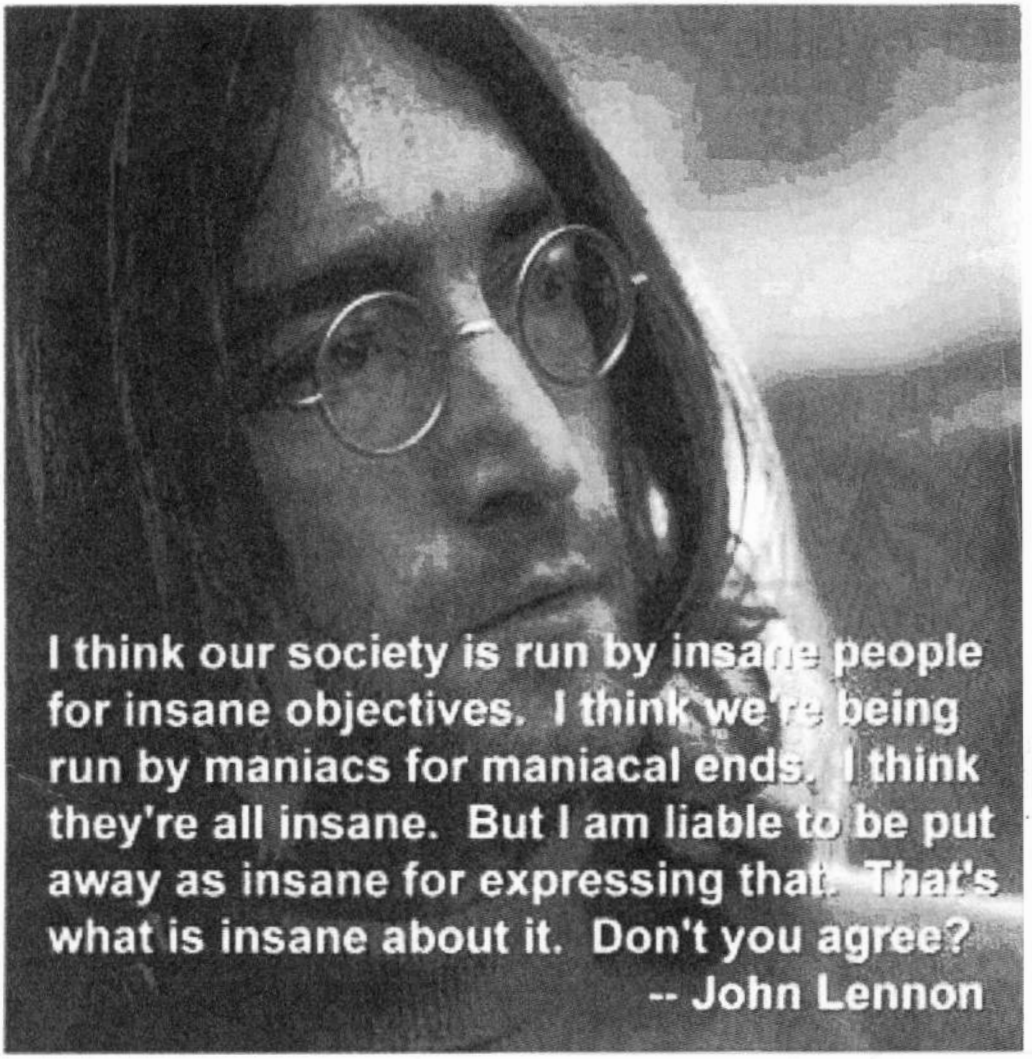

So many before me **sensed so much wrong with far too many aspects of 'American life'**, that they were driven to discover Historic Reality. These are the same loyalists who possessed the logic and critical-reasoning to realize **the immense gravity of their discoveries, together with Their Absolute Need To Reveal These Historic Truths!**

They realized too that only when enough of this nation's citizens are made aware of **the atrocities they'd uncovered**, would there be any possibility of any positive change in their lives, **the lives of their children, as well as in any hope for their children's children's lives!**

These ever-curious researchers and analysts had discovered that what was once envisioned as 'Civilized-Life In The U.S.A.' had far more than just eroded: American civilization had been very steadily, stealthfully and systematically destroyed by a world crime syndicate that began its occupation of U.S. federal, state and local government nearly 232 years before, through a takeover of almost all American Government institutions, bureaucracies and corporations - **through financial and sexual compromise!**

Inverted United States flag is **the proper method of display** as called out within Federal Flag Code display texts **under the conditions American citizens have Allowed to take hold.**
(Subdued military version is Correct Within Enemy-Occupied Territory)

More fully revealed, John Lennon's words that day (interview, YouTube):
"I think all our society is run by insane people, for insane objectives! And I think that's what I sussed when I was 16 and 12 way down the line. But I expressed it differently all through my life. It's the same thing I'm expressing all the time. But now I can put it into that sentence - that I think we're being run by maniacs, for maniacal ends! If anybody can put on paper what our government and the American government, etc. and the Russian, China - what they are actually trying to do, you know, and how/what they think they're doing - I'd be very pleased to know what they think they're doing! And I think they're all insane. But I'm liable to be put away as insane for expressing that. You know, that's what's insane about it!" **- John Lennon**

One Conclusion

It is logical - in my experience - to conclude that, much like the murders of Martin Luther King Jr., Diana, Princess of Wales, and way too many others, the occupying-enemy force could not continue to let someone of John Lennon's stature - as someone who is admired and who's thoughts are valued by those who respect his talent and his knowledge - to continue to speak of such historic truths. Lennon's words appear chosen through his base of knowledge and adherence to morality, and to ethics, within an inborn desire, and need, to preserve civilization as it is perceived by rational, critical-reasoning individuals. Just sayin'...

Preface

- Casablanca, The Movie, 1942

Rick: "Don't you sometimes wonder
if it's worth all this?
I mean, what you're fighting for."

Victor Laszlo: "You might as well question
why we breathe.
If we stop breathing, we'll die.
If we stop fighting our enemies,
the world will die."

Rick: "Well, what of it?
It'll be out of its misery."

Victor Laszlo: "You know how you sound, Mr. Blaine?
Like a man who's trying to convince
himself of something he doesn't
believe in his heart."

Herein You'll Find Incontrovertible Evidence Of Many Decades Of United States Government False Flag Terrorism - Mass-Murdering American Military & Citizens - That Should Repulse Loyalists Enough To Do The Right Thing!

**To have discovered these historic and horrific truths, and not share them, would make me a part of this problem.
I will Never be a part of this problem.
To My Last Breath, I Will Carry The Message.
Every American Deserves To Know!**

I've Been At War 30 Years

This journalist-analyst is relentlessly driven by: the mass-murder of **So Many** American military - and civilians - by this (**Not Our**) Treasonous, Zionist US Government, working with their Khazarian partners!; the theft of my daughter, Sara - just 5 1/2 years young - by assets of this world crime syndicate in 1994; by the theft of the equity in my Kileaua, Kauai home, my Twin Peaks, CA mountain home, and my 1910 Long Beach, CA home; my aircraft; and all funds from the most productive years of my life, by assets of these same Khazarian/Talmudic-Jew/Zionist Fascist Terrorists.

Note: All text and quote duplications are intentional: for impact; and, because I'd envisioned that others might run these articles individually. My byline added only at the last-minute due to many other's writings being stolen! Introduction From The Author
Historic Reality
As Found Here!

By **George Wegner, Senior Editor, Forbidden-History.org & Routt-County-Corruption.com**

Lyrics to **Laughing** - David Crosby's **excellent** 4 Way Street version
Crosby, Stills, Nash & Young

I thought, I met a man,
Who said, he knew a man,
Who knew, what was going on
I was mistaken
Only another stranger that I knew

And I thought, that I'd found a light
To guide, me through my night
And all my darkness
I was mistaken
It was only reflections - of a shadow, that I saw

And I thought, that I'd seen someone
Who seemed, at last
Yes, at last
To know the truth
I was mistaken
It was only a child
laughing - in the sun
Yes, in the sun

You can take my words, my evidence, the particular mind pictures described by what seemed the proper words, to convey the Seriously Hidden details and actualities of events I have researched for nigh-on-to six decades, or you can leave them.

It is likely though, if you've read this far, you must have discovered a fair number of linear connections, of plausable possibilities, and - throughout - **massive evidence of a hidden, beyond-evil driving force** that connects these events, time-frames and the people within them.

There are So Many connecting documents, personal revelations of those who were there, and other clues, that reveal these historic realities: **connections that shout out Many Decades Mass-U.S.-Governmental-TREASON**, together with an obvious and absolute lack of empathy, morality and ethics within these occupying enemy creatures! These are the just-out-of-sight-of-the-sheeple clues, that turn to leads, that turn to hard evidence, that are just as closely and inextricably bonded together as are the welcome goodness of warm maple syrup with honey and molasses poured over hot-buttered pancakes on a cool spring morning.

You may well have discovered a number of subjects presented here that rouse your deep-seeded critical-reasoning, your inherent logic-seeking, and your elemental **need to know - What-In-Hell is behind so much war, terror, violence, horror, perversion, and mass-murder of Americans and others** around the globe, that's **allowed** to go on century after century.

You may find that many portions of my research evidence make absolute sense, while a couple or three, **or many** events portrayed (or just certain aspects of them) are far from coninciding with what you have long accepted as a belief of 'what happened there and then'. These 'standouts' may stick with you, as - 'that can't be'! Fine with me.

However, if you dig and dig and dig still deeper and still longer - learning to avoid the mass of deliberate distractions, wrong roads, and the huge number of enemy-generated theatric 'look over here/he-did-its'... If you dare to 'mind-meld for some time within the grey matter of the beyond-evil individuals involved' - to find the root cause; the enemy need for such action; the cui bono (for whose benefit); the most minute reference; the obscure clue that leads to yet another connection of one person to another and of these people to the time-frame in focus, and to a particular event - as I have been driven to do through these past near-six-decades of discovery... There is then the likely possibility that you will unearth the same historic realities.

Quotes to consider when viewing evidence that follows - from **1st Ordnance Drop/Op Echo/OLTAC (2016) Routt County, Colorado Crime Syndicate Asset/ Judas-Goat/attorney larry d combs.** [See **Routt-County-Corruption.com**]

"The easiest way to gain control of a population is to carry out acts of terror. [The public] will clamor for such laws if their personal security is threatened". - Josef Stalin

"Fear is the foundation of most governments." - John Adams

"A nation can survive its fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and he carries his banners openly. But the traitor moves among those within the gate freely, his sly whispers rustling through all the alleys, heard in the very halls of government itself. For the traitor appears not traitor, he speaks in the accents familiar to his victims, and he wears their face and their garments, and he appeals to the baseness that lies deep in the hearts of all men. He rots the soul of a nation, he works secretly and unknown in the night to undermine the pillars of a city, he infects the body politic so that it can no longer resist. A murderer is less to be feared." - Cicero, 43 B.C. - Roman Statesman, Marcus Tullius Cicero 106-43 B.C.

Duty Origins

1967 and 1968 marked an unearthing of life-altering revelations through evidence that **This (Not OUR) United States Government Had Been Routinely Mass-Murdering Our American Military - at the direction of a world crime syndicate that had gradually and thoroughly financially/sexually/black-mail-compromised Treasonous bureaucrats in most key positions!** Evidence of this **High-Treason** has compiled since after our 1st Revolutionary War!

This evidence collection proved **There Was No 4th Of August 1964 Attack On Our U.S. Navy Destroyers In The Gulf Of Tonkin (NO Legitimate Reason For The Vietnam War)**, together with evidence that **This (Not OUR) U.S. Government Had Acted With Their Terrorist Partners To Blow Up Our USS Maine On 15 February Of 1898 - To Initiate The Spanish American War!**

I fully embraced the responsibility, an inborn need for accuracy, **a Duty of genuine photo-journalism**, in January of 1974, when I took a position as an Associate Editor at Dirt Bike Magazine. [Winning my first race as an Editor there, a 500cc Class victory in a Two-Hour Grand Prix in the northwestern San Fernando Valley, that first weekend - helped cement the Editor's beliefs they'd chosen well - their newest staffer.] My dutiful contributions to "The Mighty DB" [titanium staples] continued for years, taking on the Senior Editor position, toward the end of my time there.

Our magazine maintained it's number one postion in large part through brutally-straight-forward **truth-telling** in our analytical evaluations.

Dirt Bike Magazine routinely lost major manufacturer advertising - often for many months at a time - by accurately revealing any and all faults and weaknesses in these manufacturer's product's performance. DB Editors knew the results of their honest, ethical and detail-oriented product testing would lead to improved performance of future products.

These magazine contributions propelled me, still more, through a serious enjoyment of so many fine years of racing, on so many tracks, and great bikes, and in many (but, **never enough**) 500 Pro motocross competitions.

For this Editor, it was only the beginning of **an opportunity to reveal historic reality** in the manner envisioned from what I'd learned about **Benjamin Franklin's responsibility to accurately inform** the citizens of our still young nation. This was **a Duty** Franklin was very well aware of.

Several other magazine positions followed, then 8 1/2 years at American Honda Motor Company's U.S. Headquarters, as Senior Technical Writer, Motorcycle Service Manual Coordinator, Race Support Newsletter Editor, together with other tasks. I appreciated working with Honda's Race Team.

A life-fulfilling near-60 years of aviation endeavors began at age eight when my mother arranged for a flight in a low-wing aircraft out of Van Nuys Airport, in 1960. This new-found **Need To Fly** was supported further at age 12, in a Piper Cub, flown out of Whiteman Airport. Using, first, my grandfather's 35mm Kodak, a photo-journalism Duty began taking form.

All the while, since mid-1967, I've known An Aching-Hunger To Unearth Still More U.S. Government-Orchestrated Attacks On Americans And Others, and, A Consuming Need To Reveal These Truths, as my constant companion.

The Second Half Of The 9-11-01 U.S. Government-Enabled False Flag Attacks Prevented By Loyalists!

By George Wegner, Senior Editor, Forbidden-History.org

More Of What The Khazarian Mafia Zionist Fascist israeli Terrorists Conspiring With Treasonous U.S. Federal/State/Local Zio-Government Terrorists Had Intended For Their False Flag 9-11-01 Operation To Achieve

Two Of 11 Targets: Holland & Lincoln Tunnels

Evidence: New York/New Jersey Police Radio Calls - 9-11-01

[Audio-Transcripts from NY City/NJ Emergency Frequency - Channel 30]

Officer 1: "I got a message on that, ah, plane. It's a big truck with a mural painted of an airplane, diving into New York City and exploding! No one's in the truck..."

Officer 2: "Okay, 10-4, I'll send..." - (unintelligible)

Officer 1: "...with a mural painted - airplane diving into New York - blowing up. Two men got out of the truck and ran away from it. We got those two both under."

One Of The israeli Mossad Urban Moving Systems Van/Bombs Intercepted By New York/New Jersey Police On 9-11-01

Urban Moving Systems had long been known in the U.S. Intel community as an israeli Mossad front operation. The photo above is understood to be one taken by area police following the interception of three Mossad/IDF/Zionist israeli terrorist vans that day. Two more vans were loaded down with tons of explosives, on their way to their targets. One van/bomb exploded (as noted on previous page) as police grabbed israelis who ran from the van hoping to evade the explosion they had time/delay triggered.

Each of those arrested associated with these vans, together with those excitedly celebrating/filming the attacks from across the Hudson River, described themselves as "israeli tourists on a working holiday". Nearly all the israeli/Zionists had ties to Mossad and as IDF explosives specialists.

Among the many features of the 7 May 2019 declassified 9-11-01 FBI documents **(many of which note Explosions On 9-11)** is a paragraph which states:

"A search of the van and individuals was conducted at the time of the vehicle stop. The vehicle was searched by a trained bomb-sniffing dog which yielded a positive result for the presence of explosive traces. Swabs of the vehicles interior were taken, and those samples were sent to the FBI laboratory for further analysis. Final results still pending."

These FBI documents also indicate that 'Urban Moving Systems was of special interest to the FBI', and concluded that the israeli company was likely a "fraudulent operation". Almost no evidence of any sort of a legitimate moving business was found in searches of the company vehicles and the headquarters. An "unusually large number of computers..." were confiscated - which revealed many aliases for employees of the Mossad front company, amongst other evidence not disclosed.

Following questioning by police on 12 September 2001, Dominic Otto Suter, an israeli citizen identified as the owner of Urban Moving Systems, was allowed to evade prosecution, just two days later on 14 September, by fleeing to the enemy-occupied area of Palestine known as israel. ABC News reported at that time that FBI told ABC News that: "Urban Moving may have been providing cover for an israeli intelligence operation."

Later, in 2006 through to 2007, this same Dominic Suter is traced to working for major tech companies in northern California and in the San Francisco Bay area, such as Google, Microsoft and some others. Of these other tech companies, a similarly suspicious clue comes from further public records linking of Dominic Suter working for a company with close ties to U.S. Government agencies including our U.S. military, Granite Telecommunications. This Zionist does appear to be able to move freely within **our enemy-occupied nation!** I haven't checked lately. Your turn.

All involved no doubt knew that if they were caught, they'd soon be free. Various FBI and other documents indicate that upper-most level Bush administration officials far more than interfered in the detention of these Zionist/israeli terror suspects apprehended on 9-11-01, as well as the other **nearly 200 israeli/Mossad/IDF/Zionists arrested for spying and espionage!**

About 120 israelis Were Arrested Before 9-11, And About 80 More Were Arrested On And After 9-11.

Though many israeli 9-11 terror suspects were let go within mere days after their attacks, documents indicate that every one of these Zionists were allowed to go free, or were deported, before 71 days had passed!

Evidence reveals that U.S. Attorney General and Zionist asset John Ashcroft signed documents enabling the release of all 9-11 israeli terrorists! As a reward, 'israeli government' became one of John Ashcroft's first clients when he became a full-time Zionist-lobbyist in 2005.

As just one more clue to U.S. Government involvement throughout the planning, execution and cover-up of the 9-11-01 israeli false flag nuclear and HE terrorist attacks, **Urban Moving Systems received a U.S. Government grant of about $498,000 just before 9-11-01!**

Classic International Movers

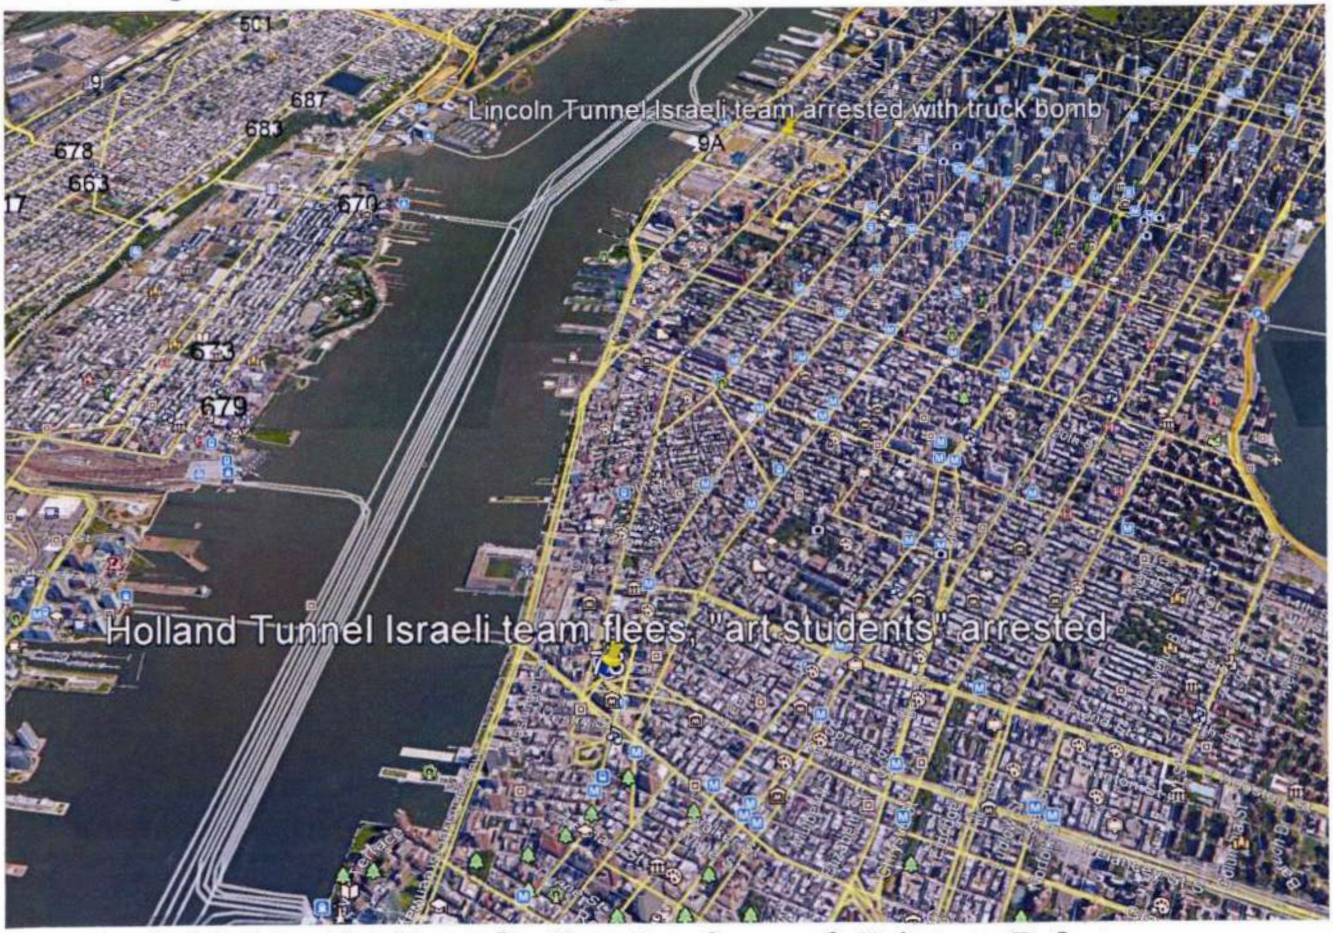

FBI's Miami, Florida Division arrested four 'israeli nationals' associated with another israeli moving company called Classic International Moving. These arrests were a direct result of further investigation into Urban Moving Systems computer evidence and other clues found in notebooks.

Another KM/US Government False Flag Operation - Prevented!

In long-planned operations within New York, New Jersey and Washington DC, Khazarian/israeli Mossad and active-duty IDF/Zionist terrorists, working in conjunction with Saudi intel. **and U.S. Government Zionist terrorists**, had begun driving vans filled with explosives (conventional/HE-type) toward both the Holland and Lincoln Tunnels. These van/bombs were to be positioned in specific areas of each of these major through-ways, abandoned, then remotely detonated. New York/New Jersey police arrested many.

All of this - as with the rest of the massive operational planning surrounding the 9-11 false flag attacks - **was enabled by numerous compromised/Treasonous U.S. bureaucrats** working in full cooperation with these terror cell assets of the KM: **Mafia-sympathizer, U.S. tax-paid terrorists** within this nation's executive/political branch, as well as assets inside U.S. intelligence, 'law-enforcement', judicial, **their** press, a large number of local/state/federal Government organizations, and others.

A significant amount of substantiating evidence reveals that these van/bomb explosions were intended to breach the integrity of these under-river travel routes, blowing apart and drowning as many as possible. These access-cutting events were clearly a part of the Khazarian Mafia/World Globalist/Zionist Fascist/US Govt./City Of London Bankster/Vatican/Saudi/Freemason's plan - isolating Manhattan Island, as a part of their **9-11-01 false flag theatric TV event - Spectacular** - targeting American sheeple!

9-11 Arrests/Tunnels Map Courtesy of VeteransToday.com

Reports of apprehending those involved in these (vans with explosives) attacks have been available to anyone interested enough over the past several years to have sought actual historic evidence linking to them.

At least, these are available at the time of this (Oct. '18) editing. Which points to: **This Enemy's Ever-Growing Need Try To Delete - To Try To Cleanse - Any And ALL Hidden Historic Truths!** Relentlessly obfuscating..

Just as clear are the historic facts that all involved in apprehending these Khazarian Mafia Zionist assets were ordered to transfer the custody of these terrorists into the hands of Bernie Kerik, New York Mayor Rudy Gulliani's police commissioner, or to israeli operatives using FBI identification. Ehud Omert, Jerusalem Mayor, interceded twice with his friend Rudolph Gulliani, to ensure the release of the Zionist/KM 9-11 'suspects'.

Evidence Indicates Near-200 israeli Terror Suspects, Disappeared!

Somewhat astonishingly, some U.S. media broadcasts (though, largely ignored) documented details of about 125 israeli Mossad and active duty IDF Zionist terrorist assets who had been arrested for spying and espionage **before 9-11.** About 80 more israelis were arrested on similar charges, as well as on charges of terrorism, on 9-11 and in days following the U.S.-Govt.-Enabled False Flags. A scarce few suspects were, somehow, detained for as many as 71 days, before they too were set-free and flown to the Zionist fascist terrorist-occupied region of Palestine known as israel.

Similarly of course, just as if it was me or you that was arrested driving a van with tons of explosives in NY on the morning of 9-11-01, surely **we too** would have been released within a relatively short amount of time!

Just **Why** details of **actual historic realities** regarding near-to-200 israelis being arrested for spying and espionage around 9-11 were **allowed to be broadcast over a few days time** is still unclear as of August of 2018. It is clear that most Americans must have missed this evidence.

Reinforcing Evidence Documentation
Excerpt From CNN News, Deborah Feverick, 9-11-01 Broadcast

CNN News Anchor: "Deborah, can you hear me now?" [Available Aug.'18]
Deborah Feverick: "Yes I can. Two or three men arrested on the New Jersey Parkway. Ah, that's the information that I am getting from two sources. That there was a van either on the New Jersey Turnpike or the Garden State Parkway, and that it was near the George Washington Bridge. There were two or three men who were in the van. The van was pulled over. Ah, it is not clear why the van was pulled over, but when it was, law enforcers found, ah, tons of explosives inside the van. That is - right now - all I am hearing, ah. But again, two or three persons in custody and we are trying to get more information on that right now."

The mere fact that CNN **mistakenly** - probably 'in the heat of confusion' - broadcast such **historic truths**, is **truly remarkable!** CNN, like **all media**, was fully infested with Treasonous KM/CIA (since the late 1940s/ early '50s) and with other KM asset propagandists, long before this more well-documented infestation by tax-paid disinformation/distraction tools.
[See Operation Mockingbird]
As with any 'embarrassing' truths that may have been mistakenly broadcast on the day of 9-11-01, **these historically accurate broadcasted details all disappeared** from any further reporting, from any further reference in all mainstream and almost all alternative media, **before sun-up on 12 September '01.** Luckily, historian/researchers - especially **those who**

recognized way too much wrong with so many of the events as portrayed by press and by US Govt. on that 11 September - recorded these broadcasts.

Some of the near-200 israelis apprehended for espionage and terrorism were 'dressed as Arabs'. **These were intended to be identified as the israeli's fall guys - Palestinians!** Recently declassified FBI documents indicate that, upon his arrest with others, israeli Sivan Kurzberg stated: "We are Israeli - we are not your problem. Your problems are our problems. The Palestinians are the problem." Each arrested had wads of cash, together with multiple (false identity) passports. All were later identified as israeli intelligence/Mossad agents and active military/IDFer/Zionists. Some arrested filmed and celebrated the attacks from across the Hudson.

Target: George Washington Bridge

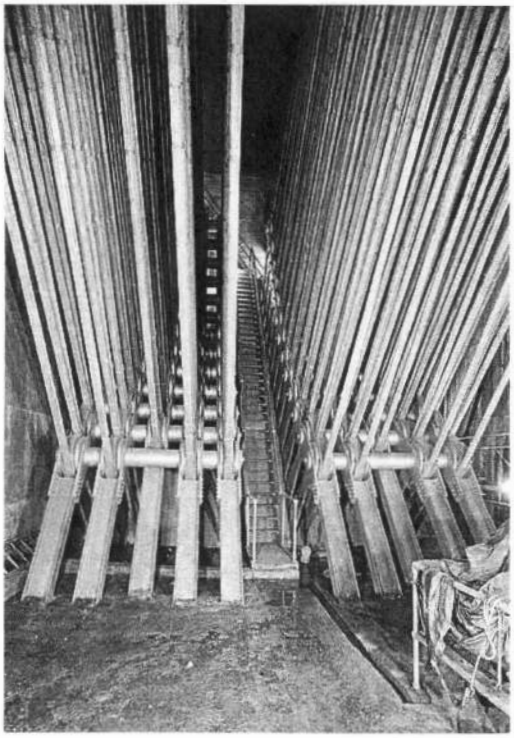

In Addition To The Truck/Van Tunnel Bombs, Another Major Target

U.S. investigators/law-enforcement arrested a number of 'Middle-Eastern-ers' **who had packed many tons of (conventional/HE) explosives into one cable-end building of the George Washington Bridge.** The intent was to bring down this massive structure and to kill/maim as many as possible.

Such a Khazarian accomplishment as this massive bridge destruction - independently - would have added so much to the horror of their theatric terror presentation. Likewise, this would have helped greatly to enable their endless string of US/Zionist wars against the KM/israeli targets in the Middle-East - **Wars portrayed as "Protecting American's Freedoms"!**

Once again, **Treasonous, Crime Syndicate-Owned Puppet-Politicians and press** could conjure up yet another war, once Treasonous KM/Zionist assets within U.S. Intel came up with the appropriately **'cooked evidence'** necessary to 'sell' still more war-fighting, **for our enemy!** Wars fought for decades by the RKM's puppet governments - "A Coalition In The War Against Terrorism": United States, 'Great' Britain, Canada, etc. A "War On Terror" **that would**

prove Equally Fraudulent As Every War - except the Revolutionary War! As fraudulent as the 'War On': Drugs; Poverty; Homelessness; Racism; Opiates; on and on, **much worse** than perpetual failures, **money-sucking distractions!**

Excerpt From Dan Rather's CBS Television 9-11-01 Broadcast

Dan Rather: "And word late tonight: It's been learned tonight that two suspects are in FBI custody, after a truck-load of explosives was discovered around the George Washington Bridge. That bridge, ah, links New York and New Jersey over the Hudson River. Whether the discovery of those explosives has anything to do with other events today is unclear. The FBI has two suspects in hand, said, ah, the truck-load of explosives, ah, enough explosives were in the truck to have done great damage to the George Washington Bridge. But they were arrested - the two suspects - and they're questioning them right now."

Almost certainly, **as retribution for Dan Rather failing to follow the theatric script**, he was 'rewarded'/targeted for retribution by the Rothschild Khazarian Mafia/City of London Bankster/Zionist-israeli/Saudi/**U.S. Govt.** Terrorists. It was surely a very simple matter to arrange for relatively realistic-appearing, likely falsely-created military records of President George Bush (43) to be funneled into Dan Rather's hands. There may be some element of truth to these records - **your turn.**

Then, the enemy directed KM asset/news-types to Take Dan Rather Down! In this way, one of the most fundamental crime syndicate retribution tactics was employed. Rather's broadcasting career was massively financially constrained through reputation destruction - for many years in his case. Financial harassment/destruction, closely tied to reputation destruction, has always been one of these scumbag's favorites, as a show of 'recognition' for straying from the RKM/Zionist's perpetual propaganda stream.

Of course, an 'accident' or physical/sexual assault, arranged for one of their family members, or for them, as well as 'applied' health problems,

and murder/suicide is **always** an option for those who resist spewing the treasonous disinformation/distraction crime syndicate 'news-stream'.

Financial Criminal Harassment is, of course, **a primary KM weapon that an ever-growing number of Routt County, CO Government officials continue to utilize against me**, for sharing - **One Historic Event** - the 8 June 1967 **U.S. Govt.-Enabled** israeli terrorist false flag attacks on **USS Liberty**. This two-hour massacre was an attempt to not only suck Americans into fighting the Zionist's Six-Day War, it was long intended to **instigate a nuclear World War III against Russia and China!** Among the **Routt County, CO Government Terrorist Supporter/Protectors** who have earned up to **116+** (garrecht) criminal charges: former Judge james h garrecht, former Routt District Atty. ed veronda, crime syndicate atty. larry d combs, former sheriffs gary wall and john warner, former under sheriffs dave bustros & dan taylor, Routt deputy ken klinger and more, plus **key Routt County crime syndicate KM assets - the Nightmares - sue & jeff petersen.**

A Back-Up Plan:
In Addition To Tons Of HE In The Cable-End Building...

The van/bomb intercepted by law enforcement while on its way to the George Washington Bridge was an enemy effort to be more certain of their success in their bridge assault. This van, packed with tons of conventional High Explosives, was to be utilized as a make-sure/back-up to their plan. This van was, evidently, to be positioned on an access road just below the bridge **To Try To Make Sure** this bridge came down that day!

Add to the G.W. Bridge destruction, the impact of murdering hundreds within the Holland and Lincoln Tunnels - largely isolating Manhattan - and The Enemy would have presented a near-complete terror program!
[Clue: All of humankind is the enemy of the Khazarian Mafia/Zionist/City of London Banksters and their many, many crime syndicate assets holding most key positions within this (Not Our) United States Government!]

Target: Financial District

(Though 1791 Marked A Solid Beginning Of Enemy Financial Control Of U.S.)

In all these 22 years since this massive false flag attack on America's citizens, U.S. intelligence community members have still not leaked much detail information regarding the nature nor the extent to which this enemy of humanity had planned for a central-point attack on America's financial district. My research shows that enough evidence has appeared that points to a plan for substantial damage to the local stock trading systems in New York City on this day. [Trading systems which have long been **Easily-Manipulated by the RKM - always for their profit** - just as are the values of gold, silver, other rare earth elements, as well as oil, steel, aluminum, lumber, homes, tech., and even 'game' outcomes.]

It could be logically surmised that in order to accomplish this financial assault - likely, in addition to other assorted bombings - key communications utilities would need to be substantially damaged for an enemy-anticipated length of time. These would include wiring, fiber optics and other electronic links, as well as electrical power - essential to financial and stock-trading operations in this district - which are routed along both the Holland and Lincoln Tunnels, as well as along the path of

the George Washington Bridge. Destruction of these communications links could well have been a significant part of the plan to take down America's financial district, while isolating Manhattan Island. At the same time, this would provide the added terror and loss-of-life elements, while largely restricting access by nearby first responders.

The resultant damage, death and life-changing injuries from these three to four false flag attacks - considered together - equals very roughly,

Half Of What Was Supposed To Take Place!

That I Refer To These Planned U.S. Government-Enabled/israeli/Saudi/
False Flag Attacks As **The Second Half Of 9-11**
Is Only My Estimate Of The Damage Planned That Is 'My Opinion'.
The Rest Of This Is Documented/Evidence-Supported **Forbidden** History.

It was purely the fast actions of many **American loyalists**
(Not Controlled by the RKM/COL-Bankster Crime Syndicate)
that prevented each of these additional and large-scale
false flag attacks from taking place!

When American investigators, who had already had many israeli and Saudi intelligence/israeli IDF assets under close surveillance for some time under suspicion of espionage and spying, learned of the first explosion within a World Trade Center Tower, they immediately moved to intercept and arrest as many of these terrorists as possible - saving the lives of many.

Without these actions by so many, **the U.S. Government-Enabled 9-11 False Flag Attacks would have been (my estimation) doubly successful!**

Many of these loyalists and other intelligence and law-enforcement people who acted to prevent further terrorist false flag 9-11-01 attacks were a part of the FBI, DEA, DIA, INS and other surveillance teams watching the many israeli and Saudi intel assets who were meeting, planning, preparing for widespread operations - including overseeing the funding, entertainment/enthusiasm, and 'flight training' of the claimed 'Arab hijackers'.

The access allowed that enabled the israeli/Saudi terrorists to place the amount of explosives necessary in the one cable-end building of the George Washington Bridge, **alone, should give you reason to question all 'bureaucrat authority'!** The same can be said for allowing access to the rooftops of the three tall Fort Lee buildings for the israelis to set their communications jammers in place! Not to mention, the criminal bureaucratic manipulation that **allowed** a number of more-recent-generation MRR nuclear devices to be flown into New Jersey's Teterboro Airport - evidently with no customs inspections! Terrorists infest Congress, 'law-enforcement/justice', alphabet organizations, press, virtually all areas. [Not Firefighters: I've given 9-11 presentations in five western states.]

The Sealed Grand Jury Investigation On 9-11 Based In Houston, Texas

Much of this and so much more on the 9-11 false flags is revealed in a massive amount of evidence held by this Grand Jury, by the controlling crime syndicate - **A U.S. Government/Khazarian Mafia-Sealed Investigation.**

This evidence includes not only the massive U.S. Department Of Energy/ (Sandia National Labs, etc.) Preliminary Report On The Events Of 9-11-01,

but an equally massive pile of israeli communications jammers, witness statements, emergency radio call intercepts, video surveillance, etc.

Albert Einstein's 4 December 1948 Letter Warning Americans Published In New York Times

Summary Excerpt (1st four paragraphs)

"Among the most disturbing political phenomena of our times is the emergence in the newly created state of Israel of the "Freedom Party" (Tnaut Haherut), a political party closely akin in its organization, methods, political philosophy and social appeal to the Nazi and Fascist parties. It was formed out of the membership and following of the former Irgun Zvai Leumi, a terrorist, right-wing, chauvinist organization in Palestine."

"The current visit of Menachem Begin, leader of this party, to the United States is obviously calculated to give the impression of American support for his party in the coming Israeli elections, and to cement political ties with conservative Zionist elements in the United States. Several Americans of national repute have lent their names to welcome his visit. It is inconceivable that those who oppose fascism throughout the world, if correctly informed as to Mr. Begin's political record and perspectives, could add their names and support to the movement he represents."

"Before irreparable damage is done by way of financial contributions, public manifestations in Begin's behalf, and the creation in Palestine of the impression that a large segment of America supports Fascist elements in Israel, the American public must be informed as to the record and objectives of Mr. Begin and his movement. The public avowals of Begin's party are no guide whatever to its actual character. Today they speak of freedom, democracy and anti-imperialism, whereas until recently they openly preached the doctrine of the Fascist state. It is in its actions that the terrorist party betrays its real character; from its past actions we can judge what it may be expected to do in the future."

"Attack on Arab Village"

"A shocking example was their behavior in the Arab village of Deir Yassin. This village, off the main roads and surrounded by Jewish lands, had taken no part in the war and had even fought off Arab bands who wanted to use the village as their base. On April 9 (THE NEW YORK TIMES), terrorist bands attacked this peaceful village, which was not a military objective in the fighting, killed most of its inhabitants ? 240 men, women, and children -and kept a few of them alive to parade as captives through the streets of Jerusalem. Most of the Jewish community was horrified at the deed, and the Jewish Agency sent a telegram of apology to King Abdullah of Trans-Jordan. But the terrorists, far from being ashamed of their act, were proud of this massacre, publicized it widely, and invited all foreign correspondents present in the country to view the heaped corpses and the general havoc at Deir Yassin. The Deir Yassin incident exemplifies the character and actions of the Freedom Party." (Entire letter elsewhere)

President John F. Kennedy,
U.S. Attorney General Robert F. Kennedy
& israeli Zionist Ambassador to U.S., Avraham Harman

JFK: "Now--the problem of your government's
nuclear weapons site at Dimona is of great concern.
I have told you many times now
that I want our American inspectors
to be allowed in regularly so we can find out..."

Ambassador Harman (interrupting): "No!
Israel is a sovereign nation! A nation at war!
Have you forgotten that your inspectors were allowed inside
Dimona in May of last year? For an entire day,
I would remind you! No further American inspections
will be allowed at Dimona, Mr. President, and that is final!"

JFK: "There is no war now! If you don't want Americans,
we can approach a neutral nation to send inspectors!
I insist that the Dimona Nuclear Site
be opened to scheduled, outside inspection!"

Ambassador Harman: "With respect, Sir, you do not...
understand Israel is ALWAYS at war!
No foreigners will EVER be allowed to see
the workings of Dimona Nuclear site
on some schedule they might demand!"

RFK: "Sir, the president has authorized me to advise you
that he will seek to cut off American aid for Israel
until our inspectors have been allowed in at Dimona.
We know you are producing offensive nuclear weapons there!"

Ambassador Harman: "That... that is not a good decision, sir!
It may cost your brother-- dearly!
Israel's enemies--all of them-- will be crushed!"

- Avraham Harman, Zionist Terrorist israeli Ambassador to US, 1962

Benjamin Netanyahu Quote
israeil Mossad Terrorist - Always
Prime Minister 1996-1999, 2009-2021 & 2023 ->

Much of the following scenario was outlined initially in 1990 in a discussion at Fink's Bar in Jerusalem. At the head of the table was Netanyahu. The group at the table had just stolen five American KG 84 cryptographic devices with the help of the Canadians serving with the UNTSO on the Golan Heights, giving this israeli-led cabal real-time access to all US State Department, Naval and NATO communications. This is a transcribed quote taken from an audio recording of Netenyahu at that meeting:

"If we get caught they will just replace us
with persons of the same cloth,
so it does not matter what you do.
America is a golden calf and we will suck it dry,
chop it up, and sell it off piece by piece
until there is nothing left
but the world's biggest welfare state
that we will create and control.
Why? Because it is the will of God
and America is big enough to take the hit
so we can do it again and again and again.
This is what we do to countries that we hate.
We destroy them very slowly and
make them suffer for refusing to be our slaves."

What Historically Happened On 9-11-01

**LEAKED United States Department of Energy
2003 Preliminary Report On Events of 9-11
[First Referred To In VeteransToday.com In July 2014]**

First Published In (Roughly) This Form & Detail By VT On 1 July 2018
Many, many pages, of nuclear science, formulas, and math, condensed here in the form of a simple Summary. **Source: veteranstoday.com**

The original and only 9-11 investigation ran from 11 September, 2001 to an undisclosed date in 2003, when a preliminary report was issued to the White House. [Scientists were blocked from finishing their investigative report once evidence of nuclear weapons & attackers identities revealed.]

From there, the **Department of Energy Preliminary Report On Events of 9-11** was, according to confirmed sources, sent to congressional leaders, the Pentagon, the Supreme Court and security agency personnel only at the highest levels.

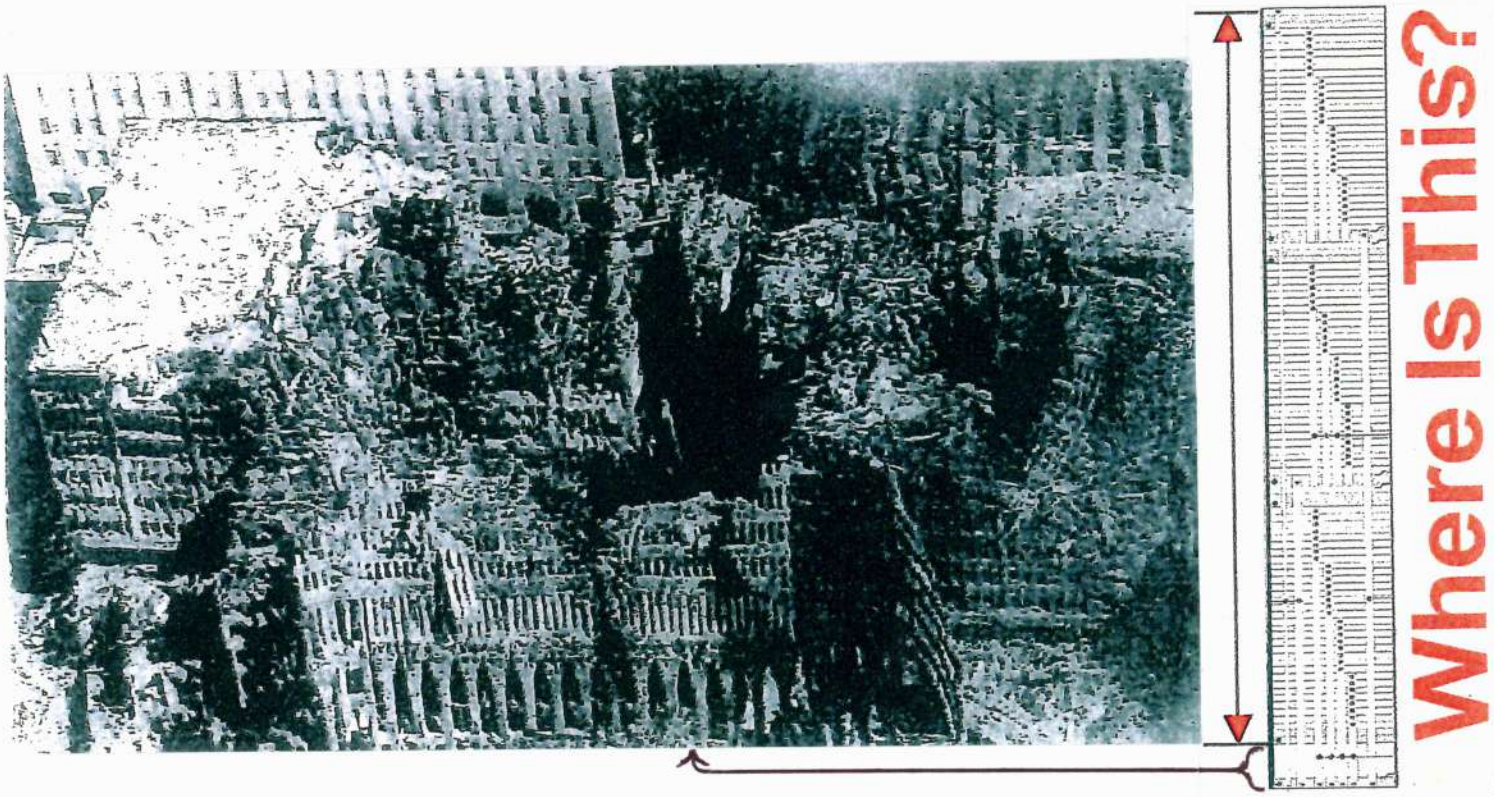

The following information has been in the hands of these people, as well as in the hands of key members of the RKM-Owned 'press' near-to 20 years.

Summary Form Of Leaked U.S. Department of Energy Preliminary Report On Events of 9-11

- 9-11 was the result of nuclear weapons planted by Saudi and Israel intelligence groups operating throughout the New York area, many as "art students".
- Weapons were placed under the twin towers in moving vans parked in specific places selected for reasons the DOE did not know. (Later, the DOE learned that the devices were planted under the freon tanks in the twin towers - something they learned when they read the works of Dimitri Khalezov, former Soviet nuclear anti-proliferation Investigator) [See Documentary: The Third Truth About 9-11/9-11thology.com]
- A grand jury investigation, headquartered in Houston, had identified witnesses, issued gag orders and was holding all physical evidence including the radio jammers used to block New York's emergency frequencies. [This grand jury investigation remains sealed - since an undisclosed date.]
- The Fort Lee attack, an attempt to destroy the George Washington Bridge, had a side benefit: It was going to take down all communications for the stock markets.
- NYPD blocked attacks to destroy the Lincoln and Holland Tunnels, isolating Manhattan.
- Those arrested on 9/11, over 80 of them Israeli intelligence operatives, were released to Bernie Kerik, Rudy Gulliani's police commissioner or to Israeli operatives using FBI identification. They were later flown out of the country under the guise of being members of the bin Laden family. [About 120 israelis arrested pre-9-11-01]
- The weapons used on 9-11 were flown into the US through the Teterboro Airport in New jersey, hidden either in diplomatic cargo or on a private plane able to evade customs. They should have been picked up on VELA satellites tasked to identify nuclear cargoes, but no such report was made for unknown reasons. The weapons were loaded onto moving vans and driven into Manhattan. There is no information that the nukes were ever at an Israeli consulate.
- The DOE report believed Building 7 to have been destroyed with more than one very small nuclear weapon. No information on type or placement was in the report.
- Building 7 was described as having a structure with a strengthened subway station at its heart and a series of underground tunnels linking it to the other towers. These tunnels may have been used, the report stated, in planting weapons and moving personnel and equipment.
- The report detailed moves against the New York Port Authority, radio jamming, use of their facilities, as key to the operation against Manhattan.
- The destruction of the World Trade Center was managed through the use of MRR (Minimum Residual Radiation) weapons that would have only irradiated a small area of Manhattan and that radiation would have subsided in 72 hours.
- The use of fire hoses at the site, due to the extreme temperatures of nuclear demolition, however, would have exposed first responders to lethal doses of radiation which would lead to cancers such as multiple myeloma.

[Note: The Pentagon missile attack was not addressed within the DoE Preliminary Report. **DoE relied upon Dimitri Khalezov's evidence in order to finalize their yield/destruction result calculations. Carefully Study What This WTC 9-11 Photographic Evidence Reveals. What Is Missing Is Near Equally Revealing As What Is Visible.

1) Where is the most massive debris pile from any building 'collapse'?
2) What might have produced a 15-to-20-story pile is just seven stories!
4) Where is there any evidence of two 110-story buildings 'collapsing'?
3) Where is the evidence of "pancaking floors" or Any compression damage?
5) What produced the clearly seen, **massive, dark void** in the central portion of where this South/#2 World Trade Center Tower once stood?
6) Clearly shown is much of the uppermost opening, above where the near-100 meter cavity in the solid granite 'replaced' the foundation.
7) What is clear to those with eyes: Well over 300+ meters/107 stories of the upper portions of each of these towers - **Is Missing!** Much of the interior steel portions of the lower three floors - **Is Missing!** Primarily, only the aluminum exterior cladding and some steel from the perimeter of the lower portion of the building's lobby area remains. Mostly, only light debris, once airborne then settled, is visible.
8) Where are (roughly) 400,000 tons of steel, together with a substantial amount of aluminum exterior cladding, glass, desks, file cabinets, lighting, interior furnishings of all sorts, concrete from the (relatively thin) floor slabs? **There is No Evidence of a rubble pile to match the material once required to erect these huge towers!**
9) Why were almost no bodies found? Many non-KM-approved coroner revelations simply state that the people caught within the structure, at 'collapse', were 'turned to dust'! 'There is no DNA to identify'! Where did every speck of almost every human go? **There are so many reasons the crime syndicate could not allow sharing such an image.**

Many questions The Enemy that so thoroughly infests this Government didn't want you - or anyone - asking. So, this enemy's media/**propaganda broadcasting system** simply suppressed any transmission of any 'cover-story-blowing images' to you - and fed sheeple, theater! [Surely, some of you out there recall the CIA being questioned in D.C. hearings regarding CIA/(KM) infestation of all radio, print and television media, **in the 1960's** - revealing Operation Mockingbird? **No?** Well, you can still find out!]

An understanding of WHY these images were kept from you, should bring you to the realization that **this nation's Government allowed, assisted and covered up historic realities, together with an equally RKM-owned press! Revealing U.S. Government's role in the 9-11 false flag attacks will lead to a take down of the KM/COL/Zionist Terrorist's biggest political, military & covert World Hammer: the U.S./Zionist-Govt.**

Brief Background On Leakage Of DoE 9-11 Events 2003 Preliminary Report

The U.S. Department of Energy is a relatively deceptively named organization that sounds like a federal government utility. In reality, as many of you no doubt know, this group is supposed to be responsible for development and manufacturing of nuclear weapons, as well as in keeping track of every detail of their components, on down to weapons distribution.

On 9-11-01 the U.S. DoE (with Sandia Labs) was tasked with investigating the events of 9-11. Their preliminary report on some of these events was leaked to Veterans Today (apparently by outside/international sources) in May of 2014. By July of 2014 Veterans Today loyalists were able to gain substantial verification of the validity of this report, through a number of those with intimate knowledge of its contents.

Some portions of this preliminary report were deemed Not For Distribution due to the exposure of too many nuclear related construction details that dealt with closely held manufacturing (exacting component) knowledge.

Those verifying the existence and the content of this massive Preliminary DoE/Sandia National Labs 9-11 Report are among this nation's scientists and technicians who are more than concerned with the multi-decades-long history of nuclear weapons use in false flag terrorism becoming routine.

It appears that these group's understanding of the very specific nature of the performance signature of the weapons used on 9-11 was further refined through their studying the revelations in Dimitri Khalezov's comprehensive work regarding nuclear demolition: **The Third Truth About 9/11; 911thology .com; nucleardemolition911; nucleardemolitionwickapedia.com**; and others.

The critically important historic evidence within the U.S. DoE report is what Veterans Today began publishing - a little at a time - in July of 2014. To provide their readers with a better understanding of what they were reading, VT published an **outstanding** series of enlightening articles as parts of their **Nuclear Education Series. [Highly Suggested Reading]**

For more than 18 years, Veterans Today has been at the forefront among groups historically revealing the most dangerous hidden history of American military's and American citizen's worst enemies. They've revealed **enemies within** what I refer to as a 230+ year history of **U.S. Government Enemy Occupation: Enabling, allowing, covering up mass murder of America's military (and civilians)!** What so many Founding Fathers warned us about!

No one was allowed to question The Dust - Near to 107 stories turning to powder! Not One crime syndicate-asset CIA/Mossad/press talking head made any note of **'The Miraculous Powder Transformation'!** Too obvious...

Clear evidence of the signature upwelling of a nuclear detonation - in this case aided and focused in it's upward thrust by the very temporary containment of steel chimney-like construction of each WTC Tower. WTC building 7 - 47 stories - at lower right, has not yet been set on fire to provide a theatric pretext for it's near-total dustification. WTC 7 was nuked nearly 5 hours after WTC North Tower, utilizing (likely) six to eight 0.04 to 0.06 Kiloton scalable-yield or set-yield israeli weapons that were installed within the 300 gallon Halon fire extinguishing tanks (evenly disbursed throughout the floorplan) within this buildings 'fire suppression upgrade program'. [See Leaked Sense of Humor @ IAEA (WTC 7)]

Within the initial milliseconds of the detonation of the fifth-generation 'Minimum Residual Radiation/clean-burn' nuclear weapons, as the primary size of the nuclear cavity increases to its secondary size, the building materials are essentially **pulverized**, with a force difficult to imagine.

A collection of 80-to-100 micron-size World Trade Center particles rest atop oranges and plums at an abandoned produce stand in lower Manhattan.

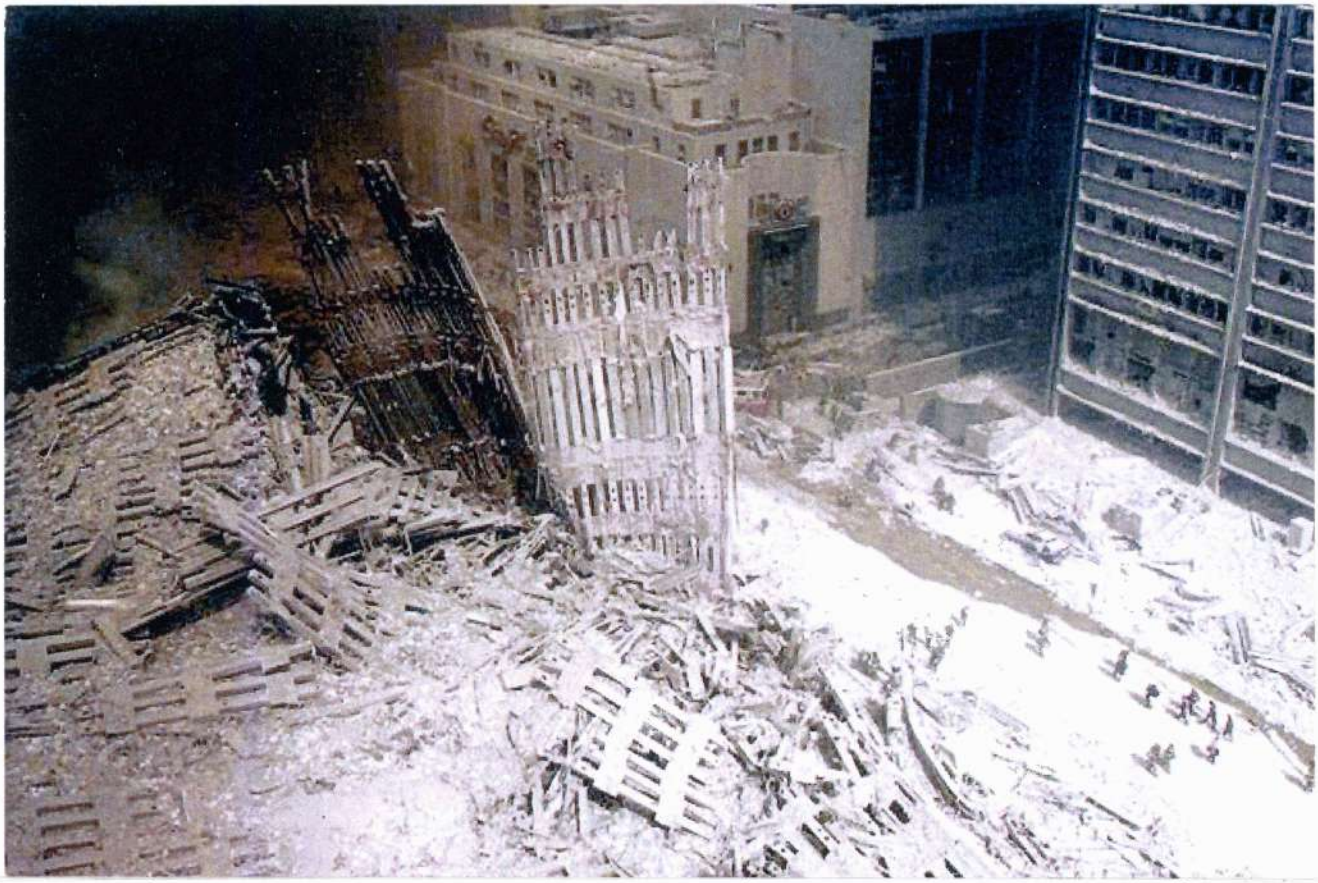

Still More Evidence Of
Nuclear Dustification Of Steel
- A Slightly Delayed Transformation -

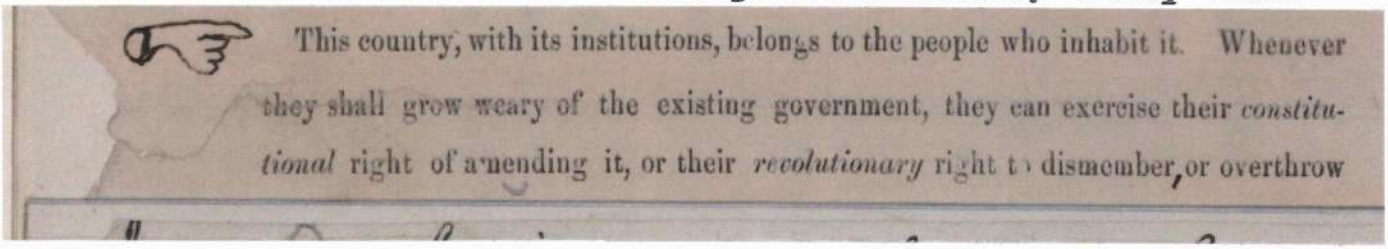

World Trade Center North Tower/#1 has already been **near-completely** dustified by the pulverization effect of a fifth generation MRR (Minimum Residual Radiation) /clean-burn nuclear weapon detonation.
This weapon's destructive capability was effectively boosted to provide the devastation effects of a first generation plasma/directed-energy weapon.
This compelling educational video offers evidence through some (not as yet studied) "delayed action of physics" clearly taking place before the viewer's eyes within the few seconds following the 110-story tower's microscopic dust conversion. One surviving corner of this tower's massive steel framework remains upright and rigidly resisting for just a few seconds before this portion too is transformed from solid steel, into 80 to 100 micron dust particles!
[Keep in mind that it took 12 seconds after nuke detonation to dustify about 107 storys.]

Intense light reveals a surreal scene: First responders walk amidst ever-present dust, dwarfed by remains of WTC tower perimeter steel.
This dust represents remnants of about 107 stories of structural steel; window glass; aluminum exterior cladding; thin concrete slab floors; most of 343 firefighters; some 283 cops; non-Khazarian-Talmudic-Jew office workers; as well as interior furnishings such as desks, chairs, computers, file cabinets, refrigerators, doors, phones and carpets.
Inner side of one massive steel section is scorched by nuclear fireball.

This country, with its institutions, belongs to the people who inhabit it. Whenever they shall grow weary of the existing government, they can exercise their *constitutional* right of amending it, or their *revolutionary* right to dismember, or overthrow

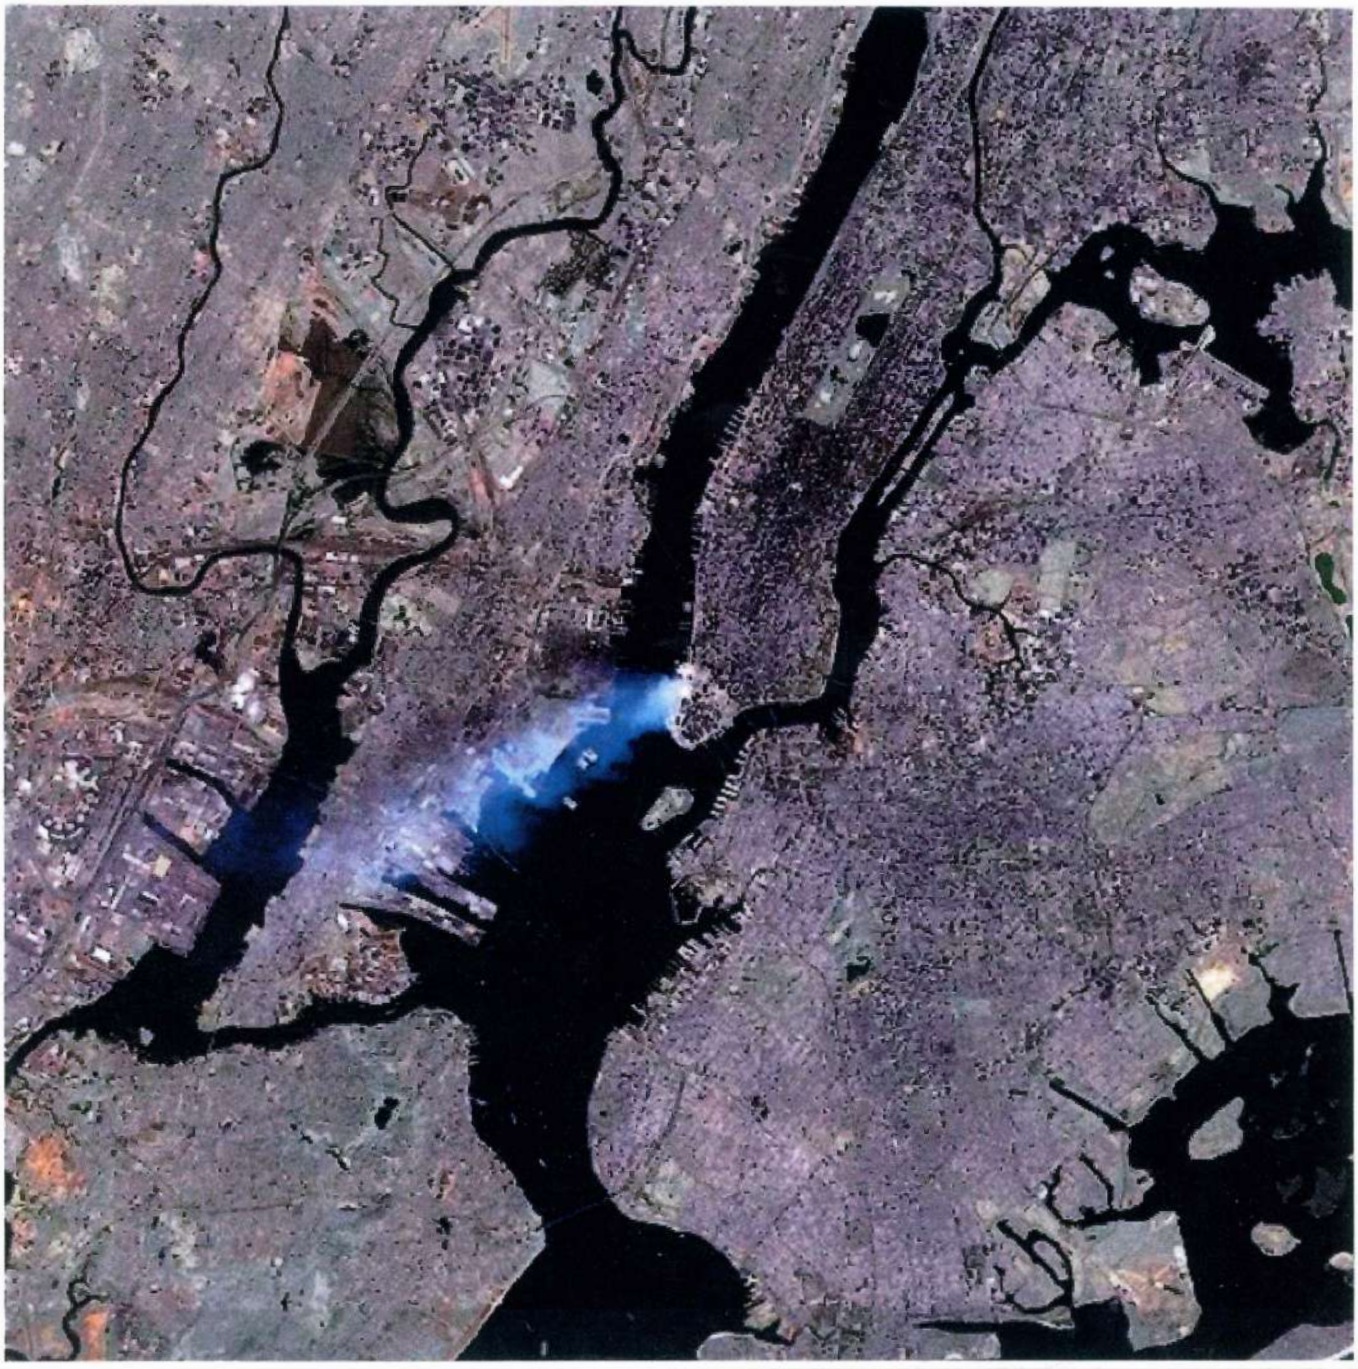

Illumination for workers highlights this surviving lowest level section of WTC Tower perimeter steel, as well as revealing the rising radioactive, steam-like, heat-driven vapors that surrounded workers for many months. Another source of light eminates from the extreme heat of various molten materials such as granite, steel, concrete, aluminum, glass and office furnishings.

Soon-to-months-after 9-11 images from NASA's thermal-sensitive (thermographic/thermoimaging) cameras - shot at an altitude of 6,500 feet - revealed surface temperatures where the seven WTC buildings were nuked of 820 to 1,376 degrees F. One document reveals that on 16 September 2001 surface temperatures documented for the following building locations were: WTC 1 1,376 F, WTC 2 1,340 F, & WTC 7 1,160 F! NASA collected this data between 11 September and 19 December of 2001. By the 19 December date, the molten masses within the nuclear detonation cavities were finally cooling some.

Eight weeks after the Zionist U.S. Government/ israeli Nuclear and High Explosive attacks on America's World Trade Center complex and Pentagon, this photo taken at WTC's North/#1 Tower revealed a near-1,200-degree F temperature in the piece of steel rubble held within this grappler's jaws. Molten metal under WTC 1 2 & 7, consumed everything nearby for months after 9-11, and could not be extinguished despite the efforts of many with M291 resin/ soil changes together with massive amounts of water that was applied.

At roughly 1130 am EDST on 12 September 2001 NASA's Landsat 7 satellite captured this image at the EROS Data Center. It is known that jet fuel burns at about 495 degrees F - the upper temperatures of many common cooking ovens. Yet, no one's oven is known to have melted, **or turned to microscopic dust!** Even with a very focused application of air blown toward burning jet fuel, a maximum of close to 800 degrees F is possible. While demonstrating a remarkably reliable service history, jet engines have not proven to be susceptible to melting! Photo by NASA Goddard

Seven World Trade Center Buildings Were Nuked By Zionist-israelis & Zionist-U.S. Government On 9-11-01: WTC 1 & 2 (110-Stories), 7 (47), 3 (22), 5, 6, & 4 (9 each)

Within These WTC Buildings There Were On-Going Investigations Into military and industrial technology theft (Our National Strength); sex slave trade rings; sexual compromise ops; human organ theft & trafficing; 3.2 trillion Pentagon dollars 'gone missing' (Rumsfeld announced 10 Sept. 2001, then forgotten!); as well as crime syndicate manipulation of stock markets, energy costs, rare earth minerals values, home values, even game outcomes. These U.S. Government-enabled and orchestrated nuclear attacks killed the investigators, destroyed their evidence, and disuaded further investigations. 12 to 14 small and miniature nukes within WTC buildings were required to produce the level of destruction shown. I have revised my educational shirt noting 10 to 11 nuclear attacks by israeli Zionists on Americans - that began on 23 October 1983 with their U.S. Marine Corps Beirut, Lebanon barracks false flag bombing (241 murdered, 115 wounded) - three times to reflect current intelligence community generally-accepted-yields of the weapons as these figures were refined through further study.

Evidence Of Nuclear Explosion Within The Basement Of World Trade Center 6 Is Clear. Disguised Govt Official Stands And Ponders The Devastation.

A 2nd WTC 6 Nuclear Devastation View

Photo evidence here reveals the circular cavity in the floor/ foundation where the, estimated, 0.08 to 0.1 kiloton Zionist/U.S. Govt. set- or scalable-yield weapon detonated. Nothing else could have so very easily caused this level of destruction and this amount of building material to be, well, 'moved away from where it had long stood'! No 'falling parts from an imaginary-jet, or, building parts fell on WTC 6' To Cause This! [Estimate = maximum of 100 metric tons of TNT]

A Documented Radiation Inhalation & Exposure Hazard - Danger That Lasted For Many Months At Ground Zero -

11 October 2001 photos reveal radioactive dust and radioactive vapor rising above U.S. Zionist Government's/Zionist israeli's False Flag New York City "Ground Zero". The gamma-radiation attached to minute vapor particles that were drawn into most everyone's lungs/sinuses for months after 9-11. This radiation accumulates within each body from some amount to absolutely enormous quantities, and irradiates the body from within.

Together with the much more dangerous alpha-radiation and beta-radiation, these can promote a variety of horrible diseases for many years to come. Within a couple years or so (perhaps earlier or later) a hidden (latent), period of these responder's chronic radiation sickness will be experienced and may seem at some point to lessen. On reaching this point, radiation exposure often leads to a much more obvious level of radiation sickness. Beyond this period they would suffer from leukemia, various other forms of cancers and from secondary infections that often eventually lead to death.

Leukemia has only two widely accepted causes in humans and in animals: 1) Ionizing radiation; 2) Benzene vapors - inhaled for extended periods within occupations such as many years in gasoline stations, working in oil refineries, or with long term exposure to benzene vapors that may be encountered during this products production.

By far, most of those working in New York at ground zero - firefighters, police, first-responder medics, searchers, and those removing rubble from the site - **were never informed about any radiation danger!** [Photos by Gary Friedman - Copied/presented here for fair use/for educational purposes.]

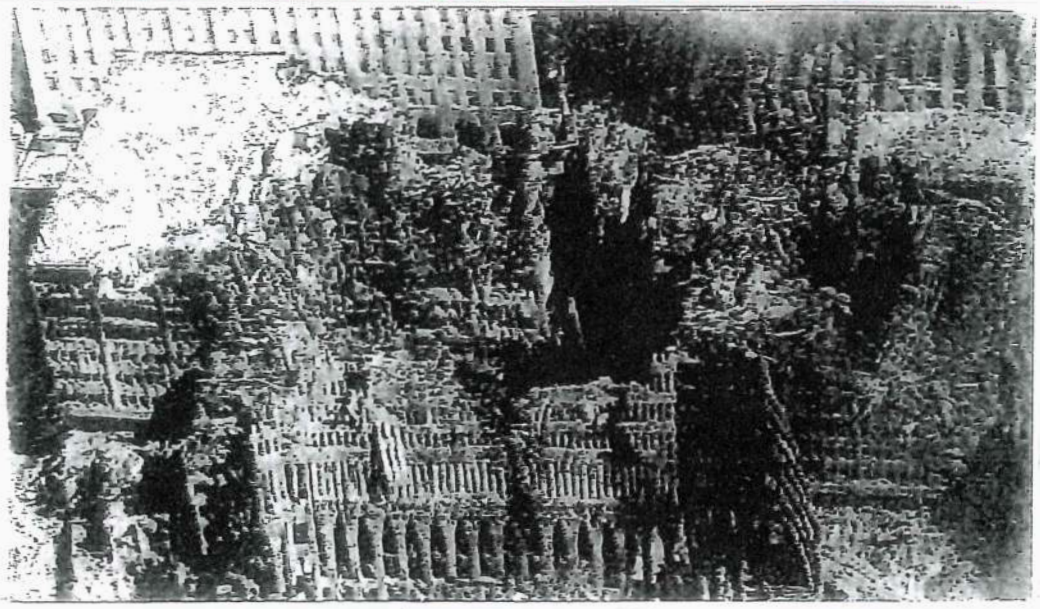

A comfortable spot to collapse for Micah, a German Shepherd search dog from Connecticut. Exhausted from his solemn duty, he rests upon on the cool concrete floor of a nearby FDNY firehouse. Micah used every bit of his skill and all his energy during a seriously-grueling 20-hour search day, to try to find any survivors. Not one was found. -> Getty Images

Another pup eager to fulfill one of the many important duties that only a K9 can provide, within their essential alliance with human beings. Like humans, these search dogs inhaled ionizing radiation contained within a fog produced as the water from firehoses neared the molten granite, concrete, steel, aluminum etc. and was vaporized, then driven upward by the intense heat.

New York City, New York Building Department Required Nuclear Demolition Engineering Devices For The Day These Massive Buildings Outlive Their Usefulness

In order to be granted a building permit for the world's tallest buildings constructed of a particular strength and with many more times the amount of steel ever before suggested, New York's Building Department required that the builder supply a rational, ethical and moral demolition plan before any thoughts of approving building plans could be considered.

The builder went to Controlled Demolition Inc. - the world's leader in this field then (in the 1960's) as they are today. It was shared that the laws of physics in this universe, as they are currently accepted, together with decades of underground nuclear testing, indicate that with the granite of Manhattan Island as a base, they must specify 150 kiloton thermonuclear demolition engineering devices for this specific type of demolition - to be detonated 77 meters below ground. Though this plan was in some part theoretical - as no one had ever suggested such a solution to a problem so massive - this was approved and building permits were issued.

This demolition scheme was featured within various building journals of the period, and was called out in the 1976 Peaceful Uses Of Nuclear Explosions Treaty between the Soviet Union and U.S. Government. These devices were designed to be stored, maintained and updated from time to time by U.S. Government contractors, within a storage area some 77 meters below ground level - beneath the World Trade Center's 47-story Building 7. **Leaked** US DoE 2003 Preliminary 9-11 Report says: **These nukes were not used. [Logically, Zio-U.S. Govt. 'relocated' these for a future false flag op.]**

National Nuclear Security Administration Trucks Hauling M291 Resin To Help Decontaminate, Through 'Absorbing' Radiation, Where Nukes Went Off.

NNSA Personnel Implement Long-Practiced, Full Radiological Decontamination Proceedures Beginning Very Soon After 9-11-01.

All evidence of this was, of course, theatrically hidden from the American (and the world's) sheeple by this nation's Khazarian Mafia-**owned** U.S. Government and equally thoroughly KM asset-**owned** propaganda press!

The 'initiators' for these devices were calculated to be a couple of the near-to-350 two-point implosion-design type nuclear pits that Treasonous U.S. Government officials **allowed** Zionist Fascist Terrorist israelis to 'steal' from our Pantex weapons storage facility in Amarillo, Texas years ago. These were the W-54 pit design - formerly within American military's 'cold war' era Davy Crockett tactical nuclear weapons.

In WTC building 7, much smaller yield nuclear devices of the same 'basic' type were installed within the large-capacity Halon fire extinguishing tanks that were evenly disbursed throughout the building's floor plan, as part of a 'fire suppression upgrade program'! Small nukes in WTC 3-6 also.

Leaked 'Sense of Humor' Evidence of IAEA Researcher's Understanding of WTC Building 7 False Flag Demolition Cause
(I will seek access to **the right-hand portion** of their artwork.)

Extremely Basic Nuclear Physics Of The 9-11-01 Weapons

Each of the W-54 pits are about four inches in diameter and weighs about 24 pounds. Due to the specific make up of these pits, almost all of the fuel is consumed in the plasma fire ball - therefore there is very little plutonium fallout left to escape as radiation. If these pits are salted with other very specific materials, the fallout can be reduced to even lower levels, such as in an enhanced radiation device (neutron bomb). This is what was used on 9-11 (WTC 1 & 2), with the additional boosting of the interaction with the freon stored within the air conditioning tanks.

Just A Little More On 47-Story WTC Building 7

On 9-11-01, BBC TV reporter Jane Standley reported the following about World Trade Center Building 7: @ 5:07 EST, 'WTC Building 7 **has collapsed'; @ 5:19**, 'WTC Building 7 is on fire and **on the verge of collapse!'; @ 5:20**, 'WTC Building 7 **has now collapsed!'** All the while, in a live shot with Building 7 clearly seen behind her in the distance, BBC's Jane Standley reported what her (earlier version?) script, or someone talking in her ear piece, told her to say. [Research Operation Mockingbird]

47 storys, near-entirely destroyed in a mere 6.6 seconds - just 0.6 seconds longer than absolute free fall! 47 storys of steel frame construction "collapsed from minor office fires" (started by The Enemy)! This was seven hours after WTC 1 and 2 were destroyed by roughly 1-3 kiloton 5th-generation MRR nukes. 'Minor office fires' was yet another impossible cover story for WTC 7 being 95-plus percent **transformed into 80-100 micron dust particles!**

Just before 5:21, many witnesses heard men shouting 'WTC 7 Is Coming Down!' Others overheard a police radio call: "5, 4, 3, 2, 1" then a Huge explosion!

Nuclear Weapons Utilized On 9-11-01

Evidence indicates that thermobaric, MRR (Minimum Residual Radiation/clean-burn) fifth generation weapons were used to turn about 97% of WTC towers 1, 2 and 7 - and everyone/everything within them - into microscopic dust. My understanding of the nuclear demolition details first came from former Soviet Nuclear Intelligence Specialist Dimitri Khalezov's outstanding 9-11 efforts. Evidence from others indicate the devices used in WTC 1 & 2 were boosted in two ways to perform as first generation plasma/directed-energy weapons. This was later verified by other weapons designers and 'leakers'.

Khalezov's efforts revealed many historic evidence details not found elsewhere in '03. His research, guts and need to share his Forbidden History resulted in **two false arrest incarcerations for free speech - one of which lasted 13 months.** Dimitri's dedication to duty, as well as his massive time and financial commitment in order to educate others regarding the most specific details of this truly monumental false flag attack must be most highly commended! **Dimitri was first to offer detailed historic 9-11-01 accuracy** within his comprehensive video and book, both titled The Third Truth about 9-11. DoE put a team on Dimitri's evidence.

Dimitri's book and video historically accurately document israeli Mossad /IDF/Zionist terrorists parking a van with the latest, and most task-specific thermobaric MRRs in a particular parking space on a particular level of the under-building parking structure for both WTC towers 1 and 2. This weapon positioning was directly below the many-thousand-gallon freon tanks for each of the WTC tower's air conditioning systems.

The result of this positioning of this specific type of device, **boosted** these weapon's devastation. Together with the iron within WTC 1 & 2 Tower's steel absorbing massive neutron radiation, the result was what amounts to **first generation plasma/directed-energy weapons! These nukes consumed/vaporized the foundations entirely and transformed 105+ stories of both WTC's 1 & 2 Towers into 80-to-100-micron-sized dust particles** - that were distributed by the breeze throughout the local area and beyond. **Major Clue: There Was No Debris Pile In Scale With Two 110-Story Towers!**

Evidence Exists That:

The WTC 1 & 2 weapons were only about one-to-three kiloton yield devices that produced a massive Gamma ray/neutron flux that would vaporize and transform about 350 meters of each tower's steel near instantaneously. When used within a closed steel construction building, the iron oxide available enabled the plasma fireball to achieve much greater density and effect - producing molten steel visible in videos. The near 1,000-foot long central core of each of the WTC towers acted as a thermal waveguide for the nuclear fireball's hot plasma, converting the central steel core into a Directed Energy Weapon. The tower's steel core design also aided in the guidance of the EMP pulse, while enabling the EMP energy to transform into additional thermal heat. The steel core also acts as an electromagnetic waveguide that directed the energy produced by the weapon(s) straight up the central core - consuming everything in its path - (minimizing the EMP's overall effects but still wiping hard drives close by).

The iron portion of the steel absorbs this neutron radiation better than any other non-nuclear material. Overall, X-rays produced are by far the most plentiful, followed by Gamma rays and neutrons - all of which are rapidly absorbed by most of the heavy materials in each building, so very little of the radiation is able to travel much more than a few blocks from each tower. Though largely hidden from consumption by sheeple, radiation, by it's nature (especially of the specific type and level produced) has a natural tendency to dissipate. The flash would be hidden from sight due to underground detonation and because most of the light is in the non-visible light spectrum. Blast over pressure would be limited to about 6 psi due to the fire ball and neutron radiation traveling upwards through the central core of each tower.

The massive foundations for these two 110-story structures, near instantaneously, were transformed by these nukes from plasma to vapor to **gone** - leaving volcanic glass lining the depths of the crater.

Educate yourself with Dimitri Khalezov's The Third Truth About 9/11 video presentation and or electronically downloadable book - **Truly Worthwhile!**

Remember, it was Russians who displayed elemental logic, morality and the natural, ethical response of **intervention** during the USS Liberty False Flag attacks on 8 June 1967! **Truly Heroic** Liberty crew efforts, together with Russians, saved 260! Russians steamed straight toward the Liberty at flank speed in their destroyer, offered to help, then kept Liberty in sight, to be able to help if Liberty began to sink! **Russians Acted! They did not wait for Liberty's SOS!** Waiting for Liberty's SOS would almost certainly have led to more dead and wounded. **Russia's intervention proved instrumental in preventing a nuclear World War III involving both Russia and China, as well as in helping save the lives of 260 of 294 American military and civilians!**

Dimitri envisioned that at least some of many of those who recognized the true historic value of his substantial dedication of time, energy and money to **reveal the hidden history of America's Largest False Flag Events yet**, would show their appreciation with **at least some** monetary donations. **What has transpired: Almost No One** has displayed the character necessary to show their appreciation for his efforts with a donation of funds.

Experience enables confirmation that some photos are truly worth one thousand words - for the mental stimulation that they so dramatically convey. Then too, there are those rare, massively-impacting photos that are clearly worth many, **many more** than just 1,000 words - perhaps millions.

This photo was taken in the Zionist/Extremist/israeli-Terrorist-Occupied sector of Palestine in 2013 [a year or two before Palestine Statehood was officially recognized by the European Parliament, then in 2015 by the UN], on the israeli's murderous Purim Holiday. It was, quite naturally, integrated into my third USS Liberty **israeli Terrorist False Flag** T-Shirt design.

Imagine, the effort and pride of workmanship involved by the parent (or parents) as they crafted these costumes for what appear to be 5-year-old twins. Efforts that paid off by generating still more pride when their israeli community members voted their costumes: **"Best Costume", Purim 2013!** No need to hide success!

Notice: The photographer/parent directed a perfect parallel alignment of the 'World Trade Center towers', suspended by straps on the little tyke's shoulders; Imaginary aircraft with flames and smoke, **to continue perpetuating the propaganda of an aluminum projectile penetrating a massively strong steel structure** [See: 28 July '45 - B-25 Hits Empire State Building In Fog (smashes flat, falls away)], and through the wonders of **now well-documented CGI/Hollywood-style imagery (not live), 'melts' into the building**, in perfect timing with **explosions from within**; Red socks to indicate blood; Kid's staggered positioning; Even the near-symmetric placement of the little terrorists-in-training/twin's hands! 22 Days After israeli-Zionist Planned & Orchestrated U.S.-Zionist-Government-Enabled/Assisted/Covered-Up 9-11-01 False Flag Terror Attacks On Americans

Evidently, some israeli Knesset members shared some concern that, just maybe, these Zionist-Jews' monstrous plans may have, finally gotten just a little carried away, due to their extremist beliefs. Terrorist leader and former israeli Prime Minister, Ariel Sharon, is here captured in transcript form in an exchange with terrorist leader and former israeli Prime Minister Shimon Peres. This exchange took place within these Zionist's Knesset meeting on 3 October, 2001.

Though Kol Yisrael radio, the station this meeting was broadcast on, broadcast within that region, **the broadcast of the Zionist-terrorists bragging of their total control over America - up to and including the most massive and monstrous U.S./Zionist terror attacks ever - was heard and recorded/documented by American and by many other nation's intelligence gathering services.**

Bush 43 Reveals A Huge Hole In Their Evil Scheme

On 15 September 2006, five years and four days after the 9-11 false flag attacks, President George W. Bush gave a speech in the White House Rose Garden. Evidently, he was still not aware of what he, in his role as Commander in Chief and Key Propagandist, was supposed to believe had happened on 9-11-01! Bush revealed he was not aware of the version of the story that had been repeatedly broadcast to the public over the past five years.

Apparently, Bush 43 was unaware of the current text in the theatric script that was repeatedly driven into the gray matter of the sheeple in order to demonize Islam, and, sustain another war for the KM Zionist Fascists - with Americans dying, Americans ending up wounded and maimed for life!

At this most important point in his speech, Bush 43 is speaking about the 'valuable intelligence they had gained through interrogations of terror suspects'. Bush was speaking of 'what U.S. Government Intelligence had learned, regarding what took place within the World Trade Center Towers'.

President George W. Bush: "...the design of planned attacks on buildings inside the U.S., and how operators were directed to carry 'em out. [Pause] That is valuable information [Pause, gesturing] for those of us who have the responsibility to protect the American people."

"He told us the operators had been instructed to ensure that the explosives went off at a high point, a point that was high enough to prevent people trapped above from escaping." - President George W. Bush

See Bush Speak: @ 3:20:15 in Dimitri Khalezov's Full (4:16:19) Video
This 9-11 coconspirator/president - clearly guilty of **High Treason** - revealed the theatric nature of the Khazarian-israeli/Saudi/U.S. Government false flag through pure blunder. President Bush was clearly unaware that the sheeple were never told anything about **explosives, only 'planes'!**

It is clear enough through the words spoken by this nation's Commander-in-Chief that in his speech on this day, **his words did not fit the long-established propaganda stream.** Explosives that "...went off at a high point" was somehow excluded from the 9/11 Commission Report! It is entirely probable that CinC Bush was reading from a very early draft of the enemy's theatric script **that did not yet include** the added spectacle and horror of Computer Generated 'hijacked commercial airliners'.

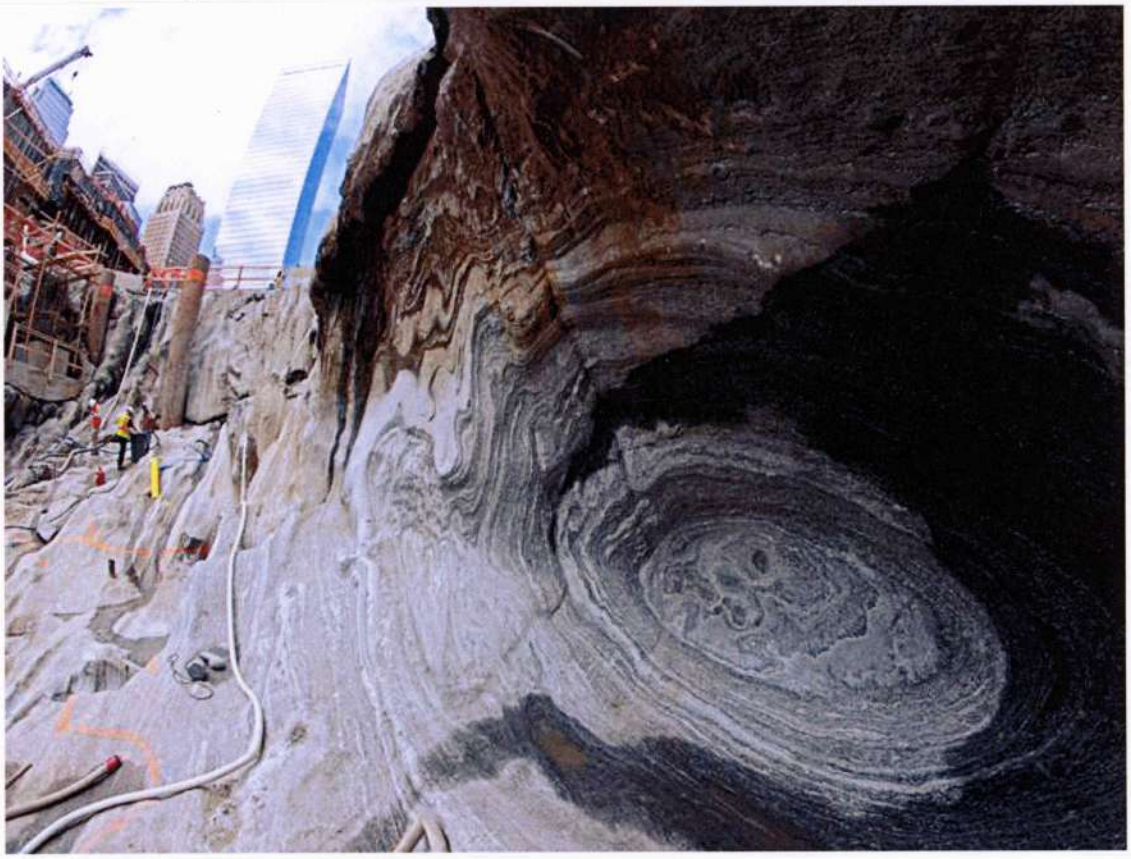

Near to the bottom of one of the World Trade Center towers footprints: This photo evidence reveals the granite below where a once-massive foundation for a 110-story building was turned to vapor, to plasma, to gone! Melted granite at the perimeter of the nuclear demolition cavity remains, with zero evidence such a massive foundation was ever there.

What The Crime Syndicate Allowed To Be Shown, Sparingly, After 'Collapse' This briefly-shown image shows only some ground-level/lobby remnants and obscuring dust and smoke. The single figure shown in stunned contemplation completes this carefully assembled propaganda image.

After the 'collapse' of the World Trade Center towers, most viewers were sufficiently stunned by the overall emotional impact that they did not notice that WTC site photography was suddenly **extremely limited.** Remember lots of video of long shots of dust blowing off in the distance? Revealing any image like that on the previous page would cause viewers possessing elemental logic to wonder: **Where is the rubble pile from two towers?**

An understanding of **why** these massively revealing 9-11 false flag attack images were kept from you, should bring you to the realization that a thoroughly repulsive number of this nation's Government officials - in a variety of alphabet organizations - **allowed, assisted and covered up** these crucial historic realities, together with an equally Khazarian Mafia-owned press! **Worse still, these massively-compromised and treasonous sub-humans have enabled many decades of false flags against America's military!** And, every **enemy-lobby-conceived U.S. legislation** to further enslave Americans!

Very basically put, Project for a New American Century (**PNAC**, September, 2000) documents call for 'A New Pearl Harbor Event', in order to incite the 'changes' they deemed necessary for their Globalist Crime Syndicate interests. In 1997 another Zionist-Extremist War-Hawk 'think tank' called **PNAC** emerged to shape all 'American foreign policy/war-creation' for the United States of israel. PNAC documents from 2000 reveal Zio-Coms were aware their program for America - if exposed - would not be readily accepted by Americans. These radical Zio-extremists made clear in their plans that: **"**the process of transformation, even if it brings revolutionary change, is likely to be a long one, **absent some catastrophic and catalyzing event - like a new Pearl Harbor." With their terrorist partners, they created one!**

Khazarian Talmudic-Jew IDF/Mossad 9-11 terrorists, who were observed celebrating the WTC attacks - and who had arrived and began filming **before** the first WTC explosions - were detained by law-enforcement. Not long after this 'misunderstanding' they were set free! They soon resurfaced on an israeli television show. These radical Zio-extremists revealed during this area-wide broadcast that: **"Our purpose was to document the event."**

2) Establish a Zionist-Mossad-Run 'Dept. of Homeland Security' to ensure that israel's and U.S. Government's history of false flag terror attacks against Americans is never revealed; block investigations against enemies of the American people; further strip away American's freedoms & privacy. **3)** Dissuade ongoing investigations (within WTC and ONI) into military & industrial technology theft; nuclear & conventional weapons trade; 2.3 trillion Pentagon $ 'missing'; money laundering; sex slave trade rings & sexual compromise ops; human organ theft & trafficing; drug production & distribution; manipulation of rare earth minerals $, energy availability & $, food & water access, stock markets, home values, even game outcomes; **4)** Establish propaganda themes to further asset strip American citizens through an increased theatric threat of war, terrorism, and biowarfare, as well as through distraction/distruction ops to increase tensions in areas of religion, race, politics, finances, crime, disease, vagrancy, even pervert-wet-dreams sold as normalcy. **5)** Implementation of a New World Order/One (Khazarian-Run) World Government - leading to full global population enslavement and a world population of 350,000 to 500,000!

World Trade Center 9-11 Target Buildings Evidence Proving Only Nuclear Devices Could Have Demolished The Seven WTC Buildings

Collapse Of The WTC 9-11 'Fires-Caused-Collapse' Story

Basics: No building of the Steel-Frame type of construction - as in World Trade Center towers 1 and 2 (and WTC 7) - has **Ever** 'collapsed' from fire, not in the history of this planet - **Not Possible!** Such an event would exceed all laws of physics, of math and of science, as currently accepted within this universe! No building of this construction-type has **Ever** been **instantaneously transformed** from one of the strongest and tallest steel structures upon the earth's surface, **into microscopic dust,** (and tiny iron oxide spheres) to be carried away by the breeze - **not by any common fire!**

The propaganda story that was repeated for near-to-100 hours, and revisited so often around that time, and was shared with many hundreds of millions of Americans (to billions more worldwide), **was known from it's inception**, by so many logical thinkers, **to be An Absolute Impossibility!**

If any rational and logically-thinking citizen were **allowed** to view a proper perspective of the WTC post-'collapse' site - **alone** - they could easily understand that the monstrous mass of materials required to make up each of these gargantuan erections was **missing** from the deliberately misleading visual images broadcast and published regarding these events.

In a video interview NYFD Engine 7 team member Joe Casaliggi can be heard describing what he witnessed regarding the 9-11-01 false flag disaster:

> **"You have two 110-story office buildings. You don't find a desk. You don't find a chair. You don't find a telephone, a computer. The biggest piece of a telephone I found was half of the keypad!"**

'Burning Jet Fuel' Heat vs Steel - Historic Reality Exposed!

Jet Fuel (**Jet-A**, kerosene) **burns @ 495 degrees F, 800 deg.* F maximum** (*when subjected to a massive, rapid flow of nitrogen/oxygen - air)
Steel of this iron/carbon content **can only begin to deform at around 1,000+ degrees F**, depending fully upon forces and orientation.
Steel (of the specification and dimensions utilized in WTC 1, 2 & 7) **melts at roughly 2,500 to 2,600+ degrees F** (depending upon the exact carbon content), **and requires huge amounts of energy/heat exposure, evenly applied, over an extended period of time.**
(**See** Steel Production [at one time easily found])
Three Weeks After 9-11-01, a molten steel/granite mixture was still being pulled up by heavy equipment operators, melting portions of their high-carbon steel equipment buckets in the process.
Thermographic Imaging - from earth satellites and orbiting aircraft - documented **three white-hot areas**, precisely where WTC 1, 2, and 7 once stood, **Months After 9-11!** Logically, **8,000 degrees Centigrade and more** could have been noted, initially.

Historic Examples Of Steel-Frame Building Fires

A variety of examples of fires in relatively modern steel-frame, high-rise buildings can be referenced that provide context and evidence.

The enemy-orchestrated explosive/incendiary **WTC 1 & 2 tower fires on 9-11 were relatively brief (56 to 85 minutes).** In each of the following structural fire historic examples, as the natural progression of these fire's expansion to engulf greater amounts of fuel: A) Flames spread to cover a much larger area of the exterior and interior; B) Many more floors eventually became involved; C) The serious growing hazard of extensive, progressive, window glass failure and falling posed a treacherous additional danger to anyone nearby, attempting to fight fires and execute rescues.

In 2020 humanity lost far more than a wonderfully creative artist. David Dees was relentless educator and researcher of Historic Reality, and a patriot who will long remain noteworthy among loyalists. Thankfully, the fine efforts of much of Dees' creative genius live on for those seeking an accurate historic perspective - revealed to us with grand visual impact and lasting mental grasp.
A very good man.

Just two of Dees' historic art images are reprinted here as fair use, for educational purposes. DDees.com - archive, Deesillustration.com

The following building fire examples burned far longer - many, many hours longer, and burned more extensively - than the comparatively brief World Trade Center Tower's orchestrated-from-within/U.S.Govt-Enabled theatrics.

On 5 August 1970, in New York City, the 50-story New York Plaza steel-framed tower burned for more than six hours.

On 4/5 May 1988, the Los Angeles First Interstate Bank building - a similarly steel-framed, more than 60-story building - burned for over three hours.

On 23 February 1991, Philadelphia's One Meridian Plaza 38-story steel-framed high-rise suffered a fire that engulfed at least eight of its 38 floors - and burned on for at least 18 hours.

On 9 February 2009, China's Beijing Mandarin Oriental Hotel fire engulfed much of the more than 500 foot tall structure and burned for close to three hours.

On 17 October 2014, Venezuela's Caracas Parque Central fire spread to more than 16 of the tower's 50 floors and burned for more than 17 hours.

On 3 August, 2017, Dubai's "Torch" 79-story/1,100-foot skyscraper - the planet's fifth highest residential structure - was fire damaged throughout almost 50 of its floors and burned for many hours.

Each of these fire-affected structures were **engulfed much more completely** than any of the **three** World Trade Center towers on 11 September 2001. One of these six examples **burned for up to 19 times longer. Not One** of these similarly steel-framed, high-rise structures sustained any 'deformation' of the steel frame elements, nor any 'bending-related failure due to heating', nor was there any evidence of any 'melting' of steel structural members, nor was there any 'collapse', of any kind documented!

UL/NIST-sponsored 9-11 tests (not public) proved there was no 'melting'!

Not One of these historic high-rise/skyscraper fire examples - nor any other steel-framed structure (in the history of this planet) - have **ever**, by any means, somehow, been **Miraculously Transformed** (right before so many millions of eye witnesses) **Into Microscopic Dust Particles, by fire!**

This microscopic dust that **so many** around the globe witnessed live on their televisions - **but all too few questioned** - was in the 80-to-100-micron range. This very fine powder-like fluff/dust was a mix of building materials, office furnishings, and human bodies. This mix was transported on the breeze over the Hudson River, over Manhattan Island, over New York City, over parts of New Jersey, and out to the Atlantic Ocean.

This **Miraculous Transformation** - as evidenced by the rarely seen photographic evidence presented within this document - **Left, essentially, NO Debris Pile!** A very small percentage of the micro-dust settled on site.

Many decades of building demolition research has proven that a debris pile for each of the WTC's #1 and #2 Towers almost certainly should have measured **at least** 130 feet in height. A similarly proportioned debris pile should also have been produced by the 'collapse' of the WTC #7, 47-story structure, about six hours after WTC #2 'collapse'. Official cause of WTC #7 'collapse': "office fires" [More Enemy-Orchestrated theatrics!]

Duration of WTC 2 Tower fire(s) - 56 minutes (0.93 hours)
Duration of WTC 1 Tower fire - 85 minutes (1.25 hours)
Duration of WTC 7 Building minor office fires - about 6 hours

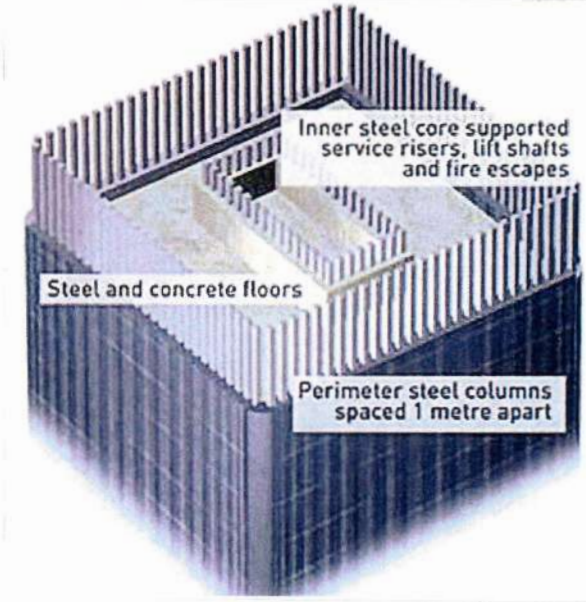

Steel Perimeter And Central Core Beams In World Trade Center 1 (North) And 2 (South) Tower

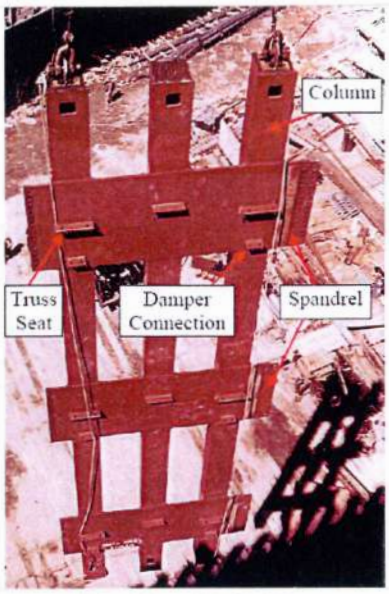

Each of the two WTC 110-story towers were designed to be the tallest buildings yet constructed, utilizing many times more steel than any built before them. The wall thickness of each of these beams is 2 1/2 inches, while the width of most is 32 1/2 inches - as can be clearly seen in the following photo during post 9-11-01 examination. Yes, a very few pieces were actually - somehow, as shown here - left intact and were not consumed by the nukes, apparently due only to a fluke of their positions.

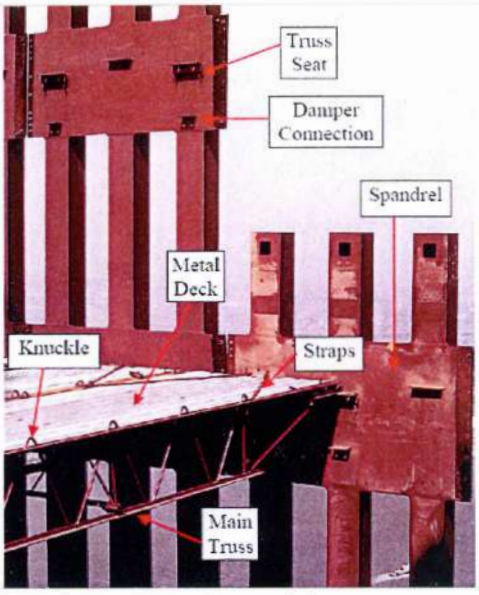

Imagine, any **aluminum** object, travelling at even 1200 miles per hour (twice the maximum claimed in the **full-on fantasy** 9-11 Commission Report), penetrating even one of these **steel** beams. If this was at all possible - in the world of physics and mathematics - aluminum bullets could be used to penetrate tank armor. Instead, in the real world,

tungsten and depleted uranium are utilized - materials with massive kinetic energy possible due to their density, weight and their hardness.

Environmental Health Laboratories Inc. Laboratory Director Terminated For Revealing Historic 9-11 Temperature Truth

Kevin R. Ryan was terminated from his position as Laboratory Director at Environmental Health Laboratories Inc, a subsidiary of Underwriters Laboratories Inc., for daring to point out historic truths based in physics, in math and in science. Ryan revealed that 'the institute's preliminary reports suggest the WTC's supports were probably exposed to fires no hotter than 500 degrees - less than half the 1,100-degree (F) temperature needed to forge (low carbon content) steel.' Ryan wrote: "That's also much cooler than the 3,000 (F) needed to melt bare steel with no fire-proofing. **This story just does not add up!**" Ryan wrote in an e-mail to deputy chief of the institute's metallurgy division, Frank Gayle (Gayle was one who was playing a prominent role in the institute's investigation): **"If steel from those buildings did soften or melt, I'm sure we can all agree that this was certainly not due to jet fuel fires of any kind, let alone the briefly burning fires in those towers."**

Following London's Grenfell Tower Fire, UK firefighters Ask: Why Has WTC-7 "Collapse" Had ZERO Effect On High-Rise Fire Policies?

London's 14 June 2017 24-story Grenfell Tower fire energized United Kingdom firefighters to further question current policies regarding 'Stay Put' orders in relation to fires in similarly constructed structures. These first responders had been well-educated regarding the strengths of various building materials since the beginning of their training. These professionals were routinely tasked with having more than just a basic understanding of building materials performance, and have had to cut through many types of building materials as routine training throughout their fire-fighting and occupant-rescue careers.

These UK firefighters (most of whom wish to remain anonymous), through their professional contributions to the Tony Rooke-directed **documentary, Incontrovertible** - as well as through related efforts to educate others with a logical physics/materials understanding - are hoping to force authorities to recognize **the absurdity of the official story of WTC-7's 'collapse'** on 9-11, officially attributed to a few minor office fires.

These firefighters insist that if the official story were true, every steel-framed high-rise in the world would be in grave danger of 'self-imploding' every time a small fire breaks out in a similar type building.

Their further point being that all the regulations and policies regarding fire fighting in steel-framed structures would have to be completely re-written. **No such policy nor regulation changes have taken place. No investigation relating to these obvious facts has been initiated.** (**See** Documentary, **Incontrovertible**, veteranstoday.com/2017/06/20/rooke/)

Too many of these first-responders - as well as many millions of other logical thinkers - instinctively knew from day one that the U.S. Govt's theatric presentation is largely fantasy!

No commercial aircraft (largerly aluminum with some titanium and steel) is capable of 'flying through' even one of these beams - laws of physics and math! Aeronautical engineers at Boeing, Airbus, Grumman, Gulfstream, etc. were all keenly aware of this since the day attacks were allowed to take place! Most pilots (like myself) and others knew this as well.

Preliminary 9-11 Fire Investigation Results Published By A 125-year-old Firefighter's Technical Magazine

Consider the January 2002 issue findings of a long-respected fire fighting trade journal. **Fire Engineering Magazine** frequently publishes intensely detailed technical studies of major fires to promote safety practices in future fires, as well as future construction. This magazine, in conjunction with coordinated efforts with the NY City Fire Department, called for a "full-throttle, fully resourced" investigation into the factors resulting in **the wholly unnatural 'collapse' of World Trade Center buildings.**

This magazine's editor, Bill Manning, in his signed editorial (first issue after 9-11-01), said **the current investigation is "a half-baked farce."** Editor Manning declared that the steel that is daily being hauled away from the site should be preserved for examination by investigators into the 'collapse'. And: **"The destruction and removal of evidence must stop immediately."** Those involved in hauling away building materials that could prove essential to any legitimate investigation of the building's 'collapse' were, essentially, **'...destroying evidence!'**

FDNY Deputy Chief Raymond Downey - that department's chief structural expert - was killed in the 11 September terrorist attack. Downey was one of Fire Engineering's most senior advisers in structural technical investigations. Fire Engineering further noted that the probes underway had most curiously **"...limited access to or otherwise withheld crucial evidence/information"** regarding the 9-11 World Trade Center catastrophe.

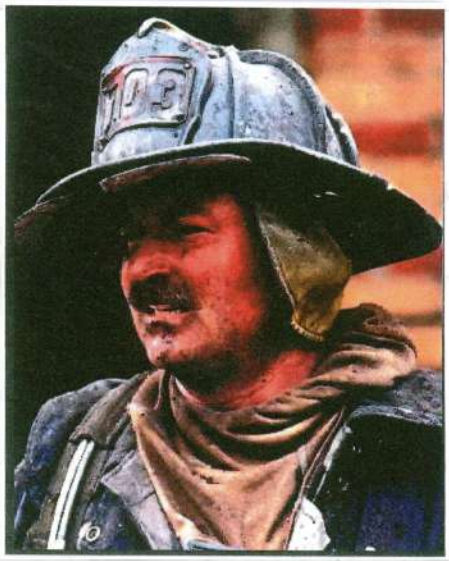

Shortly after the 9-11-01 events an ever-growing number of professionals tasked with engineering future fire protection had theorized that - as described within Fire Engineering's editorial - **"the [claimed] structural damage from the planes and the explosive ignition of jet fuel in themselves were not enough to bring down the towers."**

Chief Orio Palmer, FDNY Battalion 7, Ladder 15

Revisiting FDNY Chief Orio Palmer's 9-11 Radio Call

A simple review of just one first responder radio call audio or transcript (as revealed to readers earlier in the 28 August 2016 **OLTAC larry d combs**/Op Echo) - from Fire Department New York Chief Orio Palmer, Battalion 7, Ladder 15 - provides substantial context and historic revelations for the previous and following chronology of events.

These first responder radio calls were first leaked in, I think, 2005. First responder 'scanner fans', and others, had recorded these radio communications, during this most effective of all False Flag attacks by this centuries-old, mass-murdering gang of subhumans. Audio of these calls is considerably more difficult to attain, more recently, but with sufficient effort, possible...for those diligent few who actually care what happens to this nation (most especially, **what happens to Their Children's lives!**)

A Logical Look At Radio Communications Revelations

If you will allow my breaking down the intent behind the specific words this FDNY Chief chose on that morning, you'll see beyond the curtain of behavior by **So Many Financially/Sexually-Compromised, or, just purely Treasonous, U.S. Politician-, Bureaucrat-, Propaganda Press-Holes.**

My goal - in utilizing some subtlety, especially in the August 2016 Ordnance Drop - **is for the reader to be left with a desire to Do Their Own Research! This is Our Country!** It won't always be run by the criminals!

Background - Radio Calls

Essential Communication Elements: Whether you're talking of first responders on-scene, or, aircraft operations communications - key elements of this communication (taught from the beginning) are **Brevity, Clarity, and Conveying Only Essential Elements.**

These elements are clearly required when considering: 1) Importance of relaying information while not 'tying-up' the frequency; 2) Congestion of sheer numbers of radio calls within certain (especially emergency) situations. These elements should be clear whether you are considering first responder messages surrounding emergencies, or, airport area communications in a similarly substantially-congested radio traffic environment.

The Key FDNY Radio Call

FDNY Chief Orio Palmer, having humped his way up to the 78th floor of World Trade Center #2 (South) Tower, together with numerous fellow firefighters on the morning of 9-11-01, made this 9:52 am radio call: **"Battalion Seven... Ladder 15, We've got two isolated pockets of fire. We should be able to knock it down with two lines. Radio that, 78th floor numerous 10-45 Code Ones."** (Previously revealed in OLTAC/Op Echo)

Logical Conclusions From Knowledge Acquired

Chief Palmer's communications with his firefighter brethren revealed:
1) **I Am Seeing Only Two Separate Fires - Only On This One Floor - In This Entire Building! Just Two - "isolated pockets of fire"!** 'Isolated Pockets' conveys to those with ears: **There is No Evidence Of A Huge Amount Of Jet Fuel** (Aircraft had recently taken off - had sufficient+ fuel load) **- that was expected to be 'on-the-loose' and spilling/burning from floor to floor! The fire is contained within just these two pockets that I am observing now!** [Most likely contained within two steel fuel containers.]
2) **I Am NOT Seeing Anything Resembling What Had Been Portrayed To Me,** prior to arriving at the point of the conflagration!' **MY Assessment/ Assumption** From 50 Years Of Study Of This Enemy: Chief Palmer is seeing **Nothing Of What He Was Expecting To Find** Up On The Affected Floors Of WTC #2. **He is seeing some liquid fuel burning within steel containers!** But, to this professional - though somewhat dumbfounded at the scene revealed to him and his men - other 'details' are not relevant at the moment (his listeners **will get the idea**). The following, worth mentioning.
3) All visual evidence observed (if you'll allow **my** observations) by Chief Palmer revealed **Explosions From Within**, the aluminum outer facade/cladding of the building was **blown outward**, not pushed inward by any 'object', **And, No Evidence Within The Tower's Interior Of, Oh, Say, Any Parts Of A (Mythical) Large Commercial Airliner!**
4) Though Palmer's first sentence revealed much more than the number of words transmitted - to those in his (and other) professions - his second sentence **supports further** his observational facts sent within his first sentence: **"We should be able to knock it down with two lines." Chief Palmer Was Still More Concisely Revealing: 'This Is NOT What We Have Been Told!' This Is Not Anything Like What Has Been Portrayed!**
5) Though Chief Palmer's next few words reveal exactly what he is seeing, these words (too) **say much more** to his intended audience. **"Radio that, 78th floor numerous 10-45 Code Ones."** According to the official FDNY Codes definition list used on 9-11-01: **10-45** conveys, Serious Fire-Related Injury; **Code One** conveys Victim(s) Deceased. Again, **MY Assessment/Assumption:** When there is fire (aside from the few who might try to put out a small fire, then flee), humans tend to get away from the intense heat of flames, and from choking smoke, as quickly and as far as possible. Palmer's few words reveal something he had never encountered.

In Battalion Chief Palmer's years of experience and in his years of studying accounts of fires - as his profession - Palmer had likely never seen, nor read, nor heard of such a densely compiled and large number of burnt/dead people in one place - at least, not burnt and killed **in this manner.** Not From Fire, And Not From Explosions!. I believe what Chief Orio Palmer was conveying to his listeners was: **A)** These office workers were all killed by the concussion of the explosion. They dropped to the floor, dead; **B)** These occupants were killed by an explosion that was **incendiary** in nature - **an incendiary explosion Designed To Simulate An Aircraft Hitting A Building!** They were burnt by the incendiary nature of the 'Hollywood/movie-style', napalm-like/mushroom-cloud explosions.

6) Having observed, first-hand, the evidence he'd taken in - and transmitted/conveyed to his audience as Absolutely Unexpected In The Revelations He's Facing - almost certainly, he knew as a professional that he did not take the chance of saying more, because those who orchestrated this **Theater Act** are no doubt listening. It is my assessment that due to frequency traffic/time constraints, together with his perceptions, Palmer **did not state the obvious: 'There is No Evidence Of Any Aircraft On This Floor. There are no aircraft parts. There are no aluminum fuselage or wing parts, no windows, no seats, no aircraft interior covering parts of any kind. There was no aircraft wiring to be seen, no control surface actuator systems, no tubing, no aircraft cabin parts, no aircraft landing gear, no baggage or traveler's clothing, no aircraft electronics, no cockpit components, no passenger's electronics, no engines or engine nacelles, there were no 'aircraft crash-delivered passengers' - None** of the expected items claimed in the 'story' that day were observed there on the 78th floor, **only two isolated pockets of fire and numerous Code Ones!**

There Was No Aircraft Anything To Be Seen Because, There Were No Aircraft!

Chief Orio Palmer and his teammates of Battalion Seven, Ladder 15 - standing on the 78th floor to provide an overall building/radio-assessment of the WTC 2/South tower fire - must have been struck, at least momentarily, almost unbelievably, by seeing steel containers of jet fuel burning, and seeing so many burnt, dead bodies scattered throughout the office space!

This wholly unnatural scene, when considered within the context of these professional's knowledge of building materials - and materials strengths - likely alerted them to the fact that **Everything Was Wrong with 'the story'** of largely aluminum and composite (**nonexistent**) commercial aircraft, **penetrating massively strong steel skyscrapers!** Triggered by the scene they were each taking in, some of these firefighters must have also sensed a natural sensation of 'dread of possible up-coming events'!

Propaganda - Grounding All U.S. Aircraft For Four Days!

In a most dramatic scene in This Enemy's Theatric Propaganda 9-11 Script **- designed to adequately impact the population in Every Area of the United States and help ensure an appropriate emotional effect -** a huge number of American's lives were significantly interrupted when all U.S. flights were immediately grounded and no flights were allowed for days!

While **not one** airliner was used as a weapon, **thousands** were used to make sure The Enemy had every opportunity to effectively **sell their script!**

Historically, A Multi-Engined Aircraft Actually Did Once Hit A Skyscraper

In historic fact, **The Only** tall building, anywhere in the world, to be hit by any substantially-sized aircraft, was the one pointed out to you previously within my initial 28 August 2016 Open Letter To A Criminal (Routt Cty. Crime Syndicate Attorney **larry d combs**) / Op Echo.

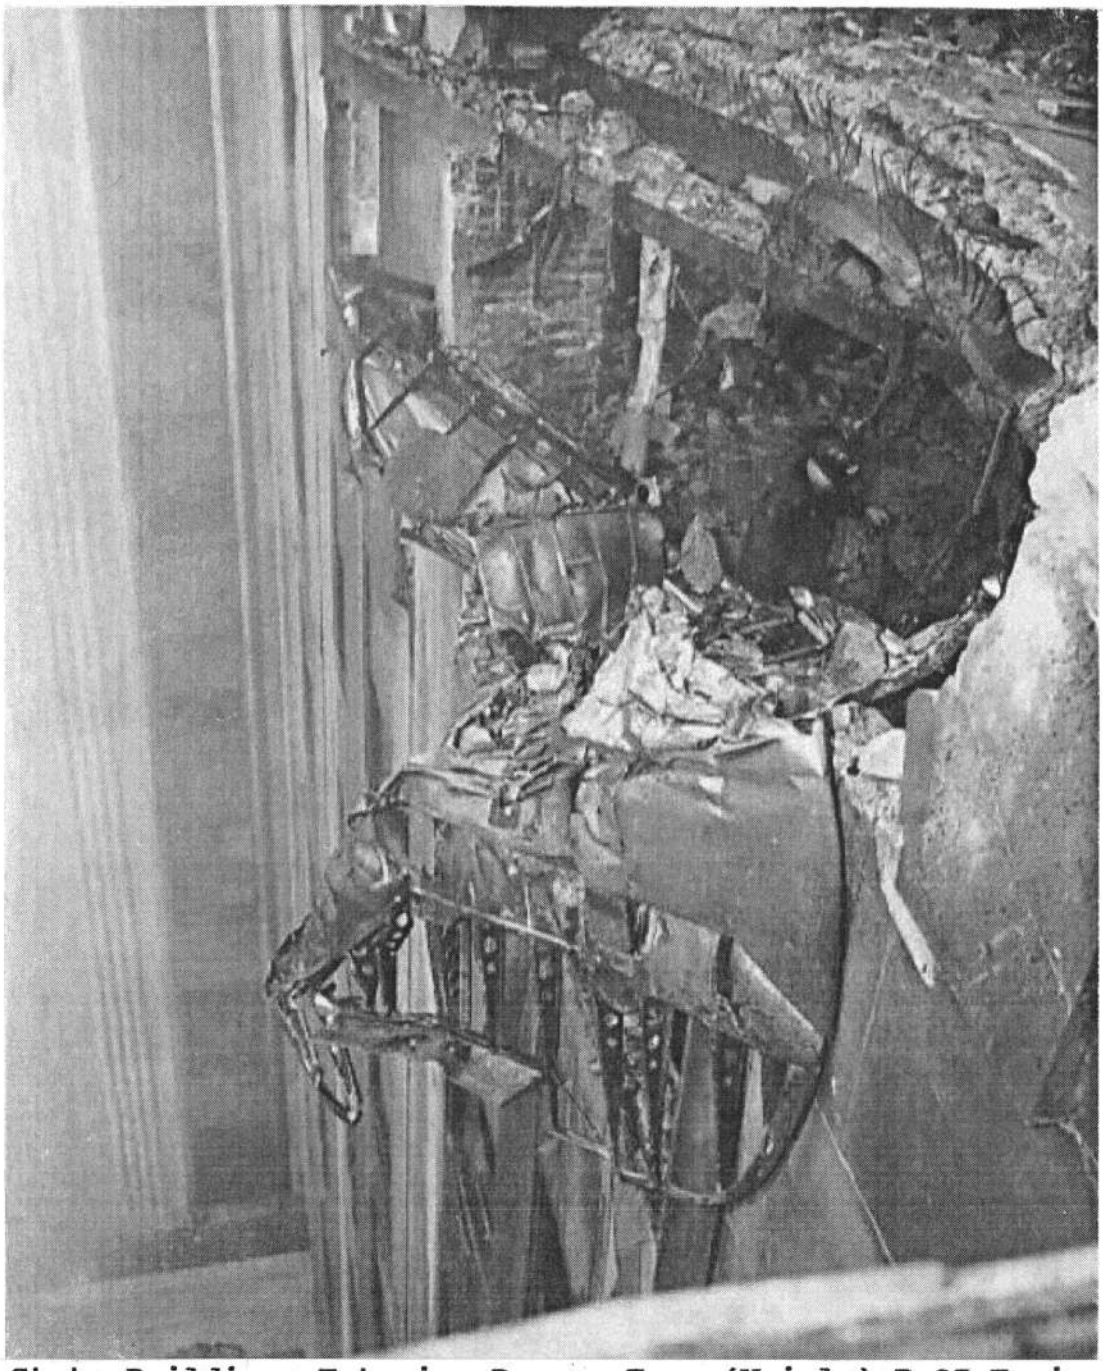

At 0950 EST On 28 July, 1945 there was an aircraft/building impact of a North American B-25 Mitchell twin-engined bomber on the Empire State Building, in fog. An experienced 27-year old, WWII-ace, U.S. Army Air

Force Lt. Colonel, together with his flight crew of four, all perished in this most unfortunate, very-limited visibility, position miscalculation!

Just a few more Empire State Building/B-25 impact details include: 1) Construction materials included a 60,000 ton steel beam and column support grid, 10 million bricks, 200,000 cubic feet of granite and limestone, and 730 tons of stainless steel and aluminum. The (primarily) aluminum aircraft structure, essentially, smashed-flat, and fell away. **Laws of Physics**, being what humans have long organized as a basic under standing, dictated that **the lightweight, relatively minimal kinetic energy** of the aluminum primary aircraft structure, halted its horizontal (estimated) 200-plus mile-per-hour trajectory shortly after meeting an object as immovable as the Empire State Building.

The damage to the outer-wall granite-faced brick structure of the Empire State Building resulted near completely from the kinetic energy of one of the two major components that were **harder and presented more mass** than the rest of the aircraft. This 18′ x 20′ 'holing' of the outer wall was largely the result of the comparatively massive and densely-compact, steel and aluminum assemblage of parts known as a Wright Cyclone R-2600, twin row, 14-cylinder radial aircraft engine. Each powerplant (together with the two-speed superchargers) is made up of some components that are: **A) Harder; B) Denser/Heavier; C)** Capable of Presenting **substantially more Kinetic Energy** than most of the remainder of the aircraft's (mostly

Empire State Buildinmg Exterior Damage From (Mainly) B-25 Engine Impact One Vertical Stabilizer/Rudder Assembly Hangs From Engine-Hole In Bricks.

aluminum) structure and componentry.

One engine tore loose from it's mount, flew across 33rd St., and entered the roof of a 12 story building. The other Wright radial more or less aligned with a window. Historic documentation revealed that this 2,045 pound engine (it's forward motion and substantial kinetic energy unencumbered by the near-inconsequential resistance offered by glass window panes and knocking in some bricks) tore loose from the wing/engine mount as the plane's aluminum main structure rapidly halted its forward motion against the building's outer wall. This engine-on-the-loose entered the structure at very nearly the (roughly, 200 mph) flying speed of the Mitchell bomber, continued on down a hallway, impacting and breaking through a number of 'movable objects'. Eventually, the radial engine lost most of it's horizontal motion energy, smashing through walls and skidding down a hallway, then, (possibly) knocking an elevator operator out of the car. Reports vary. Some reports say the elevator car and its operator were nearly crushed.

Perfect Evidence Of A Pre-Positioned Explosive Device

Photo Published In German NEXUS Technical Magazine.

I agree with Dimitri Khalezov: **This One Naomi Stock Photo Alone, is massively revealing!** The force/reaction of an actual, well-defined **explosion** is absolutely clear here - it has blown aluminum facade cladding out in two different directions, **90 degrees apart!** This photo isolated a moment in time immediately before the orange fireballs of the incendiary explosives erupted. These incendiary explosives served to theatrically portray a jet fuel fireball from an imaginary airliner penetration while igniting the pre-positioned steel jet fuel containers.

Pentagon Missile Penetration (Coinciding With High-Explosive Detonations) Provided The Pretext To WTC Tower 1 & 2 Demolition, And Halted Numerous Investigations Within Office Of Naval Intelligence & Seven WTC Buildings

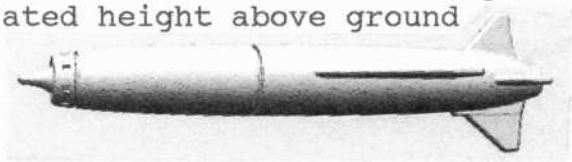

A Missile, Launched From Where?

The current understanding is that **the missile found inside the B-ring** (next-to-innermost) **of the Pentagon was launched out of the Atlantic Ocean. It was a stolen Russian Granit P-700 500 Kt thermonuclear anti-shipping cruise missile.** Dimitri Khalezov's research here is, again, by far the most likely probability, so far. A shipping container was likely configured inside to duplicate the launch tube that had previously held the Granit aboard Russia's Kursk submarine. [Had held it, before israelis sent Kursk to the bottom, killing 118, in order to steal 21 Granits.] Once the launch took place, the container/launch tube - whether semi-submerged or aboard a ship - was most likely simply dropped to the sea floor. Nothing to see here! **[And, a Treasonous U.S. Government and press assurance that no one would look!]** You do remember hearing reports of U.S. military jets launched to search some location in the Atlantic Ocean?

Knowledge of a missile approaching the continent (gained maybe five to six minutes before feet dry) would have to be considered a nuclear attack on the U.S. As Dimitri Khalezov correctly points out, anyone with the capability to pull off such a feat, would almost certainly launch a nuclear missile - in order to deliver a strong message! And it was nuclear: A 500-kiloton-yield thermonuclear-warhead-equipped missile to be precise: Half a Megaton - enough to decimate most if not all of Washington D.C.!

israeli Mossad, and likely French OAS (who had supplied the **Not Live - CGI-Imaginary Footage** of 'aircraft disappearing beyond the walls of the WTC towers') informed U.S. Government that **three nuclear weapons had been delivered to the U.S. this morning!** 'You are so very fortunate that the one that penetrated the Pentagon did not detonate!' **This provided a justification that 'the other two nukes' were on the planes, and are now embedded in the World Trade Center Towers!** This provided disinformation that was difficult to resist at that time (for those not 'read-in' on the false flag operation).

This Pentagon missile served as A Pretext to force U.S. officials (those not involved in the theatrics) to believe that what they were about to do was the logical, the moral, the necessary thing: **Try to minimize the effect of a half-megaton thermonuclear device detonating At That Height Above The Ground!** [A calculated height above ground level substantially enhances devastation.]

U.S. officials (not in on the treasonous plan) were almost certainly told by these Zionists that: **'You Have No Choice!'** You must try to limit the danger to your city by bringing the nuclear devices much closer to ground level, or - far better still - **by demolishing the nuclear devices (with the towers)**, thereby 'disarming' them by turning them to dust or junk! **'You must detonate the integrated nuclear demolition engineering devices! You can not wait!'**

Pentagon 'Aircraft' Aeronautical Anomalies

Just as with the constraints on the flight envelope of the two mythical Boeing B-767-200 aircraft digitally-created for the WTC theatre act, the Boeing B-757-200 that is claimed to have penetrated the Pentagon would have had to perform similar stunning **miracles of physics and aeronautics.**

A simple characteristic of flight known as **ground effect** would have prevented flight as close to ground level as the Pentagon entrance hole revealed, **at anywhere near the speed claimed** in the 9-11 Commission Report: 'Four Aircraft Speeds **Claimed - 470 to 590 mph'!** Fantasy, pure fantasy!

An aircraft needs to bleed off airspeed in order to land for the primary reason that **wingtip vortecies**, essentially, 'push' against the ground below the aircraft, as the plane descends to within one wingspan's distance of the earth below. The greater the airspeed, the greater the 'push'. These vortecies create a tendency for the aircraft to 'float' rather than continuing it's descent. These **wingtip vortecies** will continue to cause the aircraft to 'resist' landing, until the airspeed is reduced enough to decrease the resistance effect of these vortecies.

Therefore, aircraft airspeed must be reduced to much closer to minimum flying speed in order to 'fly' as close to the ground as is claimed for the Pentagon's **'miracle penetration by a commercial airliner'!** A missile, typically requiring much less wing area, **can** do this.

Pentagon False Flag Attack
- Stolen Russian Granit P-700 Nuclear Missile -

Imagine some foreign nation's satellite imagery that reveals one of the very last things the crime syndicate that near-completely controls America's politicians, bureaucracies, too much of the Pentagon, CIA, FBI, **The Enemy's 'Dept. of Homeland Security'**, judicial, most all so-called 'law-enforcement', too many corporations, and all propaganda press, would want anyone to see. **Imagine the Pentagon's E-ring erupting with internal (HE) explosions, timed to coincide with the arrival of a disarmed nuclear cruise missile (And, No Planes Before WTC Explosions)!**

Enough eyewitness and documentary evidence exists that points clearly to the Pentagon E-ring having been prepared for the **U.S. Govt.-Enabled** theatrics with pre-positioned explosive charges. These explosions were timed in some manner to detonate as close to simultaneously as possible with the arrival of the Zionist fascist terrorist's stolen Russian Granit P-700, 500 Kiloton, thermonuclear, anti-shipping cruise missile!

Again, laws of physics, math and science tied to long-established characteristics of flight of passenger-carrying aircraft types have

shown that **no production-based commercial airliner in existence (or even any massively modified airliner) could possibly have been 'flown into the Pentagon' while: Traveling at the speed claimed by Zionist/Khazarian Mafia assets in U.S. Government; Demonstrating the flight path claimed; and, At the height these treasonous sub-humans indicate it flew above the ground!**

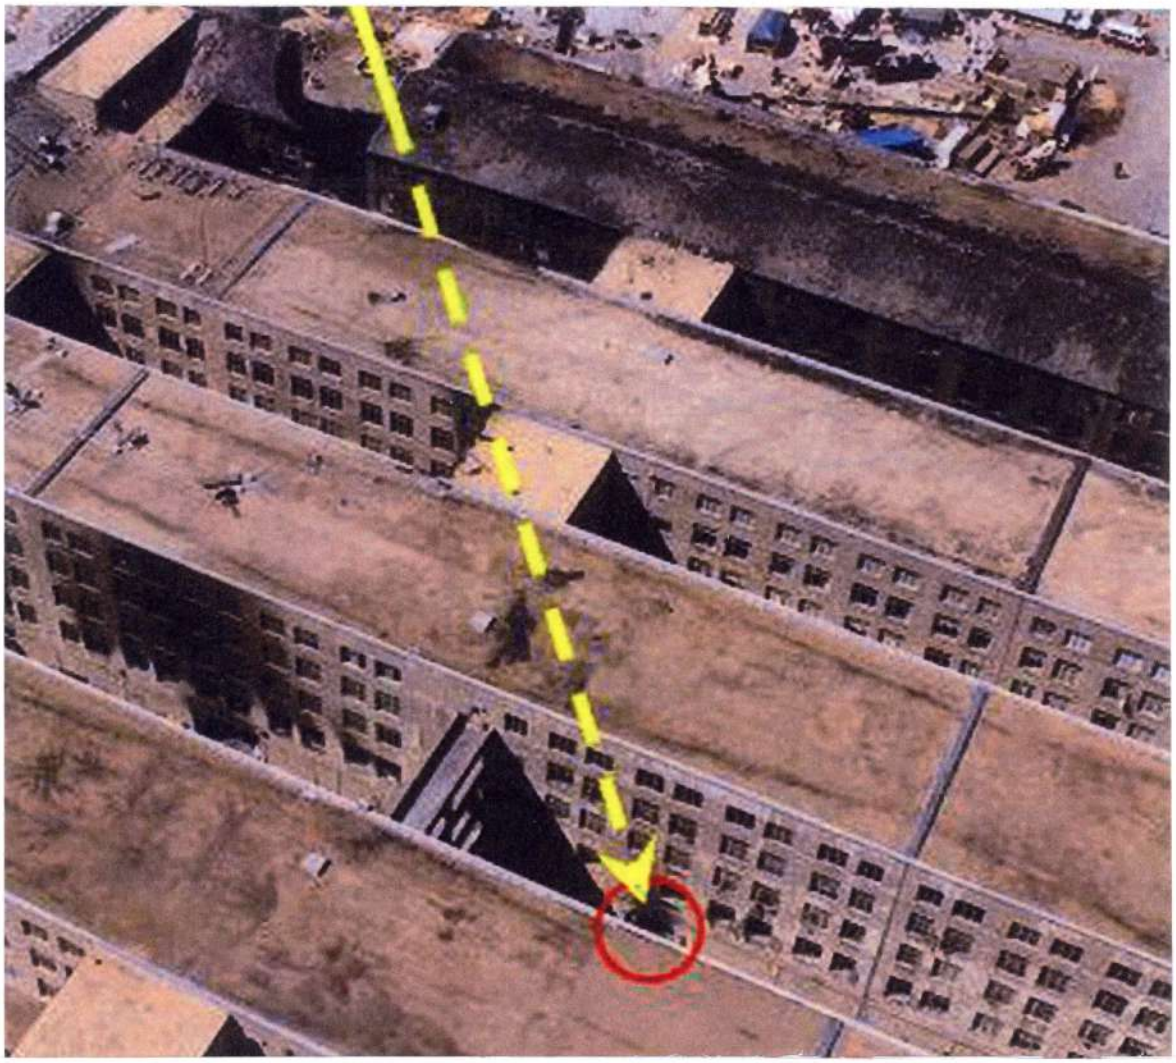

Just as with the World Trade Center towers, there was no commercial airliner that flew into the Pentagon!

Take note that 'the filmmakers' did not bother to come up with any 'live footage' of any airliner 'magically disappearing into the Pentagon'. The enemy didn't bother with producing Computer Generated Imagery of an 'airliner' image passing beyond the outer wall image of the Pentagon. Their monstrous string of decades of successful **U.S. Government-Enabled** false flag attacks on Americans and others has clearly bred a laziness in these terrorists that is evident in their lack of attention to detail. To a near-planet-controlling Khazarian, their 'work' only has to be "close enough" - like, hand grenades.

A Russian Granit P-700 missile had arrived. [A Granit stolen from the Russian's Kursk submarine, after israelis sank it in 2000, and murdered this boat's entire crew of 118 (in order to steal 21 missiles)!] The Granit did not just hit the outer wall of the E-ring and collapse it. The Granit completely penetrated Pentagon's E-ring, it's D-ring, it's C-ring, and finally depleted it's kinetic energy within Pentagon's B-ring!

Path Of israel's Stolen Russian Granit P-700 Anti-Ship. Cruise Missile

Stolen Russian P-700 Granit's path through at least six, likely seven, Pentagon walls. C-Ring exit hole is indicated. It is understood that the missile was found within the B-Ring.

The 500 Kiloton thermonuclear warhead was not armed prior to launch. israeli Mossad (& possibly French OAS) terrorists likely told U.S. officials (not in on scheme): **'You are so fortunate the nuke did not detonate!** Our intel indicates **three** nuclear weapons were delivered to your country today! **You have no choice** but to believe the other two weapons were onboard the aircraft shown in the [CGI] video [we supplied] and are now imbedded within your World Trade Center towers! **You cannot wait!** You cannot let them detonate **at that height** above New York City - **There Will Be No More New York!** You **must** make the responsible choice to position and detonate the two 150 Kt nuclear demolition devices under WTC 1 and 2 (now stored beneath WTC 7)! This could destroy the nukes on the aircraft, or at very least, move them to ground level.' **The missile served as a pretext to convince U.S. Govt. officials who were not 'read in' on the scheme** to position and detonate the 150 Kt devices that were known by Zionist Mossad terrorists (and others) as having been required by the New York Building Department in order to be granted building permits for the World Trade Center towers.

However, these two demolition engineering devices **were not used!** Both nukes **could well have been** consumed or rendered useless by the 12-14 israeli nuclear weapons. [But with israeli's **all access**, these two devices would most likely have been removed earlier, to save them **for future use!**]

Upon reaching its target, this specially-hardened, seven metric ton, Mach 2.5-plus, threat-protected cruise missile penetrated at least six 10-inch-plus-thick exterior walls - likely more than seven-plus-feet of steel-reinforced concrete and brick (when considering having to pass through the D-to-C walkway connecting the rings)! In 2001, the Granit P-700 was likely one of very few missiles capable of such penetration.

It is possible that **20 other Granit P-700 thermonuclear-warhead-equipped anti-shipping cruise missiles (500 Kt each)** are still held in the filthy, blood-soaked, hands of these Khazarian Zionist fascist terrorists - some may have been sold to others! Russia's Kursk held 22: One had been fired.

Videos can still be found that cover roughly the first hour following the beginning of the Pentagon theatrics. This video imagery/audio documentation reveals clear evidence of explosions as well as first responders commenting on: **No Aircraft Fuselage, Wing, Tail, or Interior Parts, No Aircraft Passengers, No Aircraft Anything!** A few 'Theater Act Props' were dropped off in the area as quickly as possible. These salvage yard aircraft components were trucked-in and distributed with the aid of visibility-obscuring 'camouflage' produced by smoke-generators amongst the 'construction equipment' already in place. Besides these few salvaged aircraft pieces, a few bent and 'knocked down' street-lamp posts were distributed soon after in order to complete the 'set decoration'.

Clear photographic evidence exists showing the roughly 8 1/2-foot diameter exit hole in the inner wall of the Pentagon's C-ring, where a hardened object continued to offer sufficient kinetic energy, even after fully-penetrating three Pentagon rings and connecting walkways. **A Disarmed (WTC 1&2 Demolition Pretext) Granit** was found within the B-ring.

Zionist-Launched, Stolen Granit P-700 Missile Exit Hole In C-ring (the sixth 10-inch-thick steel-reinforced concrete and brick wall penetrated)!

At least three (likely more) cameras were located along the roof line of the missile-targeted outer facet of the Pentagon. These cameras would have clearly shown any approaching 'commercial airliner'. Likewise, other Government cameras, together with 60+ surveillance cameras at commercial businesses in surrounding areas, could have caputred imagery of the U.S. Government-claimed 'commercial airliner'. These surrounding businesses all had their camera 'footage' quickly confiscated by federal/state/local/ KM 'law-enforcement' officials. To this day, **no footage of any commercial airliner** approaching or hitting the Pentagon has surfaced. Another clue.

Zionist/israeli-Launched Stolen Russian Granit P-700 Anti-Shipping Cruise Missile

The Granit P-700 was first deployed with - if I recall correctly - two Russian fleets in the early 1980s. This anti-shipping cruise missile was designed to take out all of America's nuclear aircraft carriers, around the globe, in 22 minutes! P-700 was - at that time - the most hardened, fastest, best electronically protected anti-shipping cruise missile on the planet. Be aware that not just the carriers were targeted: The 500 kiloton/half-megaton thermonuclear yield was intended to eliminate the entire fleet of support vessels accompanying each carrier as well.

Taking these historic realities into consideration, there most likely was no legitimate U.S. Govt 'projection of power' around the globe - as sold to the sheeple - if the threat against Russians reached war level.

Granit P-700 Anti-Shipping Cruise Missile Display At The Factory
(Banner in back at right states "Glory To The Soviet Working Class!")

I have seen some, but not a great deal of information suggesting that since about seven or eight years ago (roughly 2014 or 2015) the Chinese **may** well have the capability to accomplish this same U.S. aircraft carrier/support fleet elimination, around the globe, **in about 16 minutes!**

The Granit P-700 Was Top Secret Until Just A Few Hours Before 9-11-01
A British defense industry's web site, very briefly, provided whatever known (hacked) or estimated performance characteristics for the Granit. These web site revelations then disappeared within just a few hours.

(If you'd allow **my understanding** - from 54 years of research - **On This One Aspect: This may not be historic fact** as provided here elsewhere.)

Evidently some of the Treasonous 'U.S.' Politician-Holes and Bureaucrat-Holes were curious about exactly what their closest bed-partners would be sending speeding toward them, the next morning. So, Zionist/'U.S.' scumbags put the closely-held details of the P-700 up on the interweb, less than 24 hours before the Zio/U.S. Govt. theatrics - so the psychopathic-narcissist subhumans would have some idea of what would arrive in D.C.

Murdering FBI Able Danger Investigators

It was surely no coincidence that a thoroughly treasonous, uppermost-level PNAC founding member issued a last-minute notification for a meeting of Able Danger investigators within the Naval Intelligence offices of the Pentagon on the morning of 9-11-01. These Able Danger investigators were documenting evidence related to: The U.S. Marine Corps barracks false flag bombing in Beirut, Lebanon; the first World Trade Center false flag bombing; the Oklahoma City, Murrah Federal Building false flag bombing; the USAF Khobar Towers, Saudi Arabia barracks false flag bombing; the U.S. Embassy false flag bombings in Kenya and Tanzania **(all of which are documented as low-yield, recent generation nuclear detonations, generally in the 0.1-to-0.2-Kiloton yield range)**; the USS Cole false flag israeli Popeye (up-rated) Turbo II missile attack, Port of Aden, Yemen; **and more. [**WTC '93 <0.1 Kt.**]**

The World Crime Syndicate needed to 'dissuade further investigation'! Cover-up of the actual, hidden, **Forbidden** history of these events led to many politicians and bureaucrats (acting as assets for the crime syndicate/Zionist organizations in israeli politics and within U.S. of israel Government) benefiting largely in a variety of ways.

The P-700 Granit cruise missile arrived in conjunction with explosions (HE) within the Naval Intelligence offices portion of the building - taking out numerous Able Danger investigators. For The Enemy - a 'Two-Fer'!

In addition to the 'clean-up' efforts performed by the missile and explosions at the Pentagon that morning, **a number of other key Able Danger investigators and others at the highest levels were 'dealt with' later.**

These were some of the most important investigators that were involved in **the initial and only legitimate 9-11 false flag attack investigation - the Leaked 2003 U.S. Department of Energy Preliminary Report On 9-11.**

CIA agent Roland Carnaby was murdered by israelis masquerading as cops in a 'traffic stop' along a Texas highway in 2008. In an investigation possibly funded by former President George H. W. Bush, Carnaby was investigating the theft of 350 nuclear pits by israelis. The investigative group run by former FBI Deputy Director, John O'Neill, was tracking the numerous Zionist false flag attacks on Americans as well as close to 200 israelis suspected of espionage and spying on the U.S. before 9-11-01 - about 120 of which had already been detained before 9-11. [More on John O'Neill within my 28 August '16 Ordnance Drop/**OLTAC (Open Letter To A Criminal) SBS 'attorney' larry d combs**]

9-11 'Theater Act'-Revealing Satellite Imagery Likely Exists!

Imagine: The World Trade Center Towers (as seen from above by earth-viewing satellites) each suffering sizable explosions from within - **With No Commercial Airliner Visible!** Evidence like this may eventually surface, due to - oh say - the Russians **finally having had enough** of Operation Beluga (demonizing Russia at **every** opportunity). Khazarian Zionists in U.S., israel, Britain, etc. opened this Op in 2013/2014. In historic reality, Khazarians have targeted Russia repeatedly for a very long time, for offering to help American Colonists with their 1st Revolutionary War, and the Union Army during America's 1st Civil War.

Eventually, a tipping point will finally be reached where enough Americans realize **Their Government Orchestrated 9-11, and they'll grow the balls to act!** The Khazarian-Ruled United States of israel will go under and worldwide Zio-Terror will begin a decline. This planet will be a better place.

israeli ZIM Integrated Shipping Services

Like Urban Moving Systems Inc. - that many 9-11 israelis were associated with - another israeli Mossad front operation is known as ZIM Integrated Shipping Services. They moved out of their North World Trade Center tower 10,000 sq ft offices **just one week before the 9-11 false flag attacks.**

This abrupt departure caused a lease contract-required-forfeiture of a $50,000 deposit. [It was likely US taxpayers that paid the deposit anyway!]

A non-official cover CIA source, as well as FBI sources, have indicated that explosives (HE-type) were moved into the World Trade Center towers by the same movers who moved ZIM out, within the week prior to 9-11-01. Documents reveal that ZIM is a 49% 'israeli government'-owned company.

One of the FBI agents investigating israeli espionage and spying was Michael Dick. The curiously abrupt moving plans of an israeli company in the World Trade Center tower drew agent Dick's attention and close scrutiny. The KM/Zionist enemy infesting U.S. Government, of course, learned that Michael Dick's investigations led him to israeli suspects in the ZIM company. His investigations were brought to a halt soon thereafter when agent Dick was removed from his FBI duties that focused on ZIM and israeli espionage by the head Zionist within 'israel's U.S. Justice Department', Michael Chertoff. Not long after, agent Dick was targeted by KM and paid the ultimate price for his loyalty to his oath

- to Americans!

Another intel/FBI source revealed that virtually all standard building security protocols within the WTC towers - established following the previous 1993 israeli underground bombing (a nuke too small) - were abandoned within the few weeks prior to 9-11. This most unusual change in security features, of course, included the elimination of what appeared to be the somewhat unstructured inspections by explosive-alerting K9/handler teams.

Clearforest

Another israeli company with office space within the World Trade Center towers was one known as Clearforest. In September of 2001, Clearforest claimed to have 18 to 20 employees. Of the five employees this israeli company claimed were in their WTC office on that 9-11 morning, every one was, somehow, able to escape being transformed into microscopic powder.

israeli Odigo Messenger 9-11 Warning

Law-enforcement authorities have revealed that two employees of the israeli digital/instant-messaging company, Odigo, admitted having received a warning message indicating an attack on the World Trade Center towers about two hours before **"the first of many explosions"** were documented.

This was the only direct-messaging link I had uncovered when I did the initial research. It is of course extremely likely that this same Odigo israeli messaging service - or other electronic/non-electronic methods - alerted most all of the other few thousand israelis believed to have been working in the area of the WTC complex, around the September 2001 timeframe. [...likewise preventing their dustification.]

Available documents indicate that a mere **three** WACis (**W**hat **A**re **C**alled **i**sraleis) **may have died** related to the false flag high explosive and nuclear demolitions of the **seven** World Trade Center complex buildings.

A Goldman-Sachs 9-11 Warning

By this point, you should not have to wonder too long what 'tribal alerts' took place that enabled Goldman-Sachs' Tokyo office to warn their employees, on 10 September 2001 - in inter-office communications - to avoid going anywhere near American-associated buildings on the following day.

The Larry Silverstein / Benjamin Netanyahu Khazarian Talmudic-Jew/Zionist Connection

Research indicates that Larry Silverstein, who already held the lease on World Trade Center building 7 for years before 9-11-01, was able to - through his Zionist connections - gain leases on a number of other World Trade Center complex buildings a mere eight weeks before 9-11-01, thanks largely to his close connection to Zionist Lewis Eisenberg. Eisenberg was the top Zionist at the head of the New York Port Authority who authorized the (astonishingly rapid) lease transfer of the other World Trade Center complex buildings to Zionist Larry Silverstein and Zionist Frank Lowy (owner, Westfield America shopping mall conglomerates, etc.).

Apparently, authorization of the speedy WTC lease transfer enabled by

Eisenberg, was only possible due to the massive lobbying efforts of Zionist Ronald Lauder. Lauder is known as a billionaire benefiting from Estee Lauder Cosmetics, who served as New York Governor George Pataki's chairman on the commission for privatization of the WTC complex (from NY Port Authority.) Evidence exists that documents Lauder's funding of numerous Zionist/Jewish organizations.

Silverstein is such a good and long-time friend of Zionist fascist terrorist israeli Prime Minister Benjamin Netenyahu, that he admitted the two spoke to one another every day. [See Netenyahu's 1990 & 9-11-01 quotes] Just a couple other Zionists Silverstein called personal friends include international israeli war criminal, Ariel Sharon, and upper-level mass media propagandist for the Khazarian Mafia, Rupert Murdoch.

The 'Second 9-11 Truth' Demolition Engineering Devices

As was revealed in architectural and building journals of the period (around the time of construction of the WTC towers), as well as within the 1976 Peaceful Uses Of Nuclear Explosions Treaty between the U.S. and Soviet Russia, the 150 kiloton nuclear demolition engineering devices that were required by the Building Department of New York in order to obtain a building permit, were stored and maintained beneath WTC building 7. This nuclear demolition feature was, of course, one of the primary reasons Silverstein acquired the lease on World Trade Center building 7. Numerous Zionists were financial partners in these WTC complex leases, as noted.

This most unusual requirement of including a nuclear demolition scheme was the result of New York Building Department officials foreseeing a projected lifespan for even the strongest (many times more steel than any before them) and tallest buildings yet constructed. As a result, the builders were required to submit a responsible demolition proposal - a morally-responsible plan that would not seriously negatively affect neighbors - for the day WTC Towers 1 & 2 reached the end of their usefulness. Controlled Demolition Inc. supplied the plan that was approved and Building Permits were issued. DoD and intel. community docs indicate these were not used. [Nuke: 11 Mar 2011= Fukashima's 'Tsunami']

Larry Silverstein's 'Fortuitous Escape'

Unlike virtually every morning, Larry Silverstein's daily habit of having breakfast in the World Trade Center North Tower's Windows Of The World Restaurant, on the 107th floor of tower 1, was interrupted by, well, a need to be somewhere else - a claimed medical appointment. In yet another 'fortuitous coincidence', Silverstein's two children were also absent from their work environment within the World Trade Center buildings on that same morning! So 'lucky', for Larry and his tribe!

By insuring each of the WTC towers for individual acts of terrorism - again, just about eight weeks prior to 9-11-01 - Silverstein was eventually able to 'win court battles' giving him $4.55 Billion from the insurance companies. Unfortunately for Larry, another decade or so of additional 'lawyer work', most-uncharacteristically, resulted in a failure to obtain several more billions in terrorism insurance payouts.

DID YOU KNOW

Just months before 9/11, the World Trade Center's lease was privatized and sold to Larry Silverstein.

Silverstein took out an insurance plan that 'fortuitously' covered terrorism.

After 9/11, Silverstein took the insurance company to court, claiming he should be paid double because there were 2 attacks.

Silverstein won, and was awarded $4,550,000,000.

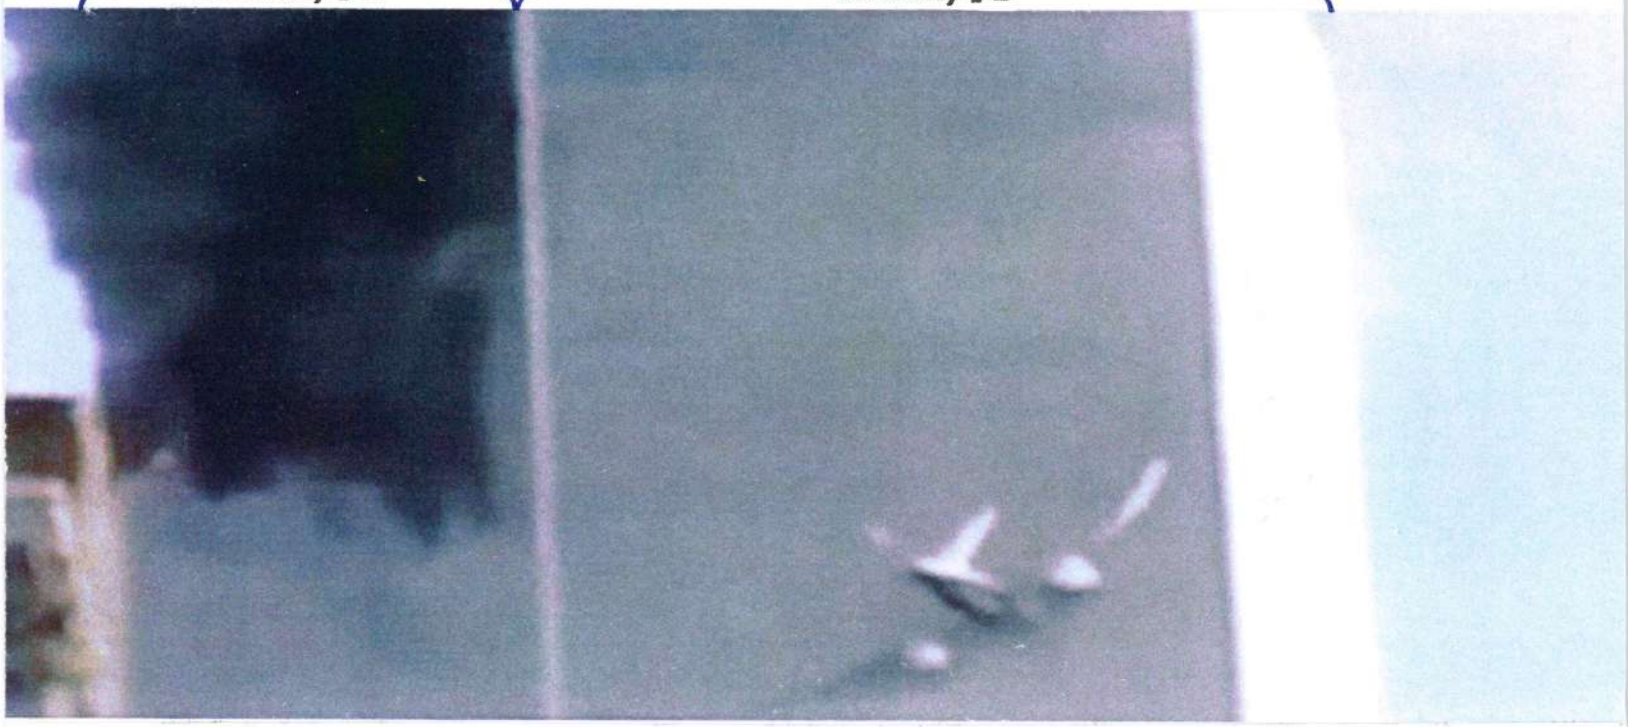

Another Huge Clue - Sound!

Among so many clues indicating our enemy's theatric 9-11-01 orchestration was hastily assembled and incomplete **was** the absence of jet engine sounds from all of the early videos. **Not one** (crisis actor) 'eye-witness' in the original videos says anything about hearing what would have been **a most memorable sound** of jet engines at high throttle settings approaching at an unimaginable height above the city streets, echoing between towering buildings! It was only **later** that the subhuman creatures **added** audio edits. Sound - like absence of sound - is an excellent memory trigger. One site now features '16 witness-recorded (CGI) videos' - each containing some jet aircraft engine sounds.

Single Most Important Video 'Frame' From Mossad/"French Film Crew"-Supplied CGI Imagery: Image Of 'Aircraft' Passes Beyond WTC 2 Tower's Outer Surface

"Those that can make you believe absurdities can make you commit atrocities." - Voltaire

World Trade Center Towers
Not Live, CGI

At this most revealing point in the enemy's video, the image of the 'plane' is shown about half way into the World Trade Center South/#2 tower. Instead of 'a hole sliced in the building', we see the same coloring as the building's outer surface, behind the right wing.

In this Mossad-supplied/"French film crew"-captured **exact point in their video**, one can clearly see the (swept) right wing's outermost portion is **not yet "inside" the building.** The wing's portion just outboard of the right engine is now **beyond the outer surface of the building!** Note that the space between the right engine nacelle and the fuselage also reveals **the exact same coloring/shading as the outer surface of the building overall!** The space between the fuselage and the left engine nacelle, similarly, reveals **the same exact coloring as the outer surface of the building**, with minor 'shading' - CGI-applied.

The digital modification program utilized by the enemy **allowed** the image of an aircraft to **blend in with and to disappear beyond the outer surface of the WTC tower with no building outer surface disruption or discoloration behind the digitally-blended image of the 'plane'!**

Khazarian Mafia/Zionist assets, confident as usual after nearly 2,000 years of largely successful and effective terror (mostly false flag terror) operations, likely didn't even care if researchers revealed a critically important image such as the one shown. Together with enemy assets within most world governments, they've worked to make historic reality hidden/**Forbidden, for centuries.** [Image from Juliet Bonnay.]

Only A Little More On Making Historic Reality (Very Seriously) Forbidden
Between 1948 and 1959, World War II's U.S. General Dwight Eisenhower, England's Sir Winston Churchill, and France's Charles de Gaulle published their extensive personal histories of that war. Within 7,061 pages from these men, not one word is devoted to 'an horrific, long-world-affecting event', that was - in historic reality - created as a propaganda operation and first thrust upon the world as 'truth' in the 1960s. Any guesses?

israeli Mossad/French OAS-Supplied Crisis Actor CGI/Video

Ignoring what should have been **an approaching and ever-more-loud roar** of the twin engines of a commercial jet airliner closing in at 'a high throttle setting' (**and at a speed beyond B-767-200 sea-level-maneuvering structural integrity**), the innocent bystander/"French film crew" somehow managed - **only at the last possible moment** - to swing their camera's lens, oh so precisely, up to just the exact image-capturing angle, **miraculously capturing** 'the plane' disappearing past the outer surface of the WTC tower! Most curiously, there was **no audio clue** anything was wrong, **until the final two seconds?** But, **many** sheeple bought it! **Way too many.** Are we back to Freedom Fries?

A commercial jet aircraft, approaching at an unnaturally low level, at an alarming speed, and the seriously noticeable sound of **loud** (high throttle setting) jet engines echoing between so many buildings - **and the 'French film crew' just keeps on filming away with the task of recording their documentary? Unlikely.**

Fox Entertainment's Lone Gunman

Then too, there was the Fox Entertainment broadcast, Lone Gunman, in early 2001, where a commercial airliner targeted a World Trade Center tower!

The Fox Entertainment's first episode in their 13-part Lone Gunman series, titled 'Pilot' (4 March 2001), featured a commercial jet guided remotely by 'hacker/terrorists' toward a World Trade Center tower. **CGI** (Computer Generated Imagery) - precisely as utilized extensively within the production of so many TV and big screen productions (**like 'Sully'**), was clearly used and rebroadcast **near-endlessly** around 9-11-01. **"But I saw it on TV!"** - offering compelling elements of emotional impact and viewer horror! [It was so unfortunate that **the 'Sully' movie was so propagandized with 'his 9-11 dream'!** And, there was an utter failure to reveal to viewers that it was largely **Sullenberg's glider flying talents** that enabled him to see clearly - in those immensely important glide path decision making moments - that: TLAR (That Looks About Right).

A Little More On The 9-11-01 CGI Aircraft Videos

Curious NSA loyalist/patriot-types, and many others, have examined each frame of **the video that was handed to officials and press by Zionist fascist Mossad/French OAS Terrorists**, and, was Not Broadcast Live!

Without viewing any **supplied** video, the events as portrayed provided anyone with a knowledge of construction and of material's strengths with an **Inescapable Conclusion: C G I (Computer Generated Imagery), And, A Massive And Monstrously-Treasonous U.S. Government/Press False Flag Cover-Up! Clearly revealed are propaganda theatrics so monstrous in scope that U.S. Government complicity is absolutely essential!**

Similarly to those with knowledge of construction and materials strengths, millions of pilots and those with demolition/explosives knowledge knew too - that what was portrayed 'on TV' was impossible!

Note/A Reminder: Any And All 'Aircraft Footage' provided to press and to U.S. officials of 'aircraft hitting buildings' **Was Not Live! These CGI videos were delivered to the Zionist's assets!** This video was presented as 'amazingly captured moments in this nation's history', in order to oh so thoroughly - **emotionally propagandize** American (and world) audiences!

The projected mental imagery, the imagined presence of **'commercial airliners, now embedded within each WTC tower', was an Essential and Key Element** in the crime syndicate's operation to bring down the twin towers that day, to force American military into another war, and create **Mossad's Dept. of Homeland Security!**

The 'Hollywood-style propaganda video' shows 'the aircraft' not only penetrating numerous rows of, massively-thick (2 1/2 inches each side), half-meter wide, tubular steel beams (**four 2 1/2"-thick sides per beam**), but, **the nose of one phantom 'aircraft' emerging from the opposite side!**

The glass-fiber or Kevlar-epoxy nose portion (radome) of these aircraft, is constructed so that the radar waves of the primary radar antenna can pass through the radome material. Yet, in the terrorist supplied video, **'the nose' emerges from the opposite side of the tower, Intact: the 'aircraft' having penetrated the entire steel structure, While Losing No Speed Whatsoever, throughout the Miraculous-Penetration!** The **idiocy** of enemy filmmakers! It is most unfortunate that millions of American sheeple, to this day, are **so thoroughly convinced: "...I saw it on TV!"**

The Enemy filmmakers could just as likely have digitized a silhouette of a coyote (Wylie E.?, propelled by a Road-Runner-fired cannon ball?) penetrating absolutely massive amounts of steel, and emerging from the opposite side. **Now, that's Entertainment! That's 'Hollywood'!**

Purely For Explanation's Sake
This Researcher's Exposure To The 9-11-01 Khazarian Mafia/ U.S. Government-/Press-Enabled Zionist False Flag Extravaganza

Personally, I was not subjected to the endlessly rebroadcast video portion of **this massively theatric propaganda production.** I was camping on my property, hand-assembling, piece-by-piece, my home's foundation forming elements, and cutting/bending/tying together reinforcing steel rebar sections. My 9-11 propaganda input was entirely from radio audio.

Scarcely sleeping due to an all-consuming involvement in planning every aspect and every dimension of the many building components I was assembling, I awakened long before first light in the central/mountain region on 11 September 2001.

In previous days, a low-pressure front had been observed moving into the region. An updated weather-radio forecast was of primary importance since I'd be working outside and tie-wiring steel foundation pieces together. I prepared to resume construction where I'd just left off.

I first heard clues of the historic 9-11 theatrics only **a few minutes after the first of many explosions** rocked the North/#1 World Trade Center tower (the first claimed to have been hit by airliner). Audible clues within the progression of the events presented, alone, made almost all of what I was hearing **Absolutely Improbable!** This rapidly growing **disbelief** soon became unavoidable once the treasonous, crime-syndicate-owned Propaganda Press, informed me that one of the towers **"collapsed"!**

Beyond the dread caused by the mass-murder of so many Americans these terrorists were allowed to enjoy - **due to huge numbers of treasonous U.S. Government/psychopath/Khazarian Mafia asset/officials enabling it** - another sort of discomfort set in: I imagined the many millions of Americans and people worldwide were **so struck by the emotion of the 'presentation' that most could not apply logic and physics to the false flag. Too many would believe the utter fantasy** this enemy-owned U.S. Government and KM-asset media delivered with such theatric confidence!

I found little solace in the knowledge that millions around the globe **knew**, without question, precisely what I did: **1) False Flag; 2) Nuclear!**

Mythical Hijackings & Hijackers

Each of the **'evil-Islamist'/fall-guy/hijackers** was allowed unrestrained access to the U.S. through their specially-numbered, CIA-issued, 'work visas', and through the 'israeli security-controlled' airports! [As revealed in my 1st Ordnance Drop /Historic Inserts, in my initial, 2016-Sent -

Crisis Actors

Ah, but "I saw it! I saw the aircraft fly into the building!"
Yea, a few (long-debunked) **Crisis Actors 'saw it'!**
(& **maybe**, a plane **flew over**)

"It wasn't lies, Jenny. It was acting!"
- from movie script of The Rocketeer [Highly Recommended!]

Crisis Actors, such as, 'the Harley Guy', who so joyfully declared that he **"saw both planes hit the buildings..."** and, who so perfectly delivered his lines that concisely described the **"...clearly a case structural failure, due to the intense heat of the fires"** as the **obvious cause** of both of the World Trade Center towers "collapse". This fellow was later identified as a Zionist/israeli operative/ mainstream media contributor. **Within just one hour**, reinforced by other KM actors, **the enemy put in play a seriously emotion-driven 'Osama bin Ladin - Terror Leader' theme! All within just one hour!**

A Few Other World Trade Center 'Aircraft' Details

One on-scene office worker, near the World Trade Center towers, was unable to determine which way to flee the confusion, due in part to the visibility reduction caused by the density of the dust particles. He told anyone who would listen of witnessing a truck pull to a stop, then saw 'workmen' release some cargo-restraints, and **roll an aircraft engine off into the street!** This 'movie prop' wasn't a jet engine of the type utilized on either of the Boeing airliners, but this detail was of little matter to the KM/crime syndicate 'theater group/film-makers'! A jet engine: Close enough! Who's gonna' know? **Many know!**

At least some of you will remember hearing 'a story' of an **aircraft landing gear being 'discovered'** wedged between two NYC buildings, **years after** the 9-11 theater act. Simple elements such as this have long proven to be effective in either helping to perpetuate, to reinforce, 'the reality' this crime syndicate promotes. Then too, this disinformation may possibly cause anyone with some logical thought processes to question the clues that earlier made them begin to believe in a genuine U.S. Govt./world crime syndicate 'conspiracy'. All of this 'staging' of an aircraft landing gear (or, one they didn't even bother to pre-position) is purely to continue driving home the 'story', the theatrics, and the horror perpetrated by 'those maniacal and monstrous, (claimed) radical-extremist Islamists'! **The 9-11 fall guys!**

Remembrance Day (AKA Treasonous Propaganda Reinforcement Day)
Similarly, **'Remembrance Day' - a Massive theatric/propaganda/disinformation and distraction event, dutifully repeated each 11 September** - enables many hundreds of propaganda press (in America alone) to repeat many thousands of times: "The planes that flew into the World Trade Center towers!" "Never Forget 9-11!" **Never forget What about 9-11? That: Aluminum Can Not penetrate steel?; Burning jet fuel Can Not melt steel and Doesn't Melt jet engines? America Has Been Enemy-Occupied for 230+ years?: This US Govt Enabled 9-11? Never forget far too many Americans lack the logic and guts to fight to take their country back?**

More Evidence Of False Flag In New York City
A Theatric Prop Deposited On Their Set

The image presented here is to propagandize Americans - and the world - into believing this is a jet engine from one of the two **imaginary/CGI** Boeing B-767-200's that **'penetrated' and 'dust-transformed'** World Trade Center's North and South Towers! It is supposed to be either a Pratt & Whitney PW4062 or a General Electric GE CF6-80C2B7F1. Ask an A&P.

This aircraft salvage yard part was either prepared for staging by dropping and burning, or, most likely, picked from previous crash debris from some previous incomplete flight, before 9-11-01. Our enemy believed that displaying this set piece would "provide more realism" for their theatric event, while adding to their horror presentation spectacular.

While it could have landed anywhere, we must consider ourselves most fortunate to find it's placement so prominent for all to see! This was almost certainly the piece witnessed by a bystander as having been shoved off of a truck flatbed amidst the poor visability and confusion.

A brief examination reveals two circular component attachment points near the yellow Police Line Do Not Cross tape. Each attachment point requires eight bolts for proper security. Anything attached to these points - if actually torn loose by the most violent of high-speed impacts - would have ripped these eight-bolt mounting areas away from the engine 'body'. There are no broken off bolts to be seen, only holes for these bolts. Evidence: Jet engine components that were attached here **were unbolted** prior to delivery on this New York City sidewalk!

The Real Terrorists Have Long-Been Allowed To Roam Freely!

A 'special relationship' allows countless primarily israeli (but also other) terrorists to routinely ingress/egress the United States using false-identity documents, **with no tracking**, and with an immunity near equal to - or likely exceeding - that long-afforded legitimate foreign diplomats. **All** of the post-9-11 'security upgrades' are **purely theater!**

Imagine the surprise of the expectant "Arab aircraft hijackers", **when they learned the real operational plan**, as it unfolded before them in non-stop (near to 100 hour) television and radio coverage on the morning of 9-11! **Picture them realizing that, They Were Now The Fall-Guys!**

Flight 93 Evidence

A simple search of Google Earth (up to a time in history - now deleted?) clearly showed **pre-9-11-01-dated photographic evidence** of roughly a 65-foot by 15-foot 'gash', in the earth near Shanksville, Pennsylvania. **This well-defined gash existed long before** it was utilized by this enemy as a theatric propaganda element for their 9-11 documentary production!

This gash, or crevasse, was simply **blackened** - one way or another - (possibly by a missile with an incendiary-explosive warhead) in order to **try to** portray visual evidence of an impact of an airliner. Some "very small pieces of debris" were scattered about - either separately or with a missile warhead detonation - along with the scattering of "some mail".

Though almost nothing else worth mentioning was brought to the public's attention, officials (not so surprisingly) managed to find "Clear Evidence Of The Hijackers presence aboard this aircraft" (even 'the evil one's clear intent' was there for 'thematic context': Passports, identification, a 'hijacker's check list' and pieces of a Koran. Not much else. Well, not until some movie prop aircraft black boxes were later 'unearthed'. **What aircraft? Where's the crash debris?**

'News reporters' were soon broadcasting their 'facts' - roughly: 'The impact was so great that the entire aircraft and its contents were simply **pulverized**, into the tiniest fragments, and, apparently, **the entire aircraft was swallowed up by the earth'! Magic!** Again, **That's Hollywood!** No baggage, and not anything you'd expect to find that makes up a commercial aircraft crash, together with it's 'human cargo', was to be found there in Shanksville!

Read the many quotes from those arriving upon the scene for yourself, **if** these few accurate descriptions have not been cleansed from our reach.

Overall, Shanksville was **an extremely poor effort** at trying to portray a commercial airliner crash site. Yet again, so many sheeple had so fully emotionally succumbed to the often repeated **"Let's Roll"** emotion-driven script theatrics! This Enemy's long history of false flag success offered an idiotic confidence level that revealed their lack of understanding of the detail planning required to thoroughly 'sell' such a huge psychopathic crime. **Many** aviation and communications-savvy groups have proven the theatric script/emotion-grabbing/patriotism-propelling cell-phone calls that were claimed to have been made from the aircraft on 11 September of 2001 were likewise **impossible!**

Some evidence exists that one F-16 RTB with all its cannon rounds gone. It is possible that this may have been the **one** aircraft where lives were lost. Where (if it was shot down) did the wreckage fall to earth?

Evidence: Flight 93 False Flag Theatric Staging

Laws Of Physics: Commercial airliner construction materials **Do Not** react in any way similar to these images from Shanksville, in a close encounter of the worst kind with this planet! Too many airliner crash documentation photos make this quite clear. This "crash site" gash was visible on Google Earth **before 9-11-01.**

Imagine these responders thoughts as they were expected to believe what they were directed to was an "airliner crash site". Then, each one was seriously threatened and forced to sign a federal gag order!

Anyone see an airliner around here?

Shanksville Coroner's Quote

One on-scene Shanksville coroner was asked to share his observations: 'After [just] minutes I quit being a coroner. There are no bodies, no body parts, no bone fragments, no blood, and no aircraft!' Many others, upon reaching and viewing the area - responding to the staged 'aircraft crash' - were heard commenting (roughly): 'There are no passengers, no pieces of passengers to be seen here! **And, there are No Aircraft Parts at all! Not one piece!'**

Inexplicable First Responder's NY/NJ Area-Wide Radio Failures!

Perhaps you recall the wonderment of a few 'news reporters' who shared that **none - Not Any** - of the first responder's radios worked, at least initially. Many hundreds, likely thousands, of perfectly good (largely if not entirely Motorola-produced) first responder radios that had routinely worked day after day, week after week and year after year - quite unexpectedly - 'simply failed to function' on just that one September False Flag morning! Remarkable, but overshadowed at the time.

Three Fort Lee Buildings Where israeli Radio Jammers Were Confiscated

First Responder's Radios Failed To Operate Due To U.S. Government-Allowed/Enabled israeli-Enemy Jamming!

Once loyalist investigator/agents who had been tasked with extended surveillance of these Zionist/israeli spies and terrorists, realized 'what was up', they homed-in on the source of the radio jamming. They shut the jammers down and collected them as evidence against these terrorists. These were israeli-manufactured, high-output, military-

grade jamming transmitters that had been planted atop three of the tallest buildings in the Fort Lee area, near to their New York targets.

One (or all) of these, are likely still held as evidence in a **sealed grand jury investigation** that was halted sometime in 2003. This grand jury was headed out of Houston, Texas and is known to have identified witnesses, issued gag orders, and collected a substantial amount of physical evidence - but **was not allowed to go further!** Khazarian Mafia.

Some available evidence suggests that at least one of the communications jammers was at least inspected by the FCC, and may well have been held (at least temporarily) in their custody. Very few, alive, know the whole story here: The story of the israeli terrorist's radio frequency jammers - likely funded by Saudi Arabia and U.S. taxpayers - that were **allowed to be installed by Treasonous U.S. Government and by KM/Zionist asset area bureaucrats.** Again, **Your Tax Dollars At Work!**

As a reminder: All Five American Emergency Frequencies were extremely successfully jammed during the israeli's "Accidental" Two-Hour Massacre Of Our USS Liberty on 8 June 1967! **Indicating**, I do hope you'll understand, **full israeli/IDF/KM terrorist knowledge they were attacking an American naval vessel in international waters!** This Historic Fact is supported by transcripts and audio of israeli Air Force radio calls and in revelations from pilots that: 'It is an American ship! American! I see the flag!' [Much more USS Liberty info. in this 2024 Ordnance Drop]

These hours of false flag attacks and five decades of most murderous and treasonous cover-up are clearly/historically **not any "Accident" - as the Zionist fascist terrorists have claimed for decades!** These merciless, repeated attacks were **Acts Of War** On America/On American Military. Some of the Zionist's actions were purely **War Crimes!** USS Liberty's crewmen were only able to get out an SOS during the brief moments when israelis were forced to shut down their jamming in order to engage the guidance features of their heat-seeking missiles and rockets during the targeting phase of each successive missile-run and rocket-run on these Americans.]

NASA Dryden Aerospace Projects Director Declares WTC South Tower Plane Speed Is The Elephant In The Room

Dwain A. Deets was appointed as NASA Dryden Aerospace Projects Director at NASA's Flight Research Center in 2009. Prior to this he served as Director, Research Engineering Division at Dryden. His many positions within the aviation community prior to these appointments further speak to his credentials, to his credibility, to his life knowledge of physics, of metallurgy and aircraft materials performance, and of his knowledge of the science of aviation. His ethics directed his truth.

Mr. Dwain Deets Authored The Following Article: A Responsibility to Explain an Aeronautical Improbability.

This piece **might** still be found at
http://www.nasa.gov/centers/dryden/news/NewsReleases/1996/96-10.html
Dwain Deets, NASA Dryden Flight Research Center (Senior Executive Service - retired) Within this article he points directly to '9-11-01 -

UA175, a Boeing 767-200' and NTSB reports of a ground speed of 510 knots prior to the **thoroughly theatric and imaginary** penetration of steel.

"This is well beyond the **Maximum Operating Velocity** of 360 knots, and **Maximum Dive Velocity** of 410 knots. The possibilities as I see them are: **(1)** this wasn't a standard 767-200; **(2)** the radar data was compromised in some manner; **(3)** the NTSB analysis was erroneous; or **(4)** the 767 flew well beyond its flight envelope, was controllable, and managed to hit a relatively small target." [Indicating the degree to which the claims made by Government were **unlikely**. Boeing engineers knew on 9-11-01: **Impossible! - Same at Airbus, Grumman, Gulfstream...]**

"Which organization has the greater responsibility for acknowledging the elephant in the room? The NTSB, NASA, Boeing, or the AIAA? Have engineers authored papers, but the AIAA or NASA won't publish them? Or, does the ethical responsibility lie not with organizations, but with individual aeronautical engineers? Have engineers just looked the other way?" [Dissenters have long been silenced, ignored, vilified as kooks.]

Aircraft Integrity Relating To Maneuvering Speed vs Air Density Near Ground Level

A Pesky Structural Aircraft Integrity Problem - Hidden From Non-Pilots
In historic fact, before any of the three (OK, Government story is **four**) "hijacked civilian airliners" claimed within the theater of propaganda spewed out upon the public, could have reached the claimed speeds involved, **their control surfaces would likely have fluttered momentarily, then broken free - or, a horizontal or vertical stabilizer would have failed** - leaving these imaginary projectiles thoroughly uncontrollable.

Commercial jets of the Boeing B-767-200 type are clearly capable of speeds of 458 knots (530 mph) in cruise, **in clear (non-turbulent) air, at their normal cruising altitude of roughly 35,000 feet above sea level - where only 18% of the earth's atmosphere/air density exists!** [Atmosphere (dry) @sea level: 78% nitrogen, 20+% oxygen, remainder is made up of trace elements.] **Note:** A Much Stronger Boeing B-52 structurally failed at 400 Knots and 300 Ft AGL, killing its crew!

Imagine yourself flying at 35,000 feet above sea level, at 458 knots, in non-turbulent air, **where the air is much less dense** (roughly, 1/5th the density of Sea Level). If you were to search the Internet without a clue of where to find such specifications, you will find that the (In Clear-Air/No Turbulence) **Vmo/Vne** (the speed Never To Be Exceeded at sea level) for these aircraft has become deliberately somewhat difficult to discover for any curious researcher - **after 9-11-01!**

It is documented in the Boeing 767 official specifications material that the **Velocity maximum operation** at sea level is called out as 360 knots, or 414.2 mph as measured in calculated airspeed, **in non-turbulent air! This (Not Our) Government's "9-11 Commission Report" states: 470, 530, 580 and 590 miles per hour!** Operating this aircraft type at even 30-plus knots above their Velocity Never Exceed (speed) - even in clear air/no turbulence - **in the dense air encountered at sea level**, had proven in Boeing testing to cause degradation of structural integrity, leading to airframe structural failure.

Aircraft That Actually Were Involved In 9-11 False Flags

There were some aircraft involved in the theatrics of 9-11. Some very specialized aircraft were doing precisely what they were supposed to do - though not for the realities that had for so long been envisioned.

Four of these primary 9-11 aircraft were the 'Doomsday Planes'. These military aircraft take aloft this nation's military commanders in the belief that they would (possibly) be able to survive a catastrophic nuclear exchange, and be able to better command retaliatory strikes from these airborne platforms. One mainstream media Enemy-Owned, former CIA, TV talking-head mentioned observations of "mysterious aircraft" over our capitol that day. [CIA/Mossad/KM-Zionists have long infested U.S. press]

In addition to these four, there were many other aircraft involved in the 9-11 theatrics as well. When NORAD Command noted the approach of a **missile headed toward the U.S. coastline from out of the Atlantic Ocean**, U.S. military scrambled fighters to try to intercept any attacking air or surface craft - in hopes of preventing further missile launches. However, even if they did find anything, this too would be covered up.

Extensive KM-Orchestrated 'Exercises & Drills' That Morning

Then too, there were the many military aircraft that were seriously engaged in 'drills' and 'what if... exercises' that particular morning. **Many drills.** Extensive exercises and drills, throughout many parts of the U.S., **were designed to add to the theatric complication**, excuse delays in any timely response, and help to provide cover by morphing the fantasy/reality experience. All of this **'coincidental drill & exercise complexity'** was thematically designed to hide the reality of still more **treason** embraced so willingly by so many U.S. Government civil servants.

On the morning of 11 September of 2001, America's air defenses were well into hours of the second day in their week-long terrorist drill/ exercise: **"Vigilant Guardian"**. The exercise was a simulation of a real terrorist attack on America that included targeting the World Trade Center, and, one that specifically involved hijacked airliners.

A portion of the **"Northern Vigilance"** exercises - also planned for months in advance - posed an imaginary crisis to North America Air Defense outposts nationwide. The exercise involved deploying fighter jets to locations in Alaska and northern Canada - as a deterrent to potential attack. This left only a very few fighters in position to 'protect' all of America's airspace. Fighters that were normally deployed near Washington D.C. were sent almost 200 miles to the south-southeastward (if I recall correctly) as part of the 'exercise'. This enabled near-zero defensive capability for the D.C. and New York areas.

Within this PNAC/Khazarian Mafia/Zionist-orchestrated exercise, at least one unique undertaking is worthy of your attention. **The Chairman of The Joint Chiefs of Staff was ordered to hand their American air defense command capabilities over to Vice President Dick Cheney**, by **treasonous**, U.S. Vice President Cheney! In yet another revealing clue of an **enemy-owned U.S. Government, an enemy asset, V.P., Richard 'Dick' Cheney, took full command of America's air defenses away from U.S. military generals,**

and placed this otherwise robust 'defensive' capability solely within his filthy, blood-stained, crime-syndicate-directed hands!

Screen-Shots From Videos Of These Two Ops, Only Briefly Covered

Despite video evidence of most 'upper-level U.S. Government officials' (including President George W. Bush, and Secretary of State, Condoleza Rice, among others) **claiming 'no one in U.S. Government they know of had ever imagined such a thing as terrorists hijacking aircraft'**, substantial evidence exists that American Air Defense (NORAD) had repeatedly planned, over many years time, for just such 'hijacked airliners used as weapons' events.

Later, in Congressional Hearings on many elements of this government all claiming they'd failed to consider hijacked aircraft being used as weapons, then, failing too through 'poor communications' in preventing any such attack, U.S. Transportation Secretary Norman Mineta gave the following testimony regarding Dick Cheney's behavior on 9-11-01.

As had long been a part of American air defenses, at the Presidential Emergency Operating Center orders were in play to shoot down hijacked aircraft. Transportation Secretary Norman Mineta stated he was in this center with Vice President Cheney on 9-11-01, and explained how he eventually became aware of the shoot down order.

U.S. Transportation Secretary Norman Mineta (on video) Said:

"I was made aware of, ah, it during the time there was an airplane coming to the Pentagon. Ah, there was a young man who would come in and say to the Vice President: the plane is 50 miles out. The plane is 30 miles out.

And when it got down to, the plane is 10 miles out, ah, the young man also said to the Vice president: Do the orders still stand? And, the Vice President turned and whipped his neck around and said: Of course the orders still stand! Have you heard anything to the contrary? Well, at that time I didn't know what all that meant."

Government Drills And Exercises

Just as with the London Bombings, the Boston Bombing, Sandy Hook, etc., Government civil servants were staging numerous, extensive exercises and drills on the morning of 9-11. These were later characterized as 'standard exercises designed to keep responders prepared for any emergency'.

The difference between a drill or exercise and an actual orchestrated false flag event is all too often melded into a 'terrorist attack, a mass-shooting, a bombing of some sort' by **treasonous** scumbags - **always for some nefarious reasons that the KM/crime syndicate benefits from!**

KM/Government fear-mongering drives so many of the most disturbing 'news stories' that reach too many Americans. The intent is to bombard minds with dread, fear, horror, and with expectations of even worse to come.

"Fear is the foundation of most governments."
- John Adams

Many of these widely and extensively publicized, propaganda-type false flag attacks, soon after or sometime later, have proven to be purely theatric orchestrations using crisis actors, and often with no injury or loss of life involved - just lots of 'horror movie magic'/propaganda!

Lastly, there **may or many not** have been one or two large aircraft in the airspace above New York and Washington D.C. that served as 'suggestions of aircraft that were claimed to have hit buildings'. These aircraft may or may not have flown low over suggested targets to provide 'some indication'... There are some reports of this, though I have not studied them, nor do I plan to. [Unimportant in the grand scheme...]

As At Least One Retired United States Air Force Colonel Makes Clear: There Was No Intervention, No Interception Of 'Hijacked Aircraft' On 9-11!

- Quoting from an **American Free Press** article from 5 October, 2018 - Retired Lieutenant Colonel Karen Kwiatkowski reflects on the events of 9/11 and Israeli influence on D.C. **By Dave Gahary**

Retired U.S. Air Force Lt. Colonel, and Pentagon whistleblower Karen Kwiatkowski, who exposed a "neoconservative coup" and a "hijacking of the Pentagon" by neocons **serving israel's interest**, sat down with this reporter to reflect on the false flag terror attacks that changed the course of this country, clearly for the worse. [This website editor's emphasis/**bold**]

Kwiatkowski, who retired in 2003 after a distinguished military career, was at one time assigned to the National Security Agency (NSA), eventually becoming a speech writer for the agency's director. Upon leaving the NSA, she served as an analyst in the Pentagon's Near East and south Asia directorate, and doesn't for a minute subscribe to the U.S. government's 9/11 conspiracy theory.

"I believe the commission failed to deeply examine the topic at hand, failed to apply scientific rigor to its assessment of events leading up

to and including 9/11, failed to produce a believable and unbiased summary of what happened, failed to fully examine why it happened, failed to include a set of unanswered questions for future research," she said.

"It is as a scientist that I have the most trouble with the official government conspiracy theory, mainly because it does not satisfy the rules of probability or physics. The collapses of the World Trade Center buildings clearly violate the laws of probability and physics."

She was at work that day in the world's largest office building.

"I was at the Pentagon", she said. "I was not in the part that was immediately impacted, but I feel like, since I was there on that day, and since I was in the Air Force...where was the normal Air Force response in the face of hijacked airplanes?"

Kwiatkowski referenced the 25 October 1999 crash of a Learjet carrying professional golfer Payne Stewart and five others that was set to fly from Orlando, Fla., to Dallas, Texas. After losing cabin pressure and incapacitating all aboard due to lack of oxygen, the jet failed to turn toward Dallas and continued on for nearly four hours and 1,500 miles, before running out of fuel over South Dakota and crashing into a field.

Unlike any of the 'hijacked jets' on 9/11, this one was intercepted [three] times.
[This website editor's emphasis/bold]

On the first interception, a USAF F-16 Fighting Falcon test pilot from Eglin Air Force Base was ordered to intercept. The pilot made several unsuccessful attempts to communicate with Stewart's jet and completed a thorough visual investigation before breaking formation and proceeding to an Illinois Air Force base. The second interception consisted of two Falcons from the Oklahoma Air National Guard (ANG) who were ordered to intercept before breaking off to rendezvous with a tanker for refueling. The third interception and escort was two more Falcons from the North Dakota ANG ordered to intercept before being forced to break off their pursuit to land at local airports. The Learjet ran out of fuel and descended, resulting in a ground impact at nearly supersonic speed, which left a crater 42 feet long by 21 feet wide by eight feet deep.

"That's the normal kind of response in a domestic air incident like that" Kwiatkowski explained, "and, of course, we didn't have anything like that on 9/11."

Kwiatkowski recounted the faulty intelligence she witnessed being cooked up by the Pentagon's now-defunct Office of Special Plans for an invasion after 9/11. [This website editor's emphasis/**bold**]

"What they were doing was ginning up the war against, they hoped, Iran and Iraq at the same time." said Kwiatkowski. "Iraq was the one they really planned to invade and wanted to, but there was no justification for it. What they were doing was to sell a war that nobody wanted, that

nobody needed, that really wasn't justified by any national security means, and the way they did it was disinformation and taking over the intelligence."

"They created their own intelligence. They funneled it into the arteries of the intelligence system. And, of course, leaking it to the newspapers and the media, ultimately to propagandize the whole American public. So, they wanted a war and they got one."

"These neocons who hijacked U.S. foreign policy believed in a muscular - foreign policy, in particular one that would do the work, I think, of Israel, certainly in the Middle East," she continued."

"Take the hits for Israel, help work with Israel as if Israel was joined at the hip with the United States, in terms of policy, which it is not. We got to watch the formation of this organization and its hand-picked people, political appointees, people with no military background to speak of, but plenty of agenda."

"And you put that together with the right rank and the right access to the mainstream media in this country," she explained, "and, viola, you have a war. The war designers are the worst kind of traitors."

"There are a lot of people very comfortable with saying whatever they have to say to get what they want," said Kwiatkowski. "Well, in government when they lie, people die."

This reporter asked if the United States is Zionist occupied territory?

"I think that's fair to say about Washington, D.C." she answered. "The Congress certainly is. Our congressmen, they don't really owe their allegiance, for the most part, to the people what voted for them."

Dave Gahary, a former submariner in the U.S. Navy, prevailed in a suit brought by the New York Stock Exchange in an attempt to silence him. Dave is the producer of an upcoming full-length feature film about the attack on the USS Liberty. See erasingtheliberty.com for more information and to get the new books on which the movie will be based, Erasing the Liberty.

Simple Summary: Golfer Payne Stewart's 25 October 1999 Learjet Crash In Comparison To Zero Military Interventions Of 'Four Jets' On 9-11

Sheeple were **allowed** to see the many intercepts of the Lost-Ox Learjet carrying golfer, Payne Stewart and five others. There was apparently a failure of the oxygen system that somehow went unnoticed. As the retired U.S. Air Force Lt. Colonel, Karen Kwiatkowski, points out, multiple intercepts were made by multiple air assets as the small jet continued on it's autopilot-controlled course until it ran out of fuel. This gutsy Lt. Colonel further notes: **"There were no such intercepts throughout the time that 'four hijacked commercial airliners' were allowed to fly around some of the most well-observed and well-controlled airspace on the planet!"**

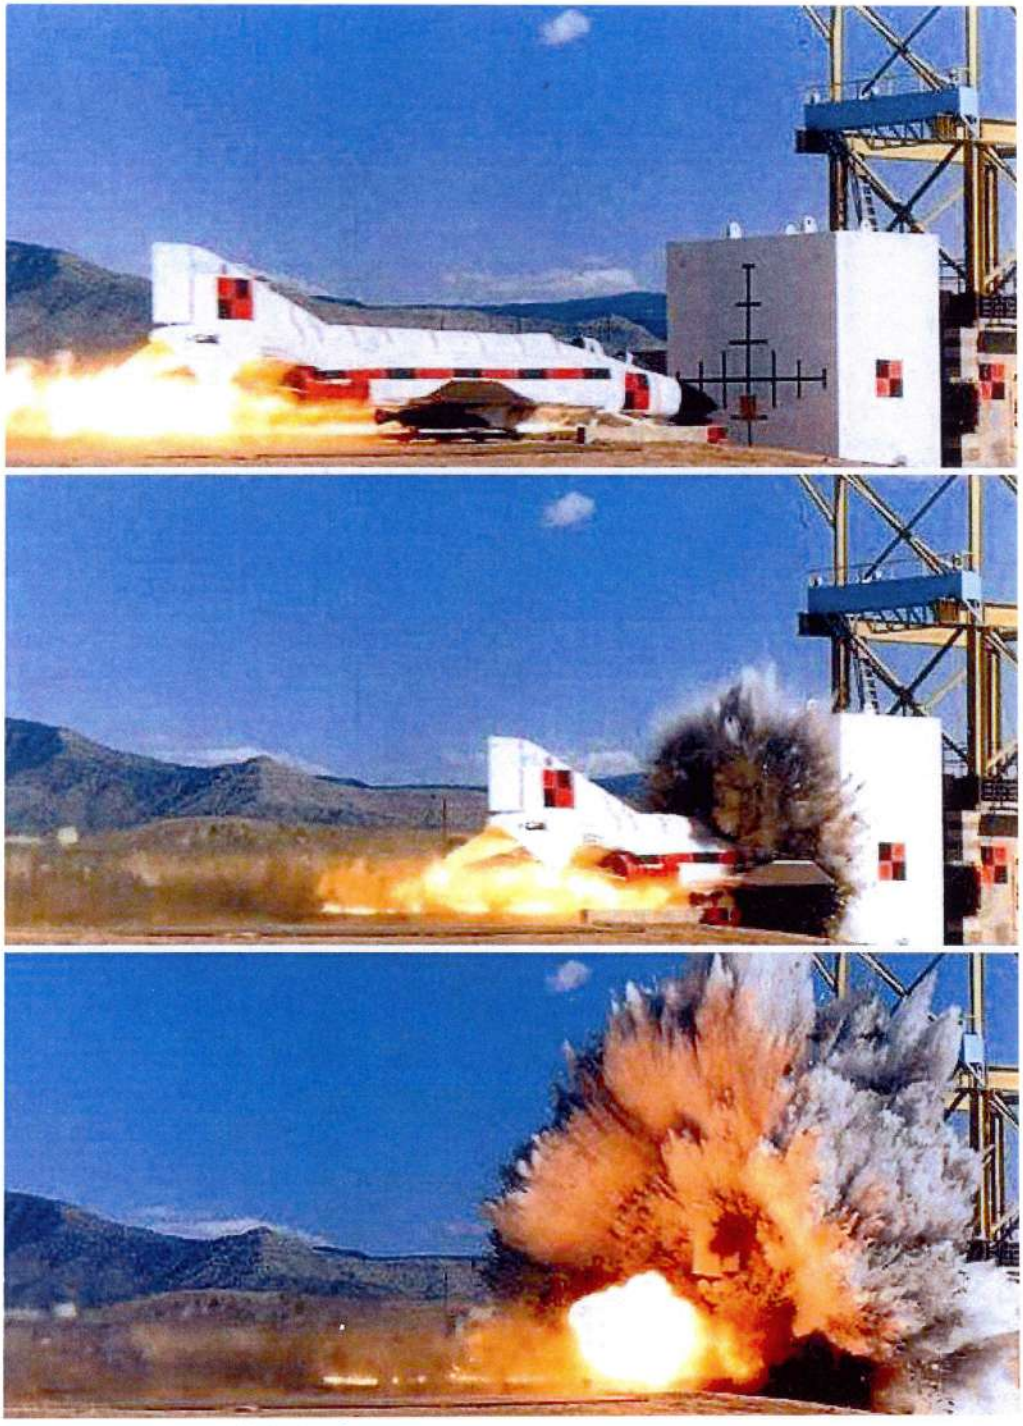

Another 9-11-01 Clue:
Boeing B-767 Crashes Into Ocean Off Of Texas
Mainstream Media Very Quickly Quits Using
Their Initially Broadcast Words Describing The Devastation

Water Impact Result: Boeing B-767 Atlas Air Crash 23 Feb. 2019
N1217A Photos from Bureau of Aircraft Accidents

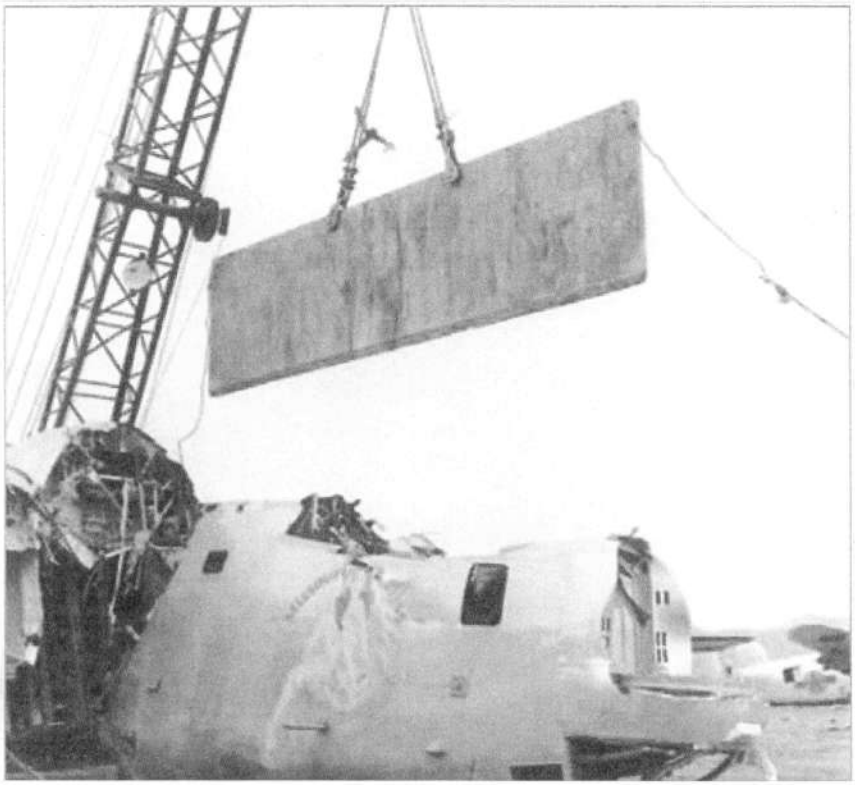

This Atlas Air cargo Boeing B-767-375-ER impacted water off of Anahuac, Texas on 23 February of 2019. The description, **disintegrated on impact**, disappeared from press coverage of this crash very early on day one. My recollection is that any mention of these three words disappeared within a maximum of about an hour and a half, on four AM radio stations I monitored. These crucially important words were edited out of their scripts for a good reason.

The enemy surely realized that repeatedly describing the 767 as having **disintegrated on impact, with water**, might cause some to begin to question how similar aircraft were able to (on 9-11-01): **magically penetrate, or 'melt into/meld within' massively strong steel skyscrapers**; Penetrate very deeply into the Pentagon; and, Be 'swallowed up' by Pennsylvania's soil. Clear evidence is revealed by examination of the Mossad/French OAS-supplied video that **the CGI 'plane', most accurately: disappears beyond the outer surface of the South/#2 World Trade Center tower!** [See CGI/digital creation/manipulation evidence]

A McDonnell Douglas F4 Phantom II fighter jet is substantially stronger than any commercial airliner. These test photos reveal what takes place when the rocket-sled-propelled F4 encounters an immovable object.

Aircraft Boneyard Recycling

How Aluminum Aircraft Are Broken Up At End-Of-Use
A WWII-era Consolidated B-24 bomber meets the 'slicing' of **steel through aluminum.** Consider the differences in density, hardness & kinetic energy of aluminum compared to steel. Only slight resistance is encountered when the sheet of steel is dropped from the crane above the aircraft.

After the Khazarian's World War II, in addition to thousands of aircraft that had served their crews well, there were also many new, just-off-the-production-line aircraft that were stored, then cut up and melted down.

Here, hundreds of Boeing B-17s that had somehow managed to survive, into the mid-1970s, were ordered to be scrapped/recycled - immediately making any surviving examples in private hands hugely more valuable.

Cheyenne Mountain Colorado NORAD Command
- Another False Flag Detail Not Commonly Known -

In coordination with the worldwide theater presentation of an imaginary (Computer Generated Imagery) 'commercial airliner' being persistently sold to the sheeple as having penetrated a massively strong steel frame skeletal structure - to magically arrive within the interior of WTC #1 Tower - the atomic blast doors of the NORAD command center within Cheyenne Mountain in Colorado were closed, apparently for the very first time.

What is the measurement, 2,000 feet of granite providing 'armor' above? Apparently, these NORAD command blast doors were closed to protect from the possibility of a largely aluminum airliner, posessing surprisingly little kinetic energy, crashing into that mountain of granite above them?

It is **entirely probable** that uppermost level NORAD traitors were working from an earlier - not yet updated - script, wherein Osama bin Laden was to have somehow gotten nuclear weapons aboard aircraft **with no one noticing!**

Overall, with the horror and emotion of monumental death and destruction - replayed repetitiously to permanently engulf human's emotions - **a truly spectacular fantasy production was effectively broadcast!** A story repeatedly told that was and is **all too believable to far too many.**

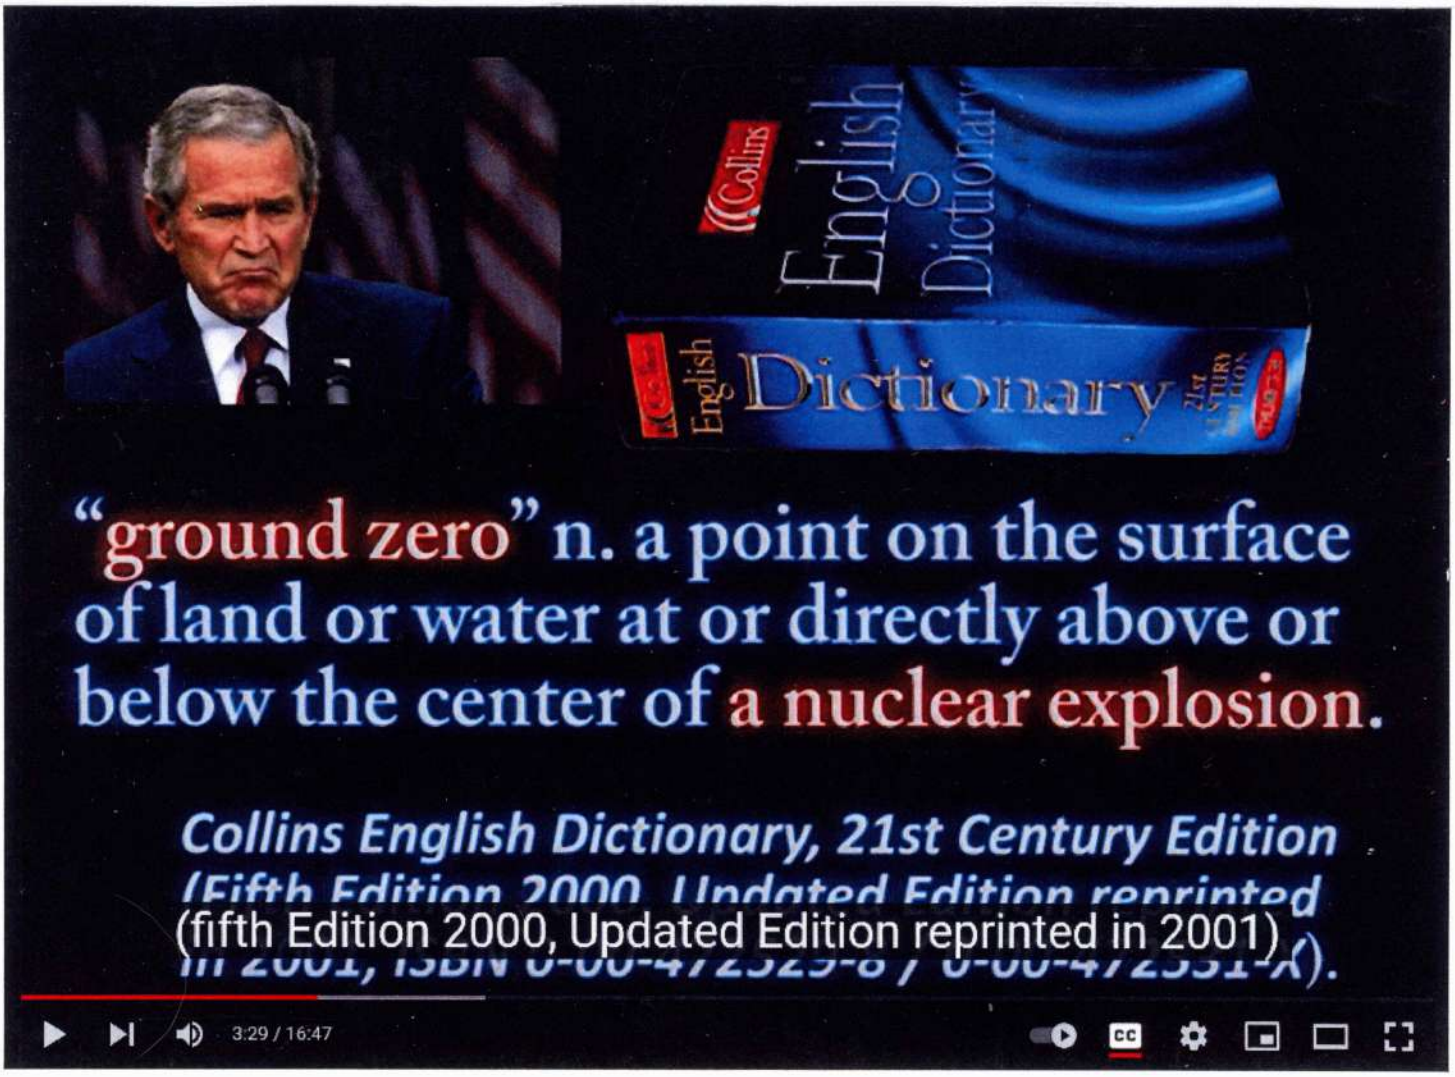

This centuries-old terrorist organization's false flag wet-dream production offered the sheeple **a laws-of-physics-impossible-story, told repeatedy for 'maximum sales acceptance'! To Take America To War Again!**

Unfortunately for this (**Not Our**) U.S. Zionist Government **this particularly fanciful presentation began falling apart from its start** - for those with any knowledge of materials strengths and performance. This terrorist organization's best shot at America yet, made itself all too clear as **fake** from the start, to those who've ever worked with materials like steel and aluminum, those who have a logical understanding of mass in motion, of materials density and hardness - and an understanding of kinetic energy.

"Ground Zero"

- Immediate Use By Enemy-Owned Zionist Asset Press/Talking-Heads -

Up until 9-11-01, all dictionaries and word useage books - worldwide - offered a very similar definition for **ground zero. All these sources offered Only One Definition!** From Collins English Dictionary, 21st Century Edition:

Though almost incomprensible, the Zionist fascist terrorists went to the trouble to buy up or steal, who knows how many dictionaries and word usage books, around the globe - and printed new versions **With Two and Three Meanings**, but with the original (ONE Definition), previous printing dates! [Dimitri Khalezov covers this ground zero definition **coverup** extensively.]

When you consider that close to 200 **WACis** that were arrested (about 120 before 9-11 and about 80 more after) were all set free near-immediately, and not one was held more than 71 days, one might wonder why these Zionist Fascists would even bother! (**W**hat **A**re **C**alled **i**sraelis: With **no** United Nations Security Council Vote & **no** borders, **there is no legitimate state!**)

**"As long as the sheeple allow
an enemy-occupation of their nation
the tyranny and oppression
will not only continue
it will accelerate!"**

C-in-C/United States President Lyndon Johnson:
..."Them fuckin' Egyptians know better
than to attack us! We'd destroy them!"

Mossad Agent:
..."We will do the attacking, Mr. President.
It is only one ship, a very small ship,
and not well armed at that, as you know!
We have photos. It would only take a
few minutes, we feel - not long really.
After we sink her, you could go on
television - say it was the Egyptians!
Your Navy and Air Force could hold them
at bay if you strike rapidly at their
rear and **bomb Cairo** when we start
our advance across the canal.
They have no planes left to fly.
It is for Israel!
Of course, there will be no survivors
to, tell a different story.
We will see to that!"...

Johnson:
..."Alright! But as God is my witness,
there can be no survivors! You understand?
I'll deny it all if anyone is left alive to talk!
You understand me?"

The USS Liberty History Provided Here Includes Additional Crucial Evidence Not Previously Revealed In 1st Ordnance Drop/OLTAC larry d combs/Op Echo, 28 Aug. 2016

The collection of largely hidden historic truths presented here about these attacks, together with some **crucial connecting details** pulled from 55 years of research into **Forbidden** history, enables an accurate, realistic presentation of **these massively revealing and tragic events.**

Near equally important in many ways, what's compiled here - in this **3rd Ordnance Drop**, encompassing so many more israeli atrocities - **reveals clear evidence of what getting away with An Act Of War and War Crimes**

Has Enabled This Enemy Of Humanity To Get Away With, Ever Since!

When the Khazarian Zionist isrealis learned they could get away with **attacking and near-sinking America's finest intelligence gathering ship,** in international waters, **murdering 34 Americans and wounding 174 crewmen** (over 2/3 of the ship's crew), **while fully controlling U.S. military's ability to counterattack** due to their 'special relationship' with U.S. Government's **treasonous** Executive Branch politician-holes,

These Khazarian Mafia Terrorists Knew They Could Get Away With Anything!

As Clear Evidence Of This Fact: Zionist Fascist's First Nuclear Attack On U.S. Military

23 October 1983 Beirut, Lebanon, U.S. Marine Corps Barracks Bombing: 220 Marines, 18 Navy and 3 Army soldiers murdered and about 115 wounded, utilizing a **0.1 Kiloton israeli tactical nuclear weapon,** detonated in the sewer system near the front of the building. This was the method chosen by the Khazarian Mafia/israelis to try to restrict further U.S. peace-keeper interference with israeli genocide of locals in that region - running U.S. peace-keepers out of Beirut (under President Reagan). Minutes later, Zionist fascists used another 0.1 kt nuclear device to murder 58 French in their barracks about 3 kilometers away, for the same reason. Introduction

The substantial amount of evidence available reveals that the near two hours of merciless and monstrous attacks on our USS Liberty were not the result of any last minute decisions by the enemy within the thoroughly illegitimate state referred to as israel, nor within israel's Likudist/Zionist/AIPAC/Khazarian-Mafia-Owned United States of America Government.

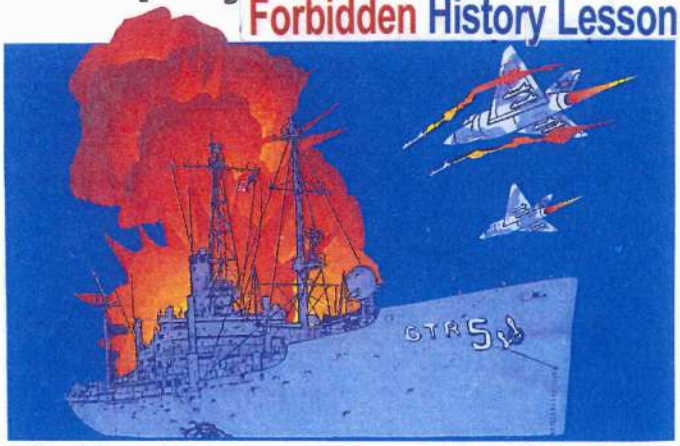

Incontrovertible evidence offered from a variety of rock-solid sources makes it crystal clear that considerable planning within the enemy stronghold of what is called israel, and within **their** Zionist/Talmudic-Jew-Infested U.S. Government, had to have begun many months, and years, prior to the Zionist's early June 1967 false claims of attacks by Egypt, Jordan and Syria, in order to engage in these merciless Liberty attacks.

Here is one of the first two educational shirts I designed for the USS Liberty survivors (of, now 25+), from many years ago. I just as surely created this design for these survivor's families; for the families of those lost that day, and in days after related to their wounds; for the families of those lost in the 56 years since; and for supporters longing to bring attention to this horrifically tragic and hugely educational event within Our Nation's Forbidden History. [The attack art portion is adapted from one of the three shirts still offered from these veterans.]

USS Liberty was clearly as pristine and 'ship-shape' as any seagoing U.S. Navy vessel afloat could be - prior to the close encounter of the worst kind with Zionist israeli butcher-terrorists on 8 June 1967.

U.S. Govt.-Enabled Attacks On Every American!

One Of America's Most Treasonous Secrets
One Of America's Most Dangerous Truths

Revealing Who The Terrorists Are And Have Always Been

An Extremely Purpose-Built Refit

The USS Liberty/A-GTR5 was a completely refitted WWII Victory-class cargo ship that had been skillfully transformed into the world's-finest example of American seagoing intelligence gathering equipment.

As the primary focus of the extensive refitting of the USS Liberty, the ship was equipped with many millions of dollars worth of state-of-the-art electronics that enabled it to receive and record virtually any radio-frequency transmissions emanating within a surprising distance from it's receivers, and to stealthfully transmit all intel gathered.

One most noticeable feature of the ship's revised overall appearance was it's 16-foot diameter TRESSCOM parabolic antenna, perched high above the aft deck, atop a 35-foot tall mount. [TRESSCOM: Acronym for Technical Research Ship Special Communications.] This comms system was designed to enable bouncing time-sensitive, confidential transmissions off of the moon, to receiving stations, without giving away the ship's position.

Along with the almost $11,000,000 worth ($86,760,123 in 2019 FRNs) [Fucking Rothschild Notes] of then-state-of-the-art electronics/'spook'-gear, the AGTR-5 USS Liberty received an up-rated propulsion system, together with numerous other mission-driven mechanical retrofit upgrades.

Just one feature, so pertinent in proving the Zionist/enemy's decades of lies, was this ship's fresh overall paint job. This included **clear, instantly-recognizable U.S. markings.** These markings included "Liberty" largely across the stern, and other U.S. Naval ship identifiers up to 30 feet tall. Any honest military member observing this ship was struck by the fact that it was an American military ship - a non-combatant!

A Crew Made Up Of Two Groups

The task of the intelligence-gathering men - the largest portion of the crew - was to monitor, collect/record and transmit to their bases, any and all signals traffic (SIGINT - Signals Intelligence) from the region following the israeli sneak-attacks on their neighbors. Their ordered-focus was on communications between the Arab nations. Largely, this intelligence gathering was supposed to provide enlightenment through revealed strategies, tactics, etc., for any future war-fighting

interests in the region.

The proper name for these Intel-gathering folks working decks below within the ship - and who made up very-nearly two-thirds of the ship's crew - is Communications Technicians (AKA: CTs, or spooks).

The remainder of the Liberty's crew - roughly one-third - was tasked, almost exclusively, with making sure the intel guys were able to do their jobs, through positioning the ship precisely where the CTs needed it, and handling every other shipboard operation and maintenance task.

A Mission Cut Short - A New Mission Ordered

Arriving in Abidjan, West Africa, on 22 May of 1967, this was the LIberty's first port call, prior to beginning what was expected to be a four-month cruise up and down the west coast of Africa. Two days into crewmen enjoying what was supposed to be a four-day shore leave, Shore Patrolmen from the Liberty, displaying an urgency unseen before, rounded up every sailor. Word was: Report to the ship immediately!

An uneasy sort of concern overtook many of the crewmen that could only be rationalized around consideration of their being a spy ship, together with radio broadcasts mentioning some Middle East action underway. All were tasked with getting the ship ready for sea. Next stop Rota, Spain.

At Naval Station Rota, a few new-mission-specific crewmen (mostly linguists) came aboard, and Liberty's supplies were restocked.

Leaving Rota, Spain, Liberty was then sent at top cruising speed to enable a timely arrival in a particular area of the Mediterranean. Their new Area Of Operation was adjacent to a Middle East region that's been routinely hit by world-crime-syndicate-enabled terrorism and war for far too many decades. [Unknown to most, decades of terrorism, wars, assassinations and 'regime change' have been assisted and orchestrated by the United States Zionist-Infested Government, in conjunction with numerous bureaucrats and corporations, and have been funded by American taxpayers and world-wide Zio-U.S. illicit drug production/distribution.]

Arrival In The Med

As the USS Liberty steamed into the Mediterranean Sea very early on the morning of 8 June 1967, the USS Valdez was just then steaming out. The Valdez was a civilian-manned intelligence community reconnaissance gathering ship - a U.S. Naval registry vessel/'spook ship' with it's crew mostly made up of civilian NSA and CIA operators.

What's In A Name? Planned Propaganda-Emotion-Driven Rage!

Though this **one** particular aspect is only somewhat speculative, it is speculation based upon 56 years of research and analysis. The Khazarian Mafia/Talmudic-Jew israeli-extremists, in charge of (**that OWN**) virtually all U.S. politician-holes and those in key positions of every branch of U.S. Govt., most likely decided - long before - that '**Remember The Liberty!**' would enable a more effective propaganda scheme, a better threat-driven Call-To-Patriotism/Call-To Arms/Stirring-Of Americans' Emotions (for all red-blooded-Americans) than 'Remember The Valdez!'

The Liberty had just very deliberately rushed at top speed for eight days across hundreds of miles of ocean in order to arrive on the 4th morning of the Zionist's sneak attacks on three neighboring nations to Zionist-Khazarian-Enemy-Occupied Palestine: Egypt, Syria and Jordan.

The (extremely thin) cover story for the ships presence in the region was that they were a 'marine research ship' tasked with 'helping to coordinate communications for U.S. nationals wishing to evacuate the area' due to Zionist's recently escallated (near-perpetual) hostilities.

Where no legitimate threat existed, these Zionist fascist masters of the false flag attack, simply made up 'merciless sneak attacks by Arab nations all around them'! [Throughout each century of **Forbidden** History, **Talmudic-Jews are Always portrayed as victims - Never the aggressors!**]

Some Khazarian/Zionist war goals, long before the claim of attacks by Egypt, Syria and Jordan was hatched were: Expansion of the illegally-occupied territory; Murdering Egypt's Abdel Nassar; Further demonizing legitimate local governments; and, Escallating world sympathy for 'oh-the-poor-perpetually-persecuted- **(for no reason whatsoever!)** Jews'.

Far worse still, this world mafia's goals included a monstrous grand strategy that was to instigate a nuclear world war between two or three superpowers through the false flag massacre of American Navy personnel!

USS Liberty - Mediterranean Sea - 8 June, 1967

Sailing a slow and precise course within international waters that early morning and very good sailing day in the eastern Mediterranean Sea, the Liberty had taken up the duty of patrolling within their designated area in order to intercept, record and transmit all signals intelligence.

On this fair-weather-cruising day in 1967 - a day that should be very important to all Americans - some observational details that can be understood by even non-naval-oriented military personal should be noted: **1) GTR-5 was unmistakably** - to any honest individual - **a non-combatant U.S. Naval vessel**; USS Liberty was **not a warship**; No substantial weaponry was obvious to anyone familiar with surface warfare ships. **2) The American flag clearly stood out in a breeze** (and was later replaced by an even larger Holiday Colors version, very soon after the original American flag had been shot away); **3) This ship was very clearly identifiable** among others for its over 40 antenna, of all sorts, sprouting outward and upward from many locations all over the vessel. [**A** = Auxiliary] **G** = Geographical, **T** = Technical, **R** = Research, [which, together = Spy Ship] **5** = Identifier within the series of sister ships.

Constraints Were Placed On Intel Gathering

Though Hebrew-language intelligence-gathering Communications Technicians were aboard the Liberty, they were told to ignore any and all transmissions with regard to the israeli communications. **A Clue!**

These same instructions were given to those aboard, likely two, U.S. aerial reconnaissance gathering platforms ordered to orbit above the region. One aircraft was a U.S. Navy/NSA EC-121 (Lockheed LC-1049 Super

Constellation), and the other, similarly equipped, is unconfirmed but highly suspected to have recorded identical SIGINT coms/signals traffic.

For loyalists of **our** American nation - raised up with certain inborn and imparted-by-their-parents moral, ethical and elemental logic characteristics - ignoring israeli communications proved to be an impossible task. This point was all too strikingly revealed, almost immediately, **due to clear evidence of israeli War Crimes**, that intelligence-gathering military and civilians (from many nations) were to be witness to over these historic summer days in the Middle East.

Attacking A U.S. Reconnaissance Ship

Attacking another nation's spy ship is, by tradition, Verboten! Such an Act Of War would invite similar retalliatory hostilities towards these ships from many nations, anywhere around the globe, and at any time! Historically, spy ships are only very rarely even 'shadowed', or otherwise harassed in any way.

All that's required to seriously disrespect the long-standing international agreement regarding a 'hands-off policy for spy ships', is some seriously maniacal-lunitic belief that the perpetrators can get away with murder, An Act of War & War Crimes, by attacking some nation's unarmed ships. [Zionist's confidence in their immunity is historic.]

Such an enemy of humanity has long existed as a near 2,300+ year old World Crime Syndicate - most simply referred to as the **Khazarian Mafia**. Historically - especially within the past 130 years or so - this has long been a crime syndicate that uses false flag world terrorism as a smokescreen, with Khazarian/Talmudic-Jew/Zionists enemy-occupying Palestine, America, and almost every world government, and acting as the Khazarian Mafia's primary action agents - **an ignored/unreported enemy!** The Rothschild Khazarian Mafia: **The hidden hand behind all true horror.**

USS Pueblo AGER-2

It is believed by many researchers that as a direct result of the North Koreans having witnessed what the Zionist-israeli terrorists were able to get away with in attacking the USS Liberty - just over six months earlier - the North Koreans clearly felt emboldened to 'have their way' with our USS Pueblo AGER-2. This intelligence-gathering ship, while (also) operating in international waters, likely 16 miles from shore, was seized on 23 January 1968, with her crew of 83. One crewman was killed. After months of horrible treatment, 82 survivors were released 11 months later on 23 December. Since then, USS Pueblo has long been a tourist attraction/museum for the North Koreans to illustrate the power they hold. [WACis (**W**hat **A**re **C**alled israelis) own countless examples!]

Far Too Many Examples: Khazarian/Zionist Control Of U.S. Government

Through typical Zionist/criminal manipulation of the Executive Branch of United States Government, the full control of American Military forces has long been used by Khazarian Mafia Zionists as a world-terror weapon.

Due to these long-established enemy controls of America's military, the Liberty's crew arrived on station early on the morning of 8 June 1967. Their orders, their route, their resupply and refueling that enabled their arriving in the Mediterranean Sea on the fourth day of israel's Six-Day War was the result of the combined criminal actions by many treasonous, financially- and sexually-compromised (or blackmail-coerced) Khazarian Mafia-Owned U.S. Executive Branch politician-holes - U.S.-tax-payer-funded, treasonous, psychopathic, **porcine-fornicating parasites!**

Americans were destined to be thoroughly propagandized, once again, by yet another false flag attack - **yet another U.S. Government-Enabled false flag upon American military and civilians**, designed to heighten a justifiable call for blood, against the intended target/false-enemy of choice. Targets: Egypt, Syria & Jordan, (then **Russia**, & likely, **China**). Propaganda thoroughly audience-tested to energize American's emotional-enthusiasm - necessitating **another** misuse of U.S. military in what would once again be sold to the sheeple as **"Protecting American's Freedoms"!**

A diabolical scheme which could have been horrifically effective, **if**, all this global enemy's plans had proceeded as intended and expected.

From about 0600 onward, fully six hours of low-'n-slow photographic aerial reconnaissance overflights by 'our ally in the region' preceded their coming assault. So low-'n-slow-'n-close were the numerous recon flights (at least 13 overflights from a variety of aircraft), that a number of off-duty crewmen getting some sun on Liberty's decks have told of these aircraft flying so close to their ship that they could so clearly see the air crews of these israeli, star-marked aircraft, that they waved at them. Enemy pilots or aircrewmen were seen waving back.

To some Liberty crewmen, this close observation helped to reinforce a belief that 'our ally' was well aware of the position of this U.S. ship - in international waters - and that this knowledge would help ensure their continued safety. Other Liberty crewmen believed in a reassuramce that if the 'evil Egyptians, Syrians or Jordanians' attempted to attack them, 'our ally' would quickly arrive to protect them. **More Clues:** U.S. officials denied both Captain McGonagle's and Lt. Commander David Lewis' requests for an armed escort on their mission adjacent a war zone!

From about 1200 to 1400 local time, no further israeli reconnaissance overflights were observed. During this time, smoke could be seen off on the horizon over El Arish. Routine ship's duties progressed normally. **Even more** damage control/readiness drills were ordered by Capt McGonagle.

1st Wave Of Attacks

Just past 1400 - blasting away the relative calmness of their reconnaissance mission - there very suddenly began a brutally-intense and murderous series of assaults by at least 12 **unmarked** attack jets.

The first rockets to hit Liberty created many much-larger-than-fist-sized holes in the forward two .50 caliber machine gun tubs - blowing apart United States Marine Corps Sergeant Jack Raper and fellow Marine Corporal Edward Rehmeyer. The israeli's goal here was to make sure not even one 'enemy' round might be aimed in the terrorist's direction.

These two forward gunners, Sergeant Raper and Corporal Rehmeyer, lost their lives at their duty stations, within the first few seconds of the onslaught. Within seconds of the forward gunners being murdered, two Navy gunners, Seaman David Skolak and Petty Officer/Gunner's Mate Alexander Thompson, were targeted by israeli aircraft and lost their lives manning their .50-cal gun positions. The four gun mounts, located forward and aft (port and starboard), were designed to enable the ship's crew to repel any potential borders, as well as to provide at least some defense from aerial assault.

Some might point out that these .50-cal Browning M2s could have provided the Liberty's crew with at least some defensive capability, if these guns had not been among this enemy's first-priority targets. A detailed forensic analysis revealed that **Not One Shot had been allowed to be fired from Liberty's four M2s by the murderous Zionist attackers!** Any rounds which may have appeared to be expended were, in reality, 'cooked-off' by the intensity of the enemy's munitions within repeated attacks.

Even if these gun mounts were not this enemy's highest-priority targets, jet aircraft approaching straight-on and at such an attack speed would have offered very brief opportunities for hits from Liberty's .50-cals. Liberty's guns were manned as a matter of standard procedure during the many readiness drills that had been ordered by Captain McGonagle in those days. [There is some **speculation** McGonagle **may** have been warned, though of some action much less serious: Maybe, one strafing attack?]

The enemy's initial primary targets were: 1) The gunners in the four gun tubs; 2) The vast array of antennas; and, 3) The ship's command bridge.

Arriving at virtually the same moment as the first rockets, were the many heat-seeking missiles intended to prevent USS Liberty from transmitting any SOS/Ship Under Attack messages. These missiles were believed to be of the heat-seeker and frequency-seeker type, designed to home-in-on and disable (to explode) the warm tuning sections of each and every one of the currently-in-use, HF (High Frequency) antennas.

From their near-two-hours of overflight reconnaissance the Zionist IDF terrorists knew exactly where each of the Liberty's 44 antennas were located. In a quick few minutes, all of the ship's in-use antennas were successfully taken out by the enemy's heat-/frequency-seeking missiles.

Because the attackers had access to knowledge of the exact frequencies the U.S. used, **each and every one of the five American emergency radio frequencies was very effectively electronically jammed throughout close to 99% of the attacks!** Those overhearing the frequency jamming noise blasting into their headphones have described it as a "...jackhammer..." sort of a sound. **Jamming American SOS Freqs = War Crimes & No Accident!**

The relentless israeli jet attacks appeared to be carefully coordinated to sweep in from virtually all compass points in order to ensure maximum destructive capability. Only much later in the jet attacks had some of Liberty's crewmen relayed that they had seen, on some later arriving jets, star markings of the Rothschild family/'israel'! This may have been due to this enemy's inability to sink the ship as quickly as they had hoped, and their need to launch still more jets - aircraft that did not have their ID markings covered over, due to their immediate need.

Damage from israeli/U.S. False Flag Attacks on USS Liberty, 8 June 1967.

These were repeated and relentless air assaults that, together with what happened next, lasted as long as the "sneak" attacks on Pearl Harbor, Hawaii in 1941! **[Proven Khazarian Mafia/Zionist U.S. Govt. Orchestrated]**

Attacks on 7 December 1941

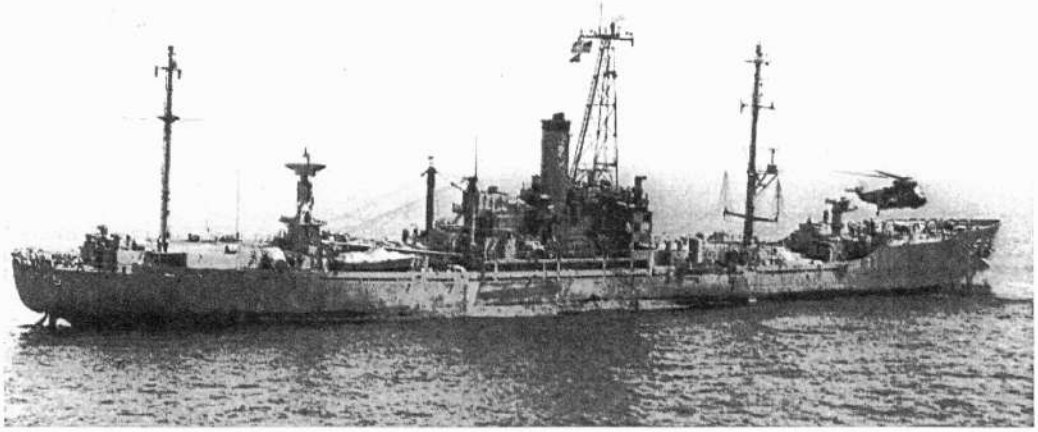

Pearl Harbor, Hawaii - Long Historically-Proven to be a U.S. Government/ Khazarian Mafia-Orchestrated, Instigating Event, enabled by treasonous elements infesting this (Not Our) U.S. Government and press, **to overcome American isolationism**, and benefit Khazarian's City of London Banksters. [England & France declared war on Germany 3 Sept '39, **27 months earlier.** U.S. Government Zionists needed to **force** Americans into their next war. See (within) **O**pen **L**etter **T**o **A C**riminal, larry d combs, **The McCollum Memo**, 7 Oct. 1940: **World War II** - Another deliberately orchestrated war where profits were shared by the numerous government's treasonous KM-asset, political and bureaucratic thugs, who enabled this genocide and years of atrocities. Any of you readers have relatives who fought, who died, who were maimed for life, or had their health destroyed in WWII?]

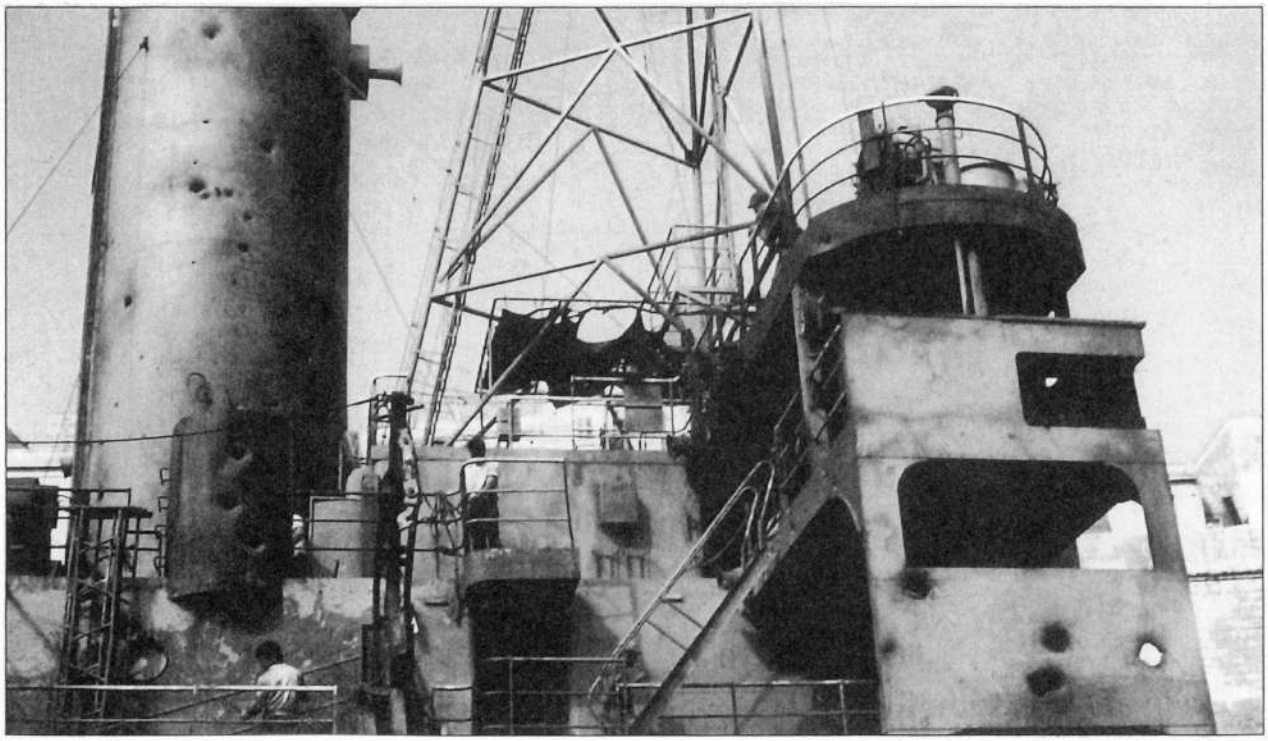

[Charles Lindbergh was foremost in educating Americans that we citizens had no interests in becoming caught up in another war. By 1939 **more than 80 percent** of Americans were convinced that we should have no part in the coming war. Learn from Lindbergh's **excellent** 11 Sept 1941 Des Moines, Iowa speech! **Lindbergh names three groups "pressing this country toward war" and outlines precisely the enemy's methods used in their "procedure"!**]

The Liberty was mercilessly napalmed, blasted, perforated and raked from port to starboard, from bow to stern, and from most every angle in between! Almost every hatch took missile hits to help ensure sinking.

Some of these pilots were trained in the United States by our best military instructor/pilots in precisely these air-to-sea attack mission tactics. Research indicates at least one israeli pilot may have made the proper moral and ethical choice to disobey orders - and was 'reprimanded appropriately' for this apparent moral objection decision.

During this seemingly endless - for those aboard - string of merciless Dassault Mirage IIIC and Dassault Super Mystere enemy jet attacks (at least 12, but up to 15 jets) - this enemy expended every heat- & freq-seeking missile, every napalm bomb, every rocket, every cannon round, and every bit of U.S.-gained expertise these pilots possessed, in order to try to sink this U.S. ship and kill the entire crew of 294 Americans!

Damage From israeli/U.S. False Flag Attacks On USS Liberty, 8 June 1967.

Jamming of all-five U.S. emergency frequencies, alone, provides clear and absolute evidence that the decades of lies from Zionists and from Zio-U.S. politicians and Zio-owned world press - perpetual, despicable lies that make up over 98-plus percent of the 'history' on the www and everywhere else, for fully 56 Years - have long been orchestrated purely to protect the Zionist/RKM/World Bankster Terrorists, as well as the vast treasonous elements infesting nearly all key positions in United States (county & city) Government! Close to 98% of all accounts of this "accidental tragedy", placed by propagandists within press stories and "history books" - to this day - portray it as an "unavoidable/accidental incident" and as "mistaken identity" within a "fog of war mishap"!

Zionist Porcine Fornicators!

Together with the 68mm (2.67-inch) rockets and heat-seeking missiles, a huge number of 30mm cannon rounds were also expended from each of the (mostly unmarked) israeli Mirage and Mystere (French-built) attack jets.

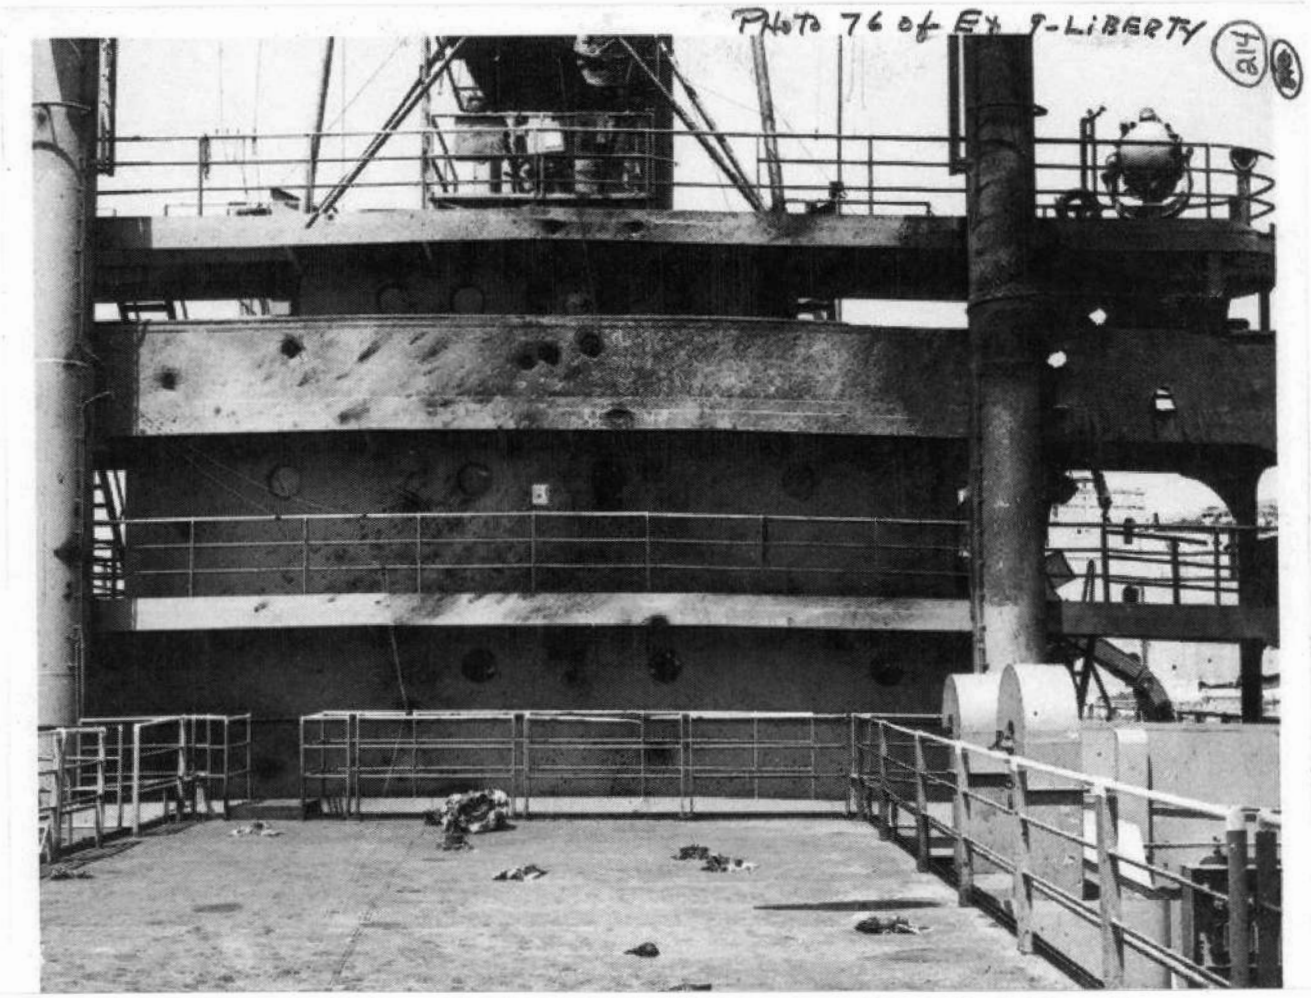

Most of the attacking pilots must have believed that their various munitions would penetrate Liberty's structure deeply, to reach and breach the pressure-containment steel of the boilers - then the ship would explode, and sink to the bottom of the Mediterranean Sea. Again, accuracy of these weapons in effectively shredding American servicemen, communications equipment, together with fire-fighting and crew rescue equipment and more, was enhanced through generous U.S.-taxpayer-funded Air-To-Sea/Air-To-Ground Attack Training for these israeli pilots. [U.S. Govt. training of israeli pilots began in early 1948 in Bakersfield, CA]

To help ensure that the USS Liberty, together with all crewmen, would quickly be sent to the bottom of the Med., the terrorizing effectiveness of napalm bombs was generously applied to the israeli's task at hand. Adding to the ferocity of the israeli's napalm fires were several barrels of engine fuel which was stored on deck for use in the captain's gig (launch), when these too were taken in by this enemy's napalm fires.

Repeated, relentless, merciless missile runs, rocket attacks, bombing, and cannon-strafing proceeded without much of any gap for too many long minutes until, evidently, the jets first expected to be required to murder all 294 crewmen, together with their back-up jets, had expended all of their weapons stores. Judging by the more than 820 larger-than-fist-sized rocket holes (later counted by the crew), hundreds of 30mm cannon rounds sent into USS Liberty, the officially estimated number of attack jets is "...at least 12, possibly as many as 15". This minimum number of aircraft involved was determined, in part, by the maximum number of weapons mounts and stores possible per enemy aircraft, vs the extent of the damage attributed to the airborne portion of the attacks.

Burning, bloodied and thoroughly perforated, the USS Liberty remained afloat due to the crew's dedication to duty, discipline, and pure luck.

Throughout these air attacks, some of Liberty's most dedicated crewmen ventured out onto the ship's outer decks and bridge - fully exposed to enemy munitions - to retrieve any and all wounded (crewmen not obviously dead), in hopes that the injured could be medically treated as soon as possible. These crewmen knew that getting those hit off the outer decks and out of the enemy's sights just might enable these wounded to survive.

Command Bridge Rocket, 20/30/40mm Cannon, .50 Cal & Napalm Damage

Radio communications from the attackers back to their commanders, intercepted and recorded by both a high-orbiting U.S. Navy/NSA EC-121 (and, most likely, also recorded by a U.S. Air Force C-130) orbiting above the Mediterranean, revealed the enemy's frustration and anger that all their efforts were not able to put the 456-foot U.S. ship, together with its entire crew, on the sea floor within the first several attacks.

Later, it was learned that the three most incriminating of the EC-121's five SIGINT recordings, observed being rushed off, as a group of five, for intelligence analysis, not too mysteriously - **"disappeared"!**

These three most critically important radio transmission intercept tapes **"went missing"**, even though all five of these recordings from one of the reconnaissance aircraft were observed being taken, together, immediately after landing. **[Yet Another Clue: Treasonous U.S./Zionist Government Support and Protection of Terrorists! This Is Not 'Our' Government!]**

Some U.S. Bases - even American military installations extremely far from this massacre/sneak-attack war zone on this day - clearly overheard a number of these communications. **These American military members overheard clear evidence of an Act Of War; of High Treason of U.S. Government/Executive-Branch Politicians; of War Crimes; of a U.S. Government-Enabled Terrorist Massacre of American Military and a Civilian!**

Those U.S. military and intelligence personnel monitoring these communications were witness to yet another unforgettably monstrous atrocity by 'our Talmudic-Jew-Zionist ally'! **Khazarians Masquerading As Semitic/Bible-Jews, were again Allowed To Attack, To Murder, To Maime, To Dismemeber American Military and Civilians! [A tradition unchecked!]**

Research into these 8 June 1967 signals intelligence records revealed irrefutable evidence that the **Enemy-Occupied/Enemy-Run U.S. Government Tax-Paid Terrorists**, together with their massive U.S. Press/Propaganda Arm, have long been **Khazarian Mafia/Zionist/israeli Terrorist Assets!**

Historic Reality -> Audio transmissions between an israeli pilot and their Air Force War Room were captured by our orbiting NSA aircraft, and cabled to numerous CIA offices. One U.S. Govt. cable reveals - **Pilot: "This is an American ship. Do you still want us to attack?" War Room: "Yes, follow orders!" Pilot: "But sir, it's an American ship! I can see the flag!" War Room: "Never mind - hit it!"**

Transmitting An SOS

With virtually all of Liberty's antenna equipment blown away, re-rigging/repairing any possible surviving antenna became a priority if any American forces were to get any picture of what the hell was going on.

Only one antenna was not in use during the heat-seeking missile attacks. Because it was shut down due to problems in the tuner section, and was not producing a heat signature, this antenna had been missed. An attempt to use this one antenna revealed weapon-damage to the lead-in wire.

It was 21-year-old Third Class ET (Electronics Technician) James Terry Halbardier who was struck by the fact that someone needed to rig an operable antenna so they could transmit an SOS! **During the onslaught of jet attacks**, one repeatedly battle-damaged communications antenna lead-in wire was eventually replaced and reconnected by this brave crewman!

Halbardier exposed himself to the enemy's relentless strafing for an extimated 20 to 25 minutes, and **was hit three times**, while attaching a coaxial cable directly from his transmitter to the one and only intact antenna. ET James T. Halbardier may well be remembered as historically critically important in anyone ever learning the abhorrent truth about this particular U.S. Government-Enabled israeli terrorist massacre!

With a possibility to communicate now reestablished, there was still the enemy's effective electronic jamming that prevented any transmitting.

Crewmen's accounts reveal that only during the brief period when the enemy's radar guidance system for their rockets and missiles was in operation, was it necessary for the attackers to temporarily halt their electronic jamming of both U.S. operational and emergency frequencies.

It was only during these brief moments that the crew was finally able to successfully transmit: **"Any station, this is Rockstar. We are under attack by unidentified jet aircraft and require immediate assistance!"**

Zionist-isrealis were jamming all U.S. tactical and NATO frequencies.

Jamming of every U.S. emergency freq constituted a war crime on its own!

Emergency Freqs Were (Initially) Jammed By israelis During Their U.S. Government-Enabled 9-11-01 False Flag Attacks Too!

Aboard Aircraft Carriers USS Saratoga & USS America

The U.S. Sixth Fleet, about 20 minutes away by air (about 500 sea miles away to the west/northwest), received the Liberty's SOS transmissions (roughly): **'Rockstar under attack...need immediate assistance...!'**

Under the direction of Vice Admiral William Martin, USS Saratoga's Captain, Joseph M. Tully, Jr., launched jets to help protect the Liberty as soon as the ship's crew could possibly get them airborne. It appears that Tully scrambled at least four, maybe 12, F-4 Phantom II fighter/bombers, each carrying 500-pound bombs together with .50-caliber machine guns. Four air-tanker aircraft also launched to support the mission. [Some conflicting evidence indicates 50-plus aircraft were luanched.]

Within a span of just five to 15 minutes time from the order to launch, these jets were airborne and on their way. Captain Tully estimated help for Liberty from his launched aircraft was about 15 to 25 minutes away.

israeli communications interception of the Sixth Fleet's, in-the-clear (unencrypted), radio transmission assurance that U.S. aircraft were being scrambled and would soon be on the way to the Liberty's rescue, was near-immediately known by enemy israeli air and sea forces.

American Rescue Aircraft On The Way?

Among those few aboard the Liberty who heard of 'U.S. aircraft on the way', there was surely at least some relief in this knowledge.

Saratoga's initial flight of fighters was **ordered recalled** by Admiral Lawrence Geis, commander of the Mediterranean's carrier strike force, at the direction of Secretary of Defense Robert McNamara, by way of LBJ.

If Saratoga's jets had been able to fly directly to the rescue, they almost certainly would have prevented the 25 near-instantaneous deaths from the torpedo that struck the starboard side - in the second wave of attacks - as well as numerous wounds and maiming of Americans as well.

Aboard the USS America, the crew was thoroughly involved in a nuclear loading exercise. Saratoga's Captain Tully remembers radioing the America, asking why they had not launched aircraft, but he did not recall ever receiving an answer. Evidence shows USS America launched their Ready CAP (Combat Air Patrol), soon after receiving Liberty's SOS.

Quote From Tony Hart, Naval Communications Supervisor In 1967

(Quote from **Sacrificing Liberty** - fair use/for educational purposes.)

"There was a Flash Message as I recall, from one of the carriers, that said they had launched Ready Aircraft. The launching of Ready Aircraft - you understand - that is typically **nuclear-armed aircraft.**"

Minutes From A Nuclear World War - Unknown To Most

Interview With USS Liberty Survivor Maurice "Moe" Shafer

(Quotes from **Sacrificing Liberty** - fair use/for educational purposes.)

"Admiral Martin [told me he] ordered four planes off the America aircraft carrier with nuclear warheads to be headed to Cairo! I really, really truly believe - and again, coming from Admiral Martin's mouth to my ears:" [Admiral Martin]: 'I loaded four planes with nuclear warheads headed to Egypt!' [Shafer] "He didnt say I was going to pull the trigger He didn't say anything [else about it]. And you know then, you know now - only one person could pull the plug on that, and I think it's all come back to us, the one person is the one who called the attack anyway."

Quote From USS Liberty Attack Survivor Lt. Commander David Lewis, 3rd In Command

"You know how much press the nuclear warheads got when they landed in Cuba. **Well this was a thousand times worse, but nobody knows about it!"**

Soon After The Zionist's Latest War Started Soviet Union Made Their Intentions Very Clear: Any Soviet State Attacked Would Lead To Retalliation!

Retalliation for any attack upon Soviet states receiving regular support from the Russian nation was assured - soon after israel's sneak-attack/ invasions began - through unmistakable communications from the Kremlin to Washington D.C.'s treasonous American civil-servant-terrorists.

U.S. Air Force Strategic Air Command Forces Were Spun-Up Hours Before Liberty Attacks

Investigator, researcher and author Peter Hounam discovered yet another important USS Liberty attack clue when he interviewed a pilot who was part of the strategic air defense command, stationed in the U.S. This former Strategic Air Command pilot revealed that his nuclear SAC unit, located in Beale Air Force Base near Marysville, California, was on High Alert. **He was on the runway, hours before the USS Liberty was false flag attacked, ready to launch a nuclear attack on China and the Soviet Union!** He learned only sometime afterward, when they were told to stand down, that **the High Alert status was because of the attack [on Liberty, that was hours away from commencing when his SAC unit was alerted]!**

Since the time of Peter Hounam's interview with the SAC pilot, a few other SAC senior officers have verified the timing of their alert status as **hours before the USS Liberty attacks began!** [Read Operation Cyanide]

As Peter Hounam correctly surmises from this interview: Only the President Of The United States, Lyndon Johnson, could have given the order to go on high alert. This fact indicates still more evidence that this nation's Commander In Chief had advanced knowledge of the upcoming isreali attacks and of their need to sink the Liberty with all hands!

SACRIFICING LIBERTY

A FOUR PART DOCUSERIES

TruHistory Films Releases Sacrificing Liberty movie

"The USS Liberty coverup is over!" That is how Matthew Skow announced the official release of Sacrificing Liberty.

Skow is the film director for the groundbreaking four-part docuseries produced and distributed by TruHistory Films, a Florida film company.

The project began in 2019 when Skow participated in an episode of Trunews, an independent digital news commentary program that originates from Vero Beach, FL. Trunews host, Rick Wiles, interviewed four USS Liberty veterans who told their story about what happened on June 8, 1967. Wiles and Skow were so shocked by the men's gut-wrenching testimonies that they decided the true story of the USS Liberty demanded a highly professional movie.

"The USS Liberty story ranks near the top of the biggest coverups in modern history," exclaimed Rick Wiles, the docuseries' producer. "We determined that somebody had to record the truth for the whole world to see and hear," he added.

Although other films have been made about the USS Liberty, Skow said his film is the first and only documentary that allows the veterans to narrate the film. Skow spent nearly a year recording hundreds of hours of video from numerous survivors.

The four-part film series is available at www.SacrificingLiberty.com for rental, digital purchase, and DVDs.

"We hope that Americans who love our veterans will hold USS Liberty parties in their homes and watch all four episodes," said Skow. "Let's tell the whole world what happened on June 8, 1967."

USS Liberty Survivor Larry Bowen CTR2 Interviewed A Nebraska Strategic Air Command Airman

(Quotes from **Sacrificing Liberty** - fair use/for educational purposes.)

"Long after the attack, I had heard from an airman [who was at Offutt Air Force SAC Base in Nebraska]. He said:" 'On the morning of June 8, they had an alert, that had them go to their ready room, for preparation for scrambling. They weren't briefed yet as to where they were going. They were just in the ready room.' "And 4:00 am would have been 10:00 am our time, over there - long before the attack. We didn't get hit until 2:00 in the afternoon (1400 Zulu time). **So why would they have scrambled four hours before anything had even developed over in our area?"**

Interview With Soviet Submarine Captain Nikolai Shaschov Makes Clear, Before israel/U.S.-Enabled Attacks On Liberty: If Cairo, Egypt Is Attacked, Russian Nukes Will Hit israel!

Soviet submarine K-172 Captain Nikolai Shashchov has made clear in a video interview that his submarine, of course, carried nuclear weapons. [In June of 1967] "This model [675] was the first generation of winged-missiles. These missiles were armed with nuclear warheads and could strike the shore in the worst case scenario."

More From Capt. Nikolai Shaschov, From A Conversation Between Liberty Survivor, Lt. Commander David Lewis, And Dick Tompson (Retired CIA)
Dick Tompson told David Lewis that Captain Shashchov (AKA Shatsky) told him (Tompson) that: 'They had ordered him to launch nukes against israel as soon as the first nuclear weapon was detonated in Cairo. Shatsky was faced with a dilema because he had surface-to-surface missiles, and they required high reflectivity. The high-reflectivity target he selected was the Dome of the Rock.' So as soon as the first nuclear weapon was detonated in Cairo, the Dome Of The Rock would be disintegrated!

This Researcher's Conclusion Based Upon 55 Years Studying This Enemy: Because USS Liberty Did Not Sink, israel Didn't Detonate Cairo Nuke(s).
Considering that **almost all of the many** israeli false flag nuclear attacks were accomplished using pre-positioned nuclear weapons, this researcher **must conclude that it was entirely probable** that israel had, sometime before 8 June 1967, positioned one or more nuclear weapons in Egypt - most likely in Cairo. This way Zionists could provide a proven nuclear attack on Egypt in order to trigger Russian attacks on 'israel'! [IAEA 22 Aug '15 **Leak:** Tianjin, a 20 Kt nuke/ground-penetrating missile]

Back Aboard Aircraft Carriers USS Saratoga & USS America

Above Admiral Geis, was Vice Admiral William Martin, commander of the Sixth Fleet. Each of these commanders received direct, Executive Branch/White-House-directed orders to **recall the rescue aircraft!**

Reports indicate that Saratoga then ordered the launch of a flight of four A-1 Skyraiders (propeller attack aircraft) armed with rockets and missiles, in hopes of getting there in time to defend the Liberty.

As soon as USS America completed it's nuclear loading (and unloading) exercise, Captain Donald Engen ordered the launch of similarly appropriate, though much faster aircraft - most likely, A-4 Skyhawks - with conventional weapons loads similar to Saratoga's Skyraiders.

As with the previous flights of F-4s and Skyraiders, none of these aircraft were allowed to help protect the crewmen of the USS Liberty!

History clearly shows that all flights of rescue/interdiction aircraft were called back, only minutes after they launched, by C-in-C/President Lyndon B. Johnson, Secretary of Defense Robert S. McNamara, and by the Chief of Naval operations. McNamara's exact words: "Tell Sixth Fleet to get those aircraft back immediately, and give me a status report." Then Chief of Naval operations, Admiral David L. McDonald bellowed: "You get those fucking airplanes back on the deck, and you get them back now!"

Even more revealing, disgusting and treasonously repulsive when I first learned of them, were President Johnson's exact words - overheard by generals and admirals in the room at the time - within two statements.

Commander in Chief/President Lyndon Johnson's words were documented as these:

"I want that goddamned ship going to the bottom! No help! Recall the wings!"

Blatantly Treasonous?
Affirmative!

High Treason!

Another of the most deplorable facts most notable at this point is this: Most of the crew of the USS Liberty did not know at this time who was attacking them. **Yet, President Johnson knew who was attacking USS Liberty! Without question, Lyndon Johnson knew israel was the attacker.** Besides LBJ, many treasonous Khazarian-Zionist-israeli-owned puppet-politician-holes and bureaucrat-holes in U.S. Government **knew** as well!

C-in-C/U.S. President Lyndon Johnson was later overheard to say to U.S. Sixth Fleet Commander, Vice Admiral William Martin:

"I don't give a damn if every man drowns and the ship sinks! I will not embarrass our ally!"

LBJ, soon-after, was overheard adding:

"...not with the election coming up!"

C-in-C Johnson was not informed of the attacker's ID until hours later.

2nd Wave Of Attacks

Within the relative quiet marking a break in the near constant attacks, the first faint sounds of engines began to be heard, far off in the distance. Well, these sounds could be heard by any crewman who had not yet had their hearing temporarily or more long-term seriously damaged as a result of the many explosions and tearing of steel around them.

While a few crewmen briefly wondered: Could any help, at last, be on the way? Most others had no doubts: **Here they come to finish us off!**

From off on the horizon came the first distantly wavering, then a more steadily recognizable sound of multiple coastal-cruiser-sized boat engines. Another dread crept upon the crewmen as they realized the boat engine sounds came from off in the direction of [what's called] israel and one of this enemy's nearby naval bases. Soon, the growing, droning sound of engines was accompanied by the appearance of individual shapes.

Unlike the israeli's unmarked attack aircraft, three rapidly-approaching israeli boats each flew Rothschild family flags that stood out clearly. As revealed in israeli communications intercepts, this enemy was enraged and frustrated by their failure to sink the USS Liberty rather quickly - blowing apart/burning/shooting/drowning as many as possible, before murdering any survivors - as they had clearly planned. These facts are made clear through coms recordings and transcripts of the enemy's radio transmissions (and evidenced by revelations from those American military men who overheard coms and spoke out). With their final group of ready-launch/back-up-launch, and on-station aircraft completely expending all weapons stores, the israeli military commanders ashore had ordered in three fully-munitions-stocked Motor Torpedo Boats. [Largely, these were U.S. Taxpayer-Funded aircraft, torpedo boats, weapons and munitions.]

This enemy's three torpedo boats came straight-on at the Liberty at high speed, then spread out into torpedo attack formation.

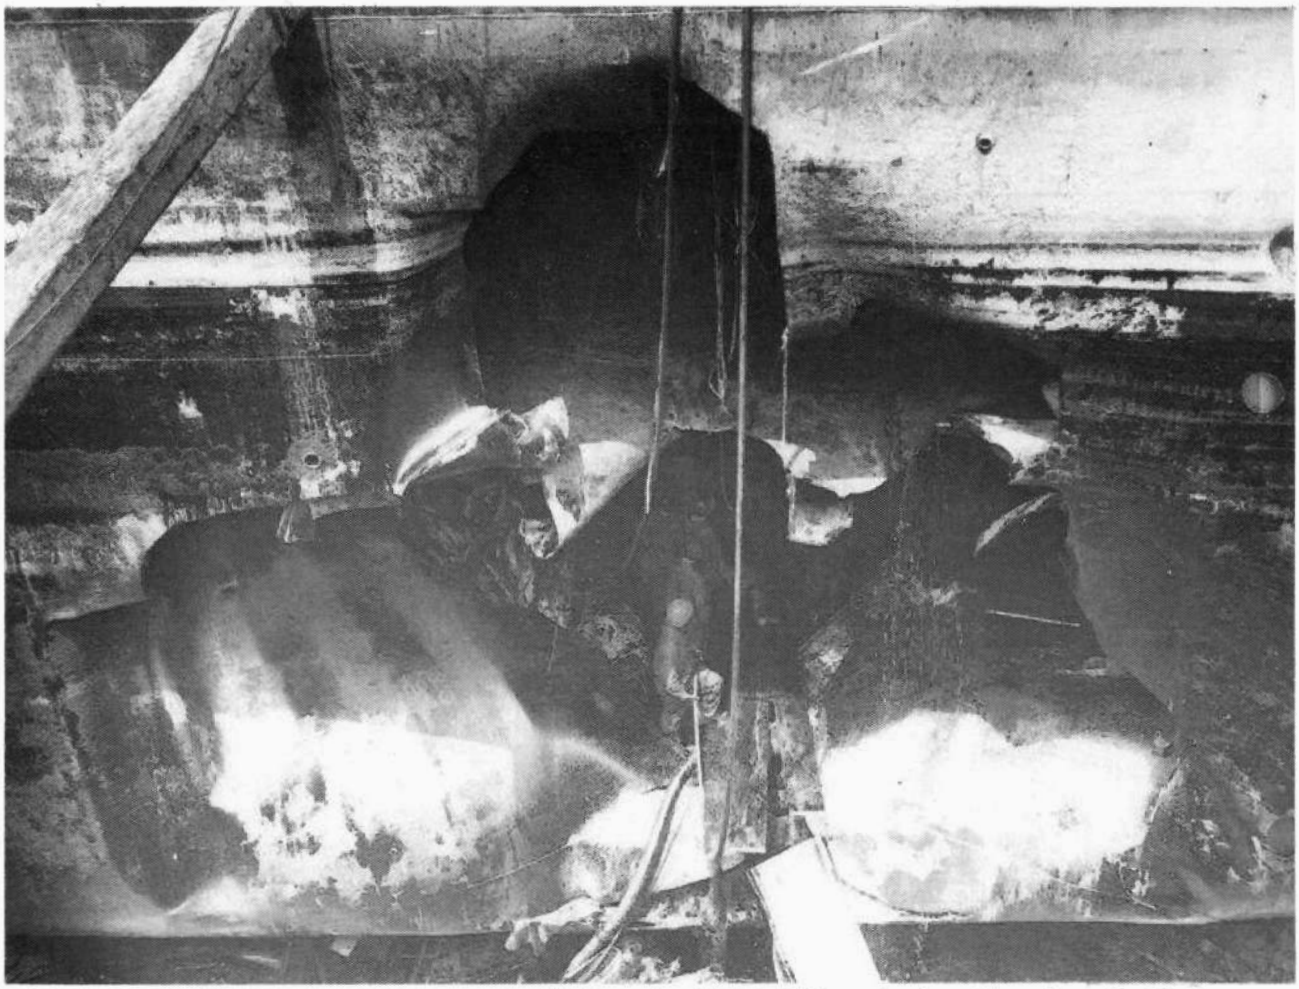

Evidently, **of the five (?) torpedoes that were launched** from about a half-mile distance, **four** were (rather remarkably) either successfully out-maneuvered by the efforts of the captain and crew, or were poorly aimed/timed by the Khazarians, or may have simply 'strayed' due to poor quality. Another of the six available, may have misfired in the tube.

Leaving, Just One Torpedo

About 45 minutes into the attacks, a 5th weapon (**possibly** an Italian-manufactured torpedo) appeared - heading straight for their ship. This (could have been the) torpedo (that) hit near-precisely in the reconnaissance collection spaces - instantly blowing apart, or drowning 25 American Navy men! Most of the crewmen killed by the torpedo were CTs.

This explosion **very nearly** broke the ship's back and caused extensive flooding. Soon, the ship's listing due to flooding became so pronounced that calls for Abandon Ship were eventually (though only briefly) heard.

If this torpedo had hit a mere few inches from where it did - near end-on with a large steel I-beam, and exploding - a bulkhead would have been blasted away (instead of seriously damaged), sinking the USS Liberty and drowning so many more of those who would have been trapped below decks!

39 Foot x 40 Foot Torpedo Hole In USS Liberty's Starbord Side

Had that one-in-five (?) torpedoes launched hit mere inches different, whatever survivors that could scramble out might well have been grateful to be floating in the Mediterranean. However, these Khazarian Zionist israelis and their financially- and sexually-compromised U.S./Zionist President had a plan for these (temporarily) greatful survivors too.

C-in-C/President Lyndon Baines Johnson - caught on White House tape with an isreali Mossad agent at a time corresponding to USS Liberty's arrival on station in the Mediterranean - **Insisted That There Be No Survivors!**

Once Again - C-in-C/President Lyndon Johnson:

"Alright. But as God is my witness, there can be no survivors! You understand? I'll deny it all if anyone is left alive to talk! You understand me?" Mossad: "...There will be no survivors. We will see to it!" Burning, flooding, listing, extensively perforated and bloodstained, the USS Liberty remained afloat, though unable to make any forward speed due to flooding in the boiler room - preventing engine propulsion.

Now, the Liberty was a 'sitting duck'!

This **supremely hidden and Forbidden history** known as the USS Liberty False Flag Attacks, can in no accurate way be even remotely construed as a battle - as in two combatants fighting it out. The brave crew of the Liberty fought their battles that day against the results of the damage and destruction that rained down on their ship and on their crewmen from the israeli-terrorist IDF air and sea forces. **They fought too against Treasonous, Khazarian Zionist-Controlled U.S. Government Executive Branch Puppets who, like the attackers, Wanted Every Crewman Dead!**

Only two ways remained for these battered crewmen to fight back:
1) Continue to try to save as many wounded as possible; and,
2) Try to save their ship from sinking.

Liberty's crewmen fought against an onslaught of enemy fire of all types to try to get their wounded shipmates out of harms way and to get them medical assistance as soon as possible - in hopes that their lives and their limbs might be saved.

They fought, at the same time that day, as teams and in single crewman actions, through dedication to survival of their crewmen and ship. While under attack - as well as in the hours after - Liberty's crewmen used all their knowledge and strength to try to prevent their ship from going down. This crew fought on, strengthened by a loyalty, a duty to those lost, and to those on their left and their right: a U.S. Navy tradition!

israeli Torpedo Boats Close In

Having not taken a single round in their direction throughout the attacks, crews of the three israeli-flagged torpedo boats soon became brave enough to close in to within about 35 yards (to within about 105 feet) to ensure absolute, murderous accuracy. According to multiple eye witnesses, the attackers oriented their torpedo boats to take maximum firepower advantage of their multiple sets of .50 caliber M-2 Browning machine guns with armor-piercing rounds as well as their many 20mm and 40mm cannon. [Weapons, almost certainly, American-taxpayer-provided!]

- Once Again -

Historic Fact Reveals: **Not A Single Round Was Fired By The USS Liberty** throughout the near-two-hours of false flag attacks!

Targeting Americans now from their brave new close proximity to their prey, the Zionist terrorist Khazarian butchers set about sending cannon rounds into the Liberty, and machine-gunning anything and everyone they might have missed from their previous air and sea attack distances.

The greatly improved target picture now presented to them by establishing their new, three-boats-in-line, broadside firing positions, enabled the monstrously blood-thirsty israelis aboard the Motor Torpedo Boats to relentlessly and mercilessly rake the Liberty using their substantial amount of firepower and all of the available ammunition.

They shot up the Liberty and its crew for almost one full hour. This must have felt like a lifetime for those forced to endure the assault.

israeli Terrorists Machine-Gunned Stretcher-Bearers Carrying Wounded, Wounded On Stretchers, Medics Trying To Save Liberty's Crewmen, And Firefighters Trying To Save Their Ship And Crew!

The merciless israeli gunners even turned their guns on the few fire hoses that were not yet destroyed, or otherwise rendered useless by fire, so the crew would not be able to fight the napalm/gasoline fires!

Imagine you were there! Their shipmates - their friend's blood, their body parts - spread over the blood-'n-guts-slick decks. Some of their bodies, still burning or smoldering from the napalm, as their shipmates rushed to get anyone who might still be alive out of further harm's way!

...and, not one operable weapon to even try to fight back!

Following orders of their commanders in the israeli War Room - who are historically-documented by multiple sources to have been **clearly aware they were attacking a U.S. ship** - the diligent crews of the enemy's motor torpedo boats, methodically sent thousands of rounds of armor-piercing .50 cal machine gun as well as 20mm and 40mm cannon rounds into, and sometimes completely through, almost all parts of the ship.

Imagine Liberty's crewmen trying to help save their shipmates, together with trying to control the fires and the flooding, with armor-piercing machine gun and cannon rounds, and shrapnel, crashing past them, both outside and deeply within the ship, **as they continued to do their duty!**

Most certainly, besides murdering each and every American aboard the Liberty, "our israeli ally" was trying to hit the boilers so the ship would blow ùp, and take the crew to the bottom. This would leave only those floating on the surface of the sea for the Zionists to have to, deal with. Failing to explode the boilers - early on in their treachery - seriously pissed off these porcine-fornicating, sub-human khykes! [Historic **Hidden** Reality: **Khyke** is a pejorative for **Khazarian.**]

There Was Still More Treachery To Be Done

Anyone left floating or alive was destined to be relentlessly strafed, shot to pieces or blown up by still more aircraft or surface-craft, in order to, **"Leave No Survivors"! israeli military air and sea forces were tasked with remaining on station long enough after the Liberty's sinking to ensure that every survivor floating in the Med. was killed!** A fulfillment of the massacre, as the israeli Mossad agent assured, **and, as LBJ not just agreed to - as President Lyndon Johnson had insisted!**

About 1 3/4 hours earlier, the Liberty carried enough life rafts (together with the captain's launch) for the crew of 294. **So mercilessly thorough were the coordinated israeli air and sea attacks, that only three life rafts remained that were not already shot up, blown up, or burning.** During a brief Prepare To Abandon Ship period when Liberty was taking on water and listing ever-further to the starbord side - and in increasing danger of rolling - these three rafts were lowered, one by one, to evacuate the most seriously wounded.

Almost as soon as these last three life rafts were set upon the water, the israeli MTB crewmen proceeded to machine-gun each one of them!

Following this machine-gunning, two of the the remaining final three life rafts were near-completely destroyed by this ally's overkill tactics, while a third that remained afloat was, like the remains of the other life rafts, picked up by the torpedo boats - to leave no evidence.

It's a good bet that these Zionist fascist terrorists* probably still regret not waiting until the life rafts were full of wounded before shooting them up! [* Albert Einstein: "Zionist fascist terrorists"]

Evidence points to this third life raft now residing in some sort of a perverted israeli naval war museum. It serves as yet another reassuring confirmation of such stealthy world terrorist's domination over American Government, and as evidence of Zionist's second substantial false-flag attack on the United States. Surely too, this raft serves these scum as a reminder that they should not fail again - despite there almost never being any repercussions for their failures, nor for their still somewhat limited exposure as **the Primary Action Agents of the Khazarian Mafia!**

3rd Wave Of Attacks

Then, heard far off in the distance, the whop, whop, whop of helicopter blades, advàncing rapidly and whacking the moist air above the Mediterranean Sea, came to the ears of the Liberty's crewmen. That is - again - for those who's hearing had not been seriously damaged, and were able to hear such sounds.

But, what was coming? Maybe still more dread, or, relief? Attacking helicopters? Or, rescue helicopters?

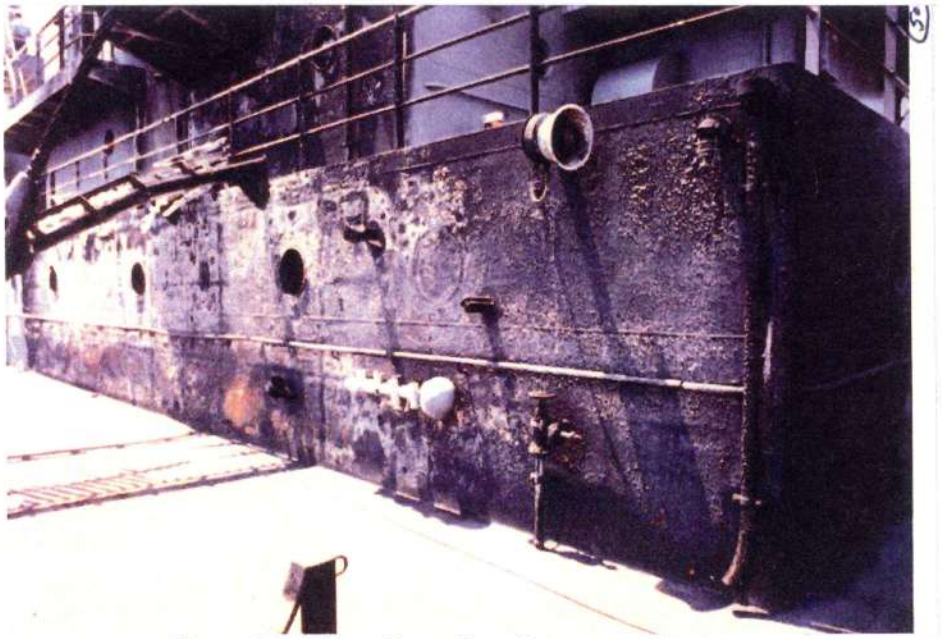

These crewmen were largely prepared through their duty-bound training and perseverance, through their captain ordering repetitious damage control drilling on this attack day and in previous days, as well as through their might as Americans to survive to tell this story! **[This story should be known by every non-Zionist/communist family in America - a history shared with friends, who know This Country Belongs To Them!]**

Two helicopters then came into view on the horizon. As these aircraft flew ever-closer to their ship, they proved to be **israeli attack/troop helicopters**, packed with special ops terrorists - each carrying full-auto weapons, a 'sufficient' amount of ammunition, and explosives.

Recalling: The Liberty's four .50-cal gun mounts had been taken out, together with their gun crews, in the first seconds of the attacks. A brief survey of the damaged weapons revealed none of them were operable.

Liberty's crewmen not yet wounded - or not disabled sufficiently by their wounds - knew so clearly that, earlier, they had no chance to do anything to defend against 12 to 15 attack jets. Just as clearly they had no way to defend against the three israeli navy torpedo boats.

To Liberty's crewmen, having survived to this point, these assault/troop helicopters seen now heading straight toward their ship, presented ripe targets they needed desperately to be able to fight back against!

One Of The Napalm Damage Areas

Their only possibility of any sort of retaliation was in accessing the weapons stored in a single small arms locker. A group of crewmen ran straight for the weapons locked up there when they saw helicopters headed for them. One crewman, evidently Phil Tourney, took a fire axe and began beating on the padlock. Some seriously intense axe aiming and striking with all the force possible applied to the lock then followed.

However, the thoughtfully-strong design of the padlock, together with the similarly-secure design of the small arms locker itself, ensured that these weapons would remain securely locked away. On this horribly memorable day, not even government-issued rifles and pistols would in any way be able to annoy this murderous U.S. Government's accomplice!

The two helicopters first briefly hovered nearby, and surveyed the damage. The terrorists were probably amazed that despite 'their best efforts' - their lengthy and repeated assaults and the extensive damage so evident throughout the ship - the Liberty was still afloat!

Both israeli assault helicopters then moved directly above the Liberty, clearly ready to drop their fast ropes for the special ops terrorists to repel down to the deck. Many (as yet unnamed) in the intelligence community, like those aboard the ship that day, possess sufficient logic to understand that these israeli's mission was then to rope aboard and shoot anyone who had managed to survive their onslaught and attempted to try to stop them. They would then set explosive charges below decks to blow a second hole in Liberty's hull - to finally finish her off, by putting the Liberty and as many of her American crewmen as possible on the bottom! True to this enemy's long-documented history, one of their many enemies would be blamed. [Near-all isreali terrorism: False flag!]

Some of Liberty's crewmen apparently stood somewhat stunned from the shock of their experience, as they stared at the helicopter's crewmen and assault troops, clearly visible as they hovered so close by. With not even a rock to throw at the terrorists, some were overcome by the desperation of the moment, and, quite naturally - flipped off the fully-armed, full-auto-weapons-ready israelis. Some of the IDFers returned the gesture. Exasperation, definance, true heroism, and above all else on display on this historic day - **Treasonous U.S. Government Betrayal!**

Almost certainly, through a cease fire and Return To Base order - just then received - the terrorists were constrained at this time from sending any more rounds down-range toward the Liberty's crewmen.

Due purely to the fact that not enough time remained for the israeli assault teams to fire-away and murder their way below decks to set their explosive charges and return to the helicopters, the israeli terrorists had no choice, but to break off the third wave of attacks, and RTB. An order from command clearly changed their plans!

Leaving so many Liberty crewman alive, and the American ship still floating - must have seriously pissed off the terrorists who were now so nearby, and so close to achieving their goal. Many other israelis who had attacked earlier, together with those in command, would likely be equally pissed off, as they realized the massive weight of their failure to sink the Liberty and kill every crewman - the initial requirement in enabling the remainder of their monstrous **Zio-U.S. Op and War** to succeed!

These terrorists had planned this false flag for some time, had planned so murderously, and had called in 'favors' from so many under their control within the near-fully financially- and or sexually- Zio-compromised U.S. Government, to pull this attack off. **[As Zionists did years later with their false flag nuclear and HE 9-11-01 'theater act'!]**

After too many extremely intense minutes, the enemy aircraft moved off and away from the ship, then flew back toward shore.

Another seemingly endless group of minutes so tense they could be tasted then ensued. Many unreal-yet-too-real minutes led to hours of wondering:

Would more jets or torpedo boats, or a submarine, be sent to kill them? And Where The Hell Were Any U.S. Aircraft?

To crewmen, a yet unknown intervention must have finally called off any further israeli attacks, because the helicopters leaving marked a hault to these particular Zionist atrocities. In addition to receiving the RTB order, one or two possibly coinciding circumstances had occurred.

1st A Certainty - The Russians Were Coming! israeli terrorist command ashore announced the radar track of a fast-approaching Russian destroyer - clearly on the move toward the massacre on their horizon. The name of this Russian destroyer and its captain are yet to be documented, though the hull number may well be 626/4. [I'd greatly appreciate speaking with any of these crewmen.] The Russian's choice to very assertively intervene in a savagely-barbaric massacre **has to be considered instrumental** in helping save the lives of 260 USS Liberty crewmen!

2nd Much Less Likely - israeli commanders were aware of American radio traffic revealing both USS Saratoga and USS America launching rescue/attack aircraft to come to Liberty's aid earlier, though all were recalled! Enemy ops and helicopter crews may have been unsure if any more flights of U.S. aircraft had been launched to help the Liberty.

Russian military forces - while monitoring israeli and U.S. forces' communications during the Zionist's warfighting (as many nations in the region were) - overheard what appeared to be the purely intentional attacks on a U.S. spy ship. They responded in the most ethical, logical and moral way anyone could expect: The Russians steamed straight toward the radical-extremist israeli's merciless massacre of American military, intent on - at very least - **interrupting the Act Of War** they were hearing over their radio intercepts, and would soon be witnessing!

Together with the serious skill, discipline and bravery displayed repeatedly by the Liberty's crew in medical care for wounded and in extensive damage control, it was clear these sailors had help that day.

Of course, the terrorists had no concern for what any Russian might say. The attackers were purely confident that their control of American and world media was nearly-complete. For decades, their enemy-owned press has been largely successful in hiding almost all historically accurate reporting coming from other nations - historic truths that might reveal

Who The Real Terrorists Are And Have Always Been.

A truth that's kept from the perpetually propagandized American sheeple.

Coinciding with the time Liberty arrived on station in the Mediterranean, the Mossad terrorist demanded a meeting with President Johnson. This Mossad agent then informed our nation's Commander In Chief that **he must enable Zionists to sink America's finest spyship, killing all 294 aboard! This indicates this crime syndicate's full control of U.S. Govt., and media. Mossad: "Remember, we control our corporate media!"** [See full White House Tape Transcript and Read **Important Books: The Judas Goats**, Michael Collins Piper's excellent work; Jeff Gates' **Guilt by Association**, to add to evidence of complete enemy ownership of American and world media; and, John Mearsheimer & Steven Walt's excellent book, **The Israel Lobby and U.S. Foreign Policy**, revealing a Full Zionist/U.S. Government]

Most unfortunately for American loyalists, my decades of research reveal that this was an historic, pivotal event - one that marked the beginning of many isreali attacks on Americans, allowed by this U.S. Govt, that have proven so truly Machiavellian as to be almost beyond imagination!

The U.S. Government-Enabled Zionist false flag attacks on the USS Liberty represent what will one day be much more widely recognized as the beginning of a marked downfall in a decades-long period of the very worst years in all of **more than 235+ Years of Enemy-Occupied United States history!** [See **Colonists Lost The Revolutionary War**, elsewhere.]

Not long after these assault helicopters left for the coast, another helicopter approached. As it neared, it became clear that it was yet another israeli-marked military helicopter - but this time, just one. For the Liberty's attack-weary crew - those who could see another enemy aircraft approach - many wondered: What the hell is this asshole up to?

After more tense minutes, some relief: This helicopter crew's mission was to establish communication. Hovering above Liberty, someone tossed a sack down to a crewmen on the deck. After a look inside for any possible explosives, the sack was quickly taken up to the bridge. Inside, there was a card, a brief note, and an orange to add weight to the sack.

The card was from American Naval Attache' for the U.S. Ambassador to israel, Commander Ernest C. Castle. Cmdr. William McGonagle read the card and the note and understandably transformed from seriously-wounded, but in command of his ship, to fully furious! The note stated: **"Have you casualties?"** McGonagle limped out of the bridge enclosure into the daylight of the wing and yelled: **"We don't want any help from you!"** Not long after, the helicopter crew, likely photo-surveying damage, departed.

Together with the fires, flooding, the very noticable listing to starboard, the extensive blast and napalm damage to parts of the ship, the 39 by 40-foot torpedo hole in the starboard side of the ship, over 850 missile & rocket holes that were at least fist-sized to basketball-sized, were counted [crewmen were told: Stop counting after 850!], and there were 5,000+ 20-40mm cannon & .50-Cal armor-piercing bullet holes.

Major U.S. Executive Branch Treason Evidence

U.S. Naval Sixth Fleet Intervention Jets Did Not Arrive In 20 Minutes, Not In 30 Minutes - Not Ever!

While the attackers could have been driven off within, very likely, 50 to 55 minutes from the first isreali attacks, by already-launched U.S. jets, it was **over 16 hours** before the Liberty (slowly making way) finally met up any U.S. Naval surface ship assistance. U.S. Naval Air intervention would have saved the 25 Americans blown apart or drowned by the torpedo strike, and saved the lives and limbs of other crewmen from the enemy torpedo boat's concentrated machine gunning and cannon fire.

U.S. Sixth Fleet was also in the Mediterranean, roughly 500 miles west-northwest from Liberty's position when they received the urgent SOS - 'Ship Under Attack!'. Jets should have been allowed to begin repelling israeli forces within about 25 to 35 minutes of the distress call. LBJ and his many Zionist handlers in U.S. Government, together with Zionists worldwide, did not want help to arrive for Liberty's crew. **So it didn't!**

The Not Knowing

As noted earlier, the crewmen did not know whether still more terrorist jets or torpedo boats might again return to finish them off. Or, there was just as likely the possibility that an israeli submarine might take them out with one or two well-targeted torpedoes. These were just some of the unpleasant thoughts that were revisited by many of Liberty's crewmen throughout the rest of the day, through the long night, and on into the next morning, **with no U.S. military protection whatsoever!**

9 June - U.S. Govt. Terrorists Allow Naval Ships To Arrive!

Far off on the horizon, the silhouette of an American aircraft carrier appeared. Then, two American destroyers appeared and closed quickly on Liberty's position. After 16 long hours on their own, many crewmen believed they'd seen an end to the attacks. Questions of **why this was allowed to happen** - combined with the horrific loss of their shipmates and some shock from the attacks - ensured their stomachs still churned.

On seas strikingly calm and glassy-smooth, the USS Davis (DD-937) was able to come close along side - within just inches. Accompanying the Davis was another destroyer, USS Massey (DD-778). It wasn't too long before many of the 174 wounded, along with the Liberty's medics and doctor Keipfer, were able to benefit from greatly appreciated additional medical care from Davis' doctors and medics. Liberty and the destroyers were not long after joined by USS America (CVA-66) with it's additional, desperately needed, operating room and other medical care capabilities.

Importance Of Russian Intervention

Historic evidence reveals that, in addition to the seriously dedicated efforts of the Liberty's crewmen - that in instances were truly heroic - there is no question in my mind (as with many other researchers) that: **The approach of the Russian destroyer** - and that this ship's position was radar-detected and transmitted to the terrorist's helicopter-born assault force by israeli command - **absolutely helped, substantially, in preventing the third wave of israeli helicopter assault troop attacks!**

Likely too, this Russian destroyer cruising nearby, but keeping a few miles distant in case Liberty might seriously need assistance before Americans arrived, **may have prevented Zio-attacks - over several hours!**

As noted earlier, it is believed that records accurately recorded this vessel as Russian 626/4. Though, to this day, there has never been any official Russian acknowledgement of the presence of this destroyer, nor of it having intervened, in available Russian naval logs (apparently not even available to Russian naval personnel). The Soviet's destroyer (626/4) communicated with Liberty using English language Morse code.

USS Liberty attack survivor and long-time USS Lberty history presenter, John Hrankowski, stated in an interview in 2002:

"American ships arrived only in 16 hours after the attack.
A Soviet ship offered help to us on that night.
They said they would stay just at the horizon and,
if our ship began to sink, they would help us."

A Valued Relationship

Thanks to a relationship developed with USS Liberty survivor, dedicated spokesperson and advocate, John Hrankowski - and later, after his death, with his wife Mary Ann (and dog Baci) - I feel most humbly **honored** to be able to help in any small way to carry on 'Ski's mission', to this day.

Mary Ann, having learned of my efforts to try to educate as many Americans as possible over many years time - through revealing the story of the USS Liberty as a critically important educational example - sent me (among other thoroughly appreciated personal USS Liberty items that belonged to John) a number of John's USS Liberty duty covers (hats).

I was, quite simply, substantially stunned by this unexpected and most generous gesture. I fully understood the significance of this sharing of John's most personal items, that had been worn by this particular outstandingly tenacious educator and forthright crew member. Then, to be holding his posessions in my hands - not long after our still-growing friendship, was cut short by John's recent death - well...!

Despite years of involvement in motocross competition and moto-journalism, and years more in aviation, I only rarely (only in sailplanes) wore hats - even though many had been offered from numerous sources. That is, I only rarely wore hats, until I received such humbling and personal Hrankowski gifts. I was amazed at the realization that these two fine folks were enabling a reinforcement of my duty to educate through Mary Ann and John's apparent recognition of my dedication to sharing historic reality - especially the USS Liberty.

To this day, if you were to encounter me, I'm almost certainly wearing one of 'Ski's' duty covers. Each hat carries his signature **Ski** inside, and, a legacy of dedication to duty. I've near-to-but-not-fully worn-out two of John's Liberty caps in the years following his death in 2011.

I remain honored, beyond what I can easily say, by who these two fine Americans are to me, by what they both represent, for them choosing me, and honored by their combined support of my mission - a duty unfinished.

The Russian ship's crew - **no doubt aware of what Liberty being abandoned by their Government meant** - left only when U.S. Naval vessels approached the Liberty, many hours later. As fellow seamen, they left our ship-in-distress **only when** their moral obligation of oversight/protection ended.

Doctor/Lt. Richard Kiepfer (Later, Captain), USN

The sole doctor aboard USS Liberty, Lieutenant Richard 'Doc' Kiepfer, was operating on a crewman when a rocket penetrated many walls of the ship and struck the sickbay ceiling. While the light above them helped some to protect both Doc and the sailor, Doc Kiepfer took 11 shrapnel wounds across his abdomen, a broken kneecap, and a another wound to his other leg. He quickly strapped a lifevest around him to hold some quick bandaging in place and to help close his abdominal wounds. He then went on to finish his operation (and many more) - helping save the lives and limbs of so many seamen, throughout nearly 30 hours after the attacks!

Some Of USS Liberty's Wounded - Covering All Mess Hall Tables & Floor

Doctor Kiepfer was awarded for his **'gallantry in action against an enemy of the United States'** - the third-highest military award for valor - the Silver Star. Lt. Richard Kiepfer's actions in those hours, together with the two medics who were likewise nearly overwhelmed by the attackers monstrous and merciless brutality, deserve some significant

thanks from Americans today. Consider too all the crewmen who assisted Doctor Kiepfer and the medics. Those they treated know this debt well.

In order to understand fully what went on in trying to save the near **208+** dying and wounded, **I strongly suggest that readers go to the survivor's books, and to the documentaries that they have contributed to!** You deserve to get these details of the carnage and horror from the military men who lived through this, **betrayal, as only they can convey.**

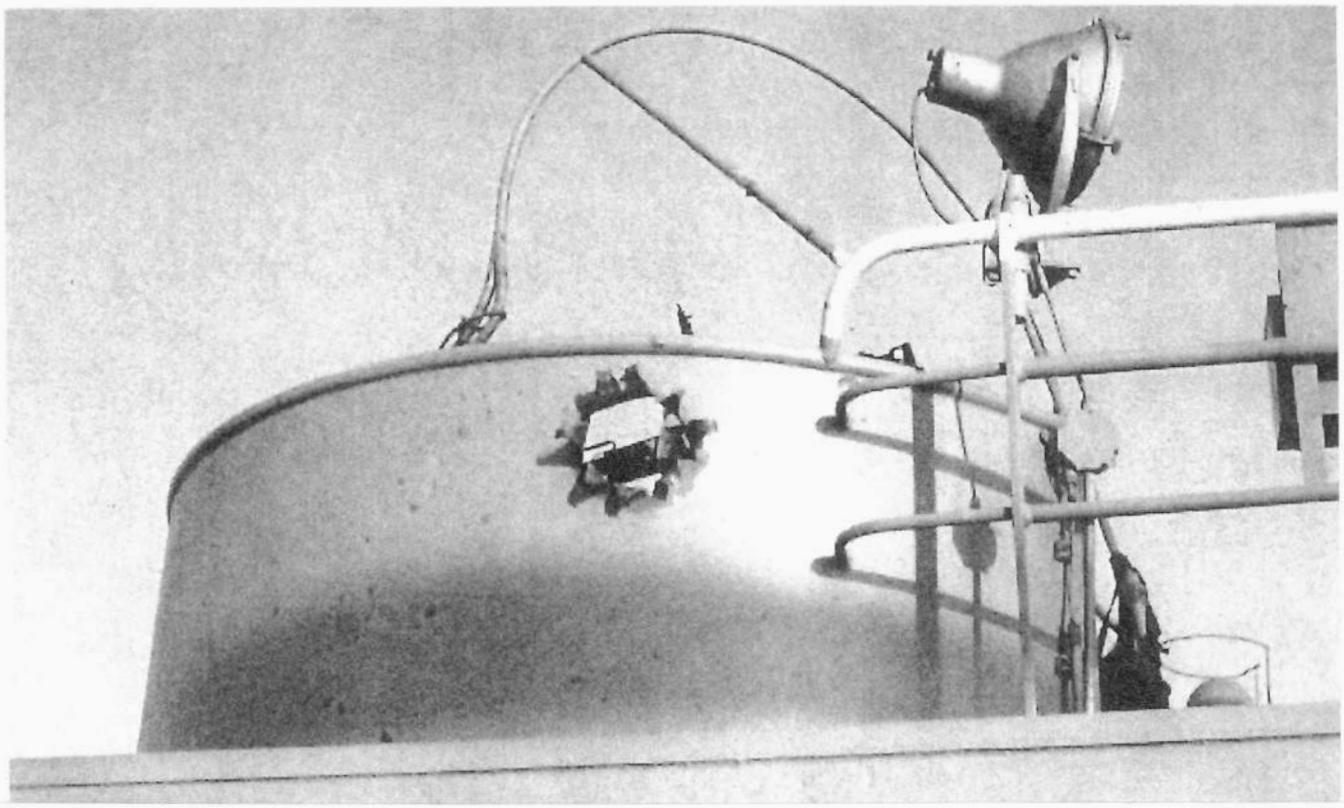

Only then can you even begin to understand these merciless, sub-human, **Khazarian Zionist israeli's long-time belief that "Any form of terrorist attack** (a very long history of assassinations, false flag bombings, orchestrated mass-shootings and 10+ nuclear attacks on Americans) **is considered to be a perfectly legitimate political tool."** [Just as with the huge chronologic documentation of wars & false flag attacks, around the globe, perpetrated by Khazarian Mafia/Zionist-israelis and by their worldwide assets, in conjunction with their U.S. Zionist Govt. assets.]

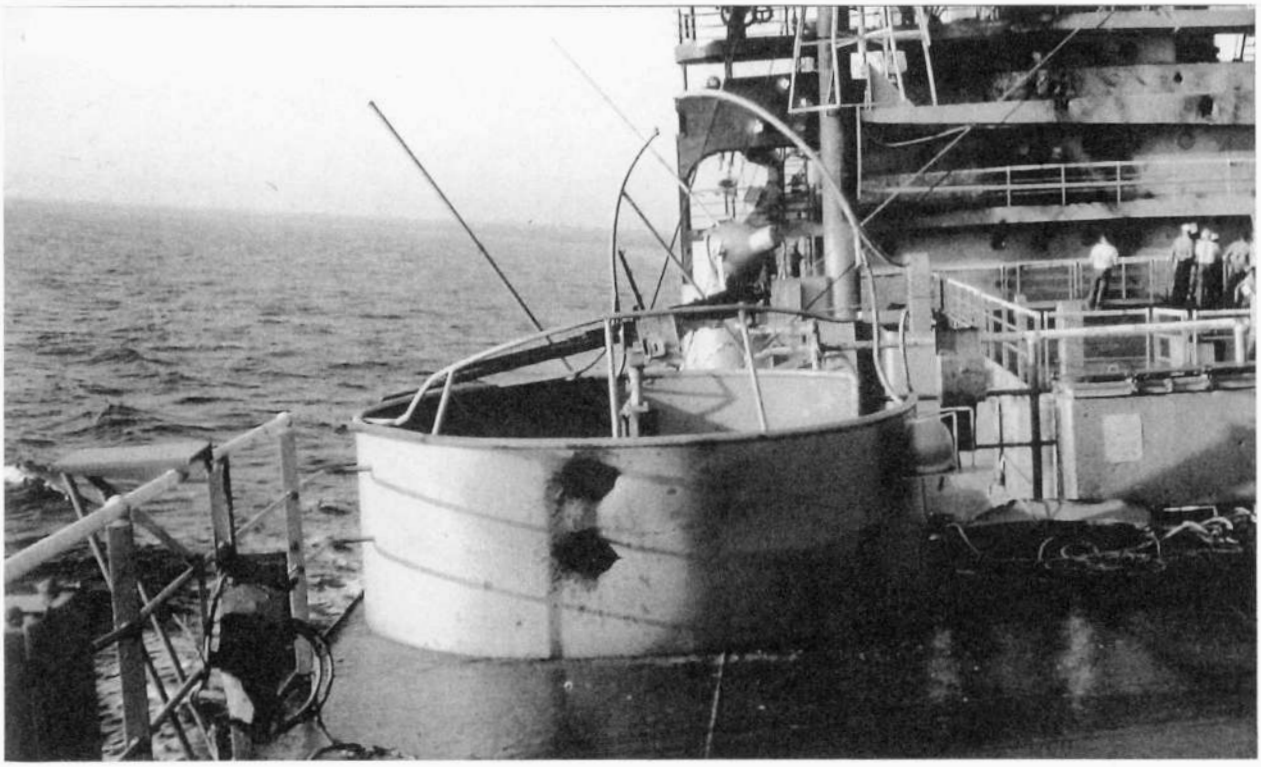

More Of Liberty's 174 Wounded Crewmen In Mess Hall Area

Using only the initial figures, the Liberty suffered **70% casualties.** A break down of those murdered in these attacks: 31 U.S. Navy (mostly officer/specialists), two U.S. Marines, and one CIA/civilian, Alan Blue.

Research has revealed that since the time these attacks ceased, **another 50 to 60 aboard the USS Liberty that day died, related in one way or another to their wounds.** So, **at least 84, to as many as 94 Americans dead** as a direct result of these attacks is likely accurate, at this point in my ongoing research. Because the surviving crewmen were so thoroughly threatened by Admiral Kidd to **'...never speak of the attacks, not to anyone...'**, some of the crewmen (understandably, considering the intensity of the threats delivered by an Admiral) did not stay in touch, to be able to compile the exact number of men who died "...related to complications from their U.S. Government-Enabled, enemy wounds".

Orders To Make Their Ship 'Presentable' Required Clean Up Of Remains Of Their Shipmates!

Liberty's crewmen who were not seriously wounded were next tasked with cleaning up the ship before they reached drydock - some six days away.

Many aboard Liberty wanted the ship repaired only enough to make her seaworthy again. They wanted all of the rest of the extensive attack damage visible, for when they eventually reached docking in the U.S.

This clean-up duty was largely performed on the exterior of the ship where a number of crewmen caught bullets, shrapnal, rockets and were caught in the hell of napalm fires - nine of Liberty's crewmen. Every enemy-weapons-damaged section of steel was to be cut out and patches were to be welded over them. Sensing a full cover-up, some crewmen were able to save some cut out sections where rockets penetrated their ship.

Drydock In Malta

An even more serious phase of ship clean up, repair and **cover-up** was undertaken once Liberty was secured within the drydock in Malta. Besides the blood, guts and body parts that were ordered to be cleaned away earlier, **every one of the thousands of holes** in the ship's exterior were ordered cut out or covered by welded-on steel plates, then painted.

And Worse - Liberty crewmen with security clearance and not seriously wounded - Communications Technicians who had worked shifts within the intelligence gathering secton of the ship - **were told they had to be the ones** to clean out the cavity where the torpedo detonated within the CT's area! It was a duty given to them - **they were told** - 'because of the classified intelligence equipment and materials within that space'.

In order to fully understand what these survivors went through while collecting their shipmate's body parts, as well as what it was like working for days within those spaces, I **must** refer you to the fine books written of Liberty's crewmen. Likewise, I refer you to the gut-grabbing recounting of survivors efforts regarding the CT spaces clean up, within TruHistory's fine four-part docuseries, **Sacrificing Liberty**. The impact of this experience continues to live within these survivors **to this day!**

A near-unimaginably difficult task of trying to piece together as many of his shipmates bodies as possible, from amongst the many human fragments created by the torpedo blast, was assigned to Communications Technician 1st Class Ronald Kukal. The remarkable recounting of Ron Kukal's ordeal is very personally relayed to you by audio/video within the Sacrificing Liberty 4-part docuseries. Some crewmen worked 30 days in this space, collecting body parts and removing sensitive equipment!

Six of their crewmen could not be identified. Their remains were buried together in Arlington National Cemetary, marked by a memorial headstone. The hugely-extensive U.S. Government cover-up extended to even the headstone for these shipmate's remains - and serves as still more evidence. The stone originally stated: "Died In Eastern Mediterranean". This could have meant they died in a bar fight! It took considerable time and effort, driven by outrage of crewmen and families of those lost, to finally revise the final text to reflect: "Killed USS Liberty".

U.S. Navy Pilots Sent To Repel Attackers

I learned only a few years ago that at least one of the American pilots that launched to help protect the crew of the Liberty and to kill the enemy attackers (but were called back soon after their launch), was so seriously pissed off and frustrated by the Return To Base order that soon after climbing out of the cockpit, he threw his flight helmet down onto the carrier deck - where the swift wind across the deck blew it overboard. Navy pilots, compelled by their duty to follow **orders that revealed pure U.S. Government treason**, were repulsed by the evidence: **No interdiction on the israeli's slaughter of Americans would be allowed!**

Another pilot, having been ordered to RTB, **continued on toward the attackers - to avenge the crew of the USS Liberty!** Eventually, he too was sufficiently threatened and convinced, that he had no choice but to Return To Base. I'd like to one day learn that this pilot was not seriously reprimanded for his moral and ethical dedication to be driven on to try to help protect Americans under attack. And, I'd like too, to be able to reveal more details on this particular pilot - details on all those involved who expected justifiable clearance to Do The Right Thing!

Operation Cyanide Documentation

I strongly suggest you read Peter Hounam's excellent research book, **Operation Cyanide: How the Bombing of the USS Liberty Nearly Caused World War Three** (published in 2003). On discovering this additional evidence, and having worked to verify revelations through a number of other long-trusted sources, I gained a still greater understanding of the complexities and previously uncovered details revealed by the well-documented and treasonous, mass-murdering tendencies of Zionist-Owned U.S. Government officials and their blood-thirsty israeli partners.

Operation Cyanide was to be launched in conjunction with the israeli terrorist's sneak-attacks on the nearby soverign nations of Syria, Jordan and Egypt. The isreali sneak-attacks on USS Liberty were clearly documented to blame the sinking of America's finest spy ship, killing all 294 men aboard, on Egypt! Zionists wanted Abdel Nasser targeted! [Almost every historic atrocity that Zionist terrorists (What Are Called israelis) have ever perpetrated have been false flag terror attacks!]

Remember, these beyond-evil-scum were first caught red-handed **murdering Americans** in Egypt (with British and Egyptians) in 1954. This terror groups first 20th century false flag attack on Americans, blowing up Americans in American gathering places, **was designed to begin what has, now, long been known as Islamophobia!** These Zionist, largely Irgun, terror attacks soon became known as the Lavon Affair, or Operation Suzannah, and (for its instructional lesson to future Zio-terrorists), Operation Failed Business - a beginning to a decade after decade string of Zionist-U.S. Govt false flag attacks on American military & civilians.

Of course, this enemy had been **blowing up British since the 1920s!** Irgun, run by Menachem Begin, blew up the King David Hotel 22 July 1946.

Op Cyanide was a hugely-important part of the enemy's June '67 war plan, from the onset. Cyanide was, in part, a long-planned takeover of all

Middle Eastern oil production and sales - plunder that was to be shared between Zionist israelis and their U.S. Government Zionist terrorist partners, together with Zio-partners in Britain and Australia, **and worse.**

The duty-bound efforts and bravery of Liberty's crew to save their ship and their shipmates, together with the natural, ethical and moral reaction of **intervention** by the Russian destroyer (626/4) commander, appears to have ruined the Khazarian terrorists dream of putting Liberty on the bottom of the Mediterranean, and prevented full Operation Cyanide implementation - thereby, **preventing a Third Khazarian Mafia World War!**

Operation Cyanide, it's oil grab, a nuclear World War III, and other 'add ons' - could have easily succeded, for the benefit of the world crime syndicate. Khazarian's centuries of successes make this clear.

Had This Enemy Of Humanity Sunk The Liberty...

If no survivors had been allowed to live - **as CinC Johnson insisted, and Mossad assured** - what we know may well have been hidden from history.

If the Liberty had sunk and pulled Americans into the Khazarian-Zionist's next World War, **Americans would have been stuck fighting in he Middle East ever since 8 June '67 - likely within a much larger theater!**

Massive evidence points to Egypt being blamed for sinking the Liberty. **Nuclear-armed U.S. jets were launched to nuke Cairo! Russia was on high nuke alert to strike against targets in the Zionist-occupied region of Palestine when the first bombs hit Egypt, to protect their partner!**

One can only imagine the devastation even a regional nuclear exchange would have wrought upon this portion of the world - if it could have been contained to just that region. Then you have to factor in all the political benefits that would likely come to the Zionists around the globe - within all of the governments they fully-control [almost all].

Without question, this (Not Our) U.S./Zionist Government's plan to lay blame for the Khazarian/israelis sinking of the Liberty - **the murder of 294 Americans** - on Egypt, was long-before strategized to suck the Soviet Union's (and China's) military forces and Government(s) into fighting either a regional, or a worldwide, nuclear war! Planning began in 1964.

What Good Is A U.S. Government-Enabled israeli False Flag Massacre Of Americans Without Gut-Wrenching Video To Stun, To Sadden And To Emotionally Propagandize American Citizen's Minds?

Senior enlisted aboard a submerged American submarine that day - SS-522, USS Amberjack - have leaked that they were there and very close by the Liberty throughout the attacks. Amberjack's crewmen have revealed that they heard every round hit the Liberty - heard every explosion - at times some thought their own sub was being attacked, because the sounds of munitions striking Liberty seemed so close and were so loud!

A few Amberjack crewmen said the explosions shook their boat so hard and were so loud, they felt like their boat might have been depth-charged!

Yet Another Clue: A Long-Planned U.S. Govt/israeli Terrorist False Flag! Unnamed intelligence community sources state that the entirety of the attacks on USS LIberty were filmed by crewmen aboard the USS Amberjack!

A few senior enlisted men aboard Amberjack have revealed (long afterward) that prior to setting out on their mission, special through-the-periscope image-capturing equipment was installed within the periscope, and in a space nearby to the periscope. This special gear installation took place **weeks before** Amberjack was ordered to 'shadow' the Liberty's movements in the Mediterranean in early June of 1967!

Evidence points to Amberjack being tasked with collecting video that was to be portrayed as **'The evil Egyptians sinking USS Liberty'** - in order to 'emotionally prepare' Americans for yet another war. Footage would have been rushed to the Khazarian's many Mossad/CIA-run propaganda/news outlets (Operation Mockingbird, established in 1950s) in order to 'stir a patriotic fervor within all Americans': **'The Liberty Must Be Avenged!'**

Still More Horrible Possibilities Worth Considering

There may well have been an even darker side to the presence of the American submarine USS Amberjack (and possibly another U.S. Navy boat).

Some Less Solid Indications Unearthed [& A Free Speech False Arrest] Up to this day's writing - 28 August 2023 **[16th anniversary of my False Arrest For Free Speech By Routt County, Colorado Government/Zionist Crime Syndicate Assets (Terrorist-Protectors and Terrorist-Supporters), for sharing, generally, a mere three-to-five-minute summary of Only the USS Liberty attacks with locals and visitors, over a few years time]** - I have only a certain number of confirmations, verifications and coinciding pieces of evidence pointing to this even darker side of 'theatric/political war fighting'. Consider it **part-speculation**, but speculation based upon many decades of **Forbidden** History ops methods.

There has been some suggestion of evidence - **unconfirmed evidence** - that is worth serious consideration. Imagine **if** it was, in historic reality, an American submariner aboard USS Amberjack who was ordered to launch the torpedo that struck the USS Liberty, killing 25, nearly sinking her!

Imagine further still, that an American submarine commander aboard Amberjack (or another American sub) **might** have been ordered by the U.S. Executive Branch to sink USS Liberty when the other part of the United States Zionist Government's Terror Force - the IDF/israeli air and sea forces - had failed in their mass-murdering mission on 8 June 1967!

Then too, there is **some evidence** that another, a more modern United States Navy submarine, was in very close proximity to the Liberty attacks as well: The SSBN-619 USS Andrew Jackson. Time and Place.

While some well-experienced U.S. Navy personnel - as well as some most senior USS Liberty survivors - believe that there existed a solid

probability that U.S. Navy's Andrew Jackson could have been ordered to 'sink Liberty to prevent classified information from falling into the hands of others', history suggests the following goal is most logical.

It is, to me, **most probable** that Andrew Jackson (like Amberjack) would have been tasked with making sure the USS LIberty was sunk by a torpedo, in order to provide the precipitating incident to begin this Zio-U.S. Government's nuclear attacks on Egypt (taking out Abdel Nasser) - fully implementing Operation Cyanide - and starting a U.S./Soviet Nuclear War!

Consider it simply 'Necessary Khazarian/U.S./Zionist Clean-Up Work' that our Andrew Jackson could well have been tasked with taking out the USS Liberty, if it proved necessary to make up for the israeli's failure to provide the instigating false flag event required for Operation Cyanide.

More Americans to be murdered, in yet another Khazarian Mafia/Zionist/ U.S. Govt. false flag operation, for the benefit of KM's global assets.

Another Very Dark Possibility Worth Consideration

In Malta's drydock, Liberty's high-security-clearance Communications Technicians were told that they were the only ones that could be allowed to retrieve their shipmate's bodies, and clean out those spaces, because of all of the classified material and equipment within that area.

What if, by far, the most classified material these crewmen collected, were fragments identifiable as pieces of a U.S. Navy-launched torpedo?

It could well be that collection of every one of the torpedo's fragments **was the most sensitive and secretive task** among equipment, documents and body parts - a task unsuspected by those doing the debris collecting!

Why Could Anyone Suggest Such Treason?

Massive and incontrovertible evidence exists that these exact same types of 'solutions' have been utilized for more than 2,000 years in order to achieve the greater need of the Khazarian Mafia, by utilizing easily-compromised, treasonous KM assets within most world governments.

Israeli-Sourced Evidence! - Intending To Prove Attack Was Accidental Reveals A Remarkable String Of israeli Torpedo Launch Failures

Possibly Worth Consideration - Though intented to disprove a deliberate attack, an israeli-documented unreliability of nearly 50 torpedoes previously launched by IDF boats - **provided by WACis - might** reveal some evidence that **(unintentionally)** further points to **a possibility** that the weapon that struck USS Liberty **might have been** a U.S. military weapon.

This book-documentation indicates that of 49 torpedoes launched within several years prior to the Liberty attacks - mostly in practice exercises - fully 49 missed their intended targets. One of these - **the WACis claim** - 'ran hot, circled back, and struck the boat that launched it'! israeli documentation further claims that the torpedo that struck Liberty was, therefore, only the rarest of possibilities. **[This book may have been a plant to cover israeli intent, as well as U.S. involvement!]**

First, it is ridiculed, second it is violently opposed,
and third, it is accepted as self-evident."

Other Submarines Were Observing And Gathering Intel

According to various trustworthy sources, also in the immediate vicinity were U.S. submarines SS-461 USS Requin and SS-481 USS Trutta. In addition to these U.S. boats, research indicates that, quite probably, the Soviet K-129, and at least one Italian and one French submarine were also very nearby, as well as a few 'locals' submerged in the area. **Many nations know of israel's assorted war crimes and atrocities - such as: The Massacre Of 1000 Surrendered Egyptians, Machine-Gunned 60 At A Time!** The mass graves were finally unearthed and documented in, I think, 1997.

When Did C-In-C/President Lyndon Johnson Know What?

Relying on the near-to-2300 7 June (in D.C.) White House tape transcript as evidence, it's clear that President Johnson's Mossad handler let LBJ in on the details of what he was fully expected to allow to happen, and enable, near to the 0500 time that USS Liberty entered the Med on 8 June.

It may be worthwhile to consider that among the many Zionist clandestine war planners within United States Government's Executive Branch and among their coconspirators abroad, it is very likely that **all of them** considered President Johnson **among the very last** they wanted to have any knowledge of this instigating event for a world war they'd long planned.

As with any United States President that was not killed (four were shot, three more poisoned), the Khazarian Mafia Zionists were supremely, and historically confident that this nation's 'leader' would do exactly as he was told. Besides LBJ owing a huge dept to Mossad for being the primary of three kill teams [Mossad/CIA/Mercs] to murder President John Kennedy - moving LBJ from Vice President to President - he was further 'nudged' toward full compliance by the Mossad agent's White House tape recorded sentence: "Remember, we control your corporate media!"

As one researcher who's studied this nation's foremost enemy-occupying force for close to 55 years, I'll here offer my gut reaction to these words from this Mossad agent - an interpretation based upon knowledge gained from an intense study of this Talmudic-monster's long history.

It is clear to me that this agent who called the meeting with this nation's President was not merely stating the obvious: If you fail to comply, our organization will destroy your reputation most thoroughly, then your finances. This agent was making it clear that the video tapes of LBJ butt-fucking the naked young boys will be out there for the world to see. 'Your reputation, your position of power, your finances, your entire life will be shit-canned if you fail to do what you are told!'

Lyndon Johnson Was The First United States President To Enable Full Alignment Of U.S. Policy With israeli Terrorists

Though most all of LBJ's assistance to these international terrorists, can be described as treasonous presidential acts for his own personal gain, the results of his not resisting this greed continue to be felt by all Americans - **continue to haunt all Americans** - and are felt by all those populations the Zionist israelis select as their terror targets!

Presidents John Kennedy and Dwight Eisenhower displayed the ethics and morality to resist these many-faceted Zionist temptations and threats.

It must be said that only to some small degree did President Harry Truman offer up any resistance. Evidence reveals that while each of his speeches up to a point were against the creation of a Zionist-Jew state, $1,000,000 in a suitcase handed to him aboard his campaign train at a whistle-stop, caused Truman to 'more and more enthusiastically' promote the savage invasion and occupation of Palestine by Khazarian subhumans.

The rest of this beyond-horror story led to near-unimaginable suffering, genocide and near-endless false flag terror attacks in so many nations - **the United States included!** It will take logic and guts to change this.

A Major President Lyndon Johnson/Zionist/Mossad Connection

Evidence reveals that begining in the days just before, as well as throughout the days later to be designated 'israel's Six-Day War', United States Commander In Chief/President Lyndon Baines Johnson was being thoroughly sexually 'serviced' by Mossad agent/honey-trap, Mathilde Krim - wife of United Artists Chairman and Zionist/Mossad front man, Arthur Krim. [Don't dare mention full Zionist-Jew US infestation!]

Arthur Krim, also happens to be Johnson's Zionist Texas neighbor, who also served as Chairman of the Democratic National Party Finance Committee - the fund raising organization that fueled the Democratic Party's, as well as each of Lyndon B. Johnson's, political campaigns.

As recognition for Zionist's dedication to enhancing both the wealth and level of power afforded LBJ by the assassination of President Kennedy, this Khazarian Radical-Extremist-Talmudic-Jew couple was awarded living space within the white Washington D.C. building that U.S. taxpayers fund and maintain for uppermost/official United States Government business. 'The Krim's White House Room 303' allowed Mathilde routine and easy access to this treasonous U.S. President, while offering these two the privacy they needed to ensure full Mossad control of this 'leader'.

Mathilde's extremely-close proximity to America's Commander In Chief enabled influencing Lyndon Johnson's thoughts, decisions and movements (together with 'Lyndon's johnson movements') regarding every aspect of American **military non-intervention and cover-up**, and release of each U.S. Govt. propaganda piece, in the long hours during and in days after israel's vicious execution of hours of merciless attacks on USS Liberty.

On 5 June '67 at 0430, President Johnson took a phone call from National Security Affairs Special Assistant/Zionist Walt Rostow, informing him that the israelis had attacked Egypt and Syria - 'War has broken out!'.

President Johnson knew the first person he wanted to share this news with was his Mossad mistress, sleeping nearby, Mathilde Krim.

Later on this 5 June day, President Johnson received a memo from Arthur Krim, stating that "Many arms shipments are packed and ready to go to Israel, but are being held up. It would be helpful if these could be released." Johnson got right on it, and huge supplies of U.S. taxpayer-

funded, U.S.-developed, weapons were top-priority-shipped to the blood-stained hands of the Zio-terrorists so thousands more could be murdered.

Within her days in the White House during those six-days-plus, Mathilde is noted to have made regular trips to the israeli embassy in order to pass on the most current Johnson White House discussions as well as to take on further guidance from her Mossad terrorist handlers.

Before Mathilde left for her routine israeli embassy intel dump one day, she gave LBJ a speech that emphasized 'America's duty to support israel and a reassurance of the U.S. Government's full backing of their ally's need to heartily defend themselves against the vicious aggression of all those around them'. Krim, no doubt, fully expected this speech to be delivered to the American people by President Johnson, word for word.

Indications are that Johnson later shared portions of this Krim/Mossad-recommended text with Secretary of State Dean Rusk. Somehow, this speech managed to be shelved.

Some Of The Many Zionists That Influenced Lyndon Johnson

Massive And Incontrovertible Evidence Exists: United States Government Has Long Been Infested With Zionist Fascist/Talmudic-Jew/Khazarian Terrorists

According to LBJ staff writer, Grace Halsell, "LBJ had a dozen or more close associates, aids and advisors who were both Jew and pro-israel": 'Walt Rostow at the White House; his brother Ugene (Rostow) at State; Arthur Goldberg, Ambassador to the United Nations; Abe Fortas, Associate Justice of the Supereme Court; Democratic Party fundraiser Abraham Feinberg (who was regularly relied upon for helping shape LBJ's Middle East Policy); White House Councils Leo White and Jake Jacobson' - and others, all easily identified for their enthusiastic support of Zionism.

Walt Rostow met frequently with the Minister at the israeli embassy, Ephraim Evron, during the days surrounding the United States/Zionist Government's failed attempt to start a nuclear World War III. In these meetings these two discussed Rostow's current level of control of LBJ, and Evron was brought up to date on all related White House dealings.

These Khazarian Talmudic-Jew Zionists made up a presidential 'cabinet' that very closely advised President Lyndon Johnson on a daily basis, throughout the days surrounding the failed false flag attacks on USS Liberty, as well as throughout all his years selling out every American citizen from his assassination-triggered position in the Oval Office.

Besides the large number of Talmudic-Jew Zionist advisors that Johnson routinely relied heavily upon, there were of course a number of other Zionist officials, advisors and friends around LBJ that helped direct his views, and America's actions. Others advising LBJ were McGeorge Bundy, Clark Clifford, Harry McPherson, John Roche, and Ben Wattenberg. [Most US Administrations have been **more than heavily Zionist-influenced**]

Documentation of these many Khazarian Zionists infesting United States Government, as well as to what degree they influenced both American and world events, can be found with some effort in a wide variety of places.

The six-point symbol shown was long-observed upon a red shield affixed to the main door of a particular infamous, tyrranical, ruthless and murderous Khazarian Talmudic-Jew 'family' in this planet's earliest **Forbidden** History. Captain McGonagle's Medal Of Honor Presentation And Citation Details More U.S. Govt. Terrorist-Protecting/Supporting Cover-Up Evidence

The story of **massive betrayal of the USS Liberty's crew** contains so many thoroughly disgraceful details. Some must not be overlooked.

Before any consideration of awarding the Medal Of Honor to (then) Cmdr. William McGonagle, this (Not Our) Government first asked the israelis for their approval - **just to make sure the Zionists had no objections!**

As revealed later by Captain McGonagle himself while under the influence of the drug, alcohol - and in testimony most obviously revealing a soul-wrenching regret - McGonagle shared the following: He was promised his fourth stripe promotion from Commander to Captain; He would be awarded the Medal Of Honor; and he would enjoy a new/desirable command position. In exchange, McGonagle was expected to agree that the Zionists version of what happened to the Liberty that day was reality! He complied. Though, later, Captain McGonagle declared the attacks were deliberate.

Together with a Presidential Unit Citation for him and Liberty's crew, McGonagle was presented with a Medal of Honor, but not in a traditional ceremony. The following details emphasize more - the level of cover-up and the level of control Zionists had achieved in the US by 11 June '68.

Historically, Captain McGonagle's Medal Of Honor is one of only three MOH not awarded by a U.S. president, in the White House. Captain William McGonagle received his nation's highest honor for valor in the Washington Navy Yard, from the Secretary of the Navy, Paul Ignatious. This situation transpired, while President Johnson was extremely busy awarding diplomas to some high school students - at about the same time, on the same day. [MOH: Lt Walter Marm Jr '66, Cpt Harvey Barnum Jr '67]

Though McGonagle's MOH Citation notes "Eastern Mediterranean", the MOH website says: "Vietnam War - U.S. Navy"; & "Conflict/Era: Vietnam War."

Neither the Presidential Unit Citation nor the official U.S. Congressional record regarding the MOH McGonagle received mentions israel!

A Perpetual Massive Cover-Up Of An Act Of War, War Crimes & Treason

To this day, U.S. Government's official position regarding USS Liberty, as restated repeatedly within the responses to Liberty survivor's thousands of letters to Zionist-terrorist-supporting civil servants that have been allowed to infest almost every part of this, Not Our, US Govt:

No U.S. Navy Or U.S. Government Investigation Ever Took Place

U.S. Navy and U.S. Government investigations, which (both historically & logically) should have required at very least six months to conclude, were controlled by our Treasonous U.S./Zionist Government Executive Branch politicians. The Navy Board of Inquiry's 'proceedings' were over in seven days! United States Zionist-Government puppets refused to go anywhere near this false flag. No one is allowed to bring it up again.

Numerous USS Liberty survivors have put forth **enormous efforts**, over the many decades, in attempts to get this (Not Our) Government to finally open a legitimate investigation into the attacks upon their ship - the cold-blooded murder and wounding of at least 208 of the 294 crewmen.

From Exec. Editor of the Washington Report on Middle East Affairs

Executive Editor of the Washington Report on Middle East Affairs, Richard Curtiss, frequently points out that: "It [The USS Liberty Attack] is the only such event in U.S. Naval history the cause of which has never been formally investigated either by Congress or by the Navy itself." [Congress did recognize their duty to investigate, **baseball!**]

Many honest, ethical and morally conscious individuals - like WRoMEA Exec-Editor, Richard Curtiss - have, likewise, worked tirelessly to try to bring light to this horiffic example of **a treasonous U.S. Government, controlled by a world crime syndicate.** They too have tried to educate Americans on what the survivors and the families of those lost, have had to endure through fully **56 years of serious enemy-occupation/cover-up.**

Many who care about what has happened to this nation - loyalists who are not afraid to speak of **the most important truths** - have likewise felt duty-bound to try to educate as many as possible with **Forbidden** History surrounding this massively educational USS Liberty false flag attack.

Two U.S. Senators who did their best to try to bring attention to the Liberty attacks had their careers destroyed - one of them was jailed!

Liberty's Crewmen Were Horrifically-Betrayed By U.S. Govt.

They were set up for mass-murder long before 8 June 1967; when rescue jets that would likely have saved 25 crewmen killed by a torpedo, were **called back, twice, Liberty's crew was abandoned** - left unprotected - by Naval air and sea forces for 16 hours after their SOS; they were forced to clean away attack damage instead of allowing Americans to see what israeli terrorists did to them; they were forced to pick up and sort the body parts of their shipmates; they were threatened with heavy fines and life in Leavenworth, **or worse**, if they ever revealed anything about the attacks to anyone - not to their shipmates, not their families and

especially not to the press; their eyewitness testimony of the attacks was **ignored**; they were split up and sent to duty anywhere but together - **as if they had done something wrong**; they have been refused a legitimate investigation over a thousand times; none of their awards mentions the terrorist attackers; and, some crewmen's DD-214 forms do not even mention their awards or their ever having served aboard the USS Liberty!

Findings of the Independent Commission of Inquiry into the Israeli Attack on USS Liberty, the Recall of Military Rescue Support Aircraft while the Ship was Under Attack, and the Subsequent Cover-up by the United States Government

Former Assistant Commandant of The Marine Corps

Rear Admiral Merlin Staring, United States Navy, (Ret.)
Former Judge Advocate General Of The Navy

Ambassador James Akins, (Ret.)
Former United States Ambassador to Saudi Arabia

We, the undersigned, having undertaken an independent investigation of Israel's attack on USS Liberty, including eyewitness testimony from surviving crewmembers, a review of naval and other official records, an examination of official statements by the Israeli and American governments, a study of the conclusions of all previous official inquiries, and a consideration of important new evidence and recent statements from individuals having direct knowledge of the attack or the cover up, hereby find the following: **

1. That on June 8, 1967, after eight hours of aerial surveillance, Israel launched a two-hour air and naval attack against USS Liberty, the world's most sophisticated intelligence ship, inflicting 34 dead and 173 wounded American servicemen (a casualty rate of seventy percent, in a crew of 294);

2. That the Israeli air attack lasted approximately 25 minutes, during which time unmarked Israeli aircraft dropped napalm canisters on USS Liberty's bridge, and fired 30mm cannons and rockets into our ship, causing 821 holes, more than 100 of which were rocket-size; survivors estimate 30 or more sorties were flown over the ship by a minimum of 12 attacking Israeli planes which were jamming all five American emergency radio channels;

3. That the torpedo boat attack involved not only the firing of torpedoes, but the machine-gunning of Liberty's firefighters and stretcher-bearers as they struggled to save their ship and crew; the Israeli torpedo boats later returned to machine-gun at close range three of the Liberty's life rafts that had been lowered into the water by survivors to rescue the most seriously wounded;

4. That there is compelling evidence that Israel's attack was a deliberate attempt to destroy an American ship and kill her entire crew; evidence of such intent is supported by statements from Secretary of State Dean Rusk, Undersecretary of State George Ball, former CIA director Richard Helms, former NSA directors Lieutenant General William Odom, USA (Ret.), Admiral Bobby Ray Inman, USN (Ret.), and Marshal Carter; former NSA deputy directors Oliver Kirby

and Major General John Morrison, USAF (Ret.); and former Ambassador Dwight Porter, U.S. Ambassador to Lebanon in 1967;

5. That in attacking USS Liberty, Israel committed acts of murder against American servicemen and an act of war against the United States;

6. That fearing conflict with Israel, the White House deliberately prevented the U.S. Navy from coming to the defense of USS Liberty by recalling Sixth Fleet military rescue support while the ship was under attack; evidence of the recall of rescue aircraft is supported by statements of Captain Joe Tully, Commanding Officer of the aircraft carrier USS Saratoga, and Rear Admiral Lawrence Geis, the Sixth Fleet carrier division commander, at the time of the attack; never before in American naval history has a rescue mission been cancelled when an American ship was under attack;

7. That although Liberty was saved from almost certain destruction through the heroic efforts of the ship's Captain, William L. McGonagle (MOH), and his brave crew, surviving crewmembers were later threatened with "court-martial, imprisonment or worse" if they exposed the truth; and were abandoned by their own government;

8. That due to the influence of Israel's powerful supporters in the United States, the White House deliberately covered up the facts of this attack from the American people;

9. That due to continuing pressure by the pro-Israel lobby in the United States, this attack remains the only serious naval incident that has never been thoroughly investigated by Congress; to this day, no surviving crewmember has been permitted to officially and publicly testify about the attack;

10. That there has been an official cover-up without precedent in American naval history; the existence of such a cover-up is now supported by statements of Rear Admiral Merlin Staring, USN (Ret.), former Judge Advocate General of the Navy; and Captain Ward Boston, USN, (Ret.), the chief counsel to the Navy's 1967 Court of Inquiry of Liberty attack;

11. That the truth about Israel's attack and subsequent White House cover-up continues to be officially concealed from the American people to the present day and is a national disgrace;

12. That a danger to our national security exists whenever our elected officials are willing to subordinate American interests to those of any foreign nation, and specifically are unwilling to challenge Israel's interests when they conflict with American interests; this policy, evidenced by the failure to defend USS Liberty and the subsequent official cover-up of the Israeli attack, endangers the safety of Americans and the security of the United States.

WHEREUPON, we, the undersigned, in order to fulfill our duty to the brave crew of USS Liberty and to all Americans who are asked to serve in our Armed Forces, hereby call upon the Department of the Navy, the Congress of the United States and the American people to immediately take the following actions:

FIRST: That a new Court of Inquiry be convened by the Department of the Navy, operating with Congressional oversight, to take public testimony from surviving crewmembers; and to thoroughly investigate the circumstances of the attack on the USS Liberty, with full cooperation from the National Security Agency, the Central Intelligence Agency and the military intelligence services, and to determine Israel's possible motive in launching said attack on a U.S. naval

vessel;

SECOND: That every appropriate committee of the Congress of the United States investigate the actions of the White House and Defense Department that prevented the rescue of the USS Liberty, thereafter threatened her surviving officers and men if they exposed the truth, and covered up the true circumstances of the attack from the American people; and

THIRD: That the eighth day of June of every year be proclaimed to be hereafter known as USS LIBERTY REMEMBRANCE DAY, in order to commemorate USS Liberty's heroic crew; and to educate the American people of the danger to our national security inherent in any passionate attachment of our elected officials for any foreign nation.

We, the undersigned, hereby affix our hands and seals, this 22nd day of October, 2003.

*IN MEMORIAM: General of Marines Raymond G. Davis, one of America's most decorated military heroes (including the Congressional Medal of Honor), Vice Chairman of this panel and one of the principal members of this Independent Commission of Inquiry, passed away in Conyers, Georgia, on September 3, 2003.>

** [1] Captain Ward Boston, USN, JAGC, Ret, the chief Navy attorney for the 1967 U.S. Navy Court of Inquiry into the Israeli attack, has recently come forward to repudiate the Court's conclusion that the attack was "a case of mistaken identity". Captain Boston has revealed that all available evidence, in fact, pointed in exactly the opposite direction - that it was a deliberate attack on a clearly identified American ship. In his affidavit dated October 9, 2003, Captain Boston states, "Admiral Kidd and I believed with certainty that this attack, which killed 34 American sailors and injured 173 others, was a deliberate effort to sink an American ship and murder its entire crew. I am certain that the Israeli pilots that undertook the attack, as well as their superiors who had ordered the attack, were aware that the ship was American." [See Exhibit attached]. Captain Boston stated that he has personal knowledge that Admiral Kidd found the attack to be "a case of mistaken identity" in 1967 only because he was under direct orders to do so by Defense Secretary McNamara and President Johnson.

[2] Lieutenant Commander David E. Lewis, USS Liberty's chief intelligence officer (who was severely wounded in the attack) has reported a conversation with Admiral Lawrence R. Geis, the Sixth Fleet carrier division commander, who visited Lewis after he had been medically evacuated by helicopter to the aircraft carrier USS America. According to Lewis, "He (Admiral Geis) said that he wanted somebody to know that we weren't forgotten" attempts HAD been made to come to our assistance. He said that he had launched a flight of aircraft to come to

our assistance, and he had then called Washington. Secretary McNamara came on the line and ordered the recall of the aircraft, which he did. Concurrently he said that since he suspected that they were afraid that there might have been nuclear weapons on board, he reconfigured another flight of aircraft - strictly conventional weaponry - and re-launched it. After the second launch, he again called Washington to let them know what was going on. Again, Secretary McNamara ordered the aircraft recalled. Not understanding why, he requested confirmation of the order; and the next higher in command came on to confirm that "President Johnson...with the instructions that the aircraft were to be returned, that he would not have his allies embarrassed, he didn't care who was killed or what was done to the ship "words" to that effect. With that, Admiral Geis swore me to secrecy for his lifetime. I had been silent up until I found out from Admiral Moorer that Admiral Geis had passed away" [transcript from NBC's Liberty Story, aired on national television 1/27/92]. This statement by Commander Lewis has recently been corroborated by Tony Hart, a Navy communications technician stationed at the U.S. Navy Base in Morocco in June, 1967. Mr. Hart connected the telephone conversation between Secretary McNamara and Admiral Geis and stayed on the line to keep them connected. Hart has been recorded as saying that he overheard Admiral Geis refusing McNamara's order to recall the Sixth Fleet rescue aircraft while the ship was under attack. Mr. Hart reported that McNamara responded, "we are not going to war over a bunch of dead sailors."

[3] New evidence of intercepted radio communications between attacking Israeli pilots and the Israeli War Room, recorded by a U.S. Navy EC-121 spy plane, in which the Israeli pilots report seeing Liberty's American flag flying, has been collected by investigative author James Bamford - for 9 years the Washington Investigative Producer for ABC's World News Tonight with Peter Jennings (and author of Body of Secrets, which includes a chapter entitled Blood about the attack on USS Liberty). A similar radio message was intercepted by the EC-121 from the Israeli motor torpedo boats. This corroborates statements by surviving crewmembers, by Ambassador Dwight Porter, and by senior National Security Agency officials concerning NSA intercepts of Israeli pilot communications identifying the ship as American.

(Quotes from **Sacrificing Liberty** - fair use/for educational purposes.)

"It has nothing to do with a religion - it's the politics of Zionism."

I must add: **Commander Lewis calls out the exact threat to humanity that Albert Einstein warned us about in 1948!** I believe it is **possible** that he did not want to get into the details regarding the forces driving this monstrous enemy. For Khazarian Talmudic-Jew Zionists, destruction of civilization is what drives them toward each new conquest - unto death.

Khazarians were warned by Russia and by Persia, with exact warnings that began in about mid-600 AD and continued into the mid-1200s, to: quit their barbarous ways; adopt one of three religions; and 'clean up their act'; or they'd all be destroyed. They detected the coming attacks, and fled. [See The Hidden History of the Incredibly Evil Khazarian Mafia] Khazarians (**falsely** believed today to be Semitic-Jews) chose to adopt a beyond sinister, Baal-worshiping, Talmudic-Judaism. Instigating wars; world terrorism; assassinations; child sacrifice; sex slave trade; human organ theft and trafficing; drug production and distribution; blackmail; bribery; fraud; extortion; coercion of all sorts; **along with a mastery of Babylonian Money Magick and debt-enslavement**; is even more a part of their beyond evil sub-human culture today than it was in 1250! Studying the Talmud (not the cleansed versions, the actual text of the original) offers too many repulsive examples of what these filth are capable of.

"Of the 34 killed that day, 28 worked for me."

"I never should have survived. I was ten feet [away] when the torpedo detonated!"

"I know Kennedy was going straighten things out with israel. Eisenhower actually did - he cut the money off until they did what he wanted. But affer Johnson, they had free reign of anything they wanted, anytime they wanted. It's been that way ever since!"

"We won't defeat Zionism controlling America until you accept the truth of what has happened in the past."

"If my troops had known the President of the United States was attempting to kill all of 'em, it might have been the first mutiny the Navy ever saw!"

- Introduction -

To The Good Citizens Of Routt County, Colorado

Among Six Decades Of Evidence Of Routt County Corruption, Here's Just One Very Briefly Summarized Example Of Organized Crime Activity and Disgusting Criminality At The Uppermost Level Of Government.

Realization of **Forbidden** History can be disturbing - frightening to the weak. It is always better to **know**, than to not know.

Founding Fathers James Madison, Alexander Hamilton and John Jay **warned us** in their prophetic words in The Federalist Papers. "In framing a government which is to be administered by men over men, the great difficulty lies in this: You must first enable the government to control the governed; and in the next place oblige it to control itself."

Every American citizen **deserves** to be free to learn their actual - their hidden, their **Forbidden** - history. Though by far, most are not yet aware, the number of Americans **'awakening to historic reality'** is increasing exponentially. Evidence of this awakening is now not difficult to detect.

Having learned of such historic and horrific Forbidden Knowledge events - over 48 years of research - to not share them, would make me a part of the problem. I will **never** be a part of this problem. **Forbidden** History **Matters!**

This is not about me. I am a messenger, an educator, on a War Mission. This is about **Forbidden** History **and tyranny that daily effects all of our lives!**

This is about educating the good citizens of Routt (and beyond), to motivate you to take the necessary steps to begin to reverse the gradual, perpetual degradation of the quality of your lives, **your children's lives** - an oppression anyone breathing couldn't possibly not notice or be unaffected by.

As you will soon learn from the unmistakably blatant malice and purely premeditated crimes committed against me personally by **many** 'trusted' Routt County elected/appointed 'civil servants', **these gang members act effectively to Stop Historic Truth Sharing that reveals their controlling crime syndicate.** They've gotten away with psychopathic-thug behavior **so often and for so long,**

they clearly must believe that They Are Above The Law!

An enemy unmolested is an enemy greatly emboldened.

Blatant Documented criminals, especially **tax-paid**, long-time elected and empowered politician- and bureaucrat-holes **Must Be Held Responsible** for their Idiot-Criminal Choices and purely Organized Crime Actions. Otherwise, we honest citizens continue on as the frog in the pot of ever-warming water.

As my evidence of the brazen nature of the crimes committed by these Routt County bureaucrats clearly reveals, these criminals **surely never expected citizens of Routt County (and beyond) would ever learn their exact choices of actions - precisely, and word-for-word - as they each broke more than 80 and some more than 100 laws associated with Just One Crime Syndicate Goal!**

These 'prominent' Routt Government scumbags never imagined Routt residents would be able to Hear Their Voices - Threatening With The Words They Each Chose - While Breaking So Many Laws, within their assault to: Try To Stop My Revealing Forbidden History/Hide Routt Govt. Crimes/Run Me Off My Land!

- Introduction -

Consequences of their combined collusion (extensive criminal efforts by these 'trusted Routt bureaucrats') **have extended daily for nearly 15 years!** [in 2016] **Nine Years Illegally Run Off My 33-Year-Deeded Land, using their Crime Syndicate/Dark Version of Routt's 'legal system'! Clearly Implicated As Key Crime Syndicate Members: Judge james h garrecht, former District Attorney ed veronda, Attorney larry d combs, former Sheriffs gary wall and john warner, and former Under Sheriffs dave bustros and dan taylor, former RCSO's jeffery bond & ken klinger,** together with **many more** in Routt County, **like Key Syndicate Assets (The Nightmares) sue & jeff petersen!** [See **Meet The petersens, sue & jeff**, elsewhere among these documents]

As revealed by insiders, these Routt County criminals - a substantial portion of the local arm of this crime syndicate - went into action against me for revealing **just one event** in America's **Forbidden** history. One senior RCSO insider/informant revealed that I was followed on a daily basis by Routt County Sheriffs Office crime syndicate members, **everywhere I went** - even while walking my dog in town! **Forbidden History Reveals Govt. Tyranny!**

Up until this point, today, I have not earned so much as a dog leash citation throughout my 38-year association in Routt County, Colorado (I've **owned** my land **outright** since early 1983) - not a moving citation, **nothing!**

Not one citation, nor warning, despite the fact **the Nightmares** (trying to purchase next door), **sue & jeff petersen-hole,** have compiled an extensive, **many-year history of Very Seriously criminally harassing me - Always With Clear Intent To Provoke and Always Failing.** jeff and sue have utilized the most absolutely juvenile and idiotic harassments. Harassments that include a chronology of **routine** trespassing - at times with a trac-hoe, a bulldozer, **repeatedly** with water trucks, and on foot to try to provoke physical violence. Serious criminal harassments that include **Threatening me And My Dog with a Deadly Weapon on Three separate occasions!** Both petersens were **caught lying and directly disobeying RCSO's** (one apparently ethical) Sgt. McDaniel, **within just two hours of him instructing sue and jeff petersen to Quit Harassing Me!**

All these years of petersen's crimes were Not Just Allowed by Routt County Sheriff's Office (and Directed by their crime syndicate), too many of these crimes are Extensively Documented to be Clearly Assisted By RCSO Criminals!

About now, you might be wondering: **Just how important could revealing just one decades-old event in America's 240-year history be?**

When preparing to dedicate a library memorializing this multi-decade **Covered Up** event in the lake-side community of Grafton, Wisconsin in 1989, **huge numbers of substantiated serious threats** were made clear to virtually every village-connected citizen involved, including their family members. These threats came from groups with names you hear regularly though you probably never imagined they are front groups for this planet's oldest, most successful, **most disgusting** crime syndicate/terrorist organization.

In order to try to help ensure the safety of the village-folk, together with survivors of the event and the families of the 208+ Murdered/Wounded attending this Memorial Library Dedication: SWAT teams with snipers were deployed upon the roofs of the library and other buildings on the street; threat-specific K-9s searched the library and surrounding buildings for bombs **[This enemy was first caught red-handed Blowing Up Americans (HE) in 1954!]**; & many law-enforcement personnel from all around were required, together with police escorts for attending survivors and their family members. **That important! History That Routt Bureaucrats/State/U.S. Governments Don't Want You To Know!**

This **Open Letter To A Criminal** is **exactingly** supported by meticulously detailed, researched and documented evidence - as is a **book I am working on** covering **Six Decades Of Corruption** In Routt County/**Ski Town USA** government.

"A nation can survive its fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and he carries his banners openly. For the traitor appears not traitor, he speaks in the accents familiar to his victims, and he wears their face and their garments, and he appeals to the baseness that lies deep in the hearts of all men. A Benjamin Netanyahu Quote From 1990
Khazarian Zionist Fascist Terrorist - Always
isreali Prime Minister 1996-1999, 2009-2021 & 2023->

Much of the following scenario was outlined initially **in 1990** in a discussion at Fink's Bar in Jerusalem. At the head of the table was Netanyahu. The group at the table had just stolen five American KG 84 cryptographic devices with the help of the Canadians serving with the UNTSO on the Golan Heights, giving this israeli-led cabal real-time access to all U.S. State Department, Naval and NATO communications. This is a transcribed **quote taken from a U.S. Defense Intelligence Agency recording of Netenyahu at that meeting:**

"If we get caught they will just replace us
with persons of the same cloth,
so it does not matter what you do.
America is a golden calf and we will suck it dry,
chop it up, and sell it off piece by piece
until there is nothing left
but the world's biggest welfare state
that we will create and control.
Why? Because it is the will of God
and America is big enough to take the hit
so we can do it again and again and again.
This is what we do to countries that we hate.
We destroy them very slowly and
make them suffer for refusing to be our slaves."

A Direct Relationship To The israeli False Flag/ U.S. Government-Enabled Terrorist Attacks On USS Liberty

America's youngest officer to be promoted to Rear Admiral (in 1966), was decorated **naval aviator**, George Stephen Morrison. My research indicates that Rear Admiral Morrison reached this rank relatively quickly, at age 47, due in no small part to his history of effectiveness, his dedication to duty, his assertiveness in air battles and his motivating patriotism.

A video interview with Admiral George Morrison, and Jim's sister Anne, reveals that George's son Jim had visited him aboard each of the U.S. Navy ships that Admiral Morrison was put in command of over the years. From this and other sources it is clear that the two men had a close relationship, prior to the time Jim moved out, heading to college.

George Morrison's service record documents his duty in World War II; at White Sands, NM Missile Test Facility (NOMTF); in the Korean War; at Los Alamos; and in Vietnam. In 1963 CAPT Morrison was chosen to take command of the Essex-class aircraft carrier Bon Homme Richard **CVA-31**, flagship of the 3rd Fleet Carrier Division (today's Carrier Strike Group) in the Pacific.

CVA-31 USS Bon Homme Richard in the Tonkin Gulf, 2 November 1964

Morrison was in command of this Carrier Division during the so-called **'Gulf of Tonkin Incident' in 1964 - The KM/U.S. Government's claim of attacks on U.S. ships by North Vietnamese seaborn forces**, leading to an **illegal invasion** of Vietnam, as well as portions of Cambodia and Laos.

Imagine Now, George Morrison's Exposure To 'The Workings' Of The Long-Time Khazarian-Zionist-Owned U.S. Executive Branch

In early August of 1964, thoroughly compromised, terrorist-supporting U.S. national security personnel, politician-holes and bureaucrats - fulfilling requirements of the Khazarian Mafia - put into play a yet another grand scheme *: A plan concocted long before to take America into fighting and dying in yet another war for the World Crime Syndicate. [* Another scheme, like the one to overcome American's isolationist leanings and involve U.S. in World War II - See **World War II - 3 October 1940 McCollum Memo: Overcoming U.S. Isolationism, and, Charles Lindbergh's 11 September 1941 Speech on avoiding a U.S./WWII**]

Treasonous subhumans in U.S. Government **made up a story** around a rational North Vietnamese response on 2 August 1964 to a long series of KM/DoD/CIA-directed South Vietnamese attacks on North Vietnamese coastal emplacements - a story that resulted in 10 long years of U.S. Government involvement in South-East Asia, and, **the destruction of oh so many American's lives** (together with a million+ in Vietnam, Laos & Cambodia).

In 1963, America's Department of Defense, CIA and Executive Branch were clearly substantially infested with crime syndicate assets in key, uppermost positions. These enemy assets orchestrated a series of U.S. harassments of the North Vietnamese people - using South Vietnamese forces (together with, most likely, other CIA mercenaries) as proxies - SOP. These crime-syndicate-compromised mass-murderers came up with Operations Plan (OPLAN) 34A, to be 'overseen' by the DoD.

Under Ops Plan 34A, South Vietnamese combat forces - operating with more formal direction by the CIA in the field - were tasked with what were thinly veiled as 'reconnaissance missions', but were in reality a many-month-long series of shoreline hit-and-run attacks against whatever radar facility or military outpost that Khazarian Zionist-controlled, warmongering assets installed in high U.S. Government positions, could identify as likely 'response-triggering' targets.

In 1964, following some South Vietnamese/merc/CIA-directed attacks on the North on 2 August, these strike force naval vessels quickly left the area. This left only a nearby American destroyer, operating in international waters off the coast, tasked with performing signals/ electronic surveillance (SIGINT) operations: USS Maddox (DD-731).

North Vietnamese forces most likely were aware that the U.S. Govt. was - as is historically common - the driving force behind the long series of South Vietnamese and merc coastal attacks against them *. The 20-minute (I believe fully justifiable) military engagement that did actually take place on 2 August, was just the North sending a message: 'Quit fucking with us, assholes!' These naval forces of the North, of course, took a serious beating as a result that day, from both sea and air U.S. forces.

*This U.S. Government has a long, only somewhat hidden history of covert KM/Zionist-directed harassing attacks on virtually every continent (to provoke an appropriate response they could 'create a theatric event around') - as well as **many, Khazarian Mafia/CIA-orchestrated 'regime change' operations - on many nations.** The thoroughly criminal history of regime change operations - orchestrated primarily for the benefit of their World Central Bankers - is an excellent lesson in **Forbidden** History, by itself. Many installed in U.S. Government, of course, share in the related profits - as many of you must certainly have witnessed.

The sinister reputation as a **World Crime Syndicate-Owned** "Greatest Nation Ever In The History Of The Planet" is long-known and far more widespread than the KM's U.S. Govt. would like. Worldwide knowledge of **American military forces being used as 'a Hammer for the Khazarian Mafia Zionists'** was substantially expanded upon in early December of 2014 when Gordon Duff, Senior Editor of Veterans Today, delivered an historic keynote address at the International Conference on Combating Terrorism and Religious Extremism, held in Damascus, Syria. 68 nations took part.

For just one additional glimpse into the machinations of this, **Not Our, CIA**, research **Operation Northwoods.** Among the proposed false flag CIA terrorism attacks, tax-paid/U.S. Government-approved terrorists were to shoot down an American airliner, or sink a U.S. ship, and blame it on Cuba, in order to facilitate an invasion on that nation. President Kennedy, when presented with this 'suggestion to implement U.S. action', protested strongly enough to stop it. In attempts to hide this treasonous reality, CIA later insisted they suggested a drone shoot-down. [Op Northwoods was noted within my initial Ordnance Drop/Open Letter **To A Criminal, to Routt County Crime Syndicate Attorney larry d combs** in 2016, with the intent that readers should want to investigate.]

Again, as noted elsewhere here, beginning in August 2016:

"We will know our disinformation program is complete when everything the American people know is false."
- CIA Director, William Casey, 1981 (1st Staff Meeting)

Following the actual North Vietnamese sea-borne attacks on USS Maddox on 2 August, Maddox was joined in her signals intelligence gathering duties by the USS Turner Joy (DD-951), 'in order to present a more formidable U.S. military presence in the area'. Though, far more likely and accurately stated, Turner Joy was directed nearby to Maddox in order to present just that much more 'bait' for North Vietnamese military forces, who might eventually be provoked into an appropriate, national response.

A low-pressure weather change resulting in high-seas on 3/4 August, combined with what were officially termed "over-eager and keyed-up sonar and radar operators" aboard the American destroyers, caused "misinterpretations" of a large number of "ghost indications" on their equipment. A number of serious evasive maneuvering exercises resulted from these "misconceptions". Each "event" was dutifully logged in. Reports of these "unsubstantiated indications" enabled some to claim that the "U.S. ships were being targeted by North Vietnamese boats making torpedo runs"

and "launching seaborne weapons on them". On-scene commanders repeatedly stressed: "**unconfirmed** contact indications".

A majority of the communications regarding the 2 August '64 North Vietnamese naval attacks on a U.S. destroyer (and 4 August **imagined** 'attacks' on both the Maddox and Turner Joy) involved U.S. task force commander in the Gulf, Capt. John Herrick, Pacific Commander, Admiral Sharp, and, Secretary of Defense Robert S. McNamara.

Rear Admiral Morrison's responsibilities as commander of his carrier division gave him a thorough knowledge of communications surrounding the actual events of 2 August, as well as the **imagined events** of 4 August.

Almost certainly, Morrison could have easily detected clues that **his superiors were pushing for U.S. attacks on North Vietnam, through unsubstantiated claims** that U.S. warships had been 'repeatedly targeted and attacked' by North Vietnamese torpedo boats, **on 4 August.** Again, try to imagine his personal thoughts as a military man with his experience!

Morrison was observing communications that would lead to **the creation of a fraudulenty represented need** to (at very least) conduct U.S. bombing raids on North Vietnam (Operation Pierce Arrow/5 August) - and led to signing into U.S. law the Tonkin Gulf Resolution on 10 August 1964! This resolution saddled America with a decade-long, losing war when, **no legitimate threat to the American people or their freedom ever existed!**

[In American Reality/**Forbidden** History, **Only** The Revolutionary War, Was Necessary! Historic reality reveals that our Founding Fathers and Constitutional Framers - documented as knowing well, precisely who the enemy was, as well as exactly how the enemy would destroy the new nation - Could Not Achieve What Have Proven To Be Their Most Important Goals During Our Constitutional Convention in Philadelphia, in 1787! The American Colonists Had Lost The Revolutionary War By 1787! As further evidence, the Enemy/City of London Bankster/KM/World Crime Syndicate bureaucrats simply installed their "First U.S. Bank" - less than four years later in 1791! See **Colonists Lost The Revolutionary War By 1787!**]

"To learn who rules over you,
simply learn who you are not allowed to criticize."
- Francois-Marie Arouet, AKA - Voltaire (1694-1778)

"Those who can make you believe absurdities
can make you commit atrocities."
- again, Voltaire (French Philosopher
Arrested For Free Speech 1717 & 1726, Exiled Twice)

This U.S. Government's clandestine involvement in the region can be historically traced back to at least the very early 1950s, and have shown to have provided essential 'agitation' to the interests of the French Government in order to incite still more French warfighting involvement in the region. [Similarly, evidence exists that U.S.

Government involvement - again working as assets for the World Crime Syndicate - incited incidents that drew the Soviet Union into their near ten years of war in Afghanistan (providing them with their own version of a U.S./Vietnam War). Russia's war in Afghanistan served as one part of the Khazarian Mafia's financial and reputation assault designed to help collapse the Soviet Union. Additional parts of this 'Orchestrated Collapse of the Soviet Union Operation' included the KM/Freemason's nuclear terrorist attack on Chernobyl; questionable influence in the implemention of perestroika; and eventually, the theft of a substantial portion of Russia's wealth!] Of course, Khazarian Mafia's involvement in instigating warfighting in Southeast Asia goes back in time to at least Napoleon's 'time of interest and warfighting' in this region.

- -- --- ---- ----- ------ ----- ---- --- -- -

George Steven Morrison was a smart guy and a dedicated warrior who had a good knowledge of hidden history. I have no doubt that he quickly envisioned the many American lives and limbs lost, and families devastated, that this **imaginary 'Tonkin Gulf Incident'** could well lead to! Imagine his attempts to sleep in succeeding nights, over the years, **aware of exactly what this Government's creation of this story, started!** It is entirely probable that Jim Morrison's father may well have been clearly aware of the criminal element that had gradually infested most all levels of U.S. Government, as had many loyalists before him, such as Presidents Zachary Taylor, James Garfield, William McKinley, Abraham Lincoln, John Kennedy, and others - all of whom paid the ultimate price for resisting Khazarian Mafia's attempts to coerce and control them.

George Morrison was forced to live with the knowledge that the alleged attacks on U.S. Naval vessels in the Tonkin Gulf were, essentially, a variation of false flag creations for 'political purposes'. He knew, **many** Americans would die, and still more would be maimed for life!

Further Documentation Revealed
No Legitimate Reason For The Vietnam War

The NSA finally revealed in 1997, what SecDef McNamara later admitted in video interviews in 2003 and again in 2009: **There Were No 4 August Attacks!** A couple hundred documents were declassified by the NSA and released in 2005/2006 (most stamped, Top Secret), further detailing this historic fact. These documents also provide clear evidence of repeated [compromised] 'national security' efforts to aggressively press for wholly unjustified U.S. attacks on North Vietnam over many months around that time - at least one dozen attempts. Some Lyndon Johnson Library documents are also revealing (if they haven't, by now, 'disappeared'). KM/US goals: Drug production/distribution & weapons production profits, together with many associated benefits to KM's world-dominance plans.

Moving Forward Almost Three Years
To Another Treasonous, Zionist-Directed,
U.S. Government-Enabled False Flag

At the point in time when Admiral Morrison learned of the 8 June 1967, israeli attacks - then underway - on the **USS Liberty** (GTR-5, America's finest reconnaissance/spy ship), his spirit must have been already at

least somewhat broken by the **criminally-contrived events and results** of early August 1964. Clearly, his knowledge of actual, of **hidden** history, had been still further expanded. Most assuredly Admiral Morrision had witnessed his fill of **far worse than lunatic-treasonous actions by U.S. Government Executive Branch bureaucrats commanding America's military** during his service to America, within both (the KM's) World War II, as well as in (KM's) Korean War. By 1967, he'd had time to consider well the massive loss of American lives the previous U.S. Government-created and wholly-made-up, '4 August '64 attacks on U.S. vessels' off of Vietnam, alone, put into motion just two years and 10 months earlier!

Morrison reasoned that **U.S. military forces were again being used as cannon fodder**, due to treasonous, massively-criminal actions of upper-most U.S. Government officials. Likewise, George Morrison may well have understood that U.S./israeli forces were caught in the act of conspiring to commit another series of horrific crimes against American military and civilians, **due to an allegiance to a controlling crime syndicate!**

Following his learning of the ruthless 8 June 1967 israeli sneak attacks on USS Liberty, Admiral Morrison's experiences, together with his loyalty to his service and to his country, drove George Morrison to strongly push for **immediate retaliatory strikes on israeli air and naval installations.** Indications exist that Morrison also pushed hard for his recommended economic penalties on what Albert Einstein correctly called out as "Zionist fascist terrorists", in his 4 Dec. 1948 New York Times letter - Warning Americans about Irgun terrorist leader Menachem Begin 'cozying up' to U.S. politicians to gain support for invading Palestine (and gaining further controlling-interest in United States' Government). [See **Albert Einstein's 4 Dec 1948 Warning Letter To Americans** elsewhere]

Admiral Morrison's rightful, duty-bound and patriotic drive toward executing this **purely justifiable level of retaliation** did not go unnoticed by the many KM/Zionist-israeli-compromised officials infesting U.S. Government - especially all of the 'dual-citizenship' Zionists that **thoroughly illegally** inhabit **so many** key positions! Each of these largely Khazarian and Khazarian-asset vermin, openly displaying not just a 'dual-loyalty', but in historic reality, something much worse than treason: **High-Treason, as a way of life - Khazarian Parasites Infesting OUR Country!** So many duty-aware Americans warned us beginning long ago! [This has long been referred to as "a Special Relationship with israel"]

The Sixth Fleet carrier group was only about 20 to 25 minutes away by air from where USS Liberty was attacked. Once Liberty's SOS was received, aircraft were readied for launch to give air-cover protection to Liberty's crew and to apply appropriate firepower on the attackers.

Within just minutes of launching aircraft from the USS Saratoga, and then from the USS America to protect the Liberty and take out the attackers, each of the on-scene commander's orders were countermanded by orders from Admiral John McCain jr. (father of John McCain III*), by SecDef Robert McNamara, and by others in the immediate command structure.

- -- --- ---- ----- ------ ----- ---- --- -- -

*Ask those men imprisoned with (later Senator) John McCain III, or those who flew with him, or went through flight training with him, or those

who went through the Naval Academy with him, if you want to know what John McCain really was! Ask those imprisoned at the 'Hanoi Hilton' and learn the historic details from his commanding officer there - those who followed McCain's career - about McCain personally stopping legislation and funding that would continue to search for and repatriate so many POWs and MIAs, largely so that his personal record of **treason** would not be revealed! Their historic truths take some searching to access. **[The Enemy near-completely owns U.S. politics, judicial, so-called 'law-enforcement', 'education', most all key bureaucracies, (federal, state, county, city & town), the Internet, publishing, press, and All Banking! As I have revealed within Routt County, CO's Terrorist-Protecting Govt.]**

Primary orders to recall interdiction/rescue flights came from America's thoroughly isreali Mossad-compromised C-in-C/President Lyndon Johnson.

A second flight was rearmed for the mission, and launched. These aircraft too were called back by KM/Zionist-controlled uppermost level U.S. politicians, and by the military men the Executive Branch commands.

In historic LBJ revelations, shared earlier in my **1st 2016 Ordnance Drop/OLTAC larry d combs**, C-in-C Johnson's seriously repulsive directive, overheard by admirals and generals in the room at the time was:

"I want that God-damned ship going to the bottom! No help! Recall the wings!"

- U.S. Zionist-Asset President Lyndon Johnson

Not long after the previous comments, President Lyndon Johnson was again overheard, by generals and admirals in the room, to state to Sixth Fleet Carrier Division Commander, Vice Admiral William Martin:

"I don't give a damn if every man drowns and the ship sinks! I will not embarrass our ally!"

- Treasonous Zionist Fascist Terrorist-Supporter And Terrorist-Protector/Commander-in-Chief/U.S. President Lyndon Johnson

SecDef Robert McNamara's exact words: "Tell Sixth Fleet to get those aircraft back immediately, and give me a Status Report!"

Then, Chief of Naval Ops Admiral McDonald: "You get those fucking airplanes back on the deck, and you get them back now!"

It soon became clear that many in the command structure above Admiral Morrison looked upon his well thought out action plan for appropriate retaliatory strikes on israel as much more than just a career killer. Still, many military men around him knew Morrison's course of action was **historically justified and absolutely necessary!** But Morrison's efforts for a logical and appropriate response against the israeli terrorists would lead to utter frustration. It was not long before he learned that **there would be no U.S. Govt. response for 34 Americans murdered or for the 174 crewmen wounded**, nor for the near-sinking of a U.S. Navy vessel!

A vast number of dedicated military men recognized the historic reality and historic consequence of commanders above them Allowing An Act Of War against America, Allowing War Crimes against an American Navy ship, and Allowing the Murder and Wounding of 70% (208) of the Liberty's Crewmen!

Before long, graphic details of the Zionist's merciless sneak attack leaked out. When it became clear that repeated attacks from at least 12 (unmarked) israeli Dassault Mirage IIIC and Super Mystere attack jets could not sink the Liberty using napalm, missiles, rockets and 30mm cannon, the Zionist-Terrorist Government sent in three israeli-flagged [Rothschild 6-point-star flags] torpedo boats. The three boats approached in attack formation, firing their torpedoes. Most of the torpedoes were either out-maneuvered through effective efforts of the Liberty's captain and crew, or may have simply 'gone astray'. **It appears that** one of five israeli torpedoes **may** well **have** blown up or drowned 25 of the Liberty's crewmen - a blast that nearly broke the ship's back, and would have put her on the bottom had it hit mere inches from where it did!

Still failing in their Zionist-extremist mission to sink the Liberty - and having not taken a single round in their direction - what are fraudulently falsely termed IDFers, then closed to within about 35 yards and utilized their 20 and 40mm cannon, together with many dual .50 Cal. machine guns, to shoot apart stretcher bearers, wounded on stretchers, medics, fire fighters, fire hoses, and **every** life raft! **War Crimes!**

An investigation that should have been long and exhaustive - that **should have** taken at least six months and involved U.S. Congress and Military -

was over in seven days!

[Maybe some of you noticed, those brilliant U.S. Congress civil-servant/ 'representatives of the people' - U.S. bureaucrats so clearly 'dedicated to improving the living situation and quality of life for each and every American through all that they so patriotically do' - recognized the serious responsibility they had been presented with: **They did nothing that might reveal Zionists and their closest United States Government partners-in-crime as Worldwide Terrorists!** The U.S. Congress is known for investigating "the really important stuff" - such as, **baseball!**]

A realization that no legitimate U.S. Military or other U.S. Government investigation into the 8 June 1967 israeli War Crimes/Act Of War and massacre perpetrated upon the 294 aboard the USS Liberty would take place, further cemented Morrison's compulsion to investigate further on his own.

Continued frustration with a command structure above him that made it completely clear that they were almost certainly controlled by some unseen power, drove Morrison to work to discover the motives, who all benefited, exactly who was involved, and every detail surrounding the **U.S. Government-enabled** Zionist-israeli false flag USS Liberty attacks.

George Morrison's honest and accurate analysis of the israeli attacks on our U.S. Navy ship had very clearly and seriously upset the command structure above him, as well as every enemy-compromised politician and bureaucrat who learned of the Admiral's loyalty and dedication to duty.

Morrison surely must have learned early on that israel intentionally attacked the USS Liberty with unmarked aircraft - believing the jets alone could sink her. When their repeated aircraft attacks failed to sink the Liberty, the terrorists determined they would simply convince compromised U.S. Government officials that the necessary 'enemy' israeli-flagged torpedo boat attacks on the Liberty were, of course, **a second series of Egyptian attacks** on an American military ship!

All israeli comms intercepts,
as well as the related White House tape/transcript,

as another Zionist terrorist false flag attack on Americans!

[I wish I **knew** if Rear Admiral George Stephen Morrison was able to hear this White House Tape, or, review the tape transcript. Evidently, the USS Liberty crew/survivors I contacted were unaware of their existence, when I began sharing them with crewmen in 2010 or 2011.]

Because C-in-C Johnson **owed** israeli Mossad for their kill team 'taking care of his immediate problem' [also targeted by CIA & a 3rd kill team] - murdering President John F. Kennedy/moving Johnson from Vice President to President - Johnson 'had no choice'! As I've stressed: **It's A Crime Syndicate** - a worldwide crime syndicate that enriches U.S. Politicians, U.S. intelligence personnel, key bureaucrats, judicial, so-called 'law-enforcement', media, **and murders Americans!** A near-2,300-year-old crime syndicate with a long and largely successful history of **using false flag terror as a smokescreen!** [See Michael Collins Piper's **Final Judgment - The Only Historically Accurate JFK Murder Source**, as noted back in 2016]

Declassified CIA documents compiled in November 1967 indicate that 'an anonymous source' is quoted as saying: "They said that [(then) israeli Defense Minister, Moshe] Dayan personally ordered the attack on the ship." **This could well be a CIA distractive element** designed to take away any focus from those who actually planned and ordered the attacks.

Caught Red-Handed In First Major Zionist Attacks On Americans

These terrorist scum did the same with the israeli terrorist bombing attacks in 1954 on various meeting places for Americans in the Middle East, in Egypt - the first time these terrorists were Caught Red-Handed blowing up Americans. [Caught Red-Handed, again: Nuclear & HE 9-11-01]

The goal of these terrorist attacks was two fold: **1.** Begin a long and massively propagandized false flag narrative to be known as Islamophobia, Islamo-Terrorism, Islamic-Fanaticism, Islamo-Fascist-Terrorism, etc. (...one that continues on to this day); and, **2.** Destroy the relationship the United States had developed with Islamists, Arabs, and various Mid-East indigenous groups, over the previous many decades.

The Zio-targeted meeting places for Americans in Egypt were also places where a significant number of British, Egyptians and others routinely gathered. They were all blown up together, in a series of bombings that came to be known as 'The Lavon Affair', for the israeli Prime Minister thrown under the bus, **as cover** [AKA Op Suzannah, or Op Failed Business].

Numerous false declarations from the Zionist fascist terrorists indicated: 'Lavon did it! We don't know anything about this! He's the one, and the only one...! We will deal with him!' It may well have been that israeli Prime Minister Lavon was not willing to go along with the Zionist's plans for perpetuating a pre-planned long history of Mass-Murder/Terrorism around the planet, in order to fulfill the needs of the world crime syndicate they represent - simply stated as Khazarian Mafia.

The terrorist command chain involved in the first israeli attack on an American military ship, USS Liberty, would have included their Mossad Operations Chief, the Prime Minister, their Naval Ops Commander, as well as **many** others no doubt drooling while ordering the attacks (noting only those terrorist organization members falsely referred to as Israelis).

One of the few with the balls to reveal actual attack history details is former U.S. Ambassador to Lebanon, Dwight Porter, who recounted a conversation between an israeli pilot and the israel Air Force war room, which was evidently picked up by an NSA/DoD aircraft, and (as evidence suggests) inadvertently cabled to CIA offices around the world.

israeli Air & Sea Attack Coms Were Recorded & Heard By Many
- More Evidence Of An Intentional Zionist-israeli Act Of War -

israeli pilot to War Room: "This is an American ship.
Do you still want us to attack?"
israeli War Room: "Yes, follow orders."
israeli pilot to war room: "But sir, it's an American ship
- I can see the flag!"
israeli War Room: "Never mind - hit it!"

This conversation is verified by a number of others monitoring communications in numerous U.S. military outposts around the globe.

[You'll also find these words documented in James Scott's (son of Liberty survivor John Scott) excellent book: **Attack On The Liberty.** See also, Peter Hounam's important historic revelations in his **Operation Cyanide.** See also, James Bamford's truly fine book, **Body Of Secrets.**]

By now you should understand correctly: **israeli military air and sea forces were tasked with remaining on station long enough after the Liberty's sinking to ensure that every American survivor floating in the Med. is killed!** As the Mossad agent who called the meeting with 'our' President Johnson repeated twice, and as Commander in Chief Lyndon Baines Johnson had clearly dictated - **insisted upon** - to the israeli

Zionist Mossad agent in the 7 June/2300 '67 White House tape transcript: **Johnson: "Alright. But as God is my witness, there can be no survivors! You understand? I'll deny it all if anyone is left alive to talk! You understand me?"** ->Excerpt **[Again, C-in-C/Presidential High Treason!]**

34 Murdered, 174 Wounded

Some survivors estimate that **another 50 to 60 died after the attacks** due in large part to complications related to their wounds. **Admiral Isaac Kidd's gravely effective threats of "serious fines, life in my little prison, or worse!"**, together with the overall psychological effect of **United States Government Allowing The Attacks, Failing To Retalliate Or Investigate, And Covering Their Massacre Up**, kept many of them from staying in contact. These historic truths, most unfortunately, also led to an understandable, variety of negative complications, in a number of these survivor's lives following these events. Thankfully, many Liberty survivors went on to prosper and succeed in a variety of endeavors.

Zionist Fascist Terrorist Goals In Sinking USS Liberty

The 'storyline' of this particular israeli false flag was designed to **force America into fighting** the Khazarian/israeli-terrorist's sneak attack/war on nearby nations - Syria, Egypt & Jordan, **for them**, so that: **1)** With the sinking of the Liberty to be blamed on Egypt - an ally of the Soviet's, you can be sure Russians would come to Egypt's rescue - **A nuclear war with the Soviet Union was absolutely a major part of the**

enemy's plans! American military forces would from then on serve as the dominant **RKM-controlled 'Hammer'** - taking over israel's days of pounding their endless list of enemies - **for many years, many decades, to come;**
2) America's military forces would be wounded, maimed and killed instead of Khazarian/atheist/Zionist-israelis (masquerading as Semitic/religious /'bible-type Jews' [See Johns Hopkins' DNA Evidence, elsewhere here];
3) Americans would fight and die to further the Radical-Extremist-Zionist's many-decade-plan for their **Greater israel Project** - hugely expanding illegally-occupied territories to whatever boundaries this enemy desired, while murdering or maiming every non-Talmudic-Jew;
4) U.S. involvement in the Khazarian/Zionist war would further flood the Zionist-Terrorists with still more billions of American tax dollars and still more free military equipment - so their massacre of neighboring "cattle" [quote from Zionist Prime Minister] could continue ever onward;
5) A RKM/Zionist-orchestrated 'fleeing of refugees' would create an extremely serious and long-term 'crisis' in the many surrounding nations - a crisis that would further the Zionist plan to continue to force mayhem, misery, and interbreeding between these groups [A plan that they were able to more fully benefit from, years later, after their 9-11-01];
6) Operation Cyanide could be put into play: A historically-documented plan to initiate a nuclear World War III, take over all Middle-Eastern oil reserves, and more - beginning 8 Jun '67. A so-called 'Six-Day War' **that would never have ended!** Americans dying in the region since 1967! **['Six-Day War' Only Because Liberty Didn't Sink/Many Crewmen Survived!]**

An Egyptian's Perspective - More Six-Day War History

In an encounter with a former Egyptian Air Force veteran one day - instigated by his "astonishment" at seeing one of my USS Liberty educational shirts - [astonished anyone would bring attention to...] I gained further verification of what my earlier research had revealed about the Zionist sneak attacks on their three neighbors in the opening minutes of the 'Six-Day War'. The Zionists will always want as many as possible to believe that their war began by **sneak attacks against them!**

This former ranking member of the Egyptian Air Force shared that in the early morning darkness of 5 June 1967, **ground strafing (and bombing) israeli jets attacked Only the Egyptian aircraft capable of retaliatory action!** This patriot shared that his government had uncovered documentation/evidence that israelis had 'gained access' to detailed maintenance records of all Egyptian military aircraft! He further revealed that it was blatantly obvious that attacking jets did not have to 'waste munitions' on non-flyable aircraft (due to maintenance tasks not yet performed) **because they knew in advance precisely which aircraft to hit!** Combined with detailed photographic aerial overflight reconnaissance gathered in days previous, these Egyptian military aircraft maintenance documents enabled **preventing some wasting of United States taxpayer's hard-earned dollars** - by not shooting unnecessary rounds into jets that were not capable of flight/of putting up a fight.

Again, I Thank You Sir

- in my most heart-felt sincerity - for your personal dramatic historic insight, for **your support** and for your evidence verification!

Further Repercussions Of Zero U.S. Govt. Retaliatory Action

The overall repercussions of this near-two-hours of merciless, barbaric assaults on an American military reconnaissance ship operating in international waters (**Seriously Covered Up 56 Years**) are worth knowing.

Once israeli Zionist Talmudic-Jew terrorists knew they could get away with attacking the United States - Attacking American Military - Murdering and Wounding hundreds of American Navy men, Marines and CIA,

The Porcine-Fornicating israeli Terrorists Knew They Could Get Away With Anything!

Zionist fascist terrorists, together with their massive support network of treasonous U.S.-Zio Govt. assets, have murderously proven this repeatedly, throughout OUR Nation's Forbidden History - ever since Khazarian control of U.S. Govt. was made clear, in 1787, at our Constitutional Convention in Philadelphia.

Admiral Morrison's Logical Conclusion: Retaliatory Strikes For USS Liberty Attacks Were Necessary!

Admiral Morrison's patriotically-driven push for retaliatory strikes and a financial assault on israel for the Liberty massacre were acknowledged and admired by many military men around him. This same proper push for pay-back resulted in many crime-syndicate-compromised U.S. Government officials making it their duty to prevent any further advancements in rank for the (previously, relatively) fast-rising Rear Admiral, as well as for any others identified as supporting this Admiral's retaliatory strike plans. Following the israeli false flag attacks on our USS Liberty, George Morrison was not allowed any further recognition for his dedication to his service and to his country, beyond this point. If you are able to ferret out their identities, some of you might want to investigate what transpired with the careers of the other planners.

The historic facts documenting that this (Not Our) Government clearly refused to retaliate appropriately was far more than just abhorrent to these loyalists to what our Founding Fathers had hoped to create.

Further Evidence Uncovered The Need For Pay-Back Was Obvious To Many

Into this mix, consider now the result of some further investigation into the life of George Morrison, and into the lives of some dedicated high-ranking loyalists to the American people, who served around him.

My research - though not as exhaustively thorough as so many other events shared here - leads me to substantial evidence that despite 'upper management' resistance to responding with force against israel's Act of War, **a retaliatory strike on this enemy of humanity continued to be planned by Admiral Morrison and by American loyalists around him!**

My evidence reveals that through his natural sharing of the findings of his Liberty attack investigation with like-minded military members loyal to their oaths, to their duty, and to their country, Admiral Morrison attracted an ever-growing number of top flag Navy officers, and Generals in the Marine Corps, Army and Air Force, who quite naturally, joined forces to plan, in exacting detail, a perfectly-justified retaliatory strike for israel's savage massacre of Americans aboard USS Liberty!

A Military Strike Plan That Must - By Necessity - Take Place 'Outside The Normal Command Structure'!

As noted earlier, research also reveals some suggestion of a financial assault, on this radical extremist Zionist israeli enemy of humanity, as well (as Morrison had recommended at the time of the 8 June attacks) - attacks to coincide with these better-late-than-never, **non-Executive-Branch-approved**, U.S. military 'Avenge Our USS Liberty' strikes.

As each of these most loyal military men knew well, every one of the many Zionist-Owned upper-level U.S. Government bureaucrats would have stopped any such justifiable op planning - **with extreme prejudice.** All planning and preparations for their retaliatory strike operation had to be done under absolute cover in order to enable a successful mission.

President John F. Kennedy and U.S. Attorney General Robert Kennedy knew well in 1962, that most all key positions within American Government had been infiltrated/compromised over the decades by (primarily) 'dual-citizenship' Zionists-israeli-atheists. It was precisely this Khazarian Mafia, utilizing what are called israelis as action agent/front-men for their crimes - together with other associated world criminal groups - that President Kennedy referred to as "secret societies", as "occultists", as "usurpers", and as "Zionists". [See **Murder Of JFK...**]

As these U.S. military leaders' operational plans progressed, they each knew that there was at least some posibility that their plans could be detected by the many U.S.-Zionist-terrorist assets! The physical safety of their family members, together with their careers, their pensions, and more would be on the line for the planning of this wholly-justified, absolutely necessary, clandestine assault op! Their planning continued.

Using their long-established and expansive network of spying/espionage assets solidly in place, the enemy was able to stealthily monitor the months of research and planning progress for this retaliatory strike.

This Enemy's Plan To Prevent Justice

Evidence Revealed In My Research Points Directly To An Historic Reality

The Zionist-terrorists knew when it was time for **'an arresting action'**.

Mossad utilized their standard crime syndicate practices. They put in motion one of their most proven, and most effective means to 'influence Admiral Morrison's enthusiasm' for striking back at the terrorists.

This enemy's choice of an example of Zionist might over America would surely prove a means of dominance over the U.S. military commanders who had gathered around George Morrison in mission planning. In order to **deliver a message that might stop an attack** - this crime syndicate came up with a simple and 'appropriate action plan'. This plan was designed to directly influence Admiral Morrison's dedication to duty - attacking him at a seriously gut-felt and heart-felt level - as a leader among those planning their Liberty pay-back strike and financial assault.

Zionist Terrorists Execute A Pre-Retaliatory Strike Operation To Dissuade U.S. Loyalist's Clandestine Pay-Back

My research evidence points directly to israeli Mossad terrorists acting to dissuade implementation of a long-planned (clandestine) military and financial retaliatory strike on israel for their USS Liberty attacks,

by kidnapping and murdering Admiral Morrison's son, Doors lead-singer/songwriter, Jim Morrison.

A compilation of evidence points directly to israelis kidnapping Jim Morrison in France, and killing him. Based on standard Khazarian/Zio-Mossad operating procedures and their despicable history, most likely, these Khazarians enjoyed making it extremely clear to Jim, by 'applying appropriate means': This was repayment for his father's 'transgressions'!

According to the video interview with retired Rear Admiral George Morrison, he learned of his son's death through a phone call from a military attache in Paris. Admiral Morrison was told his son died in a Paris hospital. Jim's sister Anne stated she did not learn of her brother's death until days later - after Jim had already been buried in a Paris cemetery.

Likely, to **seriously** ruin a memorable occasion, on the same day Jim Morrison may **actually** have been killed (2 [Not 3] July 1971), an as yet unaware retired Rear Admiral George Stephen Morrison, delivered a presentation aboard his former 3rd Fleet Carrier Division Flagship, the USS Bon Homme Richard, during the ship's decommissioning ceremony.

The timing of these two momentous events - I strongly suggest - cannot and should not be ignored. This is reinforced most especially through historic knowledge of the Zionist-terrorist many-decade long and astoundingly brutal history of, admitted and not admitted, terrorist attacks and genocide perpetrated upon anyone and everyone they can possibly reach out to for daring to interfere in their all too apparent right to kill anyone and everyone as a matter of "justifiable politics"!

[For starters, see **American Zionists; Why So Much Hate?** by Sami Jamil Jadallah - **Partial Listing of Jewish Zionist Terrorism/Zionist Political Violence**, at VeteransToday.com, 5 Feb., 2020. On this list, Zio-terror acts begin on 30 June, 1924, and are found elsewhere among these pages.]

The Irgun's (predecessor of the Mossad terrorists) long history of scores of terrorist bombings in the 1930's, 1940's and on into the 1950's exemplifies their political party's absolutely clear world view that: "Political violence and terrorism [are] legitimate tools in the Jewish national struggle for the Land of Israel". It was precisely for these historic reasons that so many UN partners knew all too well - just as did Albert Einstein - that the Zionists could not possibly achieve a favorable UN Security Council vote to establish an area known as **Israel. With no UN Security Council vote, and no borders,** what this enemy and their many assets worldwide call 'Israel', **Is Not A Legitimate State!** Educate yourself: **Most-every 'israeli' Prime Minister proved by their actions and by words that they are Khazarian Talmudic-Jew Terrorists!**

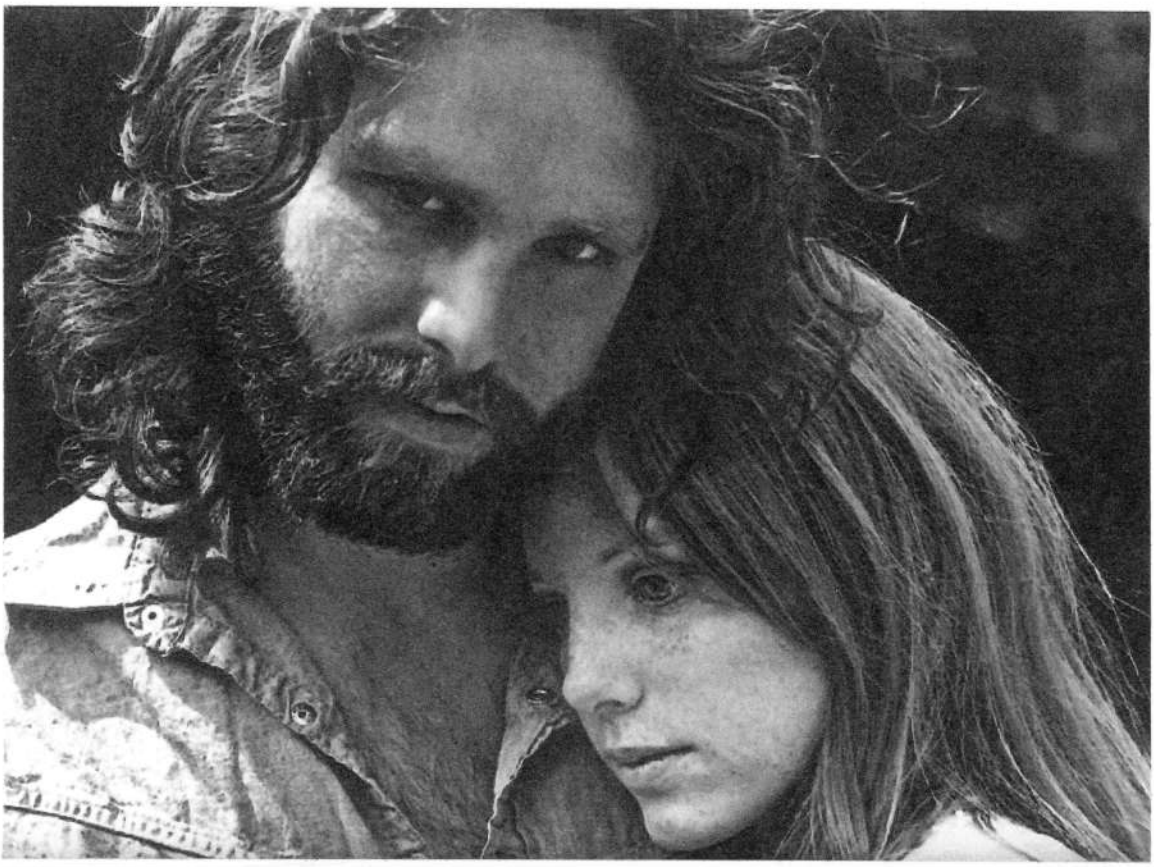

Door's manager Bill Siddons gave the news to Doors keyboardist, Ray Manzarik - who thought "it was unlikely". Siddons took a near-noon flight the day he heard to Paris to find out whatever he could. I could not uncover any evidence explaining **exactly how** Bill Siddons was able to hear of Jim's death - relatively early, in comparison - before others.

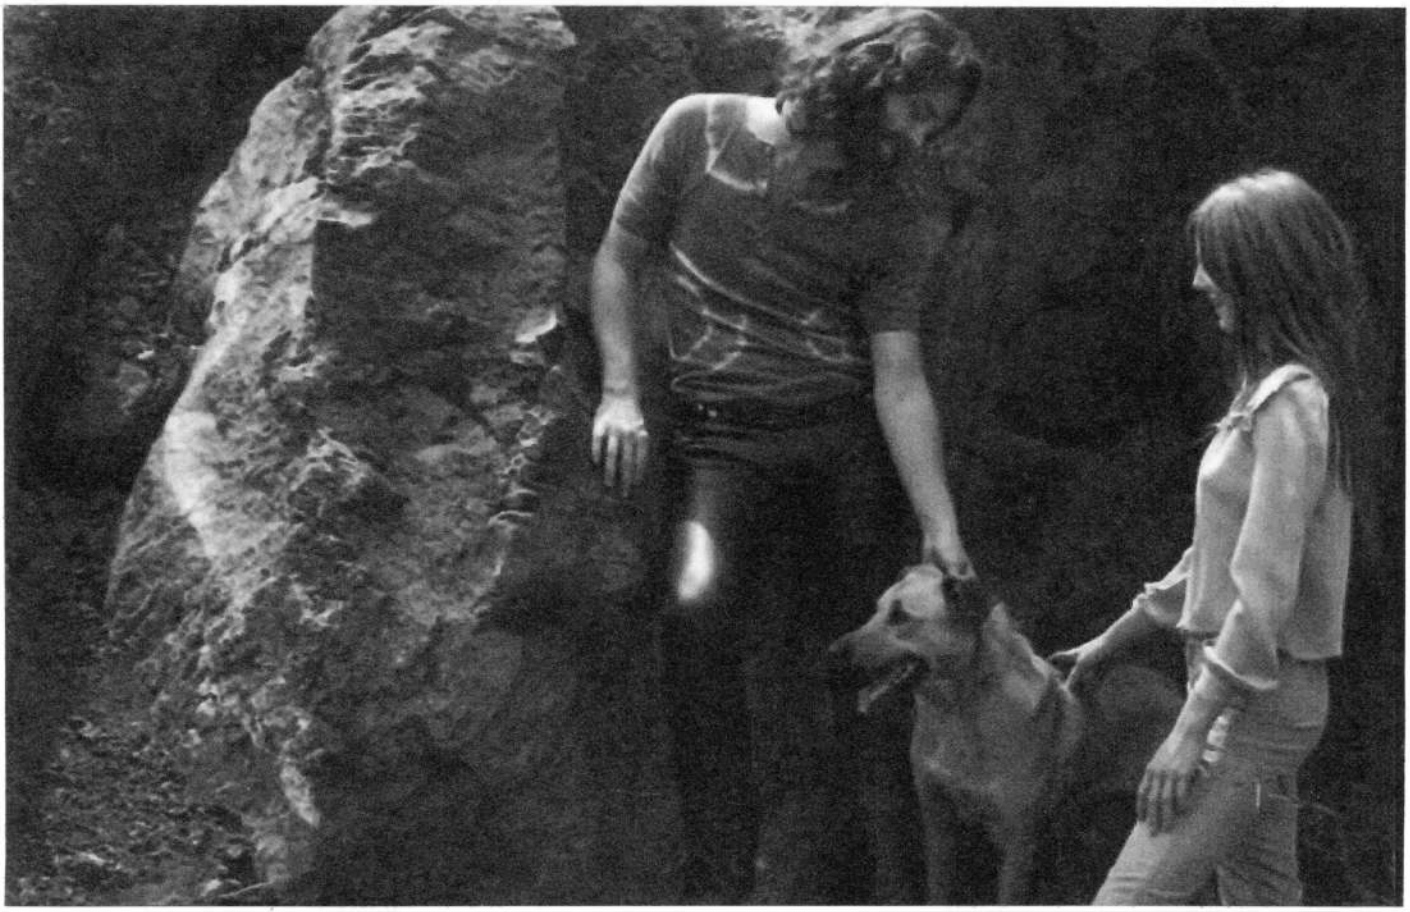

Three days then passed before Siddons called Ray Manzarik to report that he'd just attended Jim's funeral. He relayed that he never had the opportunity to see Jim's body - his casket was sealed. This 'death' was still not easily believed by Manzarik. With the so-called 'death of Paul McCartney' spinning all around, together with other oddities, Manzarik wasn't buying the story. Ray and his bandmates continued to get together to rehearse, develop their music, and plan for future Doors engagements. [Many still believe Jim might still be alive. Not me.]

Any indication of Jim's death - outside of those involved in the cover up - **was quite suspiciously withheld for three days!** Clearly, historically, there was **a complete 'press' blackout** throughout these few days after Jim's death. My research indicates that these days provided enough time for the crime syndicate to ensure that enough distracting and conflicting disinformation could be distributed. A heart attack (at age 27) in his bathtub was an initial cause sited. Later, it was a story of a heroin overdose in some Paris nightclub restroom. There are a few others. For such typical disinformation/propaganda purposes, the more suggested scenarios the better (SOP). Jim's addiction to alcohol and a rapid decline in health are noted in many versions of 'what happened to Doors frontman and songwriter, James Douglas Morrison'.

To not reveal the death of a genuine rock icon - a substantial celebrity within a band with a huge following - until fully three days had passed, **requires** the 'push' of an influential group, like the Zionist's Mossad Terror Organization, and their many assets within enemy-owned worldwide media, U.S. Government (all levels), as well as AIPAC, ADL, SPLC, etc.

Jim Morrison was one of the few who had become a rock legend, while he was alive! He was not **just** a singer and frontman for an ever-more-popular group of talented jazz and rock musicians, and he was not just an immensely talented songwriter/poet and amateur film-maker - Morrison was one of the 'special few'. Jim Morrison is another Khazarian-Mafia-targeted man we cannot forget! **At least, we can still hear Jim's voice!**

Jim & Pamela with their beloved K9 companion, Sage, who outlived them both.

As your research may well have likewise revealed, Jim's 'problem-drug' was alcohol. Morrison's drug explorations only rarely caused him anywhere near the many life-interfering problems that alcohol did. Bandmates have revealed it was largely alcohol that, at times, seriously interfered with Jim's performances. Those who knew him would tell you Jim had a healthy respect for the dangers of any sort of 'needle drugs', and avoided them.

My research revealed that almost all of the **many** books and articles, as well as the 'documentaries' produced on Jim's life and death were mostly written as examples of the all-too-typical, **crime syndicate/Zionist distractive propaganda** (as with murders of JFK, RFK, JFK Jr, Martin Luther King Jr, Diana/Princess of Wales, Marilyn Monroe)! [Some Evidence herein]

The only documentary that is even close to accurate is the one by his bandmates - one recommended by keyboardist Ray Manzarik. Though, I've heard there may be a second mostly accurate documentary on his life and death, more recently. The rest of the documentaries - just as with the **many** books and articles - are purely for the purpose of pointing toward anyone or anything but the actual historic reality. **Never Zio-israelis!**

Key people around Jim - anyone who could have 'caused waves' - like his girlfriend, Pamela Courson, were almost certainly 'convinced' by some means, threatened successfully, and/or 'silenced' by other means. By no coincidence, Pamela Courson also died at 27 years of age, about 2 1/2 years later. Cause of death was claimed to be a 'heroin overdose'. [I haven't near-thoroughly-enough investigated Pamela's death. Your turn.]

Clearly, the many threats delivered to those surrounding Jim Morrison were **effectively reinforced** by Pamela's, claimed, 'overdose death'!

Zionist Fascist Terrorist's Intent - Op Result

As a result of what evidence indicates was a Mossad asset murder of Jim Morrison in France, too many of those top U.S. military loyalists involved in the long-planned retaliatory strike and financial assault no doubt experienced some 'serious butt-pucker'. Something like: **'Holy fuck! These ass-sucking-subhuman-pig-fuckers can & will kill any of my kids - anyone in my family - wherever and as often as they want, to stop this attack! And, they'll never be held accountable!'** [Or, will they?]

Apparently, these loyalists - these American patriots who had been duty-bound-tasked with planning for a substantial and wholly-justified pay-back op that might impact this world crime syndicate and the planet's greatest world war facilitator - quietly faded away, like steam rising above a warm doggie's breath on a cool, foggy morning. Some must have thought: I hope my name's not on some Mossad-terrorist's kill-list!

Surely, these American military men had envisioned their efforts might slow the ever-advancing take-over of all aspects of American's lives, they had been first-hand witness to over their lifetimes. Surely these men were aware of the historically-documented perils that so many of our Founding Fathers and so many after them had warned about - perils they'd seen take hold. [Founding Father's quotes are elsewhere in these pages]

Our enemy's history of effectively hiding historic reality is legendary.

Research reveals that these dedicated military members chose the safety of their family members - almost understandably - over the betterment of **our** country - as has been repeated, under much the same circumstances and leveraged in a variety of ways, over **too many** of the past several decades, throughout more than two centuries, in this nation alone.

It's a Crime Syndicate! Their 'practices' are time-proven! They work, Because No One Is Allowed To Stop Them! A Khazarian Zio-Talmudic-Jew Crime Syndicate that has long used false flag terror as a smokescreen!

Think of it: Those top patriots who had worked so hard through their lives to be able to be in positions to actually help this Constitutional Republic in it's time of greatest need, were **forced** (by the ever-so-effective 'techniques' of our enemy) to abandon something vital that made them who they had become, through decades of dedication to duty!

An Initial, Delayed Action Op?

It is entirely possible, that one israeli submarine - a former British WWII boat (commissioned HMS Totem), renamed Dakar - may have been 'lost' on 24/25 January of 1968 as a result of American military who could not contain their frustrations with the **Treasonous U.S. Executive Branch** politician-holes who command them! A group of fully-compromised U.S. Executive Branch, national security (and press) types had **enabled, assisted and worked to cover up** the two hour israeli air and sea forces attacks on 294 Americans aboard our USS Liberty! Though, these Khazarian/Zionists have a long history of screwing up on their own - on this occasion, 69 Khazarian Talmudic-Jews were transformed to fish food.

Much More Definite Retaliatory Strikes

Then too, there is the previously reported (**1st Ordnance Drop/OLTAC/Op Echo mentioned...**) June of 2014 revelation that loyalists to this (Very-Briefly-Constitutional) Republic took out two Zionist-israeli Dolphin-class (German-manufactured) submarines (both capable of delivering nuclear-equipped, sea-launched cruise missiles): **One was sunk for the 8 June 1967 USS Liberty; Another, as partial payback for the israeli/U.S. Government-Enabled 9-11-01 false flag nuclear (and HE) terror attacks!**

[See also, **USS Cole (israeli Popeye Turbo II Cruise Missile Parts Found Inside Hull)**, within this document. A recently upgraded israeli anti-shipping missile was demonstrated for this U.S. Govt. in May of 2000 above waters off of Sri Lanka. Evidence of israeli attack was hidden. FBI's Task Force was run out of Yemen. **All Allowed By This Government!**]

Still More Horrible Possibilities Worth Considering

There is some evidence that the torpedo that killed 25 and nearly sank Liberty may have been launched by one of two U.S. submarines! [See **USS Liberty - Extensive Revelations, Covered Up 56 Years & More**]

Albert Einstein's Warning Letter To America 2 December 1948 (In New York Times 4 Dec)

Among the most disturbing political phenomena of our times is the emergence in the newly created state of Israel of the "Freedom Party" (Tnaut Haherut), a political party closely akin in its organization, methods, political philosophy and social appeal to the Nazi and Fascist parties. It was formed out of the membership and following of the former Irgun Zvai Leumi, a terrorist, right-wing, chauvinist organization in Palestine.

The current visit of Menachem Begin, leader of this party, to the United States is obviously calculated to give the impression of American support for his party in the coming Israeli elections, and to cement political ties with conservative Zionist elements in the United States. Several Americans of national repute have lent their names to welcome his visit. It is inconceivable that those who oppose fascism throughout the world, if correctly informed as to Mr. Begin's political record and perspectives, could add their names and support to the movement he represents.

Before irreparable damage is done by way of financial contributions, public manifestations in Begin's behalf, and the creation in Palestine of the impression that a large segment of America supports Fascist elements in Israel, the American public must be informed as to the record and objectives of Mr. Begin and his movement. The public avowals of Begin's party are no guide whatever to its actual character. Today they speak of freedom, democracy and anti-imperialism, whereas until recently they openly preached the doctrine of the Fascist state. It is in its actions that the terrorist party betrays its real character; from its past actions we can judge what it may be expected to do in the future.

Attack on Arab Village

A shocking example was their behavior in the Arab village of Deir Yassin. This village, off the main roads and surrounded by Jewish lands, had taken no part in the war and had even fought off Arab bands who wanted to use the village as their base. On April 9 (THE NEW YORK TIMES), terrorist bands attacked this peaceful village, which was not a military objective in the fighting, killed most of its inhabitants ? 240 men, women, and children - and kept a few of them alive to parade as captives through the streets of Jerusalem. Most of the Jewish community was horrified at the deed, and the Jewish Agency sent a telegram of apology to King Abdullah of Trans-Jordan. But the terrorists, far from being ashamed of their act, were proud of this massacre, publicized it widely, and invited all foreign correspondents present in the country to view the heaped corpses and the general havoc at Deir Yassin. The Deir Yassin incident exemplifies the character and actions of the Freedom Party.

Within the Jewish community they have preached an admixture of ultranationalism, religious mysticism, and racial superiority. Like other Fascist parties they have been used to break strikes, and have themselves pressed for the destruction of free trade unions. In their stead they have proposed corporate unions on the Italian Fascist model. During the last years of sporadic anti-British violence, the IZL and Stern groups

inaugurated a reign of terror in the Palestine Jewish community. Teachers were beaten up for speaking against them, adults were shot for not letting their children join them. By gangster methods, beatings, window-smashing, and wide-spread robberies, the terrorists intimidated the population and exacted a heavy tribute.

The people of the Freedom Party have had no part in the constructive achievements in Palestine. They have reclaimed no land, built no settlements, and only distracted from the Jewish defense activity. Their much-publicized immigration endeavors were minute, and devoted mainly to bringing in Fascist compatriots.

Discrepancies Seen

The discrepancies between the bold claims now being made by Begin and his party, and their record of past performance in Palestine bear the imprint of no ordinary political party. This is the unmistakable stamp of a Fascist party for whom terrorism (against Jews, Arabs, and British alike), and misrepresentation are means, and a "Leader State" is the goal.

In the light of the foregoing considerations, it is imperative that the truth about Mr. Begin and his movement be made known in this country. It is all the more tragic that the top leadership of American Zionism has refused to campaign against Begin's efforts, or even to expose to its own constituents the dangers to Israel from support to Begin.

The undersigned therefore take this means of publicly presenting a few salient facts concerning Begin and his party, and of urging all concerned not to support this latest manifestation of fascism.

Observant folks will have noticed the terror tactics Einstein called out.

"...By gangster methods, beatings, window-smashing, and wide-spread robberies, the terrorists intimidated the population and exacted a heavy tribute."

These same terror tactics (plus arson) were used by these terrorists in 2020+. Hidden-Hand/Khazarian Mafia Talmudic-Jew Zionists in U.S. Government directed **574 'George Floyd' riots/8,700 'protests'** (25 May to 31 July **only** in MCCA data) **in many dozens of major U.S. cities. Enemy-owned politician-holes ordered "law-enforcement" to stand down.** Billion$ in arson, general destruction damage, Million$ in looting! All of this was to benefit the Khazarion Zionist Fascists: destroy, destroy and never stop destroying! **Also, similar to when terrorist Talmudic-Jews in Germany paid Jews and other thugs to orchestrate Kristallnacht over 9-10 November 1938!**

A 2021 design I was compelled to create, because Einstein's description of "Zionist Fascist Terrorist"/israeli Government remains so accurate. Initial research in 1967-1968 revealed that **the Mass-Murder of American Military, Over Many Decades** - since at least 1898 with the murder of 266 U.S. Navy aboard USS Maine - **had, in historic accuracy, been orchestrated and enabled by this, Not OUR, U.S. Government!** I was consumed by the need to share this hidden history with other Americans, in any way I could. Research continued, as did the burning need to share **Forbidden** History.

Experience enables confirmation that some photos are truly worth one thousand words - for the mental stimulation that they so dramatically convey. Then too, there are those rare, massively-impacting photos that are clearly worth many, **many more** than just 1,000 words - perhaps millions.

This photo was taken in the Zionist/Extremist/israeli-Terrorist-Occupied sector of Palestine in 2013 [a year or two before Palestine Statehood was officially recognized by the European Parliament, then in 2015 by the UN], on the israeli's murderous Purim Holiday. It was, quite naturally, integrated into my third USS Liberty **israeli Terrorist False Flag** T-Shirt design.

Imagine, the effort and pride of workmanship involved by the parent (or parents) as they crafted these costumes for what appear to be 5-year-old twins. Efforts that paid off by generating still more pride when their israeli community members voted their costumes: **"Best Costume", Purim 2013!** No need to hide success!

Notice: The photographer/parent directed a perfect parallel alignment of the 'World Trade Center towers', suspended by straps on the little tyke's shoulders; Imaginary aircraft with flames and smoke, **to continue perpetuating the propaganda of an aluminum projectile penetrating a massively strong steel structure** [See: 28 July '45 - B-25 Hits Empire State Building In Fog (smashes flat, falls away)], and through the wonders of **now well-documented CGI/Hollywood-style imagery (not live), 'melts' into the building**, in perfect timing with **explosions from within**; Red socks to indicate blood; Kid's staggered positioning; Even the near-symmetric placement of the little terrorists-in-training/twin's hands! Just look at those little darlin's faces!

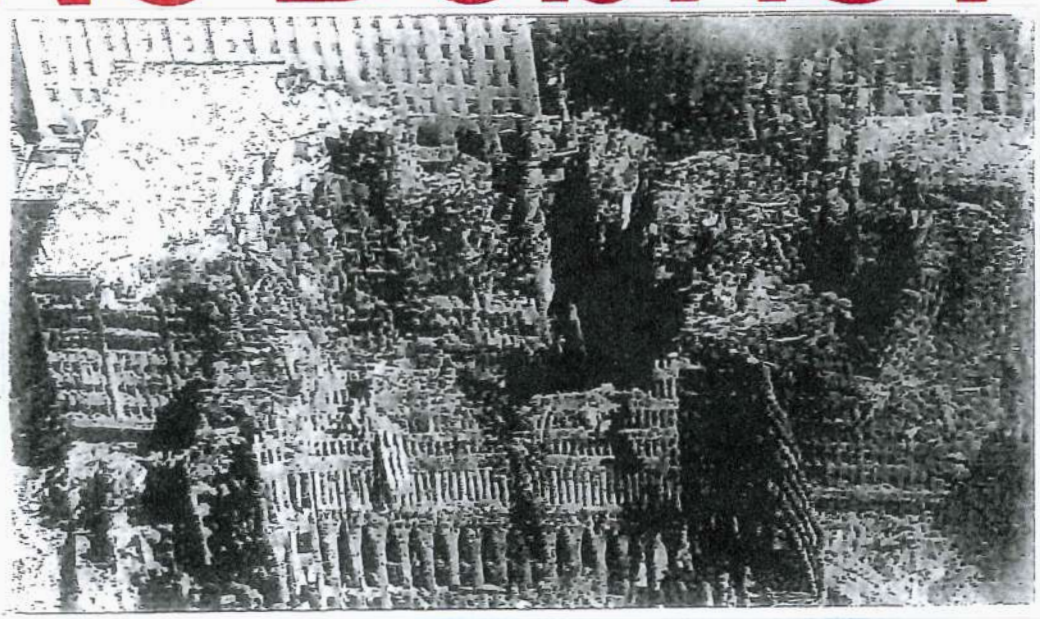

Purim Holiday Celebrations - A quaint tradition amongst the Zionist Extremists: Celebrating israel's Greatest Attack On America, ever! [israeli's 1st caught blowing up Americans in 1954 (HE), then switched to mini-nukes on 23 October 1983/USMC Beirut, **Many More Since.**] **Well Known, In Intel Community!**

Quoting from the 1 March 2013 Veterans Today revelation, 'Israel Celebrates Successful 9/11 Operation on Purim Holiday, Twins win "best costume" contest for Purim 2013': "...Purim exalts and commemorates an ancient operation very much like 9-11. It glorifies the deceptions of Esther, who concealed her Jewish identity to seduce the King of Persia, then slyly tricked him into slaughtering 75,000 people deemed 'enemies of the Jews'. ...In other words, Purim celebrates Jews lying, secretly penetrating the highest levels of government, and manipulating the leaders of an empire into mass-murdering perceived enemies of the Jewish people..." **Sound Familiar? It Should By Now!** Even the FBI & CIA now admit **Afghanistan and Iraq had NO Connection To 9-11!** Osama bin Ladin (Tim Osmon) was never on any FBI Most Wanted list. As with each and every **Forbidden** History subject, there are many hundreds of thousands more educational words related to this event - for another time.

Seven World Trade Center Buildings Were Nuked By Zionist-israelis & Zionist-U.S. Government On 9-11-01: WTC 1 & 2 (110-Stories), 7 (47), 3 (22), 5, 6, & 4 (9 each)

Within These WTC Buildings There Were On-Going Investigations Into military and industrial technology theft (Our National Strength); sex slave trade rings; sexual compromise ops; human organ theft & trafficing; 3.2 trillion Pentagon dollars 'gone missing' (Rumsfeld announced 10 Sept. 2001, then forgotten!); as well as crime syndicate manipulation of stock markets, energy costs, rare earth minerals values, home values, even game outcomes. These U.S. Government-enabled and orchestrated nuclear attacks killed the investigators, destroyed their evidence, and disuaded further investigations. 12 to 14 small and miniature nukes within WTC buildings were required to produce the level of destruction shown. I have revised my educational shirt noting 10 to 11 nuclear attacks by israeli Zionists on Americans - that began on 23 October 1983 with their U.S. Marine Corps Beirut, Lebanon barracks false flag bombing (241 murdered, 115 wounded) - three times to reflect current intelligence community generally-accepted-yields of the weapons as these figures were refined through further study.

Insight To Albert Einstein's Warning Letter
What Compelled Einstein To Write His Letter
Revealing Who The Real Terrorists Are & Have Always Been

By **George Wegner, Senior Editor, Forbidden-History.org**
& Routt-County-Corruption.com

Albert Einstein warned in his 1948 New York Times Letter to the Editors, (published 4 Dec) that **Menachem Begin** (israel's future prime minister 1977-1983) - **an historically-proven, mass-murdering Irgun terrorist - is in U.S. to cement Zio-political ties & [$uck] U.$. $upport!** Einstein's letter **revealed historic evidence** which made it clear that Begin and his Zionist/Freedom Party/"political party"/crime syndicate were 'not the people you think they are' - **they're "...Zionist Fascist" terrorists!**

Irgun terrorist leader Menachen Begin came to visit with American politicians late in 1948, expecting to get weapons, explosives, money and official U.S. Government support, that would enable his organization to continue terrorist bombings, assassinations, torture, poisoning more wells, and murdering their way into Palestine - expelling all Arabs, Islamists, British and Christians - largely at American taxpayer expense.

Einstein Knew Hidden/Forbidden Historic Realities
What Menachem Begin's Irgun Terrorists Had Done & Would Do

Menachem Begin moved to Palestine in 1942 and joined the Zionist extremist Irgun (Irgun Zwai Leumi) terrorist organization - becoming its leader not long after. His Zionist Irgun terror group executed many dozens of historically significant terrorist bombings, mass-casualty shootings and assassinations throughout the 1930s and 1940s as 'good practice' for far more and far worse future Mossad operations. [More than 500 violent, radical extremist Zionist terrorist incidents against Palestinians and British occupation forces between 1939 and 1948 are noted in The Encyclopedia of the Palestinian Problem.]

These primary action agents of the Khazarian Mafia - **Khazarian Talmudic-Jews, Masquerading As Semitic Jews** [See Johns Hopkins University DNA Evidence, 1st Ordnance Drop and later pages] - live their belief that **"political violence and terrorism"** [are] **"legitimate tools in the Jewish national struggle for the Land of Israel."** [These are **Not** bible-Jews!]

Their primary overall goal, in the 1930s - as in the 2020s - is the eventual achievement of their 'Greater Israel Project'. This Khazarian Mafia-Enabled Zionist terrorist 'wet dream', roughly, requires "taking over territory from the Nile to the Euphrates River"; dividing up their Islam and Arab enemies into many smaller regions where they could be more easily controlled; invading all areas where rare earth minerals are found, as well as oil producing regions, agricultural land prospects, and anything else considered worthwhile; while thoroughly financially debt-enslaving any local populations allowed to survive outside their area of conquest. Khazarian Talmudic-Jews are mass-murdering Zionist Fascist terrorists and life-sucking parasites! [Founding Fathers Knew!]

The Zionist Terror Act In Einstein's Warning Letter

The single terrorist attack Einstein chose as an example to warn Americans (and the world) with, in his Letter to New York Times Editors, was the Irgun/Stern/Zionist massacre/evacuation of a Palestinian village atop high

ground between Tel Aviv and Jerusalem. **Einstein withheld the brutality!**

On 9 April 1948, Menacham Begin's Irgun Gang and Yitzhak Shamir's Stern Gang (LEHI) massacred the inhabitants of Deir Yassin Palestinian village, a suburb of Jerusalem - using methods they knew oh so well. Though the body count varies, accepted numbers of Arab men, women and children killed is between 230 and 240. Albert Einstein quoted the - then-accepted - and probably most accurate body count of 240 villagers.

Though, by far, most of the gory details were not included in Einstein's warning letter, at least a couple of examples of the Zionist's trademark brutality are worth noting. **It has been historically recorded that during the Zionist's Deir Yassin massacre 25 pregnant women were first bayoneted in their abdomens before being murdered. Other mothers were forced to watch as more than 50 of their children were first maimed and then beheaded, before they too were murdered.** [Baal-worshiping, Khazarian radical-extremist-Talmudic-Jew Zionists believe they gain a mystical power from the pain, fear and agony of those they torture or kill!]

The bodies in Deir Yassin were piled up for the international press that was invited in to witness their day's accomplishment. Their message was understood: 'See this! We're going to do this forever! This is who we are!' This event, in comparison to their later exploits, can be ranked as mere kindergarten playtime for these psychopathic subhuman parasites. **In order to emphasize their brutality and help ensure these terrorists had provided the proper lasting emotional effect, the piles of bodies were then set on fire before the press representatives of many nations!**

Irgun leader Menachem Begin admitted on 28 December 1948 at a press interview in New York, that: '...the Deir Yassin attacks were executed in accordance with an agreement between the Irgun, the Jewish Agency and Haganah.' Begin considered Deir Yassin a legitimate military target. **He emphasized their legitimacy and effectiveness by explaining that Irgun trucks drove throughout the region delivering the amplified audio voice message to hundreds of thousands of Arabs that if they do not flee 'Israel' their families would be mass-murdered as well.**

The Zionist-'israeli's Deir Yassin massacre, together with a few other terror acts around that time, led to more than 800,000 Arab refugees leaving Palestine around this time. Begin later commented on the effectiveness of the level of terror that their Deir Yassin massacre created: **"Out of evil, however, good came. This Arab propaganda spread a legend of terror amongst Arabs and Arab troops, who were seized with panic at the mention of Irgun soldiers! The legend was worth a dozen battalions to the forces of Israel."**

A few (very few) villagers were allowed to survive in order to serve as prisoners that were paraded through the streets for the press.

Any of those who thought themselves to be dutiful members of a world press tasked with informing world citizens of who, what, when, where, why and how, **soon realized the controlling power of real threats** (to them and to their families) **from a world crime syndicate that has long been allowed to get away with every attrocity (as "the chosen people").**

Albert Einstein was 'traditionally rewarded' by the Khazarian Mafia/U.S. Government/Zionist-israelis, beginning soon after he managed to get his 2 December 1948 open warning letter published in the New York Times. Indications are that Einstein's ability "...to publish and teach what one holds to be true"; to schedule educational presentations; to appear at presentations previously arranged; and to financially prosper in general, were all constrained to an increasingly more noticeable degree, as each week passed beyond the 4 December publication date of his open Letter to the Editors of the New York Times. [Both financial and reputation assaults have long been Standard Operating Procedure for this 2,300 year old parasitic world crime syndicate menace.]

Supporting Dier Yassin Massacre Evidence Admissions Of LEHI Commander, Yehoshua Zettler

As further historic evidence - admitted much later, in 2009 - Yehoshua Zettler, commander of the Jerusalem band of LEHI, made the following comment to a filmmaker regarding israel's so-called War of Independence.

"When we did Deir Yassin -
They ran like cats - House after house -
We're putting in explosives and they are running away -
An explosion and move on - An explosion and move on -
And within a few hours,
half the village isn't there any more!"
- LEHI-Zionist Terrorist Commander Yehoshua Zettler

As Albert Einstein made clear: "It is in its actions that the terrorist party betrays its real character; from its past actions we can judge what it may be expected to do in the future.

Albert Einstein Was Compelled To Try To Warn Us!

Another important Menachem Begin quote, conveyed earlier (in 2016, 1st Ordnance Drop), makes equally clear just who and what the radical extremist/Khazarian Mafia/Likudist Party Zionist Begin was. Begin's own words reveal exactly why Einstein was compelled to reveal a monstrous genocidal evil - willing to risk his future ability to share his truths.

"Our race is the Master Race.
We are divine gods on this planet.
We are as different from the inferior races
as they are from insects. In fact, compared to our race,
other races are beasts and animals, cattle at best.
Other races are considered human excrement.
Our destiny is to rule over the inferior races.
Our earthly kingdom will be ruled
by our leader with a rod of iron.
The masses will lick our feet and serve as our slaves."
- Irgun Zionist-Terrorist Leader Menachem Begin

More Incontrovertible Evidence
Menachem Begin's Pride
In His World Terrorism Accomplishments

In 1974, British filmmaker Russell Warren Howe interviewed Begin. Howe describes his method of beginning his interview and Menachem Begin's exact words recorded in his interview like this - "The red light had come on, under the lens. Without preamble, I turned my shoulder to the camera, stared straight into Begin's eyes, and asked:"

Howe: "How does it feel in light of all that's going on, to be the father of terrorism in the Middle East?"

Begin: "In the Middle East?"

(Howe: "He [Begin] bellowed in his thick, cartoon accent.")

Begin: "In all the world!"

When Albert Einstein learned of israeli/Irgun terrorist leader Begin turning to U.S. politicians for financial and political support, his plan to get a warning letter published became an absolute necessity.

Some of Menachem Begin's American goals were eventually revealed to be:
1) Gaining increasing American political support for: a) an **illegitimate** 'state/nation*'/terror organization/base of operations, and **b)** perpetual invasion/occupation & theft of Palestinian land. [* With **No** UN Security Council Vote, **Decades of Terror Attacks** & **No** Borders, **it's Not A State!**]
2) Establishing countless financial 'programs' for American taxpayer and **'religious organization'** support of the Zionist fascist genocide of its neighbors, together with any and every nation KM is allowed to attack;
3) Establish similar American funding schemes to enable routine, 'cost-effective' worldwide terrorism that include: assassinations; both traditional high-explosive and nuclear false flag bombings; agitating, instigating, and orchestrating major 'unrest', 'regional conflicts' and a long string of wars worldwide; as well as expanding their drug production and distribution, together with their traditional sex slave trade, human organ theft and trafficing, ...to name just some basics.

The Above-Mentioned 'Religious Organization' Support/Funding
Those not yet aware should study the history of the creation of and the goals of the Scofield Bible, first published in 1909. This book established **(as if they were "long-established historic realities"):**
1) **A belief** (nationwide, and more) in a disinformation plot heard each

day - a **Judeo-Christian 'whatever-connection'** (a Judeo-Christian ethic, civilization, morality, you name it!); **2) An aid to infiltrating and coercing** virtually every Christian and catholic, etc. church in order to facilitate **tax free funding** of the Zionists murderous programs already noted, by sucking **sympathy-driven** dollars out of every 'good/God-fearing Christian' (Summarized elsewhere); together with infesting these organizations with sexual perverts and perversions of every sort, with the clear intent that these long-established religious organization's 'value to humanity' would be greatly and forever deminished. [...as these organizations - these havens for sexual preditors - have become so infamous for over these past recent decades. This same radically-sex-perverted enemy, of course, infested 'education' (many decades ago), Boy Scouts, Cub Scouts, Girl Scouts, Brownies, Gymnastics, Swimming, you name it! Why was this enemy so successful? Because **Americans Did Nothing To Stop Them**, until it was historically, clearly, Way Too Late!] **3) A strong Promotion Program to instill a belief** in a faith-building and 'warm reassurance of good things up ahead' through making billions of people believe in a disinformation creation called the "rapture" - where, well, you've heard the 'story'- it plays very well!]

As some of the lowest level of this Khazarian crime syndiate's tactics, they employ **what appear to be** communist, socialist, radical-extremist /activist (BLM/Antifa) assets to loot and burn down entire business sectors of major cities. Syndicate-owned politician-holes **allow** this practice and **order** their 'law-enforcement' to stand down! Even the enemy-owned national health organizations condone these criminals massively destructive acts - as witnessed during their **massively successful World War III/Operation Invisible Enemy/Bio-Warfare, (together with their Worldwide Genocide/Sterilization Operation [NOT a] "vaccine")!** Everyone else stay home, mask on, don't breathe. You "demonstrators", of course, must be able to act out your 'free speech protests'! Actions such as these **couldn't possibly** spread any virus...

Khazarian Talmudic-Jews have **ALWAYS** employed 'front-men', to take the fall, no matter what criminal enterprise they're engaged in.

Much of the remainder of this syndicate's funding is through KM/Mossad-organized/U.S. Government-assisted international drug production and distribution (as in the Golden Triangle region of Laos, Cambodia, Burma and Vietnam during that KM-orchestrated war, and more recently, near-to two decades of drug production in the Afghanistan region, that helped fund ISIS/ISIL/IS,etc. [See **Murrah Federal Building Oklahoma City israeli 0.1 Kt Nuking 19 Apr. 1995** - Mossad's method of disuading further investigation into their orchestrating international drug trade ops for both the Clinton and Bush families]

Khazarian Mafia Control Of Publication/Mass Media

Following Einstein's letter publication, all efforts were sped up by the Khazarian Mafia to completely take over **all** United States publications, as well as all audio and audio/video media in America and around the globe. KM knew they must try to prevent anyone anywhere near the prominence of Albert Einstein from ever again making **Forbidden** History so accessible to American citizens, or to those worldwide who managed to find their words accurately revealing historic reality. A take-over/ propaganda-generation practice that was soon achieved - near-globally. [See **Operation Mockingbird** (Enemy take-over of U.S. media/publications)]

Keep in mind the quote from newly-minted **CIA Director William Casey, from his first staff meeting, in 1981:**

"We will know our disinformation program is complete when everything the American people believe is false."

[Indications are that the Pentagon and CIA were successfully taken over at the highest levels by January of 1980. From then onward, both federal organizations were tasked, as their primary functions, with international drug production and distribution.]

Back To Terrorist Menachem Begin

Einstein focused his warning letter upon Menachem Begin - as a leader of Zionist terrorism - in part because Begin was known to Einstein as the leader of an Irgun terrorist squad that bombed one of Palestine's most important hotels less than a year and a half prior to his letter.
See Bombing Of The King David Hotel (AKA: Birth Of Modern Terrorism)

Within this beautiful old colonial structure dwelled the seat of British government and the headquarters of British military - established there as the 'governor' of the region following the KM-instigated WWII. All of the mountain of **evidence** solidly linking Zionist/Jew Stern Gang/LEHI and Irgun to a long series of terrorist bombings of Palestinians (and others) was compiled within the West wing of this building. [See **OK/ Murrah Fed. Bldg., and Seven World Trade Center Building/9-11 Bombings**]

The following account is according to extensive documentation and even video verification of two of those involved admitting and joyfully recounting their complicity, many years later (available at one time).

On 22 July 1946, seven members of Menachem Begin's Irgun gang shuffled into the basement area of the west wing of this colonial landmark, each hefting a 'milk churn' containing about 55 kilograms of high-explosive in each milk container. Then, "We ran out!", like rats. The Irgun gang members laughed as they told the videographer: **"We were dressed as Arabs!"** [Khazarian Zionists: Perpetual False Flag 'Artists'.]

The primary goals of this attack (Also Known As **The Birth Of Modern Terrorism**) was to: 1) Destroy evidence within offices in that building that pointed directly to many years of systematic Stern Gang and Irgun terrorist bombings and massacres; 2) Kill as many investigators involved; 3) Dissuade further investigation into Jewish/Stern/Irgun terrorism; 4) Aid in 'ridding the neighborhood of Palestinians and British' - who had **interfered** in Zionist's genocide of locals for years.

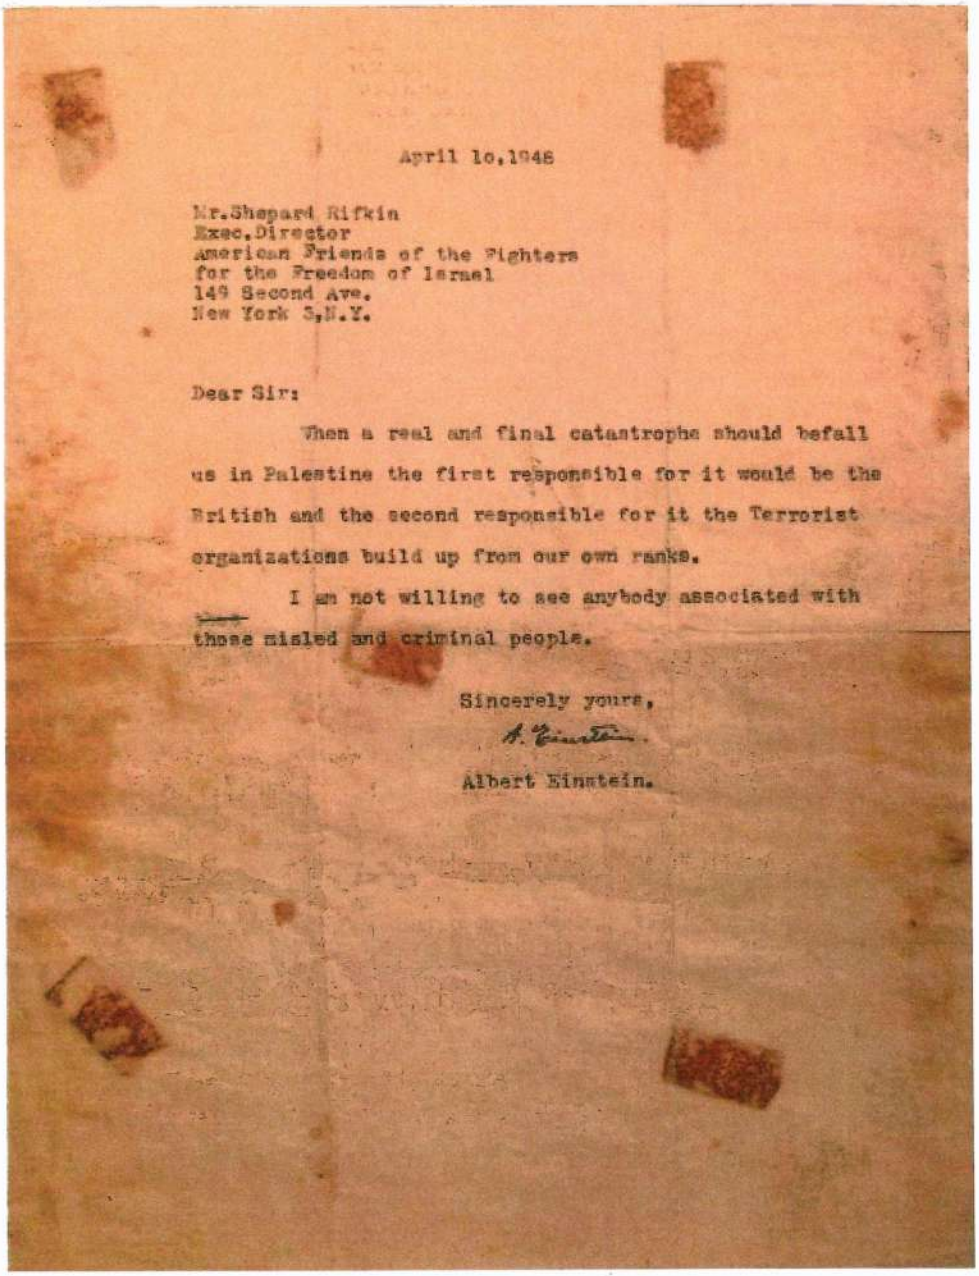

The near-to-850-pound TNT blast destroyed the entire west wing of the King David Hotel, killing 91 mostly British, together with a **claimed** 17 Jews. Their bombing was largely successful in their goal achievements.

This event provides early evidence of the beginnings of their 'false flag theater', that continues to this day. Though what may be considered the 'official beginning' of their long-running 'look over

there - **they did it** theme', is their 1954 series of bombings of (primarily) Americans in Egypt. These Zionist-extremist bombings/mass-murders were designed to begin their 'Islamofobia' propaganda campaign. These bombings were soon after known as **the Lavon Affair** - after throwing their Prime Minister Lavon under the bus (AKA Operation Suzannah, AKA Operation Failed Business). Increasingly - soon after this theater act emerged in their propaganda - their plan included Arabs in their Islamofobia/Muslim-hate scheme. A phenomenally successful op.

Einstein's Letter To American Fighters for the Freedom of...

Another Einstein letter to the New York Times made it clear he was not willing to meet with anyone associated with a group known as 'American Friends of the Fighters for the Freedom of Israel'. Einstein was well aware that this was a terrorist support group that raised money in America for the terrorist groups of LEHI/Stern Gang and Irgun, and aware too that their goals included genocide or ethnic cleansing of occupied Palestinian regions of all British, Arab and Christian 'squatters'.

The Overall Picture
From Someone You Could Think Is Smarter Than This Researcher You Happened Across

Fellow pilot, astronaut, and sixth man to walk upon the moon, Edgar Mitchell noted the following forbidden historic truths in his truly brilliant two-paragraph summary describing this most dangerous World Crime Syndicate. In 56 years of research, Mitchell's is by far the finest, the most beautifully compiled summary I have ever come across.

Edgar Mitchell, Pilot, Apollo 11 Astronaut, 6th Man To Walk On The Moon Exactingly Describes The World Crime Syndicate

**"The wealthiest families on this planet
have erected a parasitic and absolutely inhuman system
for the exploitation and subjugation of mankind.
As the Dutch banker whistle blower Ronald Bernard,
who had worked closely with the Global Financial Elite,
recently stated:
"The misery of the world is a business model."
This system is based on usury,
and employs deliberately provoked and manipulated wars,
providing loans with heavy interest to both warring sides,
ensuring that both the victor and the vanquished
come under their iron control through debt bondage.
This brutal strategy is supplemented
by purchasing and corrupting important individuals
and groups, and converting them secretively
to a Satanic philosophy
through prolonged membership of secret societies,
through recruitment at a raw age,
through mind control and through terror."**

**"The end goal of this state of perpetual war
is to have a global slave state
with a much reduced global population,
with its riches concentrated
in the hands of a few families permanently,
with the enslaved mankind doing menial labor
for the pleasure and power of the ruling Elite.
There will be no such thing as freedom of movement
and freedom of thought
in this global slave state
known euphemistically as the One World Government
or the New World Order."**

More Terrorism Einstein Likely Would Have Also Been Aware Of

April 1950 -'Jews Systematically Bombing Jews To Force israel Emigration
In Iraq, following many months of attempts to 'convince' (intimidate, threaten, etc...) Jews to emigrate to the 'new Jew home' - the illegally established geographic area now known as israel - the Jewish Agency (forerunner of Zionist-Terrorist group, Mossad) decided to try to **Terror/Panic** Jews into moving away from their long-established, traditional homes, by systematically blowing up a number of Jew-frequented meeting places and some of their homes. The Jewish bombing victims were then even more emphatically told by the terrorist-bombers: 'The terrorists will never stop bombing them until they are run out of the region.' Their new home - israel - awaits their immigration, and safety. Leaving their homes, **now**, offers sure survival from 'these monstrous extremists'!

'Rounding Out' Details

A key element in achieving the Zionist-extremists 'Greater israel Project' is finally succeeding in directing U.S. Government's Treasonous Executive Branch to order the U.S. military to Take Down Iran! Decades of evidence of this fact alone exists. [See many years of videos of Khazarian Zionist terrorist leader Benyamin Miliekowski - AKA Prime Minister Benjamin Netanyahu - attempting to get **'their military'** (U.S. military) and world's militaries engaged in Taking Out Iran, for the Khazarian Zio-terrorists!]

Beyond the immediate goal of their regional genocide project, are a number of interesting and seriously ambitious global goals, such as **'achieving' a global population of just 350 to 500 million!** These few would be **allowed to live** only to serve as slaves (as cattle) of the Talmudic-Jew parasites.

Albert Einstein's Academic Freedom and Political Inquisition Interview

By **George Wegner, Senior Editor, Forbidden-History.org & Routt-County-Corruption.com**

Introduction

This most appreciated 1950's interview with Albert Einstein reveals a great deal of exactly **what he was forced to witness, so personally**, as Khazarian Mafia/Zionist Fascist/U.S. Zionist Government **retribution for his speaking historic truth**, through his New York Times Warning Letter to Americans (and the world), just a few years earlier, in 1948. [See **Albert Einstein's 4 December 1948 Warning Letter** about Irgun terrorist Menachem Begin, and the Zionist-terrorist "Freedom Party", elsewhere]

Einstein so very artfully takes on the imposition of free speech constraints as he exactingly details the absolute importance of academic freedoms - of sharing historic truths. He explains how these 'long-perceived freedoms' are constrained, are targeted, at every opportunity by those who seek to [lead] **"...us toward an authoritarian government"** (as Einstein described reality in 1950s America). This brilliant man surely recognized **this movement to strangle historic truth** as evidence of a necessity to protect an unseen world crime syndicate - beyond evil psychopaths who seek to destroy all that is good, decent and civilized.

Einstein makes crystal clear not only the importance of revealing all known truths, but also makes so perfectly clear the role of every citizen in actively working to maintain the ability to speak truth, in order to enforce the strength of this nation's Constitution and Bill of Rights.

The **five seriously pertinent and well chosen questions** within Einstein's Academic Freedom and Political Inquisition Interview, offer Einstein's

insight to something so seriously relevant in his life at that time - as well as to what he saw as so terribly damaging to this Constitutional Republic if academic freedom and truth sharing continue to be targeted by ever-growing constraints and were not allowed to continue - **were not fought for on a daily basis.** Free speech: targeted today, just as then!

Albert Einstein's responses to the questions that follow this Introduction, call out A Duty For All American Citizens!

Many thanks to writer Hank Reichman for 'bringing to light' this interview from the Shelby White and Leon Levy Archives Center at the Institute for Advanced Study, Einstein's American scholarly home, in Princeton, New Jersey. My thanks too to this institute and to Professor Joan W. Scott for making the document available. It is reproduced purely for educational purposes, as a matter of fair use. Einstein on Academic Freedom and Political Inquisitions

Question 1: What is the essential nature of academic freedom and why is it necessary for the pursuit of truth?

Einstein: By academic freedom I understand the right to search for truth and to publish and teach what one holds to be true. This right implies also a duty: one must not conceal any part of what one has recognized to be true. It is evident that any restriction of academic freedom acts in such a way as to hamper the dissemination of knowledge among people and thereby impedes rational judgment and action.

Question 2: What threats to academic freedom do you see at this time?

Einstein: The threat to academic freedom in our time must be seen in the fact that, because of the alleged external danger to our country, freedom of teaching, mutual exchange of opinions and freedom of press and other media of communication are encroached upon or obstructed. This is done by creating a situation in which people feel their economic positions endangered. Consequently, more and more people avoid expressing their opionon freely, even in their private social life. This is a state of affairs which a democratic government cannot survive in the long run.

Question 3: What in your view are the particular responsibilities of a citizen at this time in the defense of our traditional freedoms as expressed in our Bill of Rights?

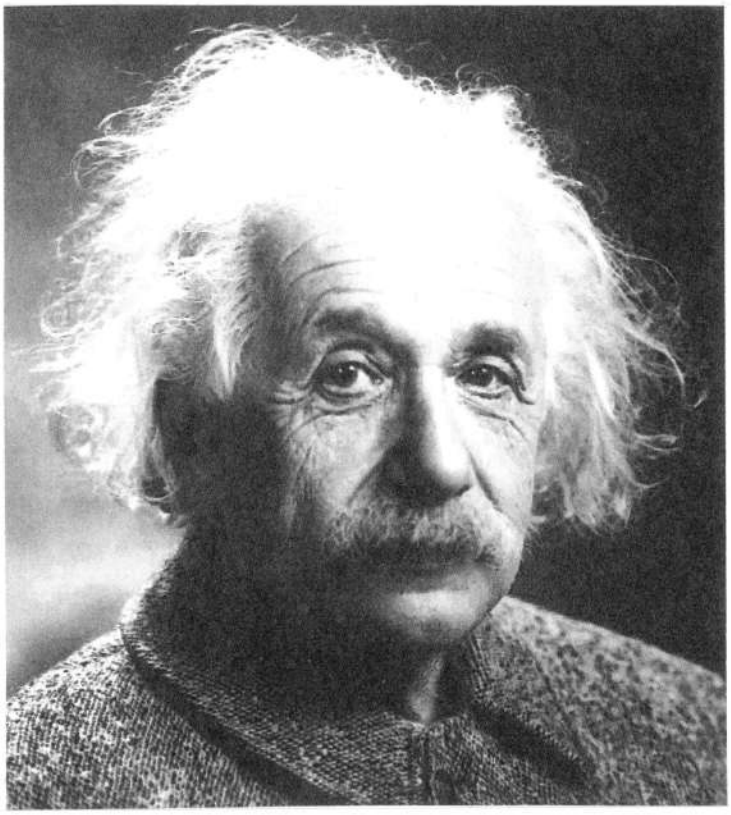

Einstein: The strength of the Constitution lies entirely in the determination of each citizen to defend it. Only if every single citizen feels duty bound to do his share in this defense are the constitutional rights secure. Thus, a duty is imposed on everyone which no one must evade, notwithstanding risks and dangers for him and his family.

Question 4: What in your opinion are the special obligations of an intellectual in a democratic society?

Einstein: In principle, everybody is equally involved in defending the constitutional rights. The "intellectuals" in the widest sense of the word are, however, in a special position since they have, thanks to their special training, a particular strong influence on the formation of public opinion. This is the reason why those who are about to lead us toward an authoritarian government are particularly concerned with intimidating and muzzling that group. It is therefore, in the present situation, especially important for the intellectuals to do their duty. I see this duty in refusing to cooperate in any undertaking that violates the constitutional rights of the individual. This holds in particular for all inquisitions that are concerned with the private life and the political affiliations of the citizens. Whoever cooperates in such a case becomes an accessory to acts of violation or invalidation of the Constitution.

Question 5: What in your opinion is the best way to help the victims of political impositions?

Einstein: It is important for the defense of civil rights that assistance be given to the victims of this defense who in the above mentioned inquisitions have refused to testify, and beyond that to all those who through these inquisitions have suffered material loss in any way. In particular, it will be necessary to provide legal councel and to find work for them. This requires money the collection and use of which should be put into the hands of a small organization under the supervision of persons known to be trustworthy. This organization should be in contact with all groups concerned with the preservation of civil rights. In this way it should be possible to solve this important problem without setting up another expensive fund-raising machinery.

The following few pages from my 1st Ordnance Drop/Operation Echo - together with 100+ pages that followed - are how I chose to reveal Substantial, Incontrovertible Documentation & Audio Evidence That Many Terrorist-Protecting and Terrorist-Supporting Tax-Paid Routt County, Colorado Government 'Officials' Broke Close-To And Over-100 Laws Each To Try To Stop My Sharing Forbidden History of ONE Historic Event with Routt Residents and Visitors to the region, over about 4 1/2 years!

- Introduction -

To The Good Citizens Of Routt County, Colorado

Among Six Decades Of Evidence Of Routt County Corruption, Here's Just One Very Briefly Summarized Example Of Organized Crime Activity and Disgusting Criminality At The Uppermost Level Of Government.

Realization of **Forbidden** History can be disturbing - frightening to the weak. It is always better to **know**, than to not know.

Founding Fathers James Madison, Alexander Hamilton and John Jay **warned us** in their prophetic words in The Federalist Papers. "In framing a government which is to be administered by men over men, the great difficulty lies in this: You must first enable the government to control the governed; and in the next place oblige it to control itself."

Every American citizen **deserves** to be free to learn their actual - their hidden, their **Forbidden** - history. Though by far, most are not yet aware, the number of Americans **'awakening to historic reality'** is increasing exponentially. Evidence of this awakening is now not difficult to detect.

Having learned of such historic and horrific Forbidden Knowledge events - over 48 years of research - to not share them, would make me a part of the problem. I will **never** be a part of this problem. **Forbidden** History **Matters!**

This is not about me. I am a messenger, an educator, on a War Mission. This is about **Forbidden** History **and tyranny that daily effects all of our lives!**

This is about educating the good citizens of Routt (and beyond), to motivate you to take the necessary steps to begin to reverse the gradual, perpetual degradation of the quality of your lives, **your children's lives** - an oppression anyone breathing couldn't possibly not notice or be unaffected by.

As you will soon learn from the unmistakably blatant malice and purely premeditated crimes committed against me personally by **many** 'trusted' Routt County elected/appointed 'civil servants', **these gang members act effectively to Stop Historic Truth Sharing that reveals their controlling crime syndicate.** They've gotten away with psychopathic-thug behavior **so often and for so long,**

they clearly must believe that They Are Above The Law!

An enemy unmolested is an enemy greatly emboldened.

Blatant Documented criminals, especially **tax-paid**, long-time elected and empowered politician- and bureaucrat-holes **Must Be Held Responsible** for their Idiot-Criminal Choices and purely Organized Crime Actions. Otherwise, we honest citizens continue on as the frog in the pot of ever-warming water.

As my evidence of the brazen nature of the crimes committed by these Routt County bureaucrats clearly reveals, these criminals **surely never expected citizens of Routt County (and beyond) would ever learn their exact choices of actions - precisely, and word-for-word - as they each broke more than 80 and some more than 100 laws associated with Just One Crime Syndicate Goal!**

These 'prominent' Routt Government scumbags never imagined Routt residents would be able to Hear Their Voices - Threatening With The Words They Each Chose - While Breaking So Many Laws, within their assault to: Try To Stop My Revealing Forbidden History/Hide Routt Govt. Crimes/Run Me Off My Land!

- Introduction -

Consequences of their combined collusion (extensive criminal efforts by these 'trusted Routt bureaucrats') **have extended daily for nearly 15 years! [in 2016] Nine Years Illegally Run Off My 33-Year-Deeded Land, using their Crime Syndicate/Dark Version of Routt's 'legal system'! Clearly Implicated As Key Crime Syndicate Members: Judge james h garrecht, former District Attorney ed veronda, Attorney larry d combs, former Sheriffs gary wall and john warner, and former Under Sheriffs dave bustros and dan taylor, former RCSO's jeffery bond & ken klinger,** together with **many more** in Routt County, **like Key Syndicate Assets (The Nightmares) sue & jeff petersen!** [See **Meet The petersens, sue & jeff**, elsewhere among these documents]

As revealed by insiders, these Routt County criminals - a substantial portion of the local arm of this crime syndicate - went into action against me **for revealing just one event** in America's **Forbidden** history. One senior RCSO insider/informant revealed that I was followed on a daily basis by Routt County Sheriffs Office crime syndicate members, **everywhere I went** - even while walking my dog in town! **Forbidden History Reveals Govt. Tyranny!**

Up until this point, today, I have not earned so much as a dog leash citation throughout my 38-year association in Routt County, Colorado (I've **owned** my land **outright** since early 1983) - not a moving citation, **nothing!**

Not one citation, nor warning, despite the fact **the Nightmares** (trying to purchase next door), **sue & jeff petersen-hole,** have compiled an extensive, **many-year history of Very Seriously criminally harassing me - Always With Clear Intent To Provoke and Always Failing.** jeff and sue have utilized the most absolutely juvenile and idiotic harassments. Harassments that include a chronology of **routine** trespassing - at times with a trac-hoe, a bulldozer, **repeatedly** with water trucks, and on foot to try to provoke physical violence. Serious criminal harassments that include **Threatening me And My Dog with a Deadly Weapon on Three separate occasions!** Both petersens were **caught lying and directly disobeying RCSO's** (one apparently ethical) Sgt. McDaniel, **within just two hours of him instructing sue and jeff petersen to Quit Harassing Me!**

All these years of petersen's crimes were Not Just Allowed by Routt County Sheriff's Office (and Directed by their crime syndicate), too many of these crimes are Extensively Documented to be Clearly Assisted By RCSO Criminals!

About now, you might be wondering: **Just how important could revealing just one decades-old event in America's 240-year history be?**

When preparing to dedicate a library memorializing this multi-decade **Covered Up** event in the lake-side community of Grafton, Wisconsin in 1989, **huge numbers of substantiated serious threats** were made clear to virtually every village-connected citizen involved, including their family members. These threats came from groups with names you hear regularly though you probably never imagined they are front groups for this planet's oldest, most successful, **most disgusting** crime syndicate/terrorist organization.

In order to try to help ensure the safety of the village-folk, together with survivors of the event and the families of the 208+ Murdered/Wounded attending this Memorial Library Dedication: SWAT teams with snipers were deployed upon the roofs of the library and other buildings on the street; threat-specific K-9s searched the library and surrounding buildings for bombs [**This enemy was first caught red-handed Blowing Up Americans (HE) in 1954!**]; & many law-enforcement personnel from all around were required, together with police escorts for attending survivors and their family members. **That important! History That Routt Bureaucrats/State/U.S. Governments Don't Want You To Know!**

This **Open Letter To A Criminal** is **exactingly** supported by meticulously detailed, researched and documented evidence - as is **a book I am working on** covering **Six Decades Of Corruption** In Routt County/**Ski Town USA** government.

For the traitor appears not traitor, he speaks in the accents familiar to his victims, and he wears their face and their garments, and he appeals to the baseness that lies deep in the hearts of all men. Murder of John F. Kennedy Jr.

By **George Wegner, Senior Editor, Forbidden-History.org & Routt-County-Corruption.com**

Editor/journalists at JFK Jr's George magazine learned of a doctor who had routinely produced remarkably positive results on treating a number of serious human health problems using a variety of much more organic and natural, non-pharmaceutical treatments. In order to begin a story on this doctor's treatments and their results, one of their senior editor/journalists flew to meet with the doctor to compile a face-to-face interview.

In the midst of a 'get to know each other meal' the doctor mentioned an envelope that had been entrusted to him, that he was holding for one of his patients. If this patient was to suffer from noted serious health conditions, now in play, the doctor was to do his best to make sure this envelope gets delivered into the hands of the appropriate individuals.

Upon learning of the nature of this information, so clearly important to this patient - and intensely more important to this editor's boss - the doctor and the editor abruptly boxed up the remainder of their meal and drove straight to these documents' safe-keeping location, in order to quickly begin an initial examination of the material.

A scanning review of the doctor-entrusted documentation, together with more discussion, led to: calls to JFK Jr; a shared understanding of the apparent importance of this information; an assurance the editor would revisit this doctor to document the successes from his treatments; and, flying the documentation directly to JFK Jr for a thorough analysis.

This envelope contained what appeared to be exacting planning and execution details for the CIA's portion of the operation to assassinate John Jr's father, President John F. Kennedy! Among the many pages were a wide variety of CIA documents that clearly revealed that CIA assets made up one of three kill teams engaged to ensure the death of JFK! [When this Enemy of Humanity needs to ensure shooting/assassination success, they employ three kill teams to triangulate on the target.]

Soon thereafter, John Kennedy Jr called the doctor to most sincerely thank him, also to profusely thank his patient for their conservatorship of these documents, and to get the background on how the information was obtained by this individual. JFK Jr then offered the doctor/his patient $5,000 for their kindness in making sure he became aware of this apparently vital information. The offer was declined as not at all necessary.

JFK Jr then spent at least six figures on investigations verifying the contents of the envelope. Results of this verification process made it certain that this was legitimate detailed evidence of the CIA's portion of the assassination of John Jr's father. Included among the many documents within the envelope was clear evidence of CIA travel plans, meeting notes, and, overall ops planning details - all directed toward the Khazarian Mafia shooting dead another (a fourth) U.S. president.

As more and more of the documentation was verified as legitimate and so very devastatingly important to the Kennedys and to Americans, a second offer was made, to show his appreciation for their efforts - this time of $10,000. This offer too was declined, with the assurance that the

doctor and his patient were both rewarded greatly and relieved that the information was finally getting into the hands of those who deserved most to have it, and would make every effort to put it to it's best use.

JFK Jr made plans to begin publishing this documentation within a series of articles for regular release within his George Magazine.

Knowledge of JFK Jr's plans to publish this evidence was accessed by The Enemy through their usual mechanisms. A first assumption would have to be the Zionist/israeli's Amdocs and Converse Infosys contracts* for near-all telephone coms (including most US intel organizations), though their surveillance abilities are vastly widespread and all-encompassing.

- -- --- ---- ----- ------ ----- ---- --- -- -

* Due to the "Special Relationship" Zionist israeli terrorists have with treasonous U.S. Govt. Zio-assets (and with most governments world-wide), The Enemy has benefited greatly from many decades of contracts calling for utilization of their proprietary telephone equipment & soft-ware. This enables massive back door surveillance capability throughout U.S. Govt., intel agencies, corporations, industry, and beyond. This covert information gathering capability proved instrumental in more than 200 Zionist fascist terrorist israelis' actions in their planning and execution of the U.S. Government-Enabled 9-11-01 false flag nuclear (and HE) attacks. 200-plus israelis were very briefly arrested (120 before, 80 after 9-11) for espionage, spying & terrorism, but were all set free.

- -- --- ---- ----- ------ ----- ---- --- -- -

This knowledge of plans for actual hidden historic JFK assassination truths to be revealed to the sheeple in George Magazine triggered an immediate development of plans by The Enemy to prevent JFK Jr's evidence publication from proceeding. It was determined that the impact of their plan must be sufficient to prevent John Jr from revealing any more historic reality regarding the treason and extensive criminality of so many in United States Zionist-Run Government.

- -- --- ---- ----- ------ ----- ---- --- -- -

Before the danger created by a publishing plan to reveal these JFK assassination historic truths, there were a number of additional reasons this Enemy had previously considered as justification (by numerous tre-asonous elements within this, Not Our, U.S. Govt) to 'take JFK Jr. out'.

The Enemy's justification included John Jr's successes in revealing hidden history when he published his criticism of individuals in U.S. Government - Janet Reno's orchestration of murders/massacres at the Branch Dividian/Waco and Ruby Ridge sites, as just two examples. The Enemy also hated John Jr for publishing historically factual exposes in George Magazine on George Wallace and on the assassination of Khazarian-Jew, Yitzhak Rabin. The most dangerous of these was likely **any mention** of a Zionist assassination of 'one of their own' - Zios murdering Rabin.

Witness statements held within the still classified [likely forever] CIA Division 4 Final Report (filed 5 August 1999) on The Murder of John F. Kennedy Jr. - and noted within the **19 July 1999 CIA Division 4 Preliminary Report On JFK Jr's Murder/Assassination** - verify what one, or very likely more, Division 4 team members' investigations revealed.

Revelations From CIA Div 4 Operatives & Witness Testimony
Excerpts From (Leaked) CIA Div 4 Preliminary Report

A CIA Division 4 operative explained -
"The meeting to discuss the murder occurred in the White House Oval Office. The subjects in the report who participated in ordering the murder of John Fitzgerald Kennedy, Jr. were President Clinton and his wife Hillary (both in the room), former Attorney General Janet Reno (also in the room) and who JFK Jr. had publicly called to task for her role in Waco and Ruby Ridge operations, FBI Director Louis Freeh (in the room), and former President George H.W. Bush, Lawrence Rockefeller (now deceased) and three Inner Circle Council of Thirteen [upper-level Khazarian Mafia] members who were all teleconferenced into the oval office discussion via secure White House phone lines."

Summary Of JFK Jr's Murder Plot Overheard By Interviewed White House Witnesses

"a) Conversation about JFK Jr's magazine George becoming a political vehicle which could threaten ruling elite families and expose past White House crimes
b) Discussions about blowing up his Cessna [Piper], John Jr's vulnerability and even carelessness about his plane's security when warned that suspicious individuals had previously been seen lurking around his plane at the airport
c) Attorney General Reno's problems with JFK Jr criticizing Waco and Ruby Ridge
d) Speculation about who John Jr would pick to run against in 2000 - Hillary Clinton or George W. Bush
e) Discussion about political family factions and relationships between federal law enforcement, national security and intelligence agencies
f) Discussion about how the assassination would take place, starting at the airport - with specific Mossad agents named by the subject conspirators without mentioning the actual israeli agency
g) General agreement that John, Jr had become over-zealous in planning to employ GEORGE to circuitously expose those who were behind the assassination of his father."

The CIA Division 4 operative continued -
"We were told by the same White House sources we interviewed that FBI Director Freeh left the oval office after the murder plot was discussed and met with israeli Mossad agent Michael Harari who then met with his supervisor, General Rafael Eitan, considered to be one of the most dangerous israeli agents who ever lived." [Harari admitted planning 9-11]

The CIA Division 4 operative went on to explain -
"Testimony by White House and airport witnesses and others will provide outrageous but credible grand jury evidence that three United States presidents have their own private israeli Mossad assassins - as well as assassins from several American federal government agencies - and will use them to commit treason and murder against other Americans perceived to pose a political threat to their power, a fact sure to horrify Jewish-Americans and all U.S. citizens." [See Phoenix Project assassins]

All the evidence revealed here and in the supporting documentation points directly to israeli/Zionists installing explosives within JFK Jr's 1995 Piper Saratoga II HP - explosives that proved effective in eliminating JFK Jr as a continuing threat. Utilizing this exact means,

World Crime Syndicate elements infesting U.S. Government ended this particular American loyalist's efforts to educate Americans with what he was certain U.S. citizens deserved to know: Evidence of U.S. Government's treasonous **Forbidden** History of a presidential assassination.

Clear from the evidence obtained within this team's investigation - It appears that a barometric pressure trigger, once armed by ascending to a particular altitude, was designed to detonate upon descending to another predetermined altitude, as the aircraft was preparing to land at their destination. According to the leaked documents I have reviewed, this detonation system worked as predicted, when John Jr's aircraft was in the descent phase on long final for landing at Martha's Vineyard.

The CIA Division 4 Preliminary Report indicated - "JFK Jr's plane broke in half just aft of the cabin. The damage was caused by a plastique (C-4) shape charge which was formed along the bottom of the fuselage and up along both sides of the walls. The charge was caused to be set off or exploded with a large spark generated by a barometric switch device triggered by the altitude of the plane. In other words, the assassins chose the altitude for the explosion of the plane - a standard procedure to make the target's murder look like an accident." [That is, 'standard procedure' for those unfamiliar with actual laws of physics and what the scattering of debris over a wide area of the ocean and several beaches reveal to aviation crash and explosives experts. These sub-humans are unconcerned about what glaring inconsistencies may have to be covered over, due to their positions of power and their being clearly above prosecution for politically-motivated mid-air explosions and murder.]

JFK Jr,'s 1995 Piper Saratoga II HP, 53 November, In Better Days

Visibility along his aircraft's course was endlessly **claimed** by the many propagandists as **"increasingly more hazy"**. Furthermore, many crime syndicate assets were allowed and encouraged to repeatedly broadcast their 'expert opinions' that (generally): 'JFK Jr was apparently so inexperienced and reckless that he was likely unaware of the threat to him and his family that flying into IMC (Instrument Meteorology Conditions) presented'. 'JFK Jr's fatal crash, that cost the lives two other members of his family (who unsuspectedly trusted his ability to fly), was almost certainly due to a catastrophic loss of spatial orientation awareness - due entirely to John Jr's inexperience.'

This narrative was endlessly pounded into the brains of the sheeple since that middle-of-July day in 1999, and has scarcely ceased in the ferosity of its theatric presentation by 2023. 'Why, don't you know, that JFK Jr was a stupid, spoiled, reckless, inexperienced pilot?'

Additional Clues Of A Massive Many-Organization-Encompassing Conspiracy

In historic fact, on 16 July 1999, the meterological reports from the Martha's Vineyard airport, as well as those from many surrounding weather-reporting stations, together with a substantial number of meteroligical reports from a vast region surrounding JFK Jr's flight that day, **"mysteriously disappeared!"**. ...only these, only from there!

This worldwide crime syndicate has many ways to coerce 'cooperation'. Primary among these is to threaten - or to hint at even the slightest suggestion of threatening - one's ability to earn an income, or even to be able to remain in the position they are currently paid to occupy.

On this same day, numerous PIREPS (Pilot Reports) from many pilots flying to and from Martha's Vineyard, and reports from those transiting the area, indicated (and broadcast by radio transmission) **"eight (8) miles visibility", as a minimum.** Clearly, The Enemy was not as thorough at 'disappearing' evidence of a worthwhile number of area Pilot Reports.

The "poor visibility/spatial disorientation/pilot inexperience" story is as inexplicable as the damage done to his father's body, and to John Connally's body, being caused by a single magic-bullet/magician-shooter.
[See **Murder of JFK (& RFK)** elsewhere within this document collection]

And Still More Massive And Incontrovertible Evidence From CIA Division 4's 19 July 1999 Preliminary Report

"At least 10 eyewitnesses signed CIA Div 4 sworn statements that they saw the flash in the night [16 July], heard the explosion, saw JFK's plane spiral down toward the ocean. A reporter for the Vineyard Gazette newspaper told WCVB-TV in Boston that he was out walking Friday night about the time of the crash and say [saw] a "big white flash in the sky," just off Philbin Beach. Altogether, approximately 150 witnesses gave individual depositions and signed statements for the final report."

It appeared that 'the world' was distracted by the near-non-stop television video/audio and radio coverage of the largely theatric and

highly propagandized event. Effective distractions were supplied by the expansive search efforts underway by the United States Navy, U.S. Coast Guard, NOAA and Mass. Police, often in areas far from where the aircraft was observed entering the ocean by 10 credible witnesses. [Perhaps some of you recall the massive and widely-broadcast search efforts that were curiously similar in their 'theatric staging', as the efforts portrayed within the U.S. Navy search to try to find Amelia Earhart and her crew.]

John Jr's Piper 53 November

U.S. Coast Guard Photo Of Area In Hanger Where JFK Jr's Piper Wreckage Was Inspected Behind View-Concealing Wooden Walls

Four Murdered, Not Three!

This carefully orchestrated catastrophic loss of life, intended to try to hide the historic reality of **who** killed 35th U.S. President John F. Kennedy, and **why** - in my estimation - based upon all available evidence, did not kill **only** John F. Kennedy Jr., his wife Carolyn Bessette-Kennedy, and his sister-in-law, Lauren Bessette. Enough evidence exists that clearly indicates one of the four flight instructors, known to have regularly flown with John Jr. on every family-carrying flight, died too!

- -- --- ---- ----- ------ ----- ---- --- -- -

Five Murdered, Not Three?

I was unable to find **any** verifying authentication of John Jr's wife Carolyn being pregnant **on 16 July 1999** - as was indicated just once in the CIA Division 4 Preliminary Report. [Final Report - inaccessible]

- -- --- ---- ----- ------ ----- ---- --- -- -

With substantial search theatrics underway as distraction and cover, in the actual area where the central portion of John Jr's Piper entered the ocean, 'black-hats' cut the flight instructor from the aircraft wreckage, where it rested on the floor of the Atlantic. The presence of a flight instructor, if eventually revealed by those retrieving the wreckage or by anyone seeing it, may have only caused a slight concern for The Enemy, but they handled this 'detail' of an extra body anyway.

The flight instructor was cut out of the aircraft - together with his co-pilot's (right side) seat - unseen by any on the surface. This was necessary because the presence of a second set of 'professional eyes' in the form of an experienced flight instructor didn't fit with the propa-

ganda theater: 'A stupid, spoiled, and inexperienced pilot; who was scared of flying at night'; recklessly ignoring the dangers posed by "increasingly hazy visibility"; as he flew into IMC (Instrument Meteorology Conditions); lost sight of the horizon; lost his spatial orientation awareness; and, flew family members to their deaths.'

The seriously unlucky Certified Flight Instructor was, apparently, one of four very experienced Instrument Instructors that John Jr routinely relied upon when he was flying family members. Evidence points to corroboration of statements from the other three instructors who regularly flew with John Jr. and his family. Reports of John's 'delay in taking off' that evening was simply John and his family waiting 20-some minutes for the other pilot, a CFII, to arrive that evening - so that another set of experienced eyes in the cockpit could provide an additional assurance of flight safety for his family members.

JFK Jr was known by a number of professional pilots/instructors as a very good, safe and qualified pilot. In the Preliminary and Final CIA Division 4 Reports, flight instructors expressed their view that John Jr was careful, knowledgeable and proficient in his piloting, and that he could have passed written and practical test/check ride examinations for an Instrument add-on rating to his pilot certificate.

Multiple witness statements described him as a man known to be extremely careful with flying his family members as well as with oversight of the exacting maintenance of his relatively new aircraft. Similarly, it was known among those around him and within the aviation circle he engaged with, that because he was not hampered by financial constraints, JFK Jr. would regularly include an additional pilot - an extra set of eyes - to help fully ensure a successful, safe, and thoroughly confident flight.

CIA Division 4 Team's Probe Was Rigorous

"a) 30-40 witnesses were thoroughly interviewed
b) Ten individuals said they actually saw JFK Jr.'s plane explode in mid-air
c) Two witnesses told the team they saw George H.W. Bush and [his son, Texas Governor] George W. Bush at the Essex County, New Jersey airport with israeli Mossad agent Michael Harari and another Mossad agent who were both seen standing next to JFK Jr.'s Cessna [Piper] - all four were at the airport just two days before the doomed plane took off with JFK Jr., his pregnant wife and her sister." [Evidently, not observed was the later-arriving flight instructor]

[Zionist-Terrorist/Mossad Ops Chief Mike Harari admitted planning 9-11 at a celebratory breakfast beginning at 0700 in Bangkok, Thailand on 9-12-01; was seen standing next to Manuel Noriega at the airport trying to flee when 82nd Airborne invaded Grenada on 19 October 1983; was involved in the murder of U.S. Army SF Colonel Nick Rowe in the Philippines, and so much more. Most likely, because of an added notariety earned by Mike Harari - with his claims of planning the U.S. Government-Enabled 9-11-01 false flag attacks on Americans - Harari's death was **claimed** (if I recall correctly) sometime around 2019/2020.]

"d) Several witnesses testified they overheard the murder plot being discussed in the White House oval office

e) One company (CIA) witness at the scene saw the bodies and the damaged plane - shared his assessment: a mid-air explosion caused the crash
f) Approximately 150 witnesses gave individual depositions and signed statements for the final report
g) Three flight instructors who worked with JFK Jr. testified he was an excellent pilot and had logged a high number of flying hours [over 300] since being [certificated] - He loved to fly and was that good."

Pressure On CIA Div. 4 Teammembers To Obfuscate Historic Realities

It is worth noting this about the CIA Division 4 teammembers, when one outspoken teammember shared: "Our boss ordered us to re-write the final draft but we refused. We wanted to tell the truth; so they classified the (final report) until the year 2025 despite the fact that we had interviewed scores of witnesses who can corroborate all our findings. This was August 5, 1999." [Chances of report remaining sealed **only until 2025:** Experience says **Unlikely!** It may never be declassified.]

News Of The Leaked CIA Div 4 Preliminary Report, Soon After, Led Directly To Div 4 Team Members' Murders

"The obstruction of justice by our 'upper management' and the FBI caused so much chaos that they dissolved our team; then they, quite possibly along with the Clinton White House, tried to have me murdered within ten weeks at the end of October, 1999 while working in Belfast, Ireland. I was supposed to be in a car with a friend who was blown apart in the explosion," said the teammember. [Other Div 4 team members scattered!]

"That explosion was meant either as a warning or an assassination attempt, and cost the life of not only my associate, but a friend of his as well; so I closed all my accounts, resigned from Division 4 and went underground by November, 1999..." he said - but not before devastating reports had been filed by a team of investigators experienced in tracking evidence and criminals all over the world.

Summary/Excerpts From 19 July 1999 CIA Division 4 Preliminary Report On JFK Jr's [+3] Murder/Assassination

Compiled just three days after the assassination - this historic document reveals in very small part multiple sworn statements of 10 witnesses who '...saw the flash then heard the explosion as the tail was blown off of JFK Jr's Piper Saratoga II HP while on final for a Martha's Vineyard airport!' Several witnesses testified (more signed, sworn statements) they **"...overheard the murder plot being discussed in the White House Oval Office..."** "The subjects named in the report who participated in ordering the murder of John F. Kennedy Jr. were President Clinton and his wife Hillary, former Attorney General Janet Reno, FBI Director Louis Freeh... as well as former President George H.W. Bush, Lawrence Rockefeller (now deceased), and three Inner Circle Council Of Thirteen members [Khazarian Mafia] who teleconferenced the discussion on secure White House phone lines, to plan the assassination of JFK Jr.!" Additionally, this report states: "Knowing the Clinton's methods of political intrigue, and **the approximately 300 murders he and his wife are guilty of,** it is possible this is three [four] more to add

to the tally." [As noted previously, the Flight Instructor was removed from aircraft prior to pulling it up.] "Mossad Ops Chief Mike Harari was seen at the Essex County, New Jersey airport, two days prior to these murders, standing next to JFK Jr.'s aircraft! On this same day and at this same airport, both President George H.W. Bush and George W. Bush were seen, as well! There is CIA Div. 4 evidence that JFK Jr. was made aware of Harari (and perhaps, another Mossad agent as well) being seen near his aircraft. Examination of the aircraft wreckage clearly indicates an explosive charge was formed along the floor and up the walls of the fuselage aft of the cabin area. The detonator for this explosive was armed upon reaching a predetermined altitude by a barometric pressure switch, then was detonated through similar means once a specific altitude was attained during descent. Persistent efforts to include historic realities within Division 4's Final Report were seriously and relentlessly far more than just dissuaded, and resulted in teammembers being pursued and murdered, and other members scattering for their personal safety."

All Evidence Suggests The Enemy-Estimated Force Of The Explosion, By Itself, Was NOT Designed To Kill Occupants!

It is my estimation, based upon all available evidence, that the explosion (independently) was not intended to kill JFK Jr, his wife Carolyn, and his sister-in-law Lauren Bessette - together with whichever of the CFIIs John Junior routinely included on their family flights.

Since at least the mid-1200s, it remains as a foremost ingrained principle amongst Khazarians who have fanatically-embraced Talmudic-Judisim, that **they gain - and therefore accumulate - a most useful mystical power from the agony and terror they so thoroughly enjoyably instill within each living thing these sub-humans torture or murder.**

Evidence revealed within the CIA Division 4 Preliminary Report details what examination of the aircraft wreckage brings to clearity!

"Examination of the aircraft wreckage clearly indicates an explosive charge was formed along the floor and up the walls of the fuselage aft of the cabin area."

And, elsewhere revealed by a CIA Div. 4 operative -

"JFK Jr.'s plane broke in half just aft of the cabin. The damage was caused by a plastique (C-4) shape charge which was formed along the bottom of the fuselage and up along both sides of the walls.

The enemy made sure the 'lines' of explosives were well enough hidden from view that they were not easily noticed during baggage loading.

An Inescapable Conclusion

The explosive force of the formed lines of 'putty-like' explosive charges, together with their positions on the far-aft fuselage vertical frames - behind the 3rd row seats and along the frames of the cargo area bulkhead - indicate that they were proportioned to be just strong enough to blast/cut through the aluminum fuselage frames, the 2024 T-3 aluminum fuselage .032" thickness 'skin', as well as the strengthening-stringers.

The Enemy's Goal: Separate The Tail Structure!

Explosive Charge Proportions And Positions Were All Designed With One Clear Purpose!

All evidence indicates that **just killing JFK Jr. to help hide the monstrous Govt. conspiracy secrets around the assassination of his father, was not near enough!** The **force of the explosion**, together with the **deafening sound** (though 'slightly' suppressed, behind the 3rd row of seats - and by their headsets) **Petrifyingly-Horrified all those aboard! Then, in one-to-two seconds, Near-Unimaginable Terror, Seized Them All!**

All Evidence Shouts that The Enemy wanted the aircraft inhabitants to 'Enjoy-Fully A Terror Beyond-Agonizing' - grasping-fully every effect of their thrill ride - without any possibility of controlling the outcome, as they plunged, as they tumbled, to their deaths!

Two More Reasons For JFK Jr's Murder (Well, Three)

1) For 2000, John Jr was considering running for the senate - where he would have run against Hillary Clinton, also in her first senate run.

2) Within this same time frame, he expressed some interest in running for the presidential nomination, against Texas Governor, George W. Bush.

Many around John Jr believed he could well have accomplished either of these goals. Though, in both cases, these well-wishers may not have taken into account the very real capabilities and long history of Khazarian/Zionist/israeli hatred of the Kennedy family.

3) The Zionist/Khazarian's hatred for the Kennedys goes back in time to at least the 1920s, where multiple historic references indicate that Joseph P. Kennedy had routinely 'intercepted' clandestine alcohol shipments belonging to what was then often referred to as "The Little Jewish Navy", entering the U.S. from Canada. In these times, Joseph P., the Talmudic-Jews, and any number of groups were engaged in smuggling alcohol into the U.S. under the constraints of the Volstead Act (Prohibition). A long-standing hatrid of the Kennedy family by Talmudic Khazarians, for routine Kennedy booze shipment hijackings, could well be considered to be **a hidden/legitimate basis**, for at least a substantial

portion of what has long been referred to as a 'Kennedy Curse'.

Without question, John Jr's plans to publish a series of stories in his George magazine - revealing the CIA's portion of participation in the murder of his father - could have led to exposure of Zionist control of key CIA members, together with portions of U.S. Government, and Mossad's involvement in the assassination of a United States president.

- -- --- ---- ----- ------ ----- ---- --- -- -

President Kennedy's murder evidence reveals that - in historic reality - a CIA kill team acted in conjunction with another kill team that was Mossad/Zionist-based, and almost certainly, a third shooter that was likely part of a black-ops/mercenary kill team. Triangulation of shooters is often indicated. (= Physics explanation for body damage)

Murder motives include - as primary considerations - his desired goals for our country as called out in just two of JFK's quotes: **"...splinter the CIA in a thousand pieces and scatter it to the winds."** And, still more revealing - **"One day after I am long gone, you will remember me and say, we should have stopped the nuclear program of Israel, abolished the Federal Reserve and kicked all secret societies, occultists, usurpers and Zionists out of our wonderful country, to keep it that way, but it is never too late, just remember that."**

1962 White House Tape Transcript
President John F. Kennedy
U.S. Attorney General Robert F. Kennedy
Zionist israeli Ambassador to U.S. Avraham Harman

The focal point of this meeting was made clear by President Kennedy's determination to facilitate regular inspections of the long-denied nuclear weapons development facilities at Dimona - within the Negev desert region of Zionist/enemy-occupied Palestine. President Kennedy knew legitimate inspections were necessary to find evidence of what U.S. intel knew israel was hiding: **weapons to be used, potentially, against almost anyone, or used to simply threaten most anyone; weapons that are at least partly funded by U.S. taxpayers.**

Research reveals that due to a shared knowledge between him and his brother Robert, JFK ordered the installation an audio surveillance/ recording system throughout the White House - **every single room, closet and equipment space.** This became a necessity due to ever-more-frequent and ever-more-dangerous threats from what Albert Einstein correctly identified as Zionist fascist terrorist israelis. [In Einstein's 4 December 1948 New York Times letter, he warned Americans (and the world) about Irgun terrorist leader Menachem Begin coming to U.S. politicians seeking support, money and weapons to continue murdering Palestinians.]

1962 White House Tape Transcript

President John F. Kennedy: "Now, the problem of your government's nuclear weapons site at Dimona is of great concern. I have told you many times now that I want our American inspectors to be allowed in regularly so we can find out" -

israeli Ambassador To U.S., Avraham Harman (Interrupting): "No! Israel is a sovereign nation! A nation at war! Have your forgotten that your inspectors were allowed inside Dimona in May of last year? For an entire day *, I would remind you! No further American inspections will be allowed at Dimona, Mr. President, and that is final!" [* The few hours 'inspection' on this one day was a Hollywood-style theatric event, where access doors to the underground weapons production areas were concealed, and movie prop-like control displays were created to give the impression that only medical-grade nuclear materials were being produced there.]

President Kennedy: "There is no war now! If you don't want Americans, we can approach a neutral nation to send inspectors! **I insist that the Dimona Nuclear Site be opened to scheduled, outside inspection!"**

Ambassador Harman: "With respect, Sir, you do not - understand, Israel is **always** at war! No foreigners will **ever** be allowed to see the workings of Dimona nuclear site on some schedule they might demand!"

Attorney General Robert Kennedy: "Sir, the president has authorized me to advise you that **he will seek to cut off American aid for Israel** until our inspectors have been allowed in at Dimona. **We know you are producing**

offensive nuclear weapons there!" [To my knowledge, no one has ever spoken any words similar to those RFK spoke here: "...cut off American aid for israel..." **- and was allowed to live.]**

Ambassador Harman [speaking most directly to RFK, though JFK was standing right there, very nearby to RFK]**: "That - that is not a good decision, sir! It may cost your brother - dearly! Israel's enemies - all of them - will be crushed!"**

The terrorist's Dimona nuclear reactor was long known to U.S. intelligence as covertly producing weapons-grade nuclear materials and offensive nuclear weapons. This nuclear weapons production continued on uninterrupted up until a partial melt-down/over-cooking (through misuse) of their reactor in the 1980s. Efforts to rehabilitate the reactor had resulted in a lower level production capability - though satellite imagery indicates substantial construction taking place there in 2021.

A secondary reason for the Khazarian Mafia's primary action agent - Zionist-israeli Government - to orchestrate the murder of JFK was the City of London bankster debt-enslavement and financial control of the United States. JFK had often voiced his desire to abolish the fraudulently named 'Federal Reserve'. JFK had also spoken of similar plans for the CIA, as well as many other government and non-government organizations known to be working against American's betterment and well-being. [America's downfall began even before the thoroughly-illegal creation of the Khazarian Mafia's 1st 'U.S.' Bank in 1791 (20-year charter). A 2nd 'U.S.' Bank was it's successor (20-year charter).]

Moments after Mossad, CIA and a third kill team each fired once. When 'they' Really Need You Dead by projectile penetration, they triangulate.

Thoroughly consider a directly-related quote by President John F. Kennedy. Imagine especially the historic knowledge he'd gained that propelled him to share his desired goals for Americans, for Our country.

**"One day after I am long gone,
you will remember me and say,
we should have stopped
the nuclear program of Israel,
abolished the Federal Reserve
and kicked all secret societies,
occultists, usurpers and Zionists
out of our wonderful country,
to keep it that way,
but it is never too late,
just remember that."**

President Kennedy's murder evidence reveals that - in historic reality - a CIA kill team acted in conjunction with another kill team that was Mossad/Zionist/israeli-based, and almost certainly a third shooter that was likely part of a black-ops/mercenary kill team. Triangulation of shooters is often indicated. [Physics explanation for damage to bodies]

History records that President Kennedy was the seventh U.S. President to be murdered because he stood up for the American people. Each of these men made it clear they couldn't be coerced, blackmailed or threatened into doing what the Khazarian Mafia Talmudic-Jews and Zionist-israelis told them they had no choice but to do. Four were shot, three poisoned with arsenic. Those that survived for a while - 79 days, in the case of William McKinley's shooting - were killed by Khazarian/Illuminati 'medical professionals'. Each was replaced by Khazarian-owned puppets.

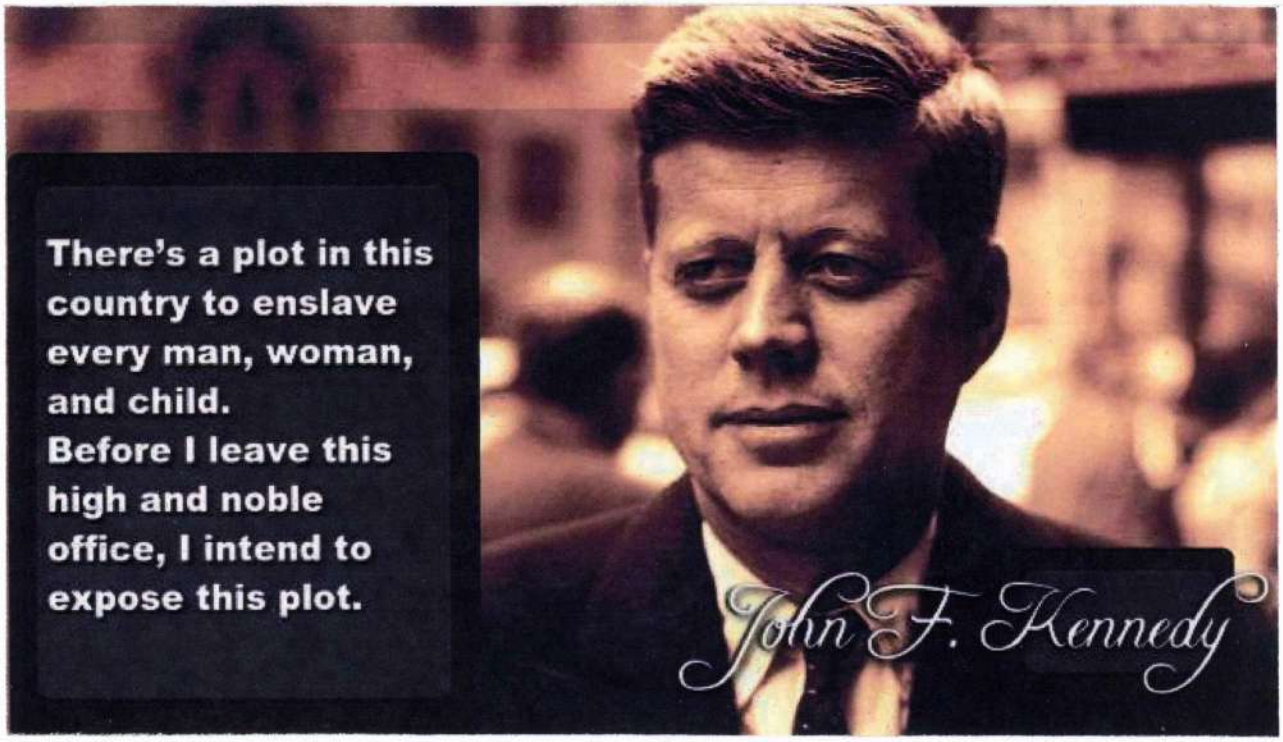

Andrew Jackson ran on: "Jackson and No Bank!". President Jackson was, at least temporarily, able to contain to some degree Khazarian banker's control of U.S. Government and American citizens. Before long, the City of London Bankster/World Crime Syndicate was able to overcome Jackson's objections to criminal control of the nation he led. Khazarian Mafia, together with their Illuminati doctors, shot/murdered U.S. Presidents: Abraham Lincoln in 1865; James Garfield in 1881; William McKinley, 1901!

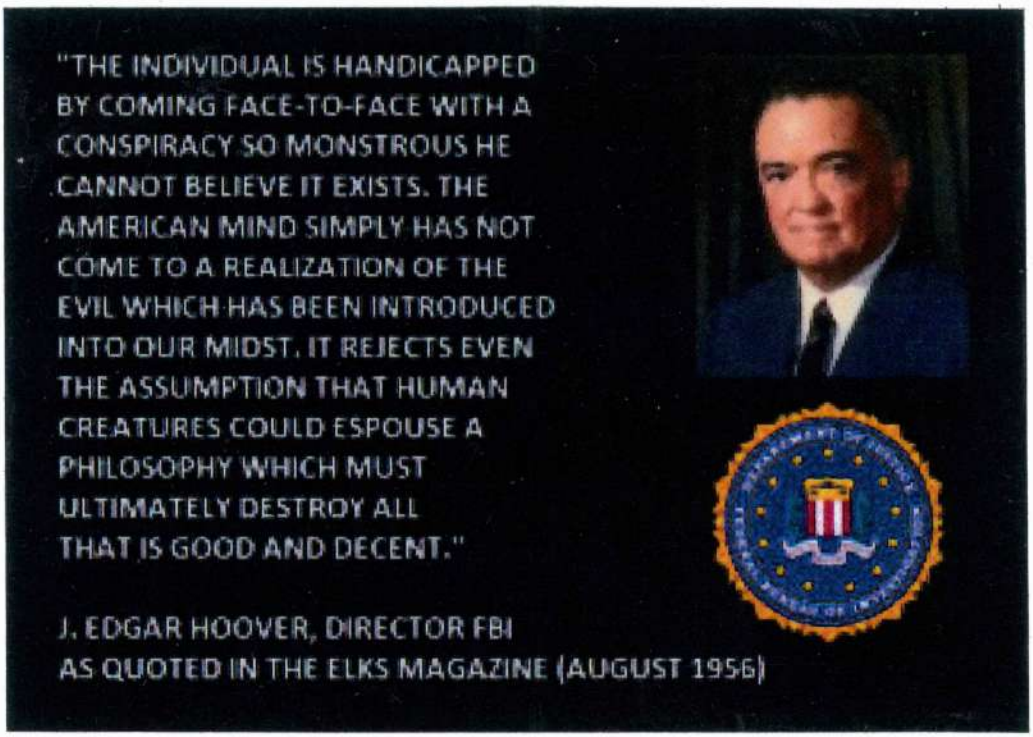

Considered together with his long-known hopes of abolishing the Federal Reserve, President Kennedy had managed to very seriously offend all international financiers and banksters (largely all a part of the same crime family), through a plan in the works to forge his own U.S. monitary policy. Kennedy's monetary plans were, therefore, a threat to to key syndicate members, the Khazarian Mafia/City of London Banksters.

Khazarian Talmudic-Jews had many centuries before mastered the black art of Babylonian Money-Magick debt-enslavement, as a worldwide fraud scheme (creating 'money' out of thin air), to enslave all American citizens - and all this planet's populations! [BRICS+ is today's threat to the Khazarian Mafia's goal of controlling all nations, all terror, all wars.]

"History records that the money changers have used every form of abuse, intrigue, deceipt and violent means possible to maintain control over governments by controlling money and its issuance."

- Thomas Jefferson, 1802, 3rd U.S. President

Among the reasons Zionists needed our president dead, one far more primary than most, was **John Kennedy's Absolute Insistance That All Zionists Within Or Entering The United States MUST Register As Foreign Agents!** Forms, documenting them as foreign agents, had been printed. It is unclear if dates for their distribution, and return deadline, had been set. JFK's declaration, and printing of these forms (shortly before JFK's murder), were strongly denounced by the many **Zionist-Owned/Funded "U.S. representatives of the people"** within this **NOT Our** U.S. Government

Another reason for JFK's murder - coinciding with previous reasons - was almost certainly JFK's and RFK's insistence in continuing and even escalating the U.S. Attorney General's assault on all organized crime within the United States. KM believed murdering Robert's brother would send a clear message to Attorney General Robert Kennedy: Back Off! Much of this crime was orchestrated by this same Khazarian Talmudic-Jew terrorist organization, in association with US Govt assets - often using other ethnic groups (Mexicans, Italians, Cubans, etc.) as front-men/ fall-guys. Effectively threatened fall-guys knew well their fate - their family's fate - if they ever revealed their controlling syndicate.

Forbidden history reveals, as standard operating procedure, Khazarians have forever utilized any and every sort of front-men/fall-guys within their worldwide crime organization. Often these are individuals from whatever country is targeted at the moment, to ensure that even if any of 'their business is interfered with', **no connection** to Talmudic-Jew terrorists is ever (almost never) revealed to this planet's sheeple.

In attempts to try to hide and distract from these historic truths of globally organized crime of the most vile, dangerous and disgusting nature - that has long been embraced fully by this **treasonous** United States Government - almost 150 movies and so many hundreds of books have been written calling attention to Italian, Mexican, Asian, Russian and Cuban organized crime - a massive Zionist distraction/disinformation op!

To further emphasize an historically obvious reason for the enemy's need to murder JFK - one overlapping with previously mentioned reasons - was certainly because of JFK's (and RFK's) insistence on dismantling:

"...splinter the CIA in a thousand pieces and scatter it to the winds."

It was too obvious, even in 1962, that our CIA was infested with israeli/dual-citizenship Mossad agents and their many treasonous assets, all working against Americans' interests, each and every day and night.

Evidence indicates that by January of 1980, the primary role of both the CIA and the Pentagon became international drug production, distribution and sales - largely to fund black ops around the globe (regime change, revolutions, assassinations, violence of every sort that includes false flag terror operations), but also to help to drug, destroy and kill whole neighborhoods around the world - as many human lives as possible. See CIA Director William Casey's 1981 quote from his 1st staff meeting.

Key Excerpts From President John F. Kennedy's 27 April 1961 Speech To American Newspaper Publishers Association

- Introduction -

Just over two and a half years before his murder - our nation's president chose to share his thoughts on a most difficult subject - freedom of speech vs national security.

A few of Kennedy's opening words point most specifically to his perception of two very serious national considerations: "I refer, first, to the need for a far greater public information; and second, to the need for far greater official secrecy."

Kennedy had heard from numerous trusted international sources and intel agencies that American press had given governments - assumed to oppose the United States Government's agenda - information a perceived enemy otherwise would have had to bribe, coerce, blackmail, surveil by whatever means, or otherwise steal, in order to benefit from.

While the entire speech is most beneficial, and recommended in order to get full context, here are some of the most revealing portions indicating threats to American life on this continent. President Kennedy's thoughts and words reveal his knowledge of the expanse, the worldwide reach, of the strength of the global crime syndicate he sought to defend against/defeat. [John F. Kennedy was **one of only seven** U.S. Presidents to stand up against the Khazarian Mafia's Talmudic-Jew Zionist Fascist terrorist front-'men'. **Four were shot, three were poisoned**--survivors were killed by KM doctors.]

Key Excerpts From Kennedy's News Publishers Speech

"...For we are opposed around the world by a monolithic and ruthless conspiracy that relies on covert means for expanding its sphere of influence--on infiltration instead of invasion, on subversion instead of election, on intimidation instead of free choice, on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly knit, highly efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations.

Its preparations are concealed, not published. Its mistakes are buried, not headlined. Its dissenters are silenced, not praised. No expenditure is questioned, no rumor printed, no secret revealed. It conducts the Cold War, in short, with a war-time discipline no democracy would ever hope to wish to match...

...Without debate, without criticism, no Administration and no country can succeed - and no republic can survive. That is why the Athenian lawmaker Solon decreed it a crime for any citizen to shrink from controversy. And that is why our press was protected by the First Amendement - the only business in America specifically protected by the Constitution -- not primarily to amuze and entertain, not to emphasize the trivial and the sentimental, not to simply "give the public what it wants" - but to inform, to arouse, to reflect, to state our dangers and our opportunities, to indicate our crises and our choices, to lead, mold, educate and sometimes even anger public opinion..."

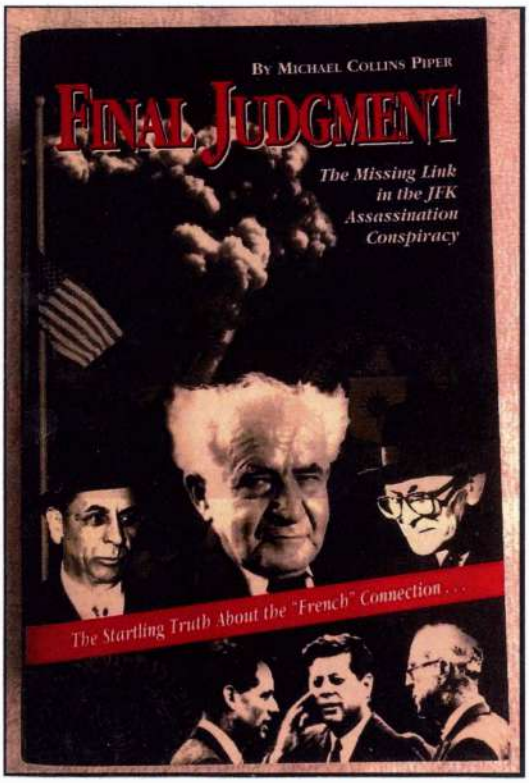

Summation/Suggestion

This documentation could go on and on about all the reasons the Khazarian Mafia, their Zionist fascist Talmudic-Jew 'Likud Party' terrorist action agents, Illuminati, and the many treasonous puppet/ scumbags within U.S. Government, wanted President John Kennedy dead - and on who all were involved in the deed - but I would be cheating you! Please learn **the whole story**, as so exactingly and effectively researched and so wonderfully written by author Michael Collins Piper.

Michael Collins Piper's - Final Judgement

There can be no more comprehensive, absolutely accurately compiled and devastatingly historic evidence on the murder of President Kennedy, and all involved, than Michael Collins Piper's exceptional research work: **Final Judgement**! Piper's most excellent 800-plus pages of **seriously hidden historic research evidence** on the Murder of JFK must be considered as **Required Reading/The Source** to understand this murder!

This book presents a stunningly clear picture of the assassination and the myriad of intricate connections between the many players who took part in the planning, the staging, the bureaucrat and press cover-up, as well as within the thoroughly theatrically played out disinformation operation referred to as as 'an official government (Warren Commission) investigation'. It **was** available, when obtained by this researcher, electronically (download/print out) for a mere $25 - many years ago.

Michael Collins Piper's Final Judgement is the one book that (legitimate) JFK assassination researchers wish they would have read first. It's accuracy reveals **the real enemy** virtually all the other 'authors' were either afraid to call out, or most likely, the enemy that helped fund their works of propaganda, as well as distribution of their books - pointing to **any other** culprits but those actually responsible.

UNITED STATES GOVERNMENT

Memorandum

CONFIDENTIAL

TO : Mr. James J. Rowley
Chief, U.S. Secret Service

DATE: March 3, 1964

FROM : Mr. John McCone
Director, Central Intelligence Agency

CD-2-34,030

SUBJECT: Central Intelligence Report on the Assassination of John Kennedy

In response to the request made by your office on 24 February 1964 re: Lee Oswald's activities and assignments on behalf of this agency and Federal Bureau of Investigation, there follows a narrative summary of the internal subversive activities of the Oswald subject.

I recommend that unless the Commission makes a specific request for specific information contained herein, that this information not be volunteered. This agency has reason to assume that some junior Commission staff members may be potential sources of leaks to the news media or to other agencies; due to the highly sensitive nature of the enclosed material, it would certainly be in the national interest to withhold it at this time - unless there is, of course, a specific request made.

It is my understanding that Mr. Hoover has certain sensitive information within his agency, which has been transferred to his own personal files for safekeeping; he concurs that no material should be voluntarily given to the Commission which might affect the status of field operatives or their safety. He is particularly concerned about the De Brueys memorandum, which Central Intelligence has obtained and which, I understand, you have obtained. It is imperative that this information, at least for the time, remain under wraps.

Oswald subject was trained by this agency, under cover of the Office of Naval Intelligence, for Soviet assignments. During preliminary training, in 1957, subject was active in aerial reconnaissance of mainland China and maintained a security clearance up to the "confidential" level. His military records during this period are open to your agency and I have directed they be forwarded to the Commission.

Subject received additional indoctrination at our own Camp Peary site from September 8 to October 17, 1958, and participated in a few relatively minor assignments until arrangements were made for his entry into the Soviet Union in September 1959. While in the Soviet Union, he was on special assignment in the area of Minsk. It would not be advantageous at this time to divulge the specifics of that assignment; however, if you wish this information, it can

Murder of Robert F. Kennedy

By **George Wegner, Senior Editor, Forbidden-History.org & Routt-County-Corruption.com**

In addition to U.S. Attorney General Robert F. Kennedy's vow to continue to investigate the blatantly covered up assassination of his brother - no matter what - RFK had also vowed to continue to target all forms of U.S. organized crime. This targeting of criminals would have included extensive investigations into the huge number of enemy agents comfortably ensconced within United States Government's Executive, Legislative and Judicial branches, (including within 'the Warren Commission') and within its intelligence agencies, together with enemy assets within U.S. 'law-enforcement', corporations, and media. Robert Kennedy assuredly would have continued his brother's efforts to abolish the 'Federal Reserve', 'scatter the CIA to the winds', etc., just for starters.

Just as with the murder of President John F. Kennedy, there were similar reasons the Khazarian Mafia/Zionist/israelis needed to kill RFK as well.

In amongst the many conflicting pieces of crime-syndicate-generated bogus 'evidence' surrounding his assassination, you will find that Robert Kennedy's murder details reveal many clear signs of the typical disinformation and distraction/manipulation that is so similar to that surrounding JFK's death (or, anyone else this crime syndicate kills).

The historic accuracy of who killed U.S. Senator Robert F. Kennedy is clear for anyone who is at all familiar with KM-Zio's need to eliminate every Kennedy in power. On 4 June 1968, Robert had just won his fifth presidential primary in California, and was the next logical target due to his likelihood to become an aggressive political power threat to the world-wide criminal syndicate run by Khazarian Talmudic-Jew Zionists.

Evidence gathered from a variety of solid sources, verified by still other known-reliable sources, enables an ever-more-focused accumulation of research and analysis - the essence of historically accurate RFK murder revelations. Count on enemy-run press to supply a massive amount of distractive propaganda - pointing to anyone but the real killers.

As always, this type of research requires searching the widest number of sources, leaning toward any sources found to be historically accurate in past encounters - all the while, searching methodically to detect even the most obscure 'hints of clues'. Often, it is these 'slightest hints of something more', that eventually lead to a compilation of good clues, that can unravel even the best enemy efforts to obscure historic truths.

As historic truth is so often revealed: Cui bono? - Who Benefits?

Largely Hidden Details Of A Crime Syndicate Hit

A legitimate coroner was somehow allowed to come into the investigative picture when Kennedy family members observed the makings of yet another obvious cover-up taking shape. Forensic evidence revealed that **four bullets penetrated the back of RFK's head.** Coroner, Dr. Thomas Noguchi's documents clearly support the four bullets penetrating the back of Robert F. Kennedy's head, and that each of the four were 'contact shots' - fired with the muzzle of the barrel 'touching or nearly touching' Robert Kennedy's head.

Several witnesses made absolutely clear that fall-guy **Sirhan Sirhan was always between three and six feet In Front Of RFK** during the murder - and never behind him - so he could not have been the killer. In large part, these facts have never been contested. Yet, a compliant, Khazarian Mafia-owned press, judicial, 'law enforcement' and local, state and federal governmental system has - as is entirely predictable in false flag attacks and events - ignored the clear reality, yet again!

Various eye witnesses reported that Sirhan did fire two shots **toward** Robert Kennedy before he was tackled - neither of these two rounds hitting RFK. As the eight-round revolver was wrestled from Sirhan's hand, the remaining six shots were fired - in the opposite direction - with five of the rounds striking bystanders and one of these six 'going wild'.

One of the bystanders struck by a single round has long tried to convince a corrupt government and anyone who will listen that Sirhan was not Robert Kennedy's killer. In fact, this RFK-murder-related bullet-catcher has recommended that Sirhan be released from prison.

There is evidence that 'an over-seeing force' directed the destruction of some **2,800 crime scene photographs**! This was done in conjunction with orchestrating a great deal of this crime syndicate's typical obfuscation. A combination of actions enabled the necessary distraction and disinformation stream to sufficiently confuse anyone with even a casual interest in suspicious murders of those with bright futures.

Sirhan's attorney, William F. Pepper, alleges that his client had been subjected to a hypnosis type of mind control where Sirhan believed he was at a pistol range during the time he was actually in the kitchen pantry area of the Ambassador Hotel in Los Angeles.

A noted expert in hypnosis and trauma memory loss, Harvard University professor Daniel Brown, dedicated more than 60 hours interviewing Sirhan and believes he was able to 'break Sirhan's programming'.

Under Brown's examinations, Sirhan revealed that he was taken to the Ambassador Hotel by handlers. A simple tap on his shoulder may have triggered his hypnotic delusion of believing he was at a pistol range and should fire a gun. As was revealed in witness statements, the woman who was observed touching Sirhan's shoulder was also observed running from the building yelling "We killed Kennedy!"

Some people ran out after this 'murder-declaring conspirator', in pursuit. A police All Points Bulletin was issued for this woman, as was noted in newspaper stories at the time. A number of witnesses support many parts of Sirhan's recollections of events that day, as well as these witnesses seeing and hearing the woman loudly proclaiming an association with the actual killer, as she was running out. A hunt for this woman was initiated but, 'somehow', this effort, together with the witness statements, and all interest in general, faded into nothing.

Still more evidence documents that Sirhan had reported finding himself holding a gun he'd never seen before at this (imagined) pistol range, hearing two shots, but believed he never fired any shots.

One Of Many Apparent 'Mind Control' Shootings

This was not the first time a similarly crime-syndicate-orchestrated shooting took place - where the fall-guy was unaware of the realities.

This (**Not Our**) Government's interest and tax-payer funding of mind control research - and practice - goes back many decades. It's just another one of these Khazarian Mafia asset's 'games' they play on the sheeple. **[Think:** A near-endless number of school, nightclub, mall, etc. shootings] Goals: Terrorize, Freighten and Worry the sheeple, while creating thoroughly idiotic and illogical propaganda suggesting that 'No Law-Abiding U.S. Citizen Should Be Allowed To Own Any Sort Of Firearm!' All the while, these judas goats proposing dumb-shit legislation live behind tall walls in secure compounds with armed-security protection!

These are the shootings that this researcher predicted would largely if not entirely cease to take place during the period where the world crime syndicate's **World War III/Operation Invisible Enemy** (Covid-19/Enabling Poisonous Injections) was in full motion. The criminals need to maximize the immense profits offered by their many 'investments' - likely together with their celebrations of their worldwide successes - provided distractions from their usual shoot-'em-up game/entertainment. When asked to comment on Covid-19 this researcher shared that as the massive and illegal life, family and business destroying constraints on the planet's populations begin to ease - indicating at least a beginning of an ending to this **idiotically allowed tyranny** of the Bio/Pharmaceutical-Weapon terrorism of the Khazarian Mafia's World War III - the frequency of the shootings would gradually rise toward their previous KM-approved level of citizen-allowed theatric chaos. And, they did.

- -- --- ---- ----- ------ ----- ---- --- -- -

Sirhan Sirhan is a Palestinian. The Khazarian Mafia/Zionists have long displayed a sincere need to perpetually spotlight any number of middle-easterners as their fall-guys. Palestinians were blamed by some of the near-200 Zionist/israelis arrested for espionage, spying and as terror suspects, both before and after their U.S. Government-Enabled 9-11-01 false flag nuclear and high-explosive demolition/attacks. The two U.S. airline flights allowed out of America on 9-11-01 cannot possibly be believed to be (fall-guy) Bin Ladin family Saudi nationals.

- -- --- ---- ----- ------ ----- ---- --- -- -

The Lavon Affair/Operation Suzannah/Operation Failed Business (1954) was the beginning of a serious Zionist-israeli campaign to blame each and every israeli terrorist bombing, assassination and violence of any kind on Islam, Arabs, Muslims, on any regional locals, **except on Zionist-fascists.** Even though Zionists were caught red handed blowing up Americans in a number of their regular meeting places in Egypt (together with British and Egyptians), in order to begin to seriously blame every terrorist attack perpetrated by Zionists - from then onward - on their fall-guy/enemies (everyone), the KM/Zio's massively successful false flag terrorism program remains unmatched to this day.

- -- --- ---- ----- ------ ----- ---- --- -- -

There is at least some indication that further legitimate investigation points to a fellow named Thane Eugene Cesar as RFK's murderer.

Similarly sourced evidence points to Cesar dying in the Philippines on 11 September, 2019. [Or, so his death is to be believed.]

It is possible (though this evidence path is not as secure), that Thane Eugene Cesar was an employee in a classified section of Lockheed's Burbank, California facility on 5 June 1968 - during the time period when RFK was killed. Some evidence indicates that Cesar was moonlighting at the Ambassador Hotel as a security guard - a position he had secured about one week prior to the Robert Kennedy assassination.

A few eyewitness statements place Cesar in the hotel pantry while RFK spoke of his primary victory in the ballroom. Soon after this, Cesar was seen to grab Robert Kennedy by the elbow and guide him toward Sirhan. Further investigations into Cesar's past **may** lead to a number of other U.S. defense contractor high-security positions. [**Unclear** at this time.]

Of the **77 witnesses interviewed** that were in the hotel's pantry, every eyewitness said **Sirhan was always in front of RFK, never once behind him.** Once again, the coroner's report, together with the witnesses statements make clear Sirhan Sirhan was a fall-guy, installed within poorly played out theatrics. [Poorly orchestrated theatrics are often noted within Khazarian Mafia/Zionist terror acts, but historically, their orchestrations have long proven to be, 'good enough', considering the endlessly-proven ability of the sheeple to believe almost anything.]

There is some evidence that Cesar repeatedly changed his story about exactly when he drew his weapon.

Surely, there is so much more to this. **Your turn!**

A Few Other Details

There is clearly still more to this than just the first few threats RFK represented - that were noted in the beginning of this piece - that would be considered legitimate reasons for the Khazarian Mafia/Zionists to take out Robert Kennedy.

As noted within the revelations here on the murder of President John F. Kennedy, the Khazarian Mafia/Zionist-israeli vs Kennedy family feud was massively propelled long ago when JFK and RFK's father - Joseph P. Kennedy Sr. - either deliberately or inadvertently, hijacked Zionist alcohol shipments entering the U.S. during the restrictions of the Volstead Act (Prohibition). The KM/Zios booze boats were often referred to then by many of those involved as "The Little Jewish Navy".

Zionist israeli Ambassador to U.S. Avraham Harman

Attorney General Robert Kennedy: "Sir, the president has authorized me to advise you that **he will seek to cut off American aid for Israel** until our inspectors have been allowed in at Dimona. **We know you are producing offensive nuclear weapons there!"**

[To my knowledge, no one has ever spoken any words similar to those RFK spoke here - "...cut off American aid for israel..." -

and was allowed to live.]

Ambassador Harman (speaking most directly to RFK, though JFK was standing right there, very nearby to RFK): **"That - that is not a good decision, sir! It may cost your brother - dearly! Israel's enemies - all of them - will be crushed!"**

The terrorist's Dimona nuclear reactor was long known to U.S. intelligence as covertly producing weapons-grade nuclear materials and offensive nuclear weapons. This nuclear weapons production continued on uninterrupted up until a partial melt-down/over-cooking (through misuse) of their reactor in the 1980s. Efforts to rehabilitate the reactor had resulted in a lower level production capability - though satellite imagery indicates substantial construction taking place there in 2021.

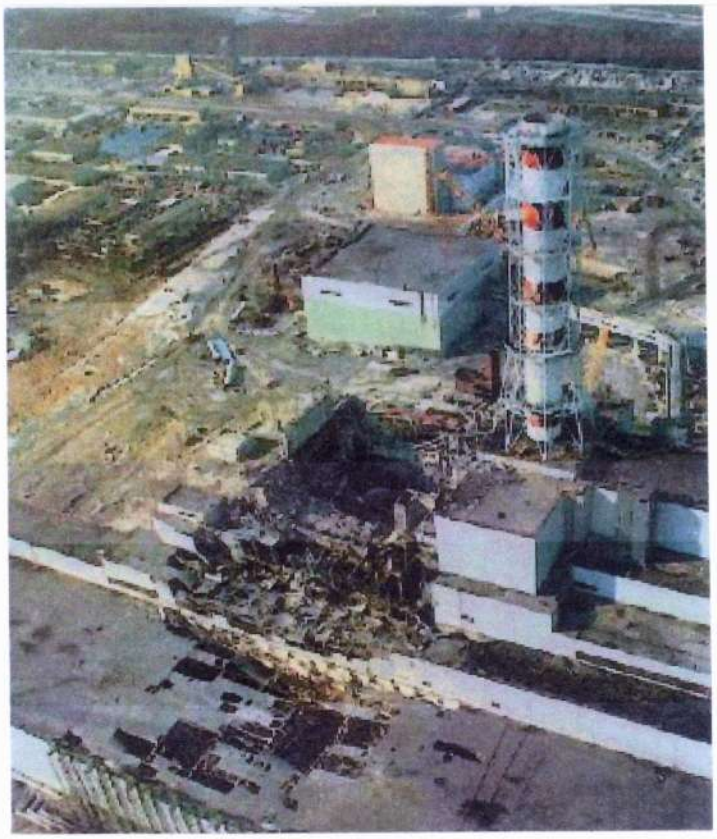

Chernobyl Nuclear Power Plant Attack
A Khazarian Talmudic-Jew Zionist isreali (/Freemason?) Nuclear False Flag Terrorist Attack

By **George Wegner, Senior Editor, Forbidden-History.org & Routt-County-Corruption.com**

An at first loosely compiled, then more focused plan, was hatched by elements of the Khazarian Mafia to destroy the Soviet Union. This eventually became a five-part assault that included: **1)** Orchestrating events that would reliably suck Russians into fighting in Afghanistan, giving them their own 'Losing Vietnam War' - with world/Zionist-press portraying them as "soulless monsters"; **2)** A broad set of orchestrated events intended to assist in reforming and improving living/financial conditions referred to as Perestroika and glasnost, (perhaps 'outside influenced') leading to some negative effects; **3)** A well-focused Khazarian Mafia/City of London Bankster/U.S. Government financial assault to destroy the value of Russian currency, (that included>); **4)** Outright theft of a vast amount of the overall wealth of the Russian nation - laundering this wealth largely through U.S. business; **5)** A false flag nuclear attack on Russia's Chernobyl nuclear power plant - in part, as further means of Soviet Government reputation destruction.

Besides this five-part assault designed to collapse the Soviet Union, other crime syndicate goals included hindering further growth of the nuclear power industry beyond it's original - its primary - design purpose: providing weapons-grade nuclear materials. This tactic included developing propaganda sufficient to help to destroy the world population's belief that nuclear-powered electricity generation was a safe, very efficient, and truly worthwhile technology. [It still is, **as long as nuclear terrorism is not government-enabled or orchestrated!**]

Chernobyl Bomb Damage Assessment/Photo Evidence - 26 April, 1986

Events Leading Up To Chernobyl Attack

As in so many false flag terrorist attacks, there is the added benefit to this enemy of humanity of - Retribution! The Khazarian Mafia world crime syndicate **can not ever forgive Russia** for offering to assist, and contributing to, the aid of the American Colonists in "winning *" the Revolutionary War. Likewise, there was **no forgiving Russia** for offering to help the Union win the American Civil War - just two reasons. [* See **Colonists Lost The Revolutionary War By 1787**, among these offerings]

Historic evidence of The Enemy's perfect memory of anyone's 'interference' in their beyond-evil plans for the world's population exists. For offering Russian military assistance to President Abraham Lincoln (if needed, for our Civil War), Tsar Alexander II was targeted for assassination in attempts in 1866, 1879 and 1880 - until the KM/City of London bankster's 'success' in 1881! If at first you don't succeed...

Historic Chernobyl Revelations

In the 1980s, a very secret Soviet military unit 46179 was also known as the Special Control Service of the 12th Chief Directorate of the Defense Ministry of the USSR. This unit was specifically tasked with the maintenance, storage, testing and control of nuclear weapons. The unit 46179 specialists were also responsible for **detection of nuclear explosions (including underground nuclear explosions) around this globe.** Additional unit duties included a responsibility for controlling and observance of various international treaties related to nuclear testing **as well as peaceful/non-military uses of nuclear explosions.**

[A former member of this unit and former Soviet citizen, Dimitri Khalezov, was absolutely instrumental in enabling this planet's understanding of the nuclear events so historically evident within the 9-11-01 U.S. Government-enabled Zionist-israeli false flag attacks. Khalezov's efforts to educate the world about these events through his exactingly detailed **The Third Truth About 9/11** must be appreciated by any serious researcher! See **What Really Happened On 9-11-01** elsewhere]

This secretive Russian specialist group thoroughly investigated the explosion of Chernobyl's Reactor Four. Unit 46179's investigation documentation clearly revealed that the event portrayed as a "nuclear power plant catastrophe" was the result of detonation of a mini-nuke beneath #4!

The Special Control Service/military unit 46179 presented their report to their superiors, and, later learned that the whole subject was too politically incorrect at the time. Evidence reveals that "...the Soviet Government was forced to just go with the story of the reactor blowing up". [- Summary from one member of this maintenance/testing/detection unit - verified by just two other difficult to unearth references.]

The Chernobyl attack has also, most definitely, been scientifically investigated by others tasked with detecting and explaining nuclear explosions (like the IAEA, U.S. Department of Energy, Sandia, etc.) - and in a very restricted way, documented - to have been a false flag nuclear weapon assault that took out Chernobyl's Reactor #4. There is investigative evidence too that, though the attack was largely successful, the perpetrator's intent was not near-to-fully realized.

According to those who were there and have come forward under the threat of - well, typical Khazarian Mafia/Government retribution - the yield of the nuclear device chosen (or the selected-yield of the scalable-yield device) produced effects somewhat beyond what The Enemy had anticipated. The result of the nuclear explosion was not intended (by this enemy) to be so large and encompassing that **it consumed the entirety of the number 4 nuclear reactor - including virtually all of it's radiation danger!**

The 'outside sourced nuclear explosion', that took place at 01:23:44 local time, effectively reduced near-to-99 percent of the reactor to a plasmatic condition. It simply ceased to exist. The explosion put an end to the nuclear chain reaction in the remaining fuel, and, 'eliminated' Reactor Number 4.

The initial blast wave - contained for mere-milliseconds within the reactor's containment structure - blasted the containment dome's uppermost portion apart, sending what were mostly (combustible) graphite blocks, skyward! Chunks and whole blocks of the graphite containment dome, set ablaze by the nuclear fireball, landed atop nearby roofs - including the roof of nearby Reactor Number 3.

Following the tremendous explosion, and the largely unwitnessed nuclear fireball, two fire fighting brigades arrived and went to work on the only fire visible - the burning graphite dome material on the roofs and scattered around the site.

Nuclear site engineers immediately took atmospheric radiation level readings, **and found none!**

Because each of these nuclear engineers knew all too well that the possibility of an explosion **of any sort** at the facility, as just experienced, **was not possible within the laws of phyics** - they each became near-immediately certain that the explosion had to have been created by "an outside source" - **as a terrorist attack!**

Forbidden History reveals that the few fire fighters who put out the burning graphite portions of the reactor dome, together with those unlucky few who stumbled upon some of that material and later handled some of this rubble, were mainly the ones seriously affected or killed by any radiation. In addition to these, three men were drowned while trying to drain water from the plant's water reservoir, and a few died in a helicopter crash. In all, 47 people died related to the attack.

There is overwhelming evidence that the World Crime Syndicate/Khazarians found a way to place this nuclear weapon beneath Reactor 4 at Chernobyl. If you choose to point to a specific group within this syndicate as 'The Bad Guys', sources very close to this event state it was most likely a predominately Freemason's branch of the Khazarian Mafia who worked in conjunction with others with similar - Destroy the Soviet Union - goals. Some of these assets, perhaps, joined in for an additional financial reward, or aided in the attack through threats and/or blackmail (SOP).

Anyone who's studied nuclear energy to even a very basic degree will tell you that **nuclear reactors are engineered so they do not just blow up** (this is the 'scary stuff' of Khazarian Talmudic-Jew-created movies).

Each individual nuclear reactor is designed from the very beginning to have several backup cooling systems and other associated means for emergency power for the entire facility - a comprehensive safety plan.

Most especially, nuclear reactors do not blow up in any way that could possibly be construed as the purely nuclear-weapon-detonation terrorist event at Chernobyl in 1986! [All too tragically **and similarly**, reactors do not blow up as 'Government-documented' in **Japan's 3-11** Fukashima Daiichi false flag attack in 2011! See **Fukashima Daiichi Nuclear Power Plant...** elsewhere within this effort to reveal **Forbidden** History]

Specific Enemy Intent

There is sufficient available evidence that the intent was to only partially destroy the reactor, resulting in an endless spewing of serious radiation (like the 'story' claimed in the Khazarian-owned world press).

Evidence points directly to the enemy having selected **a yield to large**, resulting in a complete 'elimination of Reactor 4'- that included eliminating any substantial radiation threat!

Enemy-Generated Chernobyl Propaganda

The planted stories of the Swedish researchers who discovered a huge radioactive cloud from 'some massive radiation leak in the Soviet Union' wafting over to their country, and all the rest - just a part of this enemy's repetitive effectiveness in laying out propaganda for the masses to swallow. Any radiation detected in the vicinity of Chernobyl - according to those there and tasked with roving to detect any radiation after the event - had to have been deposited later for 'theatric effect'

The same would have been true - a radiation source placed upwind of Swedish radiation measuring instruments - in the case of their 'discovery of the Chernobyl catastrophe'. Or, they were simply coerced.

- -- --- ---- ----- ------ ----- ---- --- -- -

Though it may be difficult for some to imagine this crime syndicate going to the trouble of providing a radiation source both at Chernobyl, as well as so far from the event, one need only review the **Forbidden** History of this enemy's quest to be 'this planet's foremost propaganda story-tellers'. The long-standing 'success' of their "Jewish Holocaust", alone, bellows loudly of an absolute top world ranking! [See **many** truth-seeking researcher/writer's historic evidence - **perpetually targeted** as false, to preserve this enemy of humanity's human-thought "Victim Dominance" propaganda and integrity]

Look at the extent they went to in order to sell the mostly aluminum commercial airliners miraculously-penetrating/being-swallowed-up by massively strong steel buildings, for their 9-11 theatrics! [See **What Really Happened On 9-11-01**, elsewhere within this researcher's pages.]

- -- --- ---- ----- ------ ----- ---- --- -- -

Together with the previously stated enemy goals, their propaganda succeeded in laying serious blame on the "Soviet Government's failures", while destroying to some measurable degree most sheeple's tendency to embrace nuclear electrical power generation, well into the foreseeable future. Another Enemy Win-Win!

Fukashima Daiichi Nuclear Power Plant
Zionist/israeli False Flag Attack - 11 March 2011

By **George Wegner, Senior Editor, Forbidden-History.org**
& Routt-County-Corruption.com

A Brief - Forbidden History - Summary

Though I was all but certain that Fukashima's 11 March 2011 nuclear catastrophe **had to be** another Khazarian-Zionist false flag from the start, I was caught up in other research and did not devote the necessary time required to thoroughly investigate at that time. One of the first few Fukashima pieces I came across, a few weeks after the attack, was a curious news article (roughly): 'Japanese Stun Russians With Request To Return Kuril Islands - Plan To Evacuate 40 Million'.

The Kurils are made up of 50-plus islands in two Greater and Lesser Ridge groups that stretch 810 miles from Japan's northern Hokkaido to the Russian Kamchatka Peninsula. This extensive island chain was taken by the Russians as a war prize following **their defeat of the Japanese** - enabling an end to the Khazarian's World War II. [Was **not** our 2 nukes!]

Apparently conceived as **a cover story**, Japanese leaders promoted the idea of a need to evacuate many millions of citizens in response to the 'radiation danger caused by the 9.0 earthquake and tsunami devastation'. [Note: There is a lengthy history of Japan trying to regain the Kurils.]

When I unearthed worthwhile information based in physics, math and (genuine) science, the first solid realities were within **Jim Stone's "Did the Dimona Dozen murder the Fukashima 50?"** Verifications followed.

Jim Stone's most factual initial investigative pieces, together with his later most historically accurate works, clearly revealed yet another, thoroughly sinister nuclear false flag. Stone methodically lays out evidence of this diabolical Zionist/israeli terrorist attack, dutifully covered up by each of the many world governments who owe allegiance to the world crime syndicate that the Zionist/israeli terrorists front for. Evidently, Japan complied due to blackmail of further nuclear threats.
[Stone is correct too in that **many** distractive disinformation 'plants' exist. **Avoid** anything by Arnie Gundersen - a mix of true and false.]

Stone appears legitimate, as a former NSA analyst with an engineering background, a very capable understanding of physics, math and (legitimate) science, and a remarkable talent for research. As evidence of his accuracy, he has been relentlessly targeted. I found no need to check into his personal background because the physics, the logic and the connections to the world crime syndicate and to israel he referenced are all proven correct through multiple - routinely accurate - sources.

There is evidence (beyond an indication on his site) his investigation is embraced by the nuclear and scientific community. **The Jim Stone Fukashima Report - Stuxnet's Role + How and Why 3/11 Happened - has been endorsed by the engineers who designed and built the Fukashima Daiichi power plant.** Many should offer thank$ to Jim for his noble efforts.

I've here briefly summarized an accumulation of historic truths related to this attack I've picked up over the past few years from a variety of long-trusted sources, as well as from the irrefutable evidence revealed within Jim Stone's extensively-researched, well-documented revelations.

Leading Up To Japan's 3-11-11

Toward the end of February of 2010, **Japan offered to enrich uranium for Iran.** This 'news piece' proved accurate and pointed directly to a need for 'the usual Talmudic-Jew/Likudist/israeli retaliation efforts' by the Zionist Fascist terrorists *. [* Albert Einstein's accurate description from his 2 December 1948 warning letter (New York Times published 4 Dec).] Due to evident time/focus priorities, I just piled evidence in a 'Target: Japan - False Flag' file, for further, future investigation.

- -- --- ---- ----- ------ ----- ---- --- -- -

I was deep into my book on Over Seven Decades Of Government Corruption In Routt County, Colorado/Ski Town U.S.A. (Steamboat Springs) - offering massive evidence of **Terrorist Protection and Terrorist Support within this region's Government, and their 2007 false arrest/retaliation for my free speech.** Routt County's judicial and 'law-enforcement' officials sought to **try to stop me from sharing historic realities of Just One Event in American/World Forbidden History - the israeli/U.S. Government 8 June 1967 false flag USS Liberty two-hour massacre.** These israeli attacks - as a part of their so-called 'Six-Day War' - were intended by Mossad and **Treasonous C-in-C Lyndon Johnson/Treasonous U.S. Govt.** to be blamed on Egypt. Their plan was to instigate a U.S. war on Egypt - and therefore, Egypt's state partner, the Soviet Union, while eliminating Egypt's Abdel Nassar. This Khazarian Mafia third world war was planned, years before, to incite a truly grand scale exchange of nuclear weapons!

Russians - observing yet another israeli massacre - intervened, stopping israel's third wave of attacks, which proved instrumental in helping to save 260 of 294 USS Liberty crewmen, while preventing a nuclear WWIII! A further reach within the Khazarian Mafia's war plan, Operation Cyanide, was taking over all middle-east oil in 1967, by israel/U.S. Government, Britain and Australia, as one part of this **complex** op. [See **USS Liberty**]

- -- --- ---- ----- ------ ----- ---- --- -- -

Within many weeks to a few months, I came across a story noting that an israeli 'security company' called Magna BSP had managed - no doubt through their usual means - to 'win' a contract for 'site protection and security' at Japan's Fukashima Daiichi nuclear power plant.

An historic chronology reveals that almost immediately after news of Japan offering to refine uranium for Iran, Talmudic-Jew Zionist israelis established front companies that masqueraded as nuclear security experts. Soon thereafter one of these, Magna BSP (claiming to have a 10 year history), **somehow** manages to achieve a lucrative security contract with a Japanese nuclear power generating facility. [Coersion, blackmail and or threats offer the usual 'leverage'] Within four months, what are often referred to as the "Dimona Dozen" arrive to **"secure the facility"!**

Zionists Utilize Their Stuxnet Virus

One of the primary weapons of israel's attack on Fukashima's Daiichi nuclear power generating complex was their Stuxnet computer virus. This malware is believed to be jointly created with Zionist israeli, German, and U.S. inputs - initially - for covert and illegal strikes against Iran's nuclear power development plans. Stuxnet was 'introduced' into the Fukashima Power Plant's Siemens SCADA operating system software,

placing full control of the facility in the blood-soaked hands of this historic enemy of humanity. **[Alert! A number of U.S. nuclear power plants also use Siemens SCADA! Stuxnet has application to infest oil refineries and water desalination plants, to name just two others.]**

The purpose, the role and the effect of this Zionist virus weapon during the Fukashima false flag attacks can be clearly seen within the overall assault, that follows in this summary. Prevention of normal emergency procedures, including control of coolant valves and electrical power transmission to cooling pumps, were key parts of the Stuxnet attacks.

There appear to be a number of functions that Stuxnet played at Fukashima besides just orchestrating the wholly unnatural control-prevention problems experienced. Research reveals that one 'feature' offered by the computer malware was to give the power plant operators the impression (very much 'Hollywood/movie-like') that the strategic systems, such as cooling, were all operating normally and safely until key areas were flooded with radiation - preventing technician's access.

Eight seperate emergency backup systems are available for each reactor. Each one of the eight is capable of reactor maintenance. Even if all power is lost and all of the generators fail, at least three backup systems are designed to fulfill each reactor's needs. These actual backup generation systems are completely separate from the standard systems and are powered by steam. As long as there is reactor heat, there is steam to power the backup systems. Redundancy equals safety.

Understand from here on that none of the standard use generators were vulnerable to water damage as the world press and Japanese government have lied to the public about. Each generator was in a sealed-off area and was unaffected by any sort of flooding. A few generators had water nearby, but were unaffected. Stuxnet interfered with each and every thoroughly-engineered, normal Fukashima system and most all backups!

Flooding **near to** some of the many generators served as **a cover story for generator failures** - and therefore - cooling system failures (leading to an impossible through laws of physics, explosion). It was Stuxnet controls that switched off the power to generators and to cooling pumps.

Backup generators were brought in on trucks and readied for use, but, yet again, Stuxnet controls prevented this power too from being directed to the cooling pumps. Denying the Japanese use of fluid control and backup power were all a part of the 'usual theatrics' the Zionists so thoroughly enjoyed denying Japanese technicians.

Remember: Each reactor includes eight independently operating emergency back-up systems. As long as there is heat, there is steam for turbines that ensure reactor cooling.

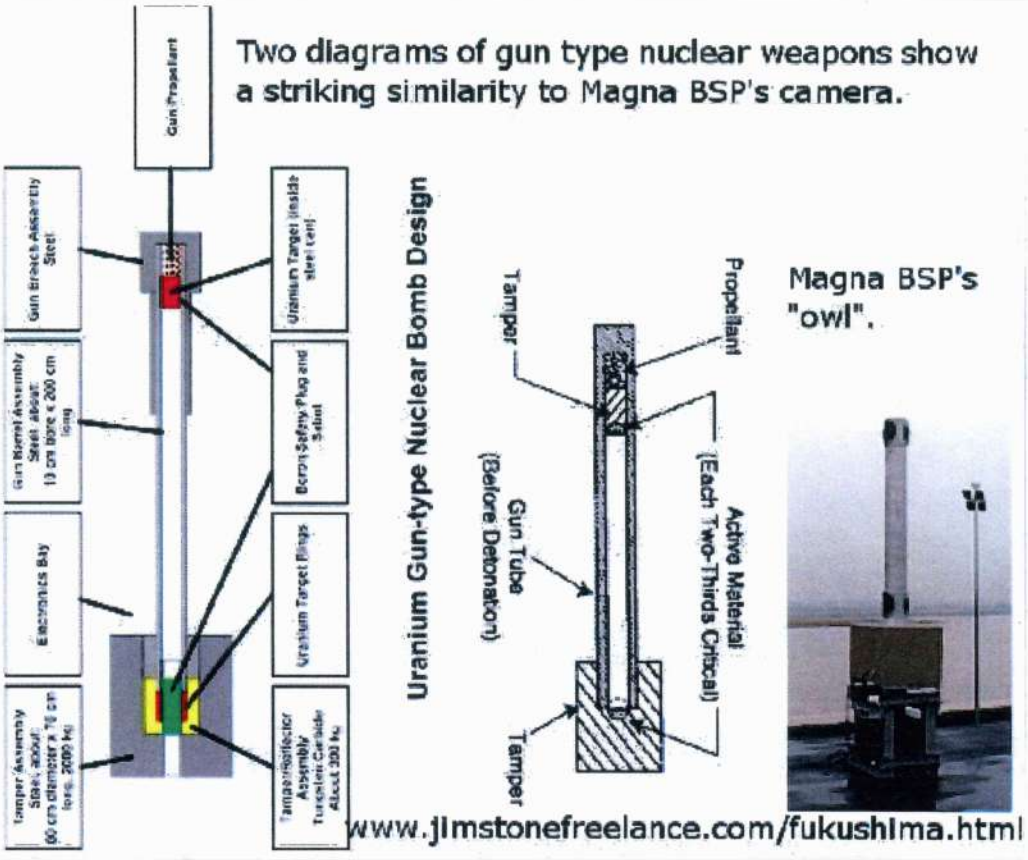

The total inability for each of five of eight independent backup systems to prevent both fluid control and electrical power can only be done through a full control system hacking/ with a monstrous software virus like israel's Stuxnet!

It appears that the use of Stuxnet at Fukashima may have filled a role as this enemy's 'shake down run', to verify the cyber-weapon's variety of capabilities against facilities such as nuclear power plants - **to ensure it could be relied upon for future false flag attacks!** This virus first appeared in Japan in June of 2010. Stuxnet had likely already seen its initial proof-test in Iran, in order to damage the material-separating centrifuges used within their nuclear energy generating program. [Up to Aug '23, reliable sources indicate Iran's nuclear efforts **continue to be** for developing electricity generation.]

Other israeli/Magna BSP Installations Illegal Internet Links & Gun-Type Nuclear Weapons

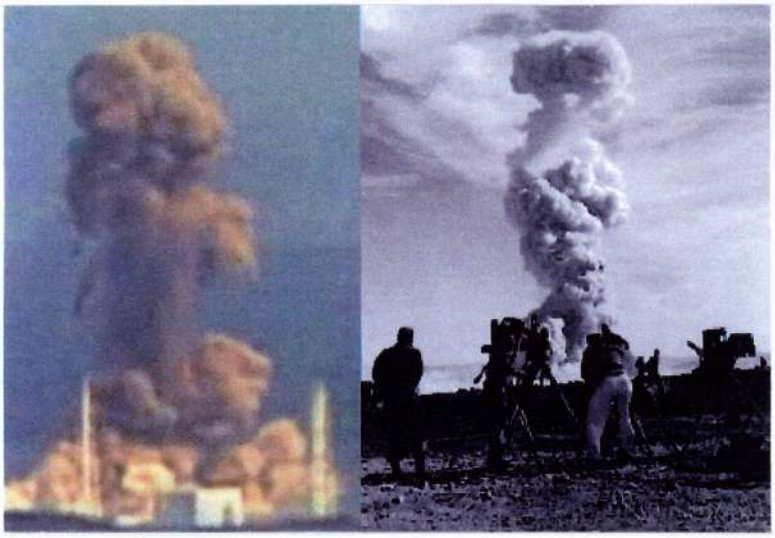

In addition to the Stuxnet malware infection, Magna BSP managed to install a series of full-time, internet-linked, two-way data connections in each of the site's reactor control rooms that enabled full remote control access throughout their isreali false flag! These internet-accessed data links, alone, were a serious violation of long-established nuclear power generation regulations - for reasons all too obvious!

As further 'security and protection measures', israel's Magna BSP firm installed what appeared to be strangely oversized "Owl Eye, high-definition, stereoscopic cameras" within each of two of the reactor containment structures (just outside two of Fukashima's six nuclear reactors). Each of these 'surveillance cameras' served a dual-purpose.

Magna BSP/isaeli 'Owl Camera'/Gun-Type Nuclear Weapons & Photo Evidence
[Jim Stone's Photos and Text, reproduced for educational and fair use]

These **cameras'** primary purpose was to conceal their **small-yield, older, gun-type israeli nuclear weapons.** Each 'Owl Eye' weighed in at a purely curious 1,000 pounds. All of the set pieces were then in place.

Even at meltdown, a boiling water nuclear reactor cannot go critical (will not explode) like a nuke - it just melts. The explosion at Fukashima #3 bears a remarkable resemblance to a nuclear weapon test.

Reactor 3 & 4 israeli/Magna BSP False Flag Nuke Blast Devastation
Evidence that different yield nukes were used is indicated. Reactor 3 (Left) was **near-to-100% consumed** by the nuclear fireball - not there, gone! 3's building damage pattern, alone, makes clear a larger yield device was detonated there, compared to the yield selected for Reactor 4.

A most notable feature of Fukashima's Reactor 3 is that it was **almost completely consumed** by the nuclear fireball from the israeli/Magna BSP 'Stereoscopic Camera'/**gun-type nuclear weapon**! Virtually none of this reactor exists today! Excluding any mention of this, together with their being '**no quake damage in the area**, are more clear **clues.** The twin thermonuclear explosions turned **massively thick** steel-reinforced (beyond Mark 1 stardards) concrete containment structures **to dust** (evident in photos), leaving the internal rebar twisted and stripped of concrete.

Yet another huge clue revolves around the operational state of Reactor 4 at the time of the attacks. Evidence indicates that Fukashima's Reactor 4 had been defueled prior to 3-11-11 in preparation for the major renovation. Workers were in the process of replacing 4's stainless steel shroud. Summarizing: Fukashima's Reactor 4 had its containment dome removed; it had been defueled; and it was undergoing replacement of it's internal stainless steel shroud. Despite these realities, Reactor 4's more than many-feet thick steel-reinforced concrete containment was blown away!

Aerial Drone Photos Reveal 4's Containment Dome Was Off/Repositioned.
[Jim Stone's Photos and Text, reproduced for educational and fair use]

The explosion of Reactor 4 was claimed in the fantasy/non-physics-based, false flag theatric script to be the result of hydrogen gas pressure and a spark! With no pressurized containment area, no hydrogen present to explode, here is another Fukashima **propaganda impossibility!**

Only an outside source (nuke-weapon) could have caused such devastation!

The two explosions, captured on video, completely destroyed one reactor while partially destroying another reactor - thus adding to the theatric terror elements designed to 'set the mood' of 'another horrible nuclear catastrophe in progress'. The Enemy's Zionist-owned press then heaped on the propaganda blame that this 'catastrophic nuclear environmental disaster' was one that was 'purely the result of Japanese bureaucratic incompetence', and further emphasizes the 'extreme dangers posed by continued reliance on nuclear-reactor-powered electrical generation'.

A 9.0 Quake That Wasn't

Some of the excellent work done by Jim Stone - and verified by myself and others - included a thorough examination of **what was portrayed by the world press as "a catastrophic 9.0 earthquake"** (initially called 8.8 or 8.9 on the Richter Scale as I recall) some distance offshore, that was 'claimed to have caused a 15-meter tsunami to slam onto Japan's shoreline', including the region around Fukashima. With Japan's extensive and technologically sophisticated series of advance-warning systems in place, it is most curious that **there was no tsunami warning!**

About 16 years earlier than the Zionist's Fukashima false flag event, on 17 January of 1995, a 6.8-magnitude earthquake is well documented to have caused massive destruction to the city of Kobe, Japan. Buildings, highway bridges and roads - structures of all sorts - suffered massive damage over a very large area of Kobe and in nearby areas as well.

The claimed 11 March 2011 **[instigating-cover-]** event, 'that caused the Fukashima Daiichi nuclear power plant disaster', was the aforementioned 'huge 9.0-quake and tsunami'. A 9.0 is very nearly 100 times stronger in overall force than the devastating 6.8 jolt experienced by Kobe in 1995.

One major clue to this false flag is the fact that **not one building, nor bridge, nor road surface** - over what should have been experienced within a 900 to 1,000 kilometer radius of the claimed 9.0 quake - **experienced any damage at all!** Numerous videos were (around this time) available from cameras in that immediate region, revealing life going on essentially as normal - **while a 9.0 earthquake was taking place!** Video cameras in the region revealed only the slightest shuddering.

Office workers were seen walking around or typing away as usual within the same time the claimed 'massive 9.0 quake was hitting the region' - that included the Fukashima area - **with no interruption in their work!**

Jim Stone dug up, compiled, and thoroughly analyzed the official seismograms I had likewise dug out individually, from 'Japan's 9.0 mega-jolt'. I urge you to review his investigative evidence - proven out by his being targeted for his diligence and accuracy in revealing **Forbidden** History. The seismographs - available for viewing within his investigative pieces - **prove there was no 9.0-magnitude quake!** Finding his duplicate set of seismograph charts, alone, could have saved me some initial research time. As always, **everything** must be verified as many ways as possible in order to obtain a clear picture of historic reality.

Evidence provided by these official documents, together with many other clues, indicate there was no epicenter of a 9.0 quake located in the sea bed - offshore of Fukashima! These seismograms point to there being three near simultaneous quakes of a far less magnitude, **originating just somewhat inland!**

It is 'probable' - though not nearly as clearly verified as other attack details - that a 'tsunami' **may have been** created by detonating one of the 500 kiloton thermonuclear weapons that Zionist israelis stole when they sabotaged and sank Russia's Kursk submarine in 2000. israelis apparently managed to 'salvage' 21 Granit P-700 anti-shipping cruise missiles from Kursk before Russians could arrive. [A P-700 is widely-

believed to have penetrated Pentagon's E, D, C & B rings on 9-11. NATO code for this spectacularly effective unit (since 1980) is "Shipwreck".

[See 100+ pages on The Second Half Of 9-11-01, and, What Really Happened On 9-11-01, within this document.]

This 'probable' nuclear weapon detonation would have produced seismic readings that remain hidden to this day in August of 2023. [Good luck to any curious researchers.]

The Zionist's 'undersea nuclear-weapon-detonation-made tsunami' was as **unnatural** as everything else that occurred within this region of Japan and this 3-11 attack!

Magna BSP Employees' Pre-Strike Evac

Evidence exists that between 10 to 12 israeli Magna BSP employees left Japan within the week before the 'tsunami'/attack, bound for the Zionist/Enemy-Occupied regions of Palestine. This fact stresses the importance of the streng verboten full-time Internet two-way data links.

A Zionist Fascist Terrorist Message Clearly Sent

It appears that a most dramatic message was delivered to Japan by the Zionist terrorists: 'Go along with the theatric orchestration we have offered - to try to cover your asses - or, we'll give you more of the same. We have many more weapons - some of which may already be in place.' This is a crime syndicate beyond most folk's imaginations.

It must not be forgotten that Japan committed the high crime of offering to refine Iran's nuclear material. Had the Japanese Government been diligent researchers of **Historic israeli Terrorism**, a theatric nuclear disaster is precisely what Japanese leaders should have anticipated.

The Fukashima Daiichi facility operators, together with many in Japanese Government, should have known better than to allow Zionist israelis Access To Anything!

Siemans SCADA Control Systems Vulnerabilities, Like Stuxnet Capabilities, Were Known To Many

It was announced - at the very last minute - on 19 May 2011 (just 39 days after Fukashima Daiichi was attacked) that security researcher, Dillon Beresford at NSS Labs, withdrew his presentation on SCADA vulnerabilities from the upcoming TakedownCon 2011 conference.

NSS Labs security threat presentation withdrawal from the conference came after collaborative discussions with ICS-CERT and Siemens regarding "the serious consequences Siemens SCADA vulnerabilities may have to human lives and the world at large".

NSS Labs, Inc is considered by many to be the leading independent information security research and testing organization. It is relied upon by many tech and manufacturing companies to lead them to the best complex security products for their organizations.

Rick Moy, CEO of NSS Labs was quoted as saying: "Protecting human life is the primary goal of every ethical researcher and Dillon's work and efforts have been exemplary in every regard."

The organizer of the TakedownCon conference series and president of EC-Council, Jay Bavisi, said: "Considering the repercussion to the world at large and human lives, it is only reasonable that any responsible security organization like EC-Council will accede to a request to withdraw such a presentation from a technical conference like TakedownCon until a suitable solution has been made available to the user community."

ICS-CERT is Industrial Control Systems Cyber Emergency Response Team, which provides operational capabilities to defend control systems against cyber threats.

From these revealtions, it appears probable that many of these cyber security experts were all too aware of not just the vulnerabilities of the Siemens SCADA control system, but also, the capabilities of STUXNET.

It therefore seems just as probable that these security types were equally aware of the most recent history of what Zionist israelis had just done to the Fukashima Daiichi nuclear power generating facility.

Reality, And A Hunger For More

As noted at the beginning of this piece, the intent here has been to provide an accurate **summary** - an encompasing overall look at the most important evidence points - evidence that clearly calls out: **False Flag israeli Nuclear Interdiction Attack!** The Fukashima Daiichi **Forbidden** History presented here - in summary form - does not offer a thoroughly detailed (all-interest-satisfying) timeline and action/effect chronology.

Therefore, those hungry for much more might consider at least beginning your more-thorough, in-depth investigative research into Fukashima's 3-11-11 - with accurately portrayed physics, math and science - found in many revealing pieces offered by Jim Stone. When you dig more deeply still, you will find that other researchers have likewise uncovered and have revealed a great deal of matching data and evidence. Some of these researchers, too, refer to Jim Stone's excellent research work, while enabling an understanding of other related events, through their work.

Introduction To United States Marine Corps Beirut Barracks Bombing, 23 October 1983

By **George Wegner, Senior Editor, Forbidden-History.org & Routt-County-Corruption.com**

Birth Of U.S. Zionist/Government-Enabled Nuclear Terrorist Attacks On American Military By Khazarian Zionist Fascist israelis!

An Explanation By Way Of Volgodonsk, Russia and Oklahoma City, OK (A Very Basic Nuclear Weapon Detonation/Physics Journey)

Truck Bombs: A Primary Factual Problem - Pure Math & Physics

Take a journey that reveals a simple, logical and easily (mathematically and scientifically) provable explanation of precisely **What Happened - Historically, Actually And In Reality** - on that day in October of 1983 when the 'Chechyen Rebel Terrorists'/'Timothy McVeigh'/'Islamic Jihad'/ 'Osama bin Laden'/, etc., the **Anyone Except Who-Actually-Done-It-Syndrome** arrived at the 1st of the 8th U.S. Marine barracks in Beirut. **Laws of physics and of math - revealing logic-based realities.**

First, A Slight But Mightily Illustrative Detour

Here are a couple of **perfect examples** to help understand the **Primary Factual Problem** in understanding **too many** of the terrorist "truck/car/ van/bus-bombings", that have too routinely been allowed to take place.

Of course, 'conventional' truck, van, bus, car and motorcycle-to-car-magnetic-transfer* bombs (* a Zionist israeli/Mossad specialty) - mostly using conventional/high explosives - have been detonated, to horrific results, over so many decades. Too many of what are simply described as truck or car bombs (whether claimed to be conventional High Explosives, or fertilizer-based bombings) are, historically, something else instead.

Volgodonsk

In 1999, in Volgodonsk, Russia, the media/Zionist-propaganda-press very sparingly and extremely briefly reported on what appeared to be the third in a series of 'militant terrorist truck bombings' of apartment block/complexes, taking place in the region. Similar bombings had just recently taken place, destroying high-rise apartment buildings in Moscow and in Buinaksk. These attacks were claimed to be the largest series of coordinated terrorist attacks in all of Russia's long history. Claims have been made that the bombing attacks **may have** provided an aid in bringing Vladimir Putin to power. Each bombing of civilians was blamed primarily on Chechyen Rebel Terrorists.

This particular Volgodonsk explosion, on 16 September 1999, destroyed a huge area of the front portion of an apartment block/complex, killing/ wounding hundreds. The detonation excavated a sizable crater in the earth in front of what for years had been the front edge of the apartment complex. **Russian government officials**, when asked about the explosion by CNN news reporters, **described the blast, in part, as: "...a terrorist attack using a truck bomb...equivalent to 300 tons of TNT"!** CNN was told by these same Russian government officials that the device was delivered in "...a postal van". The type of postal van these government officials indicated, was a typical type for the area!

Volgodonsk, Russia Bomb Damage Assessment Evidence, 16 September 1999

This CNN story - quoting Russian Government officials - was taken down from the CNN internet site almost as quickly as it appeared. However, various researchers, analysts, curious intelligence community types and nuclear weapons specialists recognized its significance immediately, and saved a copy for posterity. Considering the crater size and the **300 tons** of TNT clearly **required** to make it, **the size of the postal van (with its roughly One-Ton capacity) was instantly curious!**

Picture a common Russian postal van capable of carrying about one metric ton, (2200 pounds) of mail. Imagine loading this postal van, instead, with 2200 pounds of TNT. The Bomb Damage Assessment indicates **300 tons!**

Now picture, a line of vans (enough to carry 300 tons of TNT) stretching in a long nose-to-tail line in the streets surrounding this apartment block - **Two Hundred and Ninety Nine (299) more postal vans** - each postal van loaded down with 2200 pounds (one metric ton) of TNT per vehicle.

Now you see this primary factual problem.

You simply cannot have **that much** TNT in one place, easily transported, noticed by none, and positioned in a timely manner. Still More Obvious: TNT distributed within **300 postal vans** - even bumber-to-bumper on local streets - **could not possibly cause such a focused explosion signature!**

Repeating: 300 one-ton-capacity van/truck bombs parked on the streets nearby to this apartment complex, clearly, **cannot possibly, in any way known to man and his knowledge of physics within this universe, match the focused nature of the Volgodonsk bombing explosive-yield-signature!** Russian Government's BDA - **"...equivalent to 300 tons of TNT"** - appears **closer**-to-accurate, for the photo-revealed devastation, vs 2200 lbs TNT.

Slip-ups, **in releasing actual/factual bits of information**, so often within the **initial**, somewhat stunned and distracted, **minutes, hours, and even the first day** following such events, is **a common occurrence** throughout history. Surely you and other logical-thinking observers - loyalists of this republic - have noticed 'clues' appearing within 'events' such as: the Sandy Hook shootings, 9-11-01, the murders of JFK, RFK, JFK Jr., Marilyn Monroe, the Beirut Marine barracks bombing, the USS Cole (port of Aden) Yemen false flag and on and on... Surely you can recognize that this Volgodonsk 'Chechen Rebel/Terrorist Attack' provides an excellent and wonderfully illustrative example of **early emerging facts accidentally being released**, only to have to be covered over, or, 'disappeared' soon after - and, of pure laws of physics and mathematics **easily obscured.** Earliest 'reporting' details on the 9-11 false flag nuclear and HE attacks alone, with their immensity, with their **fear and emotion-driven theatrics**, were simply **Full** of very-soon-hidden slip-ups!

Oklahoma City, Murrah Federal Building
A Brief Introduction

Like so many people, when the Federal Building in Oklahoma City was hit, perhaps you too thought:

Oklahoma City? Why there?

Evidence suggests that in 1995, extensive federal investigations were ongoing into both the Bush and Clinton families' connections to a particular segment of international drug production and distribution. Most of the investigative materials, the witness statements/(audio/video), and the investigators involved in these pursuits, were concentrated within the Alfred P. Murrah Federal Building in Oklahoma City.

It is entirely possible that whatever evidence these investigators possessed regarding a hundred (or several hundreds of) 'curious deaths' surrounding the Clinton and Bush families, may have eventually steered their focus toward another major player/orchestrator in worldwide drug distrubution. Some may have considered this move a matter of survival.

Further evidence based in physics, in math and in science, proves that this focusing on another major player so deeply involved turned out to be a major mistake. It appears that these investigators chose to instead dig deeper into the fellow who orchestrated the international drug distribution for both of these treasonous, psychopathic, empathy-void, narcicist Presidential crime families. Of course, the uppermost-level-infiltration of all American intelligence (long ago) allowed the targeting of this individual to be revealed to the enemy immediately.

In order to dissuade further investigation into the key person who orchestrated the drug distribution and profits for these (and other?) **politicians, evidence points to Mossad Operations Chief, Michael Harari directing that a 0.1 kiloton israeli tactical nuclear weapon be detonated in the sewer system beneath the front of the Murrah building.**

It worked: investigation into Mossad's Harari, Clintons and Bushs **ended!**

[Mossad Ops Chief Mike Harari is: the same international terrorist who is associated with the ambush/murder of U.S. Army Colonel James 'Nick' Rowe in the Philippines on 21 April 1989; the same guy who was caught standing next to Manuel Noriega at the airport (hoping to escape) in December of 1989 when our 82nd Airborne was ordered to invade Panama; the same guy who was seen by two witnesses standing next to JFK Jr's 1995 Piper Saratoga II HP at the airport on 14 July '99 **[**w/Bush 41 & 43**]** two days before the tail was blown off, killing all **four*** (**4**) occupants **[* +CFII/Certified Flight Instructor-Instrument]; the same who admitted, on the morning of 12 Sept in Bangkok, planning the 9-11-01 nuclear, high explosive and missile false flag attacks on New York and Washington DC!]**

The scientific, mathematical, easily provable clues to solving an all too common, but simply brushed aside **Significant Problem** - similar in dimensions to Volgodonsk - are shown to here (OK) offer a substantially greater impact on our way of life in America.

Keep in mind, that (while not commonly known) it is scientifically, mathematically, and through pure laws of physics, provable that - in realtion to **subterranean nuclear explosions** - three of the five worst human-physical-health-related aspects of post-detonation exposure to 'miniature' nuclear explosions, are surprisingly efficiently absorbed by the surrounding earthen materials within the first 72 hours. For this reason, most all false flag small-yield nuclear attacks use more modern (4th/5th generation) weapons of a specific design, that are placed underground to a corresponding depth, determined by the weapon's yield.

We are here referring to nuclear weapons of the MRR (clean-burn/**M**inimum **R**esidual **R**adiation) variety that are constructed, or 'salted with', very specific materials. As with the 12 to 14 nuclear weapons used on 9-11-01, because of these added materials, most of the plutonium or uranium nuclear fuel is consumed within the nuclear fireball, leaving little radiation, which has a natural tendency to dissipate relatively quickly.

Oklahoma City - Nuts 'N Bolts

With the preceding historic Volgodonsk example (proportions of crater size/damage vs claimed explosive yield) in mind, the Murrah federal building bombing can be easily understood. Oklahoma City was purely a 0.1-kiloton mini-nuclear weapon, hidden in the sewer system under the front of the building, and detonated underground so as to excavate the (particular dimensionally-evident) crater, and transmit substantial damage (typically associated with this specific type and size of explosion, and its Richter scale readings) to surrounding buildings.

As trustworthy nuclear weapons specialists have pointed out, the 0.1-kiloton mini-nuke weapon, very clearly in this case, communicated about **30%** (30 tons of TNT) of its explosive energy to the earth, creating an appropriate-dimension crater (of corresponding diameter and depth), and recording a corresponding Richter scale wave (one unique to nuclear detonations, and easily recognizable). About **70%** (70 tons of TNT) of the explosive energy was communicated to the surrounding buildings. Simple. 0.1-kiloton equals the equivalent of 100 (metric) tons of TNT.

So it is very clear, to the trained observer, from even the photographic evidence available, to make an accurate Bomb Damage Accessment from the level of devastation observed - a 0.1-kiloton mini-nuke was **required.** Beyond even these basics, the fact that the Oklahoma City bombing was purely a nuclear explosion can be proven to interested observers of **actual** (or what I call **Forbidden History**) **historic events**, very easily.

If you go to any number of publicly available 'news' articles, you will find the official seismic signal that was detected as a result of the Oklahoma City bombing. It is recorded, officially, as **3.0** on the Richter scale of seismic earth movements.

Quoting a local/Oklahoma source: "The effect of the blast was equivalent to **1,800 kilograms** of TNT, and could be heard and felt up to 55 miles (89 kilometers) away. Seismometers at the Omniplex Museum in Oklahoma City, seven kilometers away, and at Norman, Oklahoma 26 kilometers away, recorded the blast as measuring approximately **3.0** on the Richter scale."

The claimed/official 'truck' yield was the equivalent to 1,800 kilograms of TNT (or, about 3,960 pounds, or 40 pounds short of 2 U.S. tons) above ground. **The often quoted and well-documented 3.0 seismic signal Can Be Proven To Correspond To Fully 29 TONS Of TNT, buried deeply underground!**

The official yield of the 'truck', above ground, **cannot possibly** - not by any even gargantuan stretch of the imagination - achieve the yield **required to cause the damage and the 3.0 seismic signal!** This is mathematically provable. It has nothing to do with any (enemy-created) 'conspiracy theory'! **The bomb's crater** was (likely) hidden using nearby rubble. **A sizable amount of building rubble is missing from all photos. This amount of pulverized structural material equals the crater volume.**

Again, from the photographic evidence (to the trained observer) - but also and most significantly - it is clearly mathematically provable through the laws of physics and by the seizmic readings, that the Oklahoma City bombing was detected, verified and documented (by numerous intelligence community groups from the U.S., and many other nations (as well as by the Russian Nuclear Intelligence specialist service) as purely a 0.1-kiloton nuclear explosion below ground level near the front of the Murrah building. 0.1-kiloton is roughly equal to 100 tons of TNT

Oklahoma City Murrah Federal Building Bomb Damage Assessment Evidence

There was not just a radiation signature, but also **A Thermal Radiation Signature (revealed as Half-Burnt cars)** that was observed/photographed in the surrounding area of the Oklahoma City bombing, as **yet another tell-tale signature of a nuclear explosion. You can only encounter half-burnt cars (in this specific and obvious pattern) in close proximity to a nuclear explosion!** This is long-proven in all cases.

- -- --- ---- ----- ------ ----- ---- --- -- -

Half-burnt cars were present surrounding: the Khobar Towers U.S. Air Force 4404th Composite Air Wing (P)/Saudi Arabia barracks bombing in 1996; the 2002 Bali Bombing in Indonesia (this was likely only a **0.01** kiloton, or, equivalent to just **10 tons** of TNT); the World Trade Center buildings 1, 2 & 7 (+3, 4, 5 & 6) on 9-11; Tianjin, China in 2015, and, **yes**, evident as nuclear bomb damage to vehicles surrounding the United States Marine barracks bombing in Beirut, Lebanon on 23 October 1983!

United States Marine Corps Barracks Bombing
Beirut, Lebanon - 23 October 1983

- Introduction Evidence -

One absolutely pertinent piece of incriminating evidence is found among the statements made within a most unusual letter written by (then) 27th Commandant of the U.S. Marine Corps, General Robert H. Barrow - a letter directed to U.S. Secretary Of Defense, Caspar Weinberger.

Dated March 14, 1983 - 7 1/2 months prior to the Beirut Marine barracks false flag bombing - Barrow's letter details an historic turn of events, that went on for months surrounding substantial clashes with israeli military members (Also Known As, by me: WACis-What Are Called israelis).

Due to it's supreme significance relating to this USMC barracks nuclear terrorist attack, I included this letter within my 1st Ordnance Drop/Op Echo website dump in 2016. [Site attacked five ways in first 10 days]

Situation Faced By USMC In Beirut, Lebanon While Serving As Peace Keepers

Israel Charged With Systematic Harassment Of U.S. Marines (U.S./UN Peace Keeping In Beirut, 1983) by Donald Neff, former Time Magazine Bureau Chief, Israel

Excerpt From: Washington Report, March 1995
(also published in Fifty Years Of Israel)

It was 12 years ago, on March 14, 1983, that the Comandant of the Marine Corps sent a highly unusual letter to the Secretary of Defense, expressing frustration and anger at Israel; **General R.H. Barrow charged that Israeli troops were deliberately threatening the lives of Marines serving as peace keepers in Lebanon. There was, he wrote, a systematic pattern of harassment by Israeli forces (IDF) that was resulting in "life-threatining situations, replete with verbal degradation of the officers, their uniform and country."**

General Barrow's letter added: **"It is inconceivable to me why Americans serving in peace keeping roles must be harassed, endangered by an 'ally'.** It is evident to me, and the opinion of the U.S. commanders afloat and ashore, that the incidents between the Marines and the IDF are timed, orchestrated and executed **for obtuse Israeli political purposes!"** **- End Excerpt -**

Apparently, America's military was interfering with, or otherwise restricting, israel's 'Reconnaissance-By-Fire' genocide missions. These are much like these terrorists utilize in their mass-murder/genocide routine against Palestinians today (and most everyday) - where the israelis tear through (what's left of) Palestinian neighborhoods in U.S.-taxpayer-purchased, latest inventory, heavily-armored vehicles, blasting away with light and heavy weapons at everything and everyone - to see if their provocations cause even a single thrown rock. One rock is justification for isrealis to call in an air support/bombing mission!

Our U.S. military peace keeping troops - part of an MNF (a multinational force) that included French and Italians - were well-documented to be routinely targeted by israeli forces, with sniper attacks, together with medium/heavy weapons fire directed within Marines' AO, as well as other 'special harassments'. This was clearly 'justified', to Zionists and to leaders of the israeli 'Defense' Force, as retalliation for restricting their gang's movement into areas designated by peace keeping doctrine to be Off Limits To israeli's murderous 'Reconnaissance-By-Fire tactics'.

One 1st of the 8th U.S. Marine I met with shared with me he was alerted to stand by, weapon at the ready, as his sergeant climbed aboard the first of three israeli (U.S.-funded) tanks, Colt .45 sidearm in hand, to 'instruct' the israeli tank commander that he and his gang - **'Were NOT Allowed To Proceed Past His Position!'** They were **Not** going to enter the "Restricted To Israelis Area"! This Marine made clear that confrontations of this sort with IDFers were all too common - only rarely tense.

[Within this Marine's description I was reminded of some encounters that General George S. Patton included in his post-WWII letters from Europe. These were disgusting and thoroughly degrading face-to-face encounters **that Gen. Eisenhower forced Patton to engage in:** forcing Germans out of their ancestral homes, so **"filthy, nasty, stinking"** Jews could move in!]

U.S. Marine Beirut Barracks Bombing Multiple Intelligence Community Members, Togther With Nuclear Non-Proliferation Groups And The IAEA, Offer Confirmation On israel's 'Method For Disinviting' Our U.S. Marine Peace Keepers

0620 Beirut Time 23 October 1983 Is A Time No Marine Will Ever Forget!

The Deadliest Day In Marine Corps History Since The Battle Of Iwo Jima, 19-26 February 1945!

Research reveals that on 23 October 1983 - 7 1/2 months after General Barrow's letter to the SecDef - israeli/Zionist/Extremist/Talmudic-Jew Khazarians detonated (possibly a scalable-yield) plutonium-enhanced nuclear weapon, placed within the sewer system beneath the ground in front of the 1st of the 8th Marine Corps barracks in Beirut.

This mini-nuke - estimated by nuclear weapons specialists to have been in the 0.1 Kiloton range (equivalent to about 100 tons of TNT) - murdered 241 American military men. These dead include 220 U.S. Marines, 18 U.S. Navy sailor (Medic/Corpsmen) and three U.S. Army soldiers. Beyond these deaths about 115 U.S. military were wounded by the blast. Lebanese locals were also killed/wounded by the blast.

Of course, **to protect the real terrorists - At All Costs, Always -**, this first israeli nuclear terrorist attack on Americans, was sold to the sheeple as "...one of the largest non-nuclear explosions in history."

Radiation inhalation and direct exposure surely helped ruin the health of many of those involved in search and rescue efforts. The extent of this 'side-benefit' to the U.S.-funded Zionist terrorists is unknown. So, 241 killed outright - radiation complications likely killed more.

About 10 minutes later, a few kilometers away, another "truck bomb/huge explosion" disinvited the French participating in the MNF peace keeping mission, when the explosion there killed at least 58 French military. 55 French of the 1st Parachute Chasseur Regiment, and 3 of the 9th Parachute Regiment were murdered/over 100 French were wounded that day.

Like the Marine barracks device, this small nuke was likewise positioned within the sewer system, below ground level, near the front of the French military barracks.

Again, it is known among nuclear weapon specialists that a subterranean placement method enables a large percentage of the ionizing radiation to be absorbed by the earthen materials, and that radiation has a natural tendency to dissipate. [The Enemy would have you believe all radiation remains to menace human life for thousands of years. Tell that to those who inhabit Hiroshima or Nagasaki. Or, any of the 50+ areas that the IAEA leaked several years ago that had been targeted in clandestine nuclear attacks since 1945. The 12 to 14 small-to-miniature nuclear weapons used to destroy **seven** World Trade Center buildings were at least largely of the MRR (**M**inimum **R**esidual **R**adiation) type of 5th-Generation nuclear devices - at least, those detonated below WTC bldgs. 1, 2 & 7.]

Taking into account the laws of physics; indications within math and science; together with knowledge gained through years of underground nuclear weapons testing; the size of the crater in the earth in front of the USMC barracks; the damage to surrounding buildings: The U.S.- and French-directed weapons were almost certainly of the 0.1 Kiloton yield.

The Talmudic-Jew terrorist's method of disinviting American and French peace keepers from their mission was designed to severely restrict further intervention in israeli's genocide of all those they view as 'inferior things'! [See **Insight To Albert Einstein's Warning Letter** for terrorist leader Menachem Begin's revealing quotes, elsewhere among these pages. Quotes like: **"Other races are considered human excrement."**]

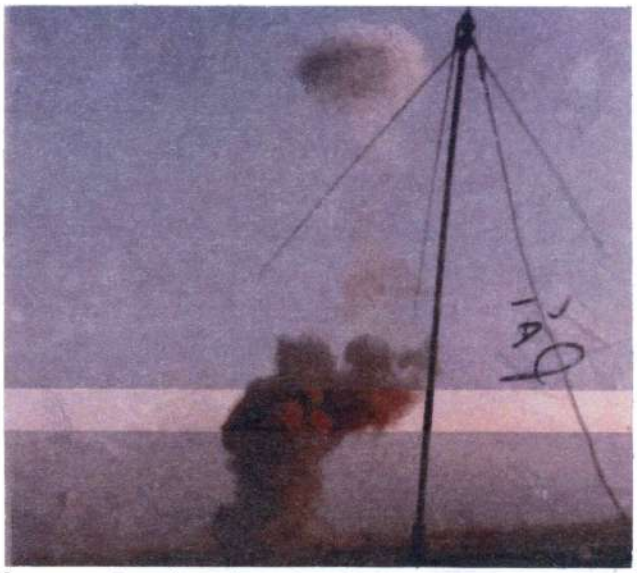

An Atmospheric Signiature More Than 'Similar': A Nuclear Mushroom Cloud!

Truck Bombs Served As 'Cover Stories'

Just as with Oklahoma City '95; U.S. Air Force Khobar Towers barracks, Saudi Arabia '96; Volgodonsk in '99; the "truck bombs" (claimed to be 2,000 pounds of High Explosives in Beirut [as well as **12,000** pounds]), were merely simple, propaganda generators - **distractive elements**, that is, **Sparkle**, as it's known in the intelligence community.

NO truck that size, carrying conventional/HE (high explosives) - not the 2K, 12K (or 5,000 pounds some informed sources claim) - could in any way conceivable to laws of physics in this universe, contain anywhere near the TNT load **required** to deliver such an immense level of devastation.

As with these other examples, this horrific terrorist attack on our U.S. Marine barracks in Beirut (as with the attack on the French barracks about three clicks down the road, only minutes later, killing 58), was intensely studied by numerous **Non-U.S.('Ally')-Controlled** military and civilian intelligence gathering groups around the globe. The world's intelligence communities unanimously concur: Yet Another Zionist-Terrorist False Flag Attack On America! **Yet Another, Like The USS Liberty, Unavenged!**

Seconds After Previous Blast Cloud Photo: Nuclear Fireball Heat Rising!

FBI said: "It was the largest non-nuclear explosion since Hiroshima and Nagasaki nuclear blasts".

Most unfortunately, this 1983 Marine Corps barracks bombing marked Only The Begining Of 10 More U.S. Zionist/Govenment-Enabled israeli False Flag Nuclear Attacks On Americans (up to 28 August 2023)!

A Possible Distraction Operation

Two days after the Beirut Marine barracks/French barracks bombings, **U.S. military forces invaded Grenada.** The pretext was to "counter communism" and to "rescue a number of American students at a university there".

This event took over **all** news coverage - leaving the Beirut U.S. Marine Barracks Bombing to fade away quickly on back pages. Zionist-owned news coverage faded as quickly as coverage of 208+ Americans murdered/wounded by israeli terrorists in 1967 in a two-hour massacre on our USS Liberty - attacks intended to be blamed on Egypt (a Soviet partner), **to start a Nuclear World War III with Russia and China** (Russians helped save 260)!

USS Liberty Two-Hour Massacre 8 June 1967 Provided 'A Green Light' For Beirut False Flag Attack

This - **NOT Our** - U.S. Government, together with the U.S. military they fully control, gave every indication to the Zionist Fascist Talmudic-Jew terrorists in enemy-occupied Palestine that they would be free from mid-1967 onward to perpetrate any form of mass-murder, war crimes and any act of war against Americans - U.S. military included! U.S. Govt's 'green light' to israelis was brightly lit when israeli air & sea forces were allowed to false flag attack our USS Liberty on 8 June 1967. This historic fact became absolutely crystal clear when: **for the first time in our nation's history, rescue efforts for a U.S. ship under attack were called back, twice; and somehow, there was no need for an official Congressional Investigation into these terrorist attacks; and, that there was likewise no reason to begin a U.S. military investigation!** [See **Sacrificing Liberty** from **TruHistory Films** (**Avoid 'Edited!'** YouTube version!), also: **USS Liberty**, and **Murder of Jim Morrison**, elsewhere here]

The single page envisioned was one that reveals **the immensely important words of James Madison, George Washington & Benjamin Franklin**, at our nation's Constitutional Convention in Philadelphia, PA in 1787 - spoken there and documented between discussions that lead to **our Constitution!**

This page was assembled to feature two quotes - one from Madison and a second from Washington - together with substantially greater revelations within **The Franklin Prophecy** as recorded by Charles Cotesworth Pinckney, a South Carolina Delegate to the Constitutional Convention of 1787.

I had included these specific quotes with the intent that these three of our nation's Founders' and Constitutional Framers' words would provoke an interest in readers digging further on their own. I felt duty-bound to provide at least a snap-shot - to briefly summarize - **a number of Hidden/Forbidden Historic Events**, in order to provide what was intended to be **an historic base of supporting knowledge**, and, with luck, **an irresistible curiousity** that would draw loyalists to discover still more **Forbidden** History of Our Nation and of similar events around the globe.

The educational connection offered by these Founders of our nation and Framers of our Constitution compelled me to combine their words on this single page **in order to reveal their combined awareness of this reality.**

The realization, later, was of a possiblity that the brevity of this 2016 one-page, by itself, **may not have effectively conveyed the massive significance of the knowledge these three Founders' words revealed.**

More than this, I felt a duty to summarize **the monumental realization** that 'jumped out at me', in order to offer **a greater clearity of these Founders' revelations, each man made clear, within their recognition of the historically-proven threat to our nation.** This offered an opportunity to provide available supporting evidence that convinced me long ago.

At our Constitutional Convention in 1787, many of the Founding Fathers had made clear to all that would listen, their full understanding of The Greatest Threat their newly-erected nation faced from that day forward.

Here, Again, Are Washington, Madison and Franklin's Prophetic Words

"History records that the money changers have used every form of abuse, intrigue, deceit, and violent means possible to maintain their control over governments by controlling money and its issuance." - *President James Madison*

"They (the Jews) work more effectively against us than the enemy's armies. They are a hundred times more dangerous to our liberties and the great cause we are engaged in. It is much to be lamented that each state, long ago, has not hunted them down as pests to society and the greatest enemies we have to the happiness of America."

THE FRANKLIN PROPHECY

Recorded by Charles Coteworth Pinckney
Delegate to the Constitutional Convention of 1787

*(This prophecy, by **Benjamin Franklin**, was made in a "CHIT CHAT AROUND THE TABLE DURING INTERMISSION," at the Philadelphia Constitutional Convention of 1787. This statement was recorded in the dairy of Charles Cotesworth Pinckney, a delegate from South Carolina.)*

"I fully agree with General Washington, that we must protect this young nation from an insidious influence and impenetration. The menace, gentlemen, is the *Jews*.

"In whatever country ***Jews*** have settled in any great number, they have lowered its moral tone; depreciated its commercial integrity; have segregated themselves and have not been assimilated; have sneered at and tried to undermine the Christian religion upon which that nation is founded, by objecting to its restrictions; have built up a state within the state; and when opposed have tried to strangle that country to death financially, as in the case of Spain and Portugal.

"For over 1,700 years, the ***Jews*** have been bewailing their sad fate in that they have been exiled from their homeland, as they call Palestine. But gentlemen, did the world give it to them in fee simple, they would at once find some reason for not returning. Why? Because they are vampires, and vampires do not live on vampires. They cannot live only among themselves. They must subsist on Christians and other people not of their race.

"If you do not exclude them from these United States, in their Constitution, in less than 200 years they will have swarmed here in such great numbers that they will dominate and devour the land and change our form of government, for which we Americans have shed our blood, given our lives our substance and jeopardized our liberty.

"If you do not exclude them, in less than 200 years our descendants will be working in the fields to furnish them substance, while they will be in the counting houses rubbing their hands. ***I warn you, gentlemen, if you do not exclude Jews for all time, your children will curse you in your graves.***

"***Jews***, gentlemen, are Asiatics, let them be born where they will nor how many generations they are away from Asia, they will never be otherwise. Their ideas do not conform to an American's, and will not even thou they live among us ten generations. A leopard cannot change its spots. ***Jews*** **are Asiatics, are a menace to this country if permitted entrance, and should be excluded by this Constitutional Convention**."

-Benjamin Franklin,
1787, at The Constitutional Convention, Philadelphia, Pennsylvania

It was at or about this time that Benjamin Franklin spoke these words that George Washington and James Madison were documented to have both spoken and written about what they knew was **The Worst Threat to our still young nation.** In all, a collection of time-tested threats, long posed by this same historic enemy of humanity and parasitic infestation of civilization. [The first casualty of war, has always been truth. It is no surprise that many have not known of these men's words until now.]

We are able to review Benjamin Franklin's words, in our day, due to the detailed work from one of South Carolina's delegates contributing to our Constitutional Convention of 1787 in Philadelphia, **Charles Cotesworth Pinckney**, who transferred his extensive notes taken in those historic days to his personal diary. Loyalists prevented the loss of his work.

My decision to begin the page with cutting and pasting on the most pertinent, related, Founding Fathers' quotes was intended to prepare readers, through both James Madison's and George Washington's **awareness**, whilst crafting a natural historic introduction to still more apparently near-completely-hidden words from Benjamin Franklin's **Forbidden** History.

An Overall Picture

'History books' found around the globe will perpetually inform you that the reasons American colonists fought the Revolutionary War were (generally): **A)** Protesting a tea tax; **B)** Preserving religious freedoms. Some 'historians' may have chosen to include: **C)** Protests by colonists to the forced boarding of British soldiers within colonists' homes.

The same **A)** & **B)** small-part-truths are found in most 'history documentaries' and in endless words of distraction and disinformation from the many enemy-owned radio, television, podcasts, by 'educational scholars'.

Without the benefit of not just Hidden, but truly **Forbidden** History, many would never be allowed to learn of **so much** actual historic reality.

As noted within my 1st 2016 **Open Letter To A Criminal, Routt County** (Steamboat Springs, Craig, Hayden, CO) **Crime Syndicate Asset/Attorney, larry d combs -> Benjamin Franklin is also documented as stating:**

"The colonies would gladly have borne the little tax on tea and other matters had it not been for the poverty caused by the bad influence of the English bankers on the Parliament, which has caused in the colonies a hatred of England and the Revolutionary War."
- Benjamin Franklin

Words That Serve To Enforce Other Historic 1787 Revealations

Within Franklin's insightful words, above, Massively Important Historic Evidence Is Revealed: Essential To Understanding The Reason For The War!

Evidence revealed regarding A Shared Awareness Of A Truly Monstrous Threat, evident within the words of Madison and Washington, but most especially within The Franklin Prophecy, offers a basis of understanding that clearly indicates that their Revolutionary War was Lost by 1787!

At one time, long ago, I saw the enemy-instigated establishment of "The First United States Bank" [A 20-Year Charter], in **1791** - less than four years after our Constitutional Convention - as Clear Evidence of **the beginning** of the enemy-occupying force's domination of our nation.

Despite the blatantly fraudulent naming of this bank, this is a private, foreign-owned and **enemy-operated** bank! **Far worse still**, this 20-Year Charter Bank was, in Historic Reality, **owned and run only somewhat covertly by The Same Enemy the colonists sought to achieve freedom from and "...for which we Americans have shed our blood, given our lives our substance and jeopardized our liberty."** [In the words of Ben Franklin]

The equally-fraudulent establishment of **"The Second U.S. Bank"**, at the end of the First U.S. Bank's 20-year Charter, serves to reinforce this.

What Our Founding Fathers' Evidence Reveals

Our Founder's warnings detailed, precisely: 1) Who This Enemy Was [based upon their personal observations and upon the recorded history they each studied]; **2) Exactly What They Needed To Do; and 3) What, Exactly, Would Befall Their New Nation If They Failed To Act, Then!** They were so right!

Based upon decades of research and **Revealed Within The Words Of These Founding Fathers and Constitutional Framers**, all evidence convincingly reveals that The Enemy - The City of London Khazarian Mafia Talmudic-Jew Banksters - simply 'allowed' the hostilities of the colonist's Revolutionary War against British/Khazarian bankers' rule, to cease.

Evidence indicates that the enemy knew they could go on fighting their war for domination of the colonist's new North American territory, years longer, but chose another, more secure - more historically-proven and more efficient - path to victory. The enemy knew they could rely upon their time-tested methods of advancing their tyranny and oppression - methods that would soon prove to hasten their conquest of the colonies.

Available documentation reveals that the Khazarian City of London banksters were confident in their debt-enslavement mastery of the colonists by using a much less costly strategy than continuing their war: employment of financial-compromise, and/or sexual-compromise. Backing the effectiveness of these tools, were the Khazarians usual threatening, blackmail, orchestrated 'accidents' to the target or to family members, financial destruction and character assassination.

This historically, mightily-successful Enemy of Humanity was empowered by a certainty of success evident within their many-century record.

Khazarian-Jews easily financially- and sexually-compromised the American bureaucrats surrounding our Constitutional Framers and Founding Fathers. Founders, then, had insufficient power to resist this internally-based governmental army of the most treasonous gang of 'American' betrayers!

The City of London Khazarian Talmudic-Jew Banksters Won Our 1st Revolutionary War! Evidence Indicates By 1787!

This conclusion is strongly supported by the words spoken and recorded by so many of our nation's most influential leaders in establishing

America as a new nation. Throughout our nation's long history of enemy-occupation, many who sought evidence of a beyond-evil, hidden-hand that had slowly and steadily destroyed Americans' freedoms and possibilities for prosperity and for a safe and morally wholesome civilization, shared their warnihgs. Many paid the price for revealing **Forbidden** History.

Within the days of our nation's founding and just as clear in 2023:

Most Americans are not just disturbed by historic reality, they are freightened by it!

- Me

Consider -

"Those who would wage war, should first eliminate all domestic enemies before proceeding to attack the external foe." - Sun Tzu, "The Art of War", about 700BC

"I fear the Jewish banks with their craftiness and tortuous tricks will entirely control the exuberant riches of America. And use it to systematically corrupt modern civilization. The Jews will not hesitate to plunge the whole of Christendom into wars and chaos that the earth should become their inheritance." Otto von Bismarck (1815-1898) - First Chancellor of Germany (1871-1890)

Much more is suggested, and revealed, by the outcome of historic events that took place there in Philadelphia within those days, as well as within just less than four years from this time (1787).

Most assuredly - even knowing the long history of success of the enemy - our nation's Founders must have absolutely believed that their understanding of **'What Needed To Be Done' to successfully defeat 'Their Known Greatest Threat', Could Be Accomplished** by their work there in Philadelphia, Pennsylvania and in only the few years immediately ahead.

From the evidence available it appears that, at least initially, these men **may have** failed to acknowledge a serious threat to their goals, **enabled through a clandestine enemy-infestation of their new-found government.**

Throughout time, the most proven successful tool for controling human 'behavior' has always been through monitary means: **Financial Compromise.**

Second only to Financial Compromise in its historic-realiablity, simplicity and effectivness, is **Sexual Compromise.** Third in the Khazarian Mafia's toolbox - proven as most often violent in application: **Threats** (threats to personal health/family members health and safety).

All together, these tools serve as routine and simple forms of 'problem solvers' for this Khazarian Mafia (or any) crime syndicate. Add in character assassination and financial destruction and these tactics have proven successful for this enemy through at least 232 years in America.

These same historically successful tactics are just as effective today. They are revealed far more often as evidence of enemy-occupation, today.

In order to'add another proven force to these methods, for such a long time, the enemy has utilized their long-compromised 'Governmental officials' to apply the appropriate threats: Illegal 'law-enforcement' and judicial system Criminal Harassments; Illegal Incarcerations; Financial Destruction through extensive court- and attorney-Cost Bleed-Outs - in order to achieve their syndicate-control of their "goyem". [Talmudic-Athiest-Jews consider all non-T-Js goyem (**cattle**), at best.]

It's a world-wide crime syndicate, this planet's oldest (some 2,300 years), largest, most well-established, most thoroughly repulsive, and historically noteworthy as a largely successful leader in all crimes.

Consider the failure of this nation's Founding Fathers to accomplish their well-defined and most major goals, shared by many, of casting out The Greatest Known Enemy to the American people and government: "They are a hundred times more dangerous to our liberties and the great cause we are engaged in..." (words of George Washington) Their Words Reveal:

Evidence Of The Power And The Control This Enemy Of Humanity Had Already Established Among The American Colonies, And Over Our Constitution's Framers As Early As 1787!

"I believe there are more instances of the abridgement of the freedom of the people by gradual and silent encroachments by those in power than by violent and sudden usurpations."
- James Madison, 1788

Madison's words above reveal that he was already witnessing evidence of the clear potential of a downfall for this still so very young nation!

"If our nation is ever taken over, it will be taken over from within."

- James Madison, Acknowledged as the Father of our Constitution

"The means of defense against foreign danger historically have become the instruments of tyranny at home." - James Madison

"If tyranny and oppression come to this land, it will come in the guise of fighting a foreign enemy."
- James Madison, 4th U.S. President

From Madison's three final quotes it appears, by this time, he could envision the means of subterfuge, deception, propaganda and **betrayal** that could so naturally destroy the nation so many had worked to create.

More Historic Evidence That Points To A Tentative Republic

Perhaps you are aware of a brief exchange between Benjamin Franklin and friend Mrs. Elizabeth Willing Powel, prominent society figure and wife of Philadelphia Mayor Samuel Powel, and later friends of Martha and George Washington. Near the time of completion of the Constitutional Convention, Benjamin Franklin was asked by Elizabeth Powel, who had encountered him on a street in Philadelphia: **"Do we have a republic or a monarchy?"** Franklin replied: **"A republic, if we can keep it!"**

James McHenry's 1803 account notes - published for the first time in the **American Historical Review** - reveal a follow-on exchange between Franklin and Elizabeth Powel. Mrs. Powel, known for a wit and knowledge, similar to Benjamin Franklin's, immediately responded back: **"And why not keep it?"** Benjamin Franklin then stated: **"Because the people, on tasting the dish, are always disposed to eat more of it than does them good."**

A Clear Threat And Absolute Need To Expel This Enemy Was Known All Too Well By America's Founding Fathers And Known Many Centuries Before By Hosts To These Parasites

Benjamin Franklin, for one, called them **"vampires"!** It is more accurate - I trust Ben Franklin would understand - to describe them as **parasites!**

History reveals that since 250AD - **beginning fully 1526 years before our nation's Constitutional Convention** - serious **attempts** were made **to try to run this exact same enemy out of 95 nations and regions** - in most of these nations and regions, **repeatedly** - due to so many citizens fully understanding the tremendous threat this parasitic-enemy presented to all humanity. Evidence further documents **still more repeated, and always unsuccessful, attempts** to run this massively destructive and devious enemy out of a growing total of **109** regions and nations by 1948! **[Evidence: Detailed Chronology of Attempts To Expel on last three pages]**

Further evidence reveals most clearly that these - far worse than **"pests to society" and "the greatest enemies we have to the happiness of America"**, as George Washington stated - parasites infesting prosperous civilization - in all cases, **were never fully run out** of these nations and regions! Stay-behinds continued to suck these nation's governments and their populations dry, using the many covert methods they'd long before perfected. [See **terrorist Benjamin Netenyahu's 1990 quote** from an audio recording by loyalists within our Defense Intelligence Agency, elsewhere: **"...America is a golden calf and we will suck it dry, chop it up, and sell it off piece by piece until there is nothing left but the world's biggest welfare state that we will create and control..."**]

More Evidence: American Colonist's Good Start Lead To A Downfall

Within absolutely necessary efforts to break away from the tyranny of British bankster rule, the colonists had created a Colonial Script that was circulated between them - an interest-free/close-enough-to-perfect economic system that served them well in their earliest days.

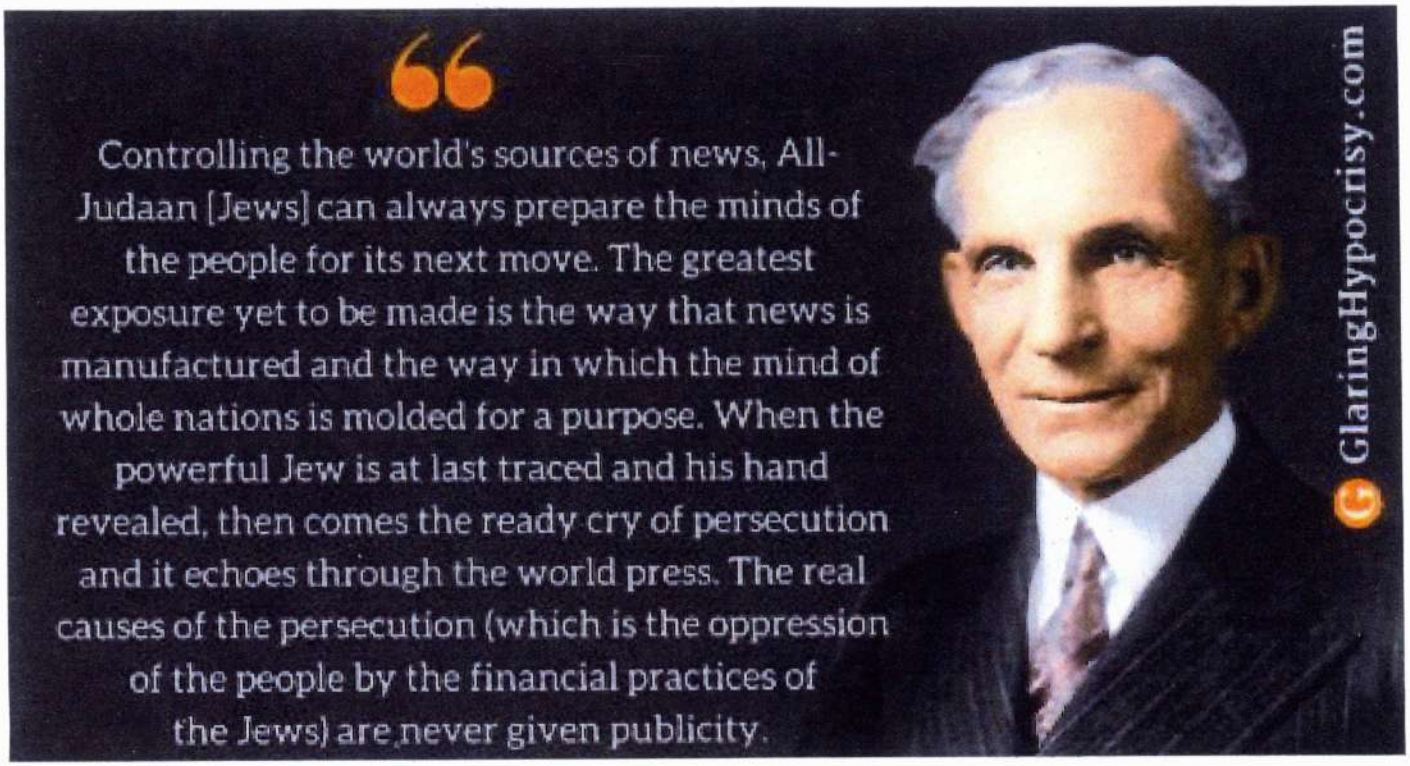

The Khazarian Mafia's City of London banksters were dead-set upon 'Debt-Enslaving' the New Continent, like every other continent, just as they had done throughout history, utilizing their Babylonian Money-Magick!

Just as with this enemy's "Federal Reserve Bank", today, all evidence proves it is a private, foreign-owned and **enemy-owned** branch of the Khazarian's City of London Bank. **Debt-Enslavement comes from their ancient Money-Magick: creating money out of thin air, convincing the masses to live above their needs, and by charging pernicious usury!**

A Sampling Of Other Men Who Tried To Warn Americans And The World

"It is also in the interests of a tyrant to keep his people poor, so that they may not be able to afford the cost of pretecting themselves by arms and be so occupied with their daily tasks that they have no time for rebellion."
- Aristotle, Greek Philosopher (384-322 B.C.)

"It is well enough that people of the nation do not understand our banking and monetary system, for if they did, I believe there would be a revolution before tomorrow."
- Henry Ford

- Henry Ford, 1920

"Israeli spies have done more harm and have damaged the United States more than the intelligence agents of all other countries on earth combined... They are the gravest threat to our national security."

— Admiral Bobby Inman
Former Deputy Director of the CIA

**"One day after I am long gone
you will remember me and say
we should have stopped
the nuclear program of Israel,
abolished the Federal Reserve
and kicked all secret societies,
occultists, usurpers and Zionists
out of our wonderful country
to keep it that way,
but it is never too late,
just remember that."**

- President John F. Kennedy
4th U.S. President To Be Shot/Assassinated By Khazarian Mafia

Like Lincoln, Kennedy knew The Enemy was targeting him! Both saw U.S. Govt. being stuffed with controlling crime syndicate assets that were dictating virtually all foreign policy entanglements and all legislation.

"Educate and inform the whole mass of the people...They are the only sure reliance for the preservation of our liberty."
- Thomas Jefferson, 3rd U.S. President

**"This country, with its institutions,
belong to the people who inhabit it.
Whenever they shall grow weary of the existing government,
they can exercise their constitutional right of amending it,
or their revolutionary right to dismember or overthrow it."**

A 2021 design I was compelled to create, because Einstein's description of "Zionist Fascist Terrorist"/israeli Government remains so accurate. Initial research in 1967-1968 revealed that **the Mass-Murder of American Military, Over Many Decades** - since at least 1898 with the murder of 266 U.S. Navy aboard USS Maine - **had, in historic accuracy, been orchestrated and enabled by this, Not OUR, U.S. Government!** I was consumed by the need to share this hidden history with other Americans, in any way I could. Research continued, as did the burning need to share **Forbidden** History.

"All tyrannies rule through fraud and force,
but once the fraud is exposed
they must rely exclusively on force."
- George Orwell

"None are more hopelessly enslaved
than those who falsely believe they are free."
- Johann Wolfgang von Goethe

It Is Important To Remember, Humanity's Historic Enemies Are Khazarians: Khazarian Talmudic-Jews, Masquerading As Semitic-Jews!

Dr. Eran Elhaik, within his 14 December 2012 Johns Hopkins University published Genetic Research, proved that **Semitic-Jews** - from a DNA reference work standpoint - **No Longer Exist!** Dr. Elhaik's extensive research clearly indicates **A Maximum of 3 Percent Semitic DNA** was found in those identifying as Semitic-Jews: '...they are **largely Khazarian'**. [In Elhaik's DNA research, **Palestinians were found to be 80% Semitic!**]

Dr. Elhaik has had a standing challenge to anyone wishing to debate his research results since 2012. There have been none willing to come forward - none yet (to my knowledge) daring to call him names and yell at him: the only 'defense' those 'selling long-established propaganda' have ever been capable of. The enemy's lies cannot withstand any debate.

As yet another example of long-established propaganda and theatrics: **These Khazarian Talmudic-Jews Are Not The Jews Noted In Religious Books!**

Albert Einstein tried to warn Americans/the world in his 2 Dec 1948 New York Times letter revealing "Zionist Fascist's" history of terrorism.

Historically, accompanying the beyond-evil tenets of the Khazarians' Talmudic-Judiasm and their mass-murdering terror tactics, are goals of destroying all that is good and decent within successful civilization.

Historic fellows like Karl Marx, Jacob Schiff, Leon Trotsky (Lev Bronstein) & Vladimir Lenin (Vladimir Ulyanov) were all Khazarian Talmudic-Jews. All were athiest-Zionist-Talmudic-Jews. **Equally true: each Prime Minister of what's called israel was/is a terrorist leader.**

Communism was invented by these parasitic-creatures **as a mask to hide their true identy!** A near-equal amount of evidence reveals that they created Bolshvism, before communism, **as yet another mask!**

Jewish-Bolshevism is a most accurate description. These were the vermin who **eliminated somewhere between 30 and 60,000,000** within what is termed 'The Russian Revolution' [realistically, 1906-1930s+], by the worst possible means! **Cheka**-Bolshevik 'Security': near-all Jews. **Imagine the true impact on millions that these creatures systematically starved to death!**

As long as the sheeple allow
an enemy-occupation of their nation
the tyranny and oppression
will not only continue
it will accelerate!

Experience enables confirmation that some photos are truly worth one thousand words - for the mental stimulation that they so dramatically convey. Then too, there are those rare, massively-impacting photos that are clearly worth many, **many more** than just 1,000 words - perhaps millions.

This photo was taken in the Zionist/Extremist/israeli-Terrorist-Occupied sector of Palestine in 2013 [a year or two before Palestine Statehood was officially recognized by the European Parliament, then in 2015 by the UN], on the israeli's murderous Purim Holiday. It was, quite naturally, integrated into my third USS Liberty **israeli Terrorist False Flag** T-Shirt design.

Imagine, the effort and pride of workmanship involved by the parent (or parents) as they crafted these costumes for what appear to be 5-year-old twins. Efforts that paid off by generating still more pride when their israeli community members voted their costumes: **"Best Costume", Purim 2013!** No need to hide success!

Notice: The photographer/parent directed a perfect parallel alignment of the 'World Trade Center towers', suspended by straps on the little tyke's shoulders; Imaginary aircraft with flames and smoke, **to continue perpetuating the propaganda of an aluminum projectile penetrating a massively strong steel structure** [See: 28 July '45 - B-25 Hits Empire State Building In Fog (smashes flat, falls away)], and through the wonders of **now well-documented CGI/Hollywood-style imagery (not live), 'melts' into the building**, in perfect timing with **explosions from within**; Red socks to indicate blood; Kid's staggered positioning; Even the near-symmetric placement of the little terrorists-in-training/twin's hands! It glorifies the deceptions of Esther, who concealed her Jewish identity to seduce the King of Persia, then slyly tricked him into slaughtering 75,000 people deemed 'enemies of the Jews'. ...In other words, Purim celebrates Jews lying, secretly penetrating the highest levels of government, and manipulating the leaders of an empire into mass-murdering perceived enemies of the Jewish people..." **Sound Familiar? It Should By Now!** Even the FBI & CIA now admit **Afghanistan and Iraq had NO Connection To 9-11!** Osama bin Ladin (Tim Osmon) was never on any FBI Most Wanted list. A Marine Corps Vietnam veteran and a 1986 graduate of the U.S. Army War College, Dr. Sabrosky's teaching and research appointments have included the United States Military Academy, the Center for Strategic and International Studies (CSIS), Middlebury College and Catholic University; while in government service, he held concurrent adjunct professorships at Georgetown University and the Johns Hopkins University School of Advanced International Studies (SAIS). Dr. Sabrosky has lectured widely on defense and foreign affairs in the United States and abroad. His published work includes thirteen books or monographs and over one hundred sixty articles, chapters and book reviews. Among his books are *Alliances in U.S. Foreign Policy*, *The Recourse to War: An Appraisal of the "Weinberger Doctrine"*, and *Prisoners of War? Nation-States in the Modern Era*; he is completing a book-length study on the U.S. use of military force as an instrument of foreign policy, called *Presidential War: The Politics of Military Intervention*.

Forbidden History

"None are more hopelessly enslaved than those who falsely believe they are free."

- Johann Wolfgang von Goethe

22 Days After israeli-Zionist Planned & Orchestrated U.S.-Zionist-Government-Enabled/Assisted/Covered-Up 9-11-01 False Flag Terror Attacks On Americans

(to Shimon Peres as reported on Kol Yisrael radio)

Evidently, some israeli Knesset members shared some concern that, just maybe, these Zionist-Jews' monstrous plans may have, finally gotten just a little carried away, due to their extremist beliefs. Terrorist leader and former israeli Prime Minister, Ariel Sharon, is here captured in transcript form in an exchange with terrorist leader and former israeli Prime Minister Shimon Peres. This exchange took place within these Zionist's Knesset meeting on 3 October, 2001.

Though Kol Yisrael radio, the station this meeting was broadcast on, broadcast within that region, **the broadcast of the Zionist-terrorists bragging of their total control over America - up to and including the most massive and monstrous U.S./Zionist terror attacks ever - was heard and recorded/documented by American and by many other nation's intelligence gathering services.**

This Ariel Sharon quote on the Zionist's confidence in their 9-11 false flag attacks on America was also in my **2016 Open Letter To A Criminal - to Routt County, Colorado Crime Syndicate Asset/Attorney, larry d combs** - my first Ordinance Drop. [Both Ordinance Drop and an Ordnance Drop - my play on words. The devastation level offered by the many **Forbidden** Hstoric events revealed here qualify this knowledge shared as both an Ordinance Drop, and an Ordnance Drop.]

The six-point symbol shown was long-observed upon a red shield affixed to the main door of a particular infamous, tyrranical, ruthless and murderous Khazarian Talmudic-Jew 'family' in this planet's earliest **Forbidden** History. Following their tribal tradition of hiding their true identity, these parasites on humanity chose **Rothschild (red shield), as a means to hide from their past attrocities.** Any and all "historic references" relating to sheeple's easily-manipulated beliefs - especially the many "biblical references" -

are pure distractive/disinformation - propaganda!

Again - Briefly
Albert Einstein Warned In 1948!

"It is in its actions that the terrorist party betrays its real character; from its past actions we can judge what it may be expected to do in the future."

- Excerpt from Albert Einstein's 4 December 1948 warning letter (published in New York Times) **Warning Americans - And The World!**

Wherein, Einstein Accurately Described The Mass-Murdering "Freedom Party"/Irgun Zionists, Enemy-Occupying Palestine, As

"Zionist Fascist - Terrorists"

Who The Real Terrorists Are, And Have Always Been!

[Evidence clearly reveals that Albert Einstein had extensively researched and documented these Jew's **long history of mass-murdering terrorism.** Through similar indications it is revealed that Einstein had discovered - by tracing their lineage - that the Jews that had invaded Palestine were not at all the Semitic Jews portrayed in 'bible stories'. These were and are, historically, **Khazarian Talmudic-Jews Masquerading As Semitic Jews!**]

This Is OUR Country!

[1] On December 17, 1862, General Ulysses Grant wrote to the Assistant Adjutant General of the U.S. Army:

"I have long since believed that in spite of all the vigilance that can be infused into post commanders, the specie regulations of the Treasury Department have been violated, and that mostly by the Jews and other unprincipled traders. So well satisfied have I been of this that I instructed the commanding officer at Columbus to refuse all permits to Jews to come South, and I have frequently had them expelled from the department. But they come in with their carpet-sacks in spite of all that can be done to prevent it. The Jews seem to be a privileged class that can travel anywhere. They will land at any woodyard on the river and make their way through the country. If not permitted to buy cotton themselves, they will act as agents for someone else, who will be at the military post with a Treasury permit to receive cotton and pay for it in Treasury notes which the Jew will buy at an agreed upon rate, paying gold."

Also on December 17, 1862, General Ulysses S. Grant issued General Orders No. 11. This order banished all Jews from Tennessee's western military.

General Orders No. 11 declared:

"1. The Jews, as a class, violating every regulation of trade established by the Treasury Department, are hereby expelled from the Department.

"2. Within 24 hours from receipt of this order by Post Commanders, they will see that all of this class of people are furnished with passes required to leave, and anyone returning after such notification, will be arrested and held in confinement until an opportunity occurs of sending them out as prisoners, unless furnished with permits by these headquarters.

"3. No permits will be given these people to visit headquarters for the purpose of making personal application for trade permits.

"By order of Major Gen. Grant.

"Jno A. Rawlings,
Assistant Adjutant General"

WWIII/Operation Invisible Enemy
A Close-Enough-For-Now Summary

An Excerpt From Bob Dylan's
Talkin' World War III Blues

Some time ago a crazy dream came to me
I dreamt I was walkin' into World War Three
I went to the doctor the very next day
To see what kinda words he could say
He said it was a bad dream
I wouldn't worry 'bout it none, though
They were my own dreams and they're only in my head

I said, "Hold it, Doc, a World War passed through my brain"
He said, "Nurse, get your pad, this boy's insane"...

World War III - Begins

From 18 October through the 27th of 2019 there was held - as it is every four years - the World Military Games (branded as "Peace Games"). These are a fiercely-contested set of athletic skills games, with bronze, silver, gold awards, that also offer a variety of minor rewards along with bragging rights. WMG is contested through 27 athletic disciplines from running to parachuting. Over 100 nations participated in 2019.

According to DoD docs, U.S. sent 17 teams made up of 188 athletes, as well as 24 coaches, 18 team captains, 15 medical providers, 10 referees, nine public-affairs officers, seven "senior leaders", nine CISM (International Military Sports Council), and two State Department personnel.

This 2019 world military athletic competition was held, in,

Wuhan, China!

This U.S. Government claimed to have sent a total of 282 to China to participate, though a few sources - long found to be reliable - indicate a U.S. military presence of 300 to as many as 359 observed there.

With substantial certainty, we can estimate that many of the nation's military/intelligence groups who took part absolutely knew of the types of viruses and bio-hazards that were present in which labs. Similarly, many nation's medical communities were equally aware of this same information. Absolute documentary evidence reveals that medical-related U.S. 'professionals' were aware: Evidence indicates that Fauci himself helped to ensure $3.7 million U.S. taxpayer funds were directed to one of the Wuhan, China labs, through some second-party trickery (sop).

Claims were that U.S. taxpayer contributions were directed in this manner in order to 'continue to investigate how America would protect itself from a bio-terrorism attack using Corona/COVID viruses'. This same investigative work had previously been done in U.S. laboratories in Texas and North Carolina, until U.S. lab work was claimed to have ended.

Then too, there is sufficient evidence that there are over 100 U.S. Government/military bio-warfare laboratories in 23 nations. Any one of these **could have** contributed to the final bio-weapon. At the same time, other often-proven-reliable sources point to more than 300 U.S.-Government-funded bio-warfare labs existing within more than 35 nations.

Of course, the 2019/2020/2021 COVID-19 release upon this planet **could have been** sheer accidental negligence. But, **cui bono? Who benefits?**

Five decades of studying such events - as well as the massive number of obvious examples of human manipulation through fear-mongering propaganda, financial destruction, as well as a pure and blatant failure to rely upon nearly 200 years of lessons learned in (legitimate) medical science regarding viruses - causes me to immediately be far more than just highly suspicious. This gut feeling, together with So Much Historic Evidence aiming at **Yet Another False Flag**, create a high-resolution, detail-revealing picture: **The Same Enemy, Hit Us Again.**

Operation Invisible Enemy
A Picture-Perfect False Flag

Many centuries of documentary evidence of False Flag attack **Forbidden** History reveals that this world military competition provided 'The Perfect Opportunity' to simply 'deposit' what has proven - through incontrovertible evidence - to be a human-manipulated version of the Corona virus - one with specific target goals.

Where all previous Corona viruses targeted children, this particular 'subhuman-tweaked' version was designed to target older individuals - especially those with conditions of being overweight, generally unhealthy with diabetes, heart and similar health/medical concerns, and quite possibly a large number of other human health related aspects that remain to be fully documented.

My personal understanding - based upon 54 years of study of such treachery - is that **at least two terrorist groups deposited this virus there in Wuhan** very near to: 1) The bio-research labs; 2) The 'wet markets'; and 3) Near to, but likely within the buildings, where the World Military Games competitors stayed, routinely gathered and competed.

A couple (or maybe three) virus 'deposits' were likely made near to the 18th to 19th of October in 2019 - **though it may have been deposited even sooner** - in order to be certain that the virus 'took'! Several days of competition then took place where the virus spread easily amongst them.

Following awards ceremonies for these 'games' at least 66 nations (awards finalists), went home, Spreading The COVID-19 Virus!

Within days of the end of these world games, the first mention of this **"Invisible Enemy"**/COVID-19 virus 'on-the-loose' became known worldwide. How very **perfect** for this Khazarian Mafia World Crime Syndicate!

I'm referring to a group of 'Global Financial Elite' who are directing, above all others, the plight of the planet's population. This beyond evil group was often overheard using one particular comment, one that Dutch banker/whistle-blower, Ronald Bernard - who once worked closely with 'Globalists' - revealed, and was brought to my attention by fellow pilot and Astronaut, Edgar Mitchell (sixth man to walk on the moon).
[See Edgar Mitchell's quote elsewhere amongst these pages]

"The misery of the world is a business model."

The two Khazarian Mafia/world terrorist groups were, most likely: This (**Not Our**) U.S. Government; and, what is in historic reality, the radical Zionist terrorist organization (that **Albert Einstein** called out in his **2 Dec 1948 Warning Letter**/4 Dec in New York Times): "Zionist Fascist Likud Party in Israel". [See Einstein's Letter elsewhere within these pages]

It was almost certainly a part of the overall plan that an initial cover story would be introduced ("wet markets"), only to allow it to be discounted later when a new, and even more juicy cover story ("Chinese bio-lab leak") would take hold of the sheeple's wildly-swinging, fright-driven emotional state.

Back To the WMG Comptetion

How did "The Most Powerful Military This World Has Ever Known" fare within this 100-plus-nation competition? Behind Iran (14th), Slovinia (17th), and behind Finland (34th) - to name just a few - in **35th place!**

It appears that the overall victorious Chinese troops (Russia came second in the medal count) gave the U.S. military members the nickname - "Soy Sauce Soldiers". In effect, the Chinese were saying: **Why** did you bother to show up? 'Most powerful world military power? No evidence of any military superiority to be seen here!' [Chinese soon learned **why...**]

So, you too should have to ask: What could have 'distracted' the focus of the U.S. military group that otherwise would have been expected to place most prominently? **What were these Zionist-U.S./Khazarian-israeli-Owned troops doing there in Wuhan in the second half of October of 2019?**

It just could be that the U.S. was there to serve as hosts for a virus that had been deposited there (then, and/or earlier) - to serve as **mules** to distribute the virus, **just as with the other 100+ nations competing.**

The virus **could have** even been injected into U.S. (and other) troops as a requirement of their next overseas deployment!

There Are So Many Other Clues Of An Orchestrated False Flag

Of Course, Threatening Massively Exaggerated Worldwide Death & Illness (While Eliminating Wasteful Humans And Boosting 'Money Earned') Was Primarily The Enemy's Excuse To Inject You With Poision!

Perhaps You've Heard Of A Number Of Doctor's Organizations Well, There Is A Now A HUGE Worldwide Medical Group That Hundreds Of Thousands Of 'Medical Professionals' Have Revealed Themselves To Be A Part Of:

DAOME!

(Doctors Abandoning Oaths, Morals & Ethics)

Hundreds of thousands of 'medical professionals' either Ate The Propaganda (beyond being just full of it), but most likely believed they could only survive (financially and future advancement-wise) within this group of treasonous subhumans if they **acted the part with those who Ignored virtually everything their medical education and (legitimate) "medical science" had revealed to humans since the beginning of it's study and historic documentation - especially in the last 200 years.**

Consider the horrific results imposed upon this planet's youngest individuals due to the devastating constraints placed upon them and the fears relentlessly pounded into them by the propaganda press/this Government, and by their parents. Then too there are the possible future side effects of both the virus and - **(we now know) even more importantly** - the wide variety of horribly-negative/life-altering side effects to be discovered only in the future **from the injections - Injections That Do Not Come Anywhere Colse To Being Accurately Described As "Vaccines" (and, Not A Legitimate "Pandemic")!** Each of these must be addressed thoroughly in any cohesive historic investigation of such obviously- and deliberately-orchestrated and purely devastating compilation of negative events perpetrated upon this planet's residents.

World War III
Goals & Effectiveness

1. **Debt-Enslavement** of most Governments of the planet to, roughly, Billion$ or Trillion$: RKM's only care for money is for it's time-proven effectiveness as **a tool to reliably control human behavior.** Within financial considerations, the RKM's World War III must be considered very nearly equal to, if not surpassing, the monetary-debt-enslavement successes of both **their** World War I & World War II combined!
2. **Terrifying Half The Globe**, that had been caught up in the **massive propaganda** perpetrated upon citizens of most all nations! Studies by honest medical scientists reviewing massive data revealed by late June of 2021 that evidence had been compiled that **the United States "death count due to COVID-19" is Exaggerated By As Much As 1600%!** This truth, from medical professionals who possess morals, ethics and are honest and unafraid of what financial rewards may never come their way due to their adherence to **actual** medical science as the basis of their work.

As Federalist Papers co-author John Adams pointed out long ago:

"Fear is the foundation of most governments."

3. **Foreclosure** on tens of millions of commercial and residential properties worldwide! As in 2008: By 'law' (**Their Khazarian Mafia-Created Laws**), the property you/your families have for so long hoped to someday own - is now, By Their Law, the property of the banksters, to resell! By Their Law, the Equity you/your family had slaved away in earning and investing for so many long years, in hopes of fully-acquiring the business that supported your family, or into the home that protected you from the elements - Is Now The Enemy's, To Re-Sell!

How very fortunate, for The Enemy!

The Enemy that most all of this nation's Founding Fathers Warned Us About!

The Enemy, whose lobbyists created the **massively complex** laws that are so effectively obfuscating that only the enemy knows the serious negative effects on American life they nearly always enable.

[See President Abraham Lincoln and President John Kennedy's quotes...]

4. **Associated Financial Benefits:** A) Most all those so treasonously 'aware' of the up-coming **World War**, invested substantially in all those industries where great profits were assured - due to their criminally-gained **insider knowledge! [Laws (their laws) are for Us, Not for Them!]** B) Documents reveal that hospitals in the U.S. were reimbursed by U.S. Government (with taxpayer-earned-dollars) for each **claimed** 'COVID-Death'. This appears to be a sliding scale of payment amounts based on some bureaucratic whim. In California, each time a hospital administration's staff **claimed** 'COVID-19 as the Cause Of Death', the hospital was given $145,000. Numerous documented accounts of whistleblowers revealing this were **intimitated by management** to attribute as many deaths as possible to COVID-19, 'or else'! California was not at the top of this sliding scale financial reward scam. This 4th catagory alone could go on and...

5. **Misery** is always high on their goals list. How about: Millions and millions of families who could not afford to save even a few hundred dollars ahead, will, one day, have to come up with the long-delayed rent money! Similarly, apartment/townhouse mortgage-payers who have not been receiving rent money that routinely allowed them to pay their mortgage to the bankster-syndicate, will eventually have to: Pay Up, or Get Out, as well! Huge corporations are buying up these properties from the banksters who foreclose on them - stories that are not 'press covered'.

This listing too, could go on and on and on, but it is best left for the criminal types who are profiting by this Third World War in ways I can not take the time to imagine - just now - to reveal to us in the near future. Within this - what's intended to be just **a quick-look, very basic summary of the KM's WWIII**, I won't bother to take the time and digital space to historically document **their Immensely Successful Operation.** Researchers other than myself will one day take this task on.

6. **Deaths worldwide** have long been the goal of these soulless, beyond-evil, Khazarian world 'elites'. **Their long-stated world population goal of between 350 and 500 million** - to act as their slave-labor - surely stirrs their psychopathic minds. [These survivor/slave numbers, shoved in the faces of this planet's residents for 40+ years (in six languages) - were surely one reason the Georgia Guidestones were attacked in 2022.]

If you consider clear evidence of a more than 50 percent increase in suicides among young girls in the U.S., **alone**, due to the mental effects of the draconian and wholly unnecessary lock-downs and other contraints on normal human behavior - there are many among U.S./World Government 'civil servants' and other bureaucrats that **should**, logically, require extreme punishment for their part in the worst mass-murder event in recent times. [As we're often reminded: **Laws are for us, not for them!**]

Some Obvious Evidence That Operation Invisible Enemy Was Largely A Fear/Propaganda/Profit/Genocide/Sterilization Operation

Massive books could and should be written about this Third World War. **The amount and quality of evidence, in plain sight, is incontrovertible!**

However, here is just the briefest possible summary that touches upon so many **Obvious Flaws** in this World Crime Syndicate's Operation Invisible Enemy. You'll note each flaw was 'overlooked' by this nation's crime syndicate-owned press, who dutifully distracted the populous with...

Bill Gates
'Admits To Vaccine Genocide'
[Video evidence exist(ed at one time)]

'Each human puts out about five tons of Carbon Dioxide in their lifetimes...If we do a real good job on vaccines, on healthcare and on reproductive health services we can work to bring these numbers down to zero, or to very near to zero.'

1) Sell-Out Doctors Around The Globe Failing Their Oath To Do No Harm! Not one 'medical professional' involved in dictating the tyranny and oppression worldwide can legitimately defend the fact that they - each and every one - have **failed to follow the oath they took as doctors!**

Without question, instead of **A) Doing no harm; and B) Taking into account the overall health of the patient** - indeed, **the overall health of 'the community'**, tens of thousands of what amount to **crime syndicate assets** focused solely on the virus and on whatever propaganda they were directed to (career-advancement-obliged to) 'sell' to the sheeple.

[Compared to the Khazarian-Zionist's phenomenally successful financial-compromise, only their sexual-compromise effectiveness comes close.]

Every one of the talking head doctors promoting the experimental 'vaccines' at a level nearing hysteria, is guilty of ignoring the health consequences - especially for the children - of the wholly unnecessary: **lockdowns**; business closures (KM-selected-businesses, to benefit them); the loss of income causing loss of homes and domestic violence; the hugely increased drug (alcohol, prescription and street drugs); massive depression brought on by the perpetual messages of 'death outside your door and anyone can kill you'; spiking suicides; on down to the millions frightened to go out to get necessary medical diagnosis and treatment.

The result of calling attention to any data from actual historic medical documentation of any sort (dissent)) was illustrated time and again by vile and relentless attacks on the personal credibility of these morals- and ethics-bound care givers, inevitably leading to their income being constrained or outright cut off. [SOP from Zionist/Marxist...]

Consider the most vulnerable: Older individuals (and, for their mental wellbeing, The Children). It is widely known the Governors of at least four major states issued directives that intentionally installed Covid-19 patients into elder-care facilities - Apparently, uncaring their actions would result in the deaths of many thousands of Americans roughly of the ages of 65 and older! In reality, these 'civic leaders' were likely directed to take these murderous actions by their KM/Zionist handlers. And of course, none of these mass-murderers are the focus of any investigation at all, and - of course - are facing no consequences.

Again, **laws** (KM-orchestrated/instigated laws) **are for us, not for them!**

Any doctor who takes the oath they took as their duty...

Numerous serious medical professionals who possess the morality and ethics instilled by those around their upbringing and early professional career were silenced. Reputations of so many good doctors have been relentlessly attacked by Khazarfian-Zionist assets around the globe.

2) Ignoring A Natural Immunity In Those Who Have Already Had COVID-19!
An ever-mounting number of thoroughly legitimate medical community studies - that soon amounted to over 120 - all point to those who had been infected by COVID-19 then enjoyed an immunity due to antibodies that is fully at least 40 times, and more, superior to any so-called "vaccine". This natural occuring immunity is extremely well documented to be not just superior in strength, but extremely long lasting as well. Both are qualities that no Government-Mandated "Emergency Use-Approved" injectable drug ("vaccine") has ever shown any reasonable comparison to.

3) A Huge List Of Clues: COVID-19 Dangers Were Massively Propagandized!
If this virus was anywhere near as deadly as the many thousands of propagandists worldwide have perpetually pounded into all our ears, the **subways** of New York and of other metropolitan/congested cities would have been shut down! They were not. Major train and bus lines would have been shut down. They were not. Massive financial constraints - including total mandated shutdowns - were placed upon largely 'small' business while the tyranny and oppression dictators gave free-reign to virtually all 'big business'.

Hell, if this virus was, in reality, anywhere near as deadly as the propagandists have not stopped claiming, these 'medical professionals' and bureaucrat-holes, addressing this "deadly airborne virus", would have ordered all hand-drying blowers in restrooms Shut Down Immediately!

Quite clearly, the income from their many investments was far more important than giving the impression that anything the sheeple were ordered to do might actually make any genuine medical sense. Even the Khazarian Mafia's relatively polished theatric presentations have their limits when it comes to a confrontation with critical-reasoning.

So many clues of treasonous conspiracy - of **Murder** and **Overall Health Destruction** - are clear to anyone who simply paid attention!

Eventually, a crime this massive in scope will reveal clearly manipulated "medical science" for what some refer to as 'political reasons' - as a way to distract logical thinkers from the harshness of more accurate terms such as **criminal abuse** and **crime-syndicate-directed-terror**.

4) World-Wide VADR Medical Documentation Has Been Completely IGNORED!
(Official VADR Website - Vaccine Adverse Drug Reactions: Dead & Injured)
I was able to print out a 3 July 2021 VADR Italian site's numbers:
17,503 Dead & 1,687,527 Injured By All Four COVID-19 Vaccines.
European Medicine Agency - EnduraVigilance

Most all true medical professionals who are ethically and morally-bound to their oath, admit that they have learned that the comparatively tiny numbers documented within the VADR site are extremely likely only 10% or

less of the human damage and death done by the four vaccines worldwide.

Deaths and injuries from the four vaccines are absolutely, thoroughly and completely ignored by all organizations with a voice in this false flag terror assault upon the population of the United States. Similar though not often so very thorough obfuscation of medical realities such as harm to humans from the vaccines were experienced in nations around the globe.

The **VADRs** (Vaccine Adverse Drug Reaction) site could have been extremely helpful **if** it were allowed to be utilized. However, extensive evidence points to virtually all U.S. hospitals and health care providers being told by their upper-most overseers that any logging on to and making accurate additions to this site would result in loss of their job (and likely blackballing within the industry, so that no financial support would be possible).

Just One Admission, Along The Way

One upper-level doctor from a well known health care provider revealed: **A)** COVID-19 has proven extremely financially profitable for _____, because no one was coming in for health care and the monthly payments continued flowing in to _____'s coffers. Clearly, the fear-mongering of the KM-owned press and medical spokes-holes very effectively frightened almost everyone from wanting to have any close proximity to an area were COVID-19 was sure to be encountered; **B)** Every death was to be documented as a "COVID-19-Related" death, or 'the traitor' would face immediate dismissal!

Almost worldwide, **every** death was a "COVID-19-Related" death. Every horrible car crash or bicycle hit victim was dutifully COVID-tested so that they could be COVID-19-"Related" Deaths. Most often - almost always - these were simply reported as "Death Due To COVID". Health care providers were all financially rewarded for adding to the fear-mongering in adding to the enormous death totals claimed. On down the line, it appears that almost all 'doctors' were instructed that: **Every death was a COVID-19 death!**

Actual/accurate 'COVID death numbers', worldwide, are almost certainly **close to 10%** of the fear-generating/compliance-assurance death numbers.

Actual medical evidence clearly shows that during initial trials, two in every 37 of the 22,000 control group were very notably injured by the COVID-19 vaccine. Deaths were essentially ignored! Many of these injuries were severe. We may never know the true numbers of injuries and deaths due solely to adverse reactions to the four vaccines.

The globalist elite/Khazarian Mafia types could never allow their 'world press' assets to mention even the slightest hint that there could be any negative side effects possible from sticking an experimental Government drug into bodies of hundreds of millions of subjects in the U.S. alone.

While even aspirin is mandated to be sold with a (required) long and bewildering list of possible side effects, cautions and warnings - side effects of the 'vaccines' were deemed by the crime syndicate 'elites' to be inconsequential in regards to knowledge available to the sheeple.

Just as surely as the fear-mongering "Covid Death Numbers" were massively exaggerated and propagandized, so too were the fear-generating **"COVID-19 case numbers"**

Obvious: Deaths From All Other Causes Ignored!

All too obvious to anyone paying attention: Deaths from the common flu virus, heart disease, cancers, bicycle, car, truck and motorcycle deaths (worldwide) all were soon not worth mentioning at all - because they were lumped in with the world crime syndicate's "COVID-19 Death Number"!

5) The Most Often Noted PCR Test Was Never Intended To Be Used In This Way Doctor Kary Mullis, the doctor who developed/invented the PCR test most often referenced over the past near 1 1/2 years, has repeatedly declared that his test was never designed to be used to detect active illness. His test was never meant to be used in the way the 'medical community' was then using it [essentially as a propaganda tool].

Of course, the spread of any knowledge of this fact is carefully suppressed by the Khazarian Mafia's press. True medical professionals who are clearly guided by their morality and their ethics in their work make clear of a concept that can be here generally understood. To summarize, many of these honest individuals who are genuinely concerned with human health describe the PCR test mirroring a situation similar to this one.

'You find a dog hair - a single dog hair - and you must then assume that there is currently a dog somewhere in that room at that time!'

The 'cycle rate' selected by the propagandists for these COVID tests is documented to be between 25 and 40 times greater (most often, 35 to 38 times greater) than what was ever intended. Therefore, even the tiniest speck of even a long-dead virus particle - those that could do no harm - is massively 'magnified' and tallied up as "Another COVID Case"!

The intent is clearly to promote an increased stress factor to the perpetual fear campaign against the world's population.

Surely many **others** (not me right now) will be driven to point out so many other indications of worldwide crime syndicate's instigation and thorough control of (what I knew in early 2020 I had to call)

World War III/Operation Invisible Enemy

The Fully-Experimental, Not At All Thoroughly Tested MRNA 'Vaccines'

Millions Illegally Coerced Into Taking A Wholly-Experimental Vaccine - Against The Laws Set Down By The Nuremberg Code Many Decades Ago!
To Be More Accurate: A Whole Series Of Wholly-Experimental Vaccines!
Hell, the entire and absolutely routine practice of **initial trials on animals** - common to virtually every other vaccine and medicine in our history - **never took place!** And yet, the massive number of 'public service advertisements', treasonous politician-holes enabled taxpayers to fund routinely, repetitively noted:

"No steps have been skipped! No shortcuts have been taken, in the development of these vaccines!"

What conclusions can you come to when you factor in with the health effects that actually affected this planet, together with the massive concerns of radically coercing a planet's population to participate in a fully experimental "medical program"? More than just suspiciously unlike any other vaccine ever largely utilized by a world population - **this one group of vaccines!** Overall, **a Murderous 'joke' upon humanity!**

Three of Four Are Messenger RNA-Type 'Vaccines'.

Not One Messenger RNA-type vaccine ever conceived prior to World War III succeeded in large scale approval nor in general acceptance and use Due To The Substantial And Overwhelming Negative Health Problems Each And Every One Produced! Each and every one was withdrawn following substantial health destruction and deaths.

6) Massive Evidence Of FRAUD By Drug Makers - From Pfizer's Own Documents - Enables These Murderous Manufacturers Of The So-Called Vaccines To Be Held Legally Responsible For Side Effects And Deaths!
The legal documents created under falsely-orchestrated Emergency Use will all prove worthless, if control of our nations "legal system" can be wrestled from the dead, cold hands of the Khazarian Mafia.

A Giant Clue: FDA Directed A 75 Year Hold On Data

7) Originally, A 75-Year FDA-Directed Hold On Revealing What Is In The COVID-19 Vaccines, and other similarly 'Warp Speed-Developed' COVID-19-Related Treatments, Was Struck Down By A Judge! Then, drug companies asked for **55 years** to process the law-suit-generated FOIA request. **On January 6th** of 2022, a federal court in Northern District of Texas ordered the expedited release. This turned out to be 55,000 Pfizer Trials Internal Documents to be released each month (some of these 'documents' are 10,000 pages each). [See Naomi Wolf's documentation. Her request for assistance from qualified loyalists to help manage this document flow resulted in 2,500 experts volunteering!]

8) An 'Emergency-Approval' Of Vaccines Could Only Be Orchestrated By Claiming No Known Treatments Were Currently Available That Would Help!
Among the numerous clues to the unsafe-for-humans nature of 'the vaccines' have long been available to anyone curious enough to put in the effort! Consider, just one aspect alone: Emergency Use Approval from the various Medical Groups **Could Only Be Granted** if the vaccine

makers, and their vast Propaganda Corps, Repeatedly Insisted (In Writing) That **No Other Treatments Were Available That Could Provide Successful Early, Mid-, Or Late Treatment for their COVID-19 virus.**

All Were Lies!

There are many long-proven-safe treatments that could have been utilized - treatments that have, for decades, been relied upon by virologist around the globe. Many of these have a many-decade history of extremely low rate of any side effects and a very good history of contributing greatly to the early recovery of virus patients when utilized early on in their illness. This medical evidence is well-proven around the globe

Perhaps you noticed how the Khazarian Mafia's press worked in unison to keep this information from the citizens in the United States and elsewhere. Such an **obvious** clue...

[Surely you recall the whispering and emotion-filled delivery of so many messages from these health-professional/gods: 'Every death is a tragedy!' Almost never were the deaths that resulted from taking one of the entirely experimental and not FDA-approved vaccines addressed. The few times these deaths were noted, they were clinically delivered as a statistic.]

Sometime back in late 2022, I heard some medical talking-heads were forced to reveal 'only a few' deaths and injuries from complications due to taking two most prolific vaccines.

If you study the history of the major drug companies, you will find clear evidence that previous mistakes in their drug concoctions have cost the lives of many thousands (including so many children), and have caused a life of misery for equal numbers throughout their history of 'improving overall health of the populations of the globe'.

9)

'My' President, And 'My' Vice President, Both Told Me They Would Not Take The Vaccine!

(I Believe This Was Just Before The Vaccines Became Generally Available)
I have known for more than 50 years that no psychopathic/narcissist politician-hole gets anywhere near those power-positions without being **wholly-owned** by the world crime syndicate/Khazarian Mafia/Zionists! Virtually all U.S. politicians are mere 'bad actors', who financially take advantage of the taxpayers at each and every opportunity to engorge their wealth - all with the grand assistance of their Zio-Handlers.

If you would listen to a collection of the solemn pronouncements of politically-driven and thoroughly coerced physicians from the beginning to now in August of 2022, you will find endless lies and massive exaggerations - all with the clear intent to control your lives for the world crime syndicate. At the same time, they have done their best to seriously frighten as many as possible, and, provide pure disinformation and distraction at every opportunity - to enforce their control. At every turn, their dictates have destroyed millions of businesses, income streams, caused failed mortgages/loss of shelter, promoted domestic violence through increased drug/alcohol abuse, on and on.

But not much of this compares to the damage these subhumans have done to the psychological development and educational regularities of **So Many Children!** ...lives and opportunities lost.

10) An Orchestrated Failure To Treat Victims With Early Symptoms!
So Many Reports Compiled That Health-Care Providers/Hospital Staff Told Those Sick With COVID-19 To: "Take Aspirin, Stay Home, **Don't Come To The Hospital Until You Are Having Trouble Breathing** (When It's Too Late)!

Under these - largely untreated conditions - the patient is much more likely to have to be placed with 'ventilator' assistance, almost ensuring a proven negative outcome. Each of these 'ventilator' cases enabled further financial gains for the "health-care" provider!

11) "Vax" Mandate Exempt: prison guards, post office, teachers & Congress!

To any of you who paid attention to the occupying enemy's theatric COVID presentation, you know very well that this text could go on and on...

There is only the investigative work results of others to Insert Here.

37) None - Not One - National Or State 'Medical' Spokes-Hole Ever, Even Once, Suggested That The Population Should Be Sure To Try To Boost Their Own Immune Systems By Paying Close Attention To Their Vitamin Intake, Or, Simply Put In An Effort To Eat Healthier Foods!
At the very end of a two page summary (I won't take time for) - aspects listed in order of priority - there would be the utter failure of all 'talking head/medical spokes-holes' to so very simply **suggest** that serious consideration to their nutritional vitamin intake to include magnesium, zinc, vitamin C, vitamin D and B3 **will help build one's natural tendency to immunity** for encounters with **numerous** virus types.

A Probable Test-Run For Lockdowns

Observing Psychological Effects Testing Sheeple's Adherence To Dictates

The **three day total shutdown** of an entire city's population - Boston, MA - for the false flag and completely government/press-orchestrated terror event known as "The Boston Bombing", staged around the Boston Marathon, was clearly (to this and to many other serious researcher/analysts) a sort of dry run for future tyranny and oppression ops - another government 'exercise' that was progressing so well that it was 'pushed' to a full-on orchestated terror event!

Doubtless, there were many Enemy assets documenting the response of the citizens to being told: 'The Boogyman Is Outside Your Door, and he is armed and dangerous!' Documenting dangerous threats to the sheeple, such as in the "Boston Bombing" false flag, is so helpful and reassuring to these subhumans in predicting sheeple's response in future terror ops.

Likewise, documentation of how thoroughly the city's emergency orders were adhered to proved equally-reassuring to the Masters of War.

My (Other) Mask Message

At some point in the propaganda flow, I began to envision the possibility of mandated mask use on a national level. This was, I believe, in about February or March of 2021, I sensed that there may soon be a sort of Mask Mandate that would somehow lead to Federal Fines if not strictly adhered to.

A Mask Mandate, despite so many well-documented clinical trials and examinations of effectiveness of the various types of masks showing them to be either the most minimally effective, to fully detrimental to human health! Even 'your precious' medical-grade/K-or M-mask, virtually always observed in trials to be routinely worn incorrectly, is essentially **useless.** This, aside from the fact that virtually no one wore these masks in any way that could even remotely be termed 'effective'!

It would have Far Better to allow the virus to take it's natural course, in order to provide a natural immunity/antibody level close to 40 times what the rapidly-degrading vaccines provided. ...just as had **always** been done in the past. **[**Within just one month, **Pfizer knew** their murderous injections were a total failure in helping to prevent COVID-19 spread!**]**

Everything - every step taken by governments on most continents - proved to be The Opposite of what near to 200 years of medical documentation of health care history had revealed! All to the benefit of the world crime syndicate that orchestrated World War III.

Sure enough, in March '22 it was announced that failure to wear a mask on any U.S. transportation system would lead to a fine of up to $2,500 and being tossed off the vehicle, and forever banned. I envisioned that this would be Only The Beginning of such Federal-, state-, county- and city-ordered Mask Mandates, with increasing fines, possible jail time...

Privately-owned company mandates had already been more than hinted at. At the same time, I envisioned those who would be so agitated by such illogical tyranny, would, quite naturally, protest such idiocy - only to provide further evidence of The Collapse of Civilization thematic goal that remains so cherished by Khazarian-Zionists (hiding behind communist/marxist masks) worldwide.

World War III

Invisible Enemy
Khazarian Mafia
U.S.Govt.-Enabled
False Flag
Bio-Terrorism

I felt compelled to create my first 'Mask Message', so that at least a few might be educated to consider the weight of the historic event this planet's population was forced to endure - with a Who-Done-It / Wake-Up!

If you embrace the significance of what was/is - in historic reality - **World War III**, you too can have the featured 'art' (created on CorelDraw) scanned in at a business that does digital ink printing - **for the Khazarian-Zionist's next Bio-War!** You can then print it on a mask, or shirt, or poster, or mug, or mouse pad (or material of your choice).

If for some unknown reason, the KM finally is forced to back off on human control, you can count on them coming up with some terror/crisis plot that could well be even more 'scary' - now that they've got a taste of such a thoroughly **phenomenal worldwide success!**

Could COVID-20, Or COVID-21 (A More Potent & Overall "More Effective" KM Virus) Be Sitting On A Shelf, Ready To Strike?

My accompanying prototype copies are printed on - my personal choice - WW II German Splinter 'A' Spring camouflage.

I Would Hope You Had Begun Your COVID-19 Research Long Ago...

Doctor Scott Atlas is one of the foremost honest health care providers who has displayed his guts repeatedly during the near-two years of this operation. Port of Tianjin, China - Explosions

By George Wegner, Senior Editor, Forbidden-History.org
& Routt-County-Corruption.com

On Tuesday, 11 August of 2015, the People's Bank of China (PBOC) seriously surprised markets by their three consecutive devaluations of their yuan. These government moves lopped over 3% off the yuan's value!

This devaluation had a devastating impact on U.S., Europe, and Asian economies! There were serious concerns among the City of London Khazarian Mafia Talmudic-Jews - and so many others worldwide - that China's moves would destabilize the world economy!

100+ Meter Tianjin Nuclear Cavity - photo courtesy, VeteransToday.com

Widespread losses plagued stock exchanges in Asia, and in Europe markets suffered falls of 1%, with the FTSE 100 in London tumbling almost 2% at one stage before rebounding slightly to a 1.4% loss for the day.

Then, on **Wednesday, 12 August of 2015**, China again stunned the world's financial markets when it devalued its currency for a second consecutive day - which triggered fears worldwide that China's economy was in worse condition than many 'economic experts' had previously understood.

These devaluation moves sent shockwaves through the global markets, pushing shares sharply lower and sending commodity prices further into their downward trend as traders feared China's moves could ignite a currency war globally.

It is entirely probable that Zionist/Khazarian/City of London banksters wished to 'influence' China's 11 and 12 August currency manipulations - indicating China's moves were depreciating wealth tied to the interests of so many Khazarian Mafia/Zionists, around the globe, and should **Stop Now!** China's devaluing their yuan currency stopped on 12 August!

Action And Reaction - A Picture Emerges Global Elite Retalliation

12 August 2015 Explosions: 23:34:06 & 23:34:37 Locally

10 days after the attack, on 22 August of 2015, **IAEA (International Atomic Energy Agency) leaked** that this was a nuclear explosion - having collected clear evidence that it could be nothing else.

It is further understood that some local intelligence agency personnel may have leaked to the public in China that what they (and the world) had been told was 'a chemical explosion accident', was in reality,

China's Government Targeted By Someone's Tactical Nuclear Weapon.

Revelations from nuclear investigators such as those within the IAEA worldwide observing group - and from a former IAEA investigator (now at VeteransToday.com) - can help any interested citizen to understand the most obvious clues of **so many** false flag nuclear detonations - claimed by virtually all enemy-owned press and government officials to be chemical, fertilizer, or, (extremely rarely) conventional High Explosives.

As is so often the case, of the sources that have revealed the details of this Port of Tianjin attack, the most comprehensive and thoroughly accurate summary of this false flag event is, once again, found at VeteransToday.com. It is presented here as fair use/educational use.

Former IAEA investigator and Veterans Today staffer/contributor Jeff Smith and VT contributor Ian Greenhalgh, make these clues clear in their assessment of Tianjin, in a VT article published 25 August 2015.

Consider Thoroughly This Excerpt Text,
Summarizing To Some Degree, One Of VeteransToday.com's
Several Excellent And Extremely Detailed Tianjin Research Stories

Confirmation Tianjin Was Nuked
by Ian Greenhalgh, Britain - with Jeff Smith, USA.

Two weeks ago a devastating explosion took place in the port city of Tianjin, China. Official reports claimed a chemical storage facility had caught fire and exploded. Mobile phone footage taken by residents showed an enormous blast and fireball.

Within days, aerial photos revealed the stunning extent of the damage. A steaming black crater marks ground zero, while the apocalypptic surrounding landscape is charred and flattened. Rows of burnt-out cars and twisted shipping containers stretch into the distance on all sides.

Overall Devastation/Tianjin, China - photo courtesy of veteranstoday.com

The total burned area spans 20,000 square meters and continues to be dangerous - more explosions were reported by Chinese authorities on the 15th of August. Residents within a 3-mile radius have been relocated; at least 85 victims of the accident have been reported dead.

Massive Nuclear Explosion Devastation - Over A Wide Area.

We were immediately suspicious, such huge explosions have to be viewed with suspicion these days when tactical nuclear weapons can and are used with alarming frequency - 9-11, The Khobar Towers, the Haiti Earthquake and most recently, air dropped on Yemen.

The Mobile Phone As A Radiation Detector

The key clue that allowed us to identify the use of a nuke in Yemen was the presence of scintilating pixels - white dots that flashed on and off briefly in the mobile phone videos of the explosion. The CCD imaging sensor within the camera phone is being struck by radiation thus causing a pixel to overload and appear white; in this way, a mobile phone can serve double duty as a crude but effective radiation detector.

When the Tianjin blast occurred I immediately looked at the mobile phone footage of the blast and tried to find scintillating pixels; I couldn't find any, but the huge white-hot fireball and sheer size of the blast effect apparent in the footage (shaken buildings, breaking windows, etc.) certainly didn't feel like a conventional explosion to my relatively untrained eyes.

It was actually VT Contributor and expert on all things nuclear, Jeff Smith who taught us about scintillating pixels and the use of a mobile phone camera to detect radiation; therefore I consulted him about the lack of scintillation in the Tianjin footage.

> Scintillation is based on the distance from the blast. The farther you get away from the blast the less neutron exposure you get. CCD cameras will detect scintillation but only at high levels. They are not sensitive to far-field radiation patterns. All CCD cameras were too far away [during the Tianjin blast] to be sensitive enough to show scintillation properly.
>
> So you have to look at the white out in the center of the photos. This is where the brightness is so great that it overloads the CCD pickup chip causing a clipping effect. The fact that the fireball was whited out or clipped indicates that the color temperature was over 4,000 degrees C. Only achievable in a nuclear blast. The camera's auto gain circuit clips the video level for being too bright so you get a whiteout on the screen.
>
> No scintillation but a clear piece of evidence indicating a nuclear explosion in the form of a huge white fireball - once again, mobile phone footage proves useful in deciphering the truth.

Parking Lots Full Of Toasted Cars

As reports of images became available, we studied them carefully for evidence of the use of a nuclear weapon, and sadly, it was not long before we found it - the first big clue coming with the pictures of the thousands of toasted cars that looked eerily like those seen on 9-11.

Photo Evidence: 1,000s Of Toasted & Dustified (Once New) VWs

Dustified Rubber, Glass And Plastic Piled Below 1000s Of (NOT New) VWs

While a laymen like myself can recognize the overall similarity, it takes an expert to fully analyze the evidence contained in the pictures; luckily, at VT we have such an expert in the erstwhile Jeff Smith who provided the following analysis:

Normal people are not trained in what to look at so they simply ignore the obvious. However, once you see enough explosions like this you begin to spot the artifacts in the photos real fast. Unfortunately, all of these people that know this stuff usually work for the government. Just like I did.

The big clue is in the ash produced and the exploding radiators on the cars. They show the radiation and the blast patterns the best. All melted rubber, glass, and aluminum but no melted steel? This tells you it is from radiation and not from a gasoline fire. Temps between 1500 degrees C for melting aluminum and less than 3,000 degrees C for melting steel. Everything organic ashes below 450 degrees C.

This had a plasma fireball that was over 4,000 C! Only a nuke can do that. The clue is in the white ash left over from the thermal blast.

White Ash From The Thermal Blast Covered Everything Near Ground Zero.

- The fuel tanks did not explode. **[what's missing here]**
- The rubber tires were ashed not burned - see white powder residue around the cars.
- The radiators are all gone; indicationg Freon explosions.
- All the glass is ashed or melted; also the glass was blown out not in.
- All new white cars show the extreme effects of very high-temperature heating. The paint is badly damaged due to a very high oxidation rate effect.
- Silicone rubber tires ash at 500 degrees centegrade. Glass ashes at 1500 degrees centegrade. Gasoline at 250 degrees centigrade. Tires melted but no gas tank explosions - [just like on 911!]
- Yellow Volkswagen Beetle cars untouched due to location indicating radiation shielding from a nearby building. [Just like on 911!]
- Finally and most important is all the nano particle sized ash on the ground everywhere. Purple haze in the photo is an indication of toxic levels of the gases fluorine, chlorine, and sodium.

Conclusion: The damage to the cars was produced by neutron radiation damage and not by conventional explosives or a fuel-air explosion. The distance from ground zero is too great for a standard blast to melt the glass and tires. Also, the car fuel tanks were shielded from the heat of the ignition source.

So there you have it, the 'smoking gun' evidence of a nuke is to be found among the smoking wreckage of those incinerated cars. However, the pictures of burnt-out cars contain more evidence to be analyzed before we move on to other evidence.

The Melted Radiators And The Role Of Freon

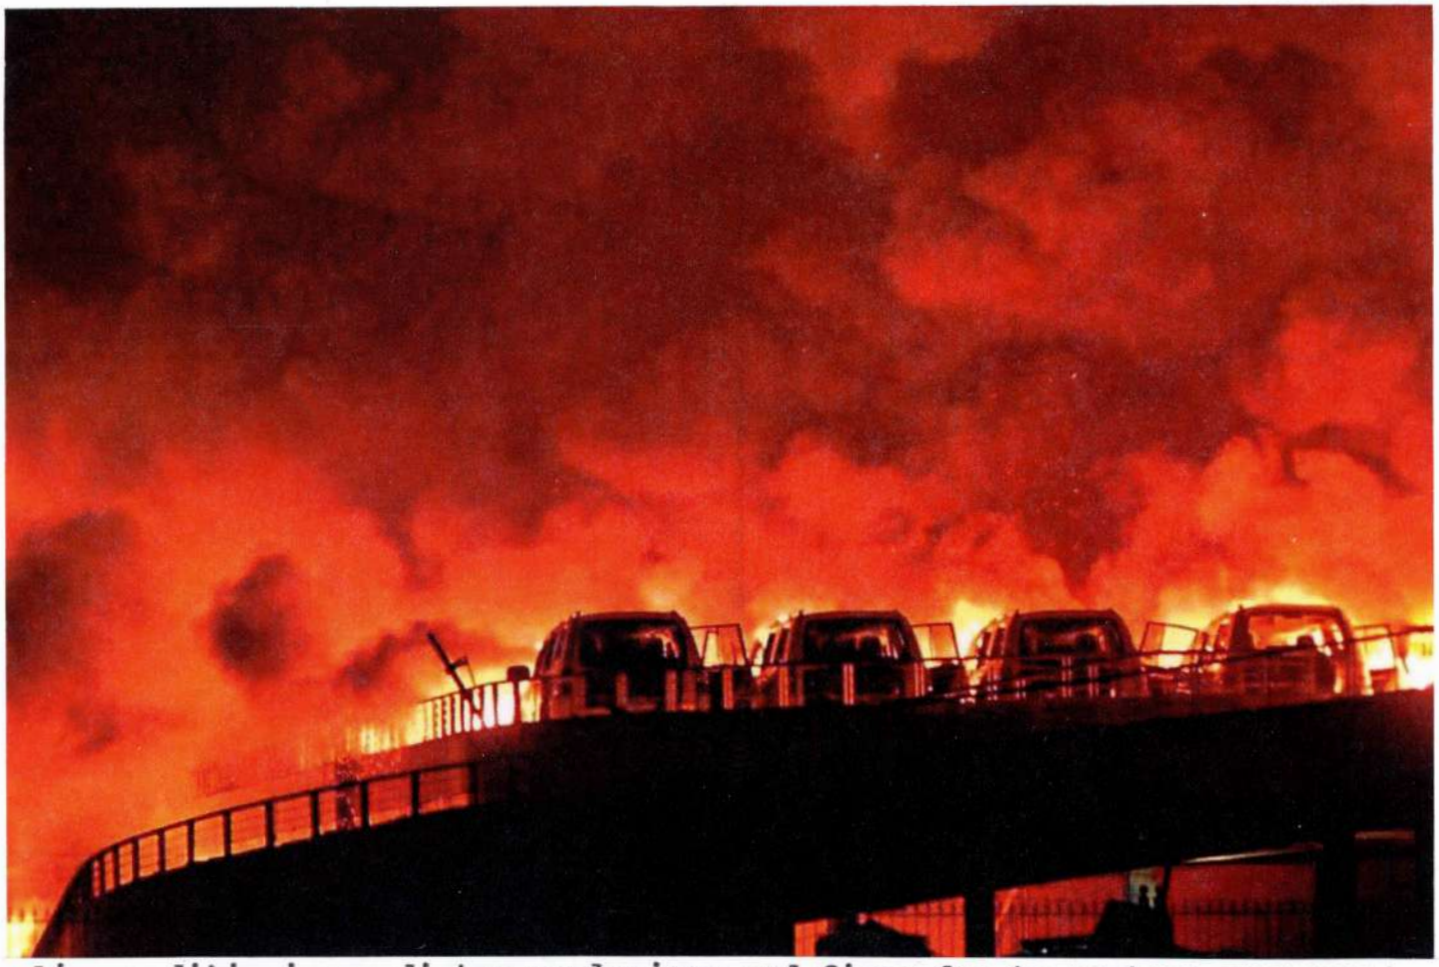

As you can clearly see in the picture below, the radiator of this vehicle has been completely destroyed; incinerated to ash. Only the steel top plate remains, all of the aluminum and copper of the radiator core has been turned into a pile of ash. Once again, our resident expert Jeff Smith was able to provide insight and analysis of what we are seeing:

Incinerated Remains Of Cars Close To Ground Zero

All of the radiators exploded from Freon decomposition into methane, deuterium floride, and phosgene gas; thus causing the engine fires - note the melted hoods and also how overpressure from an air burst explosion has compressed the hoods [and roofs] of the cars.

The copper-clad/aluminum automotive radiator is transparent to nuclear radiation. It acts as a black body hollow-ram neutron refelector and functions just exactly like its bigger brother,

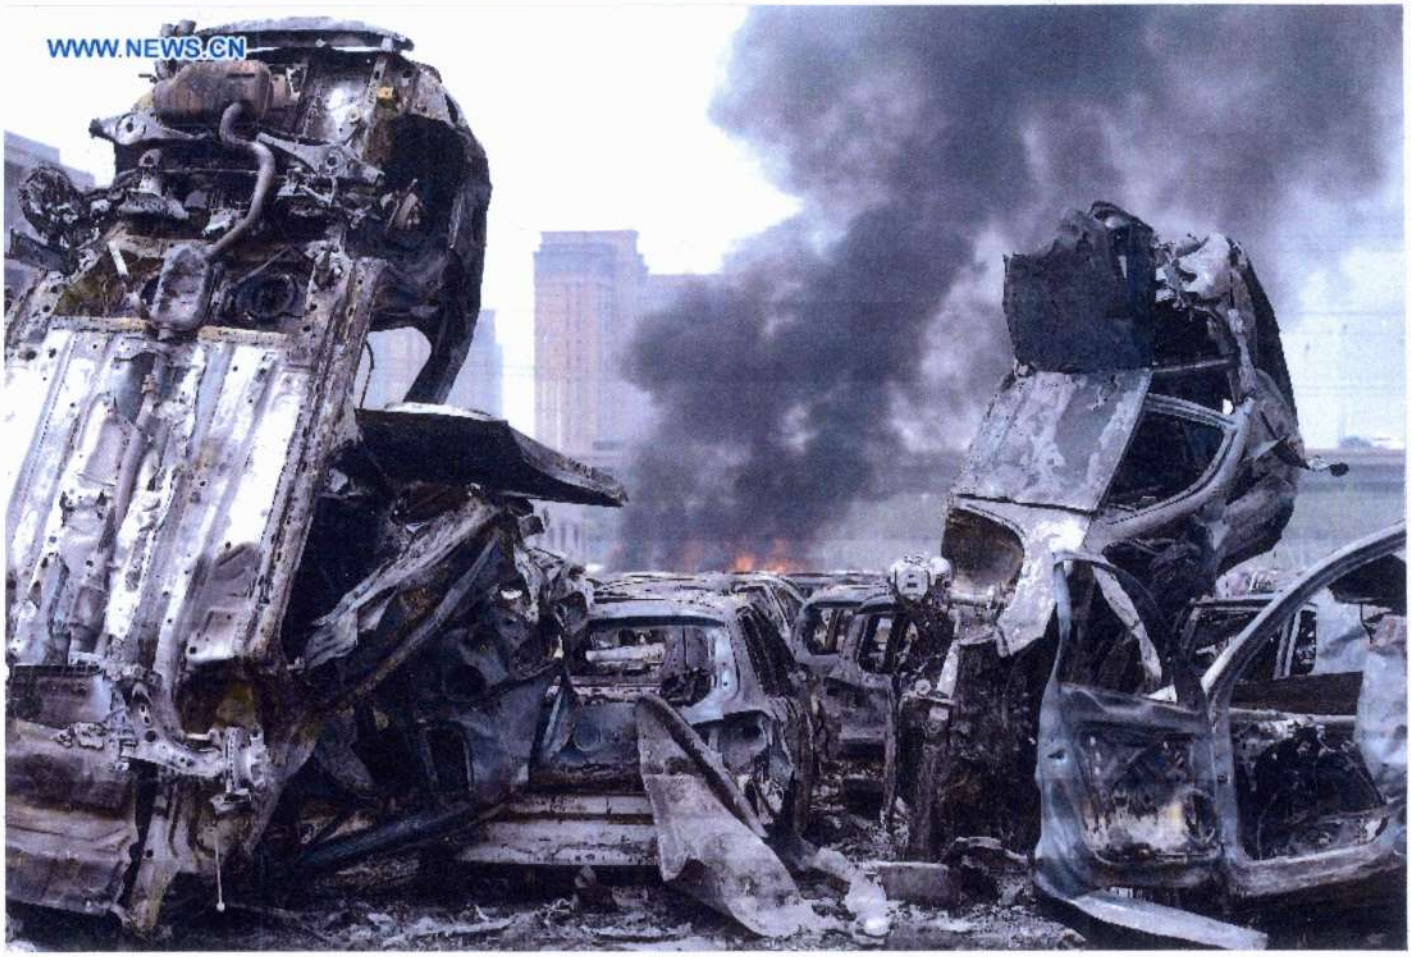

Air conditioning radiator explosions and fires due to neutron-exposure/ decomposition of Freon into methane, deuterium floride and phosgene gas.

Temperatures of more than 1,500 degrees C, but less than 3,000 degrees C, melts aluminum wheels and other aluminum parts, but can not melt steel.

WWW.NEWS.CN

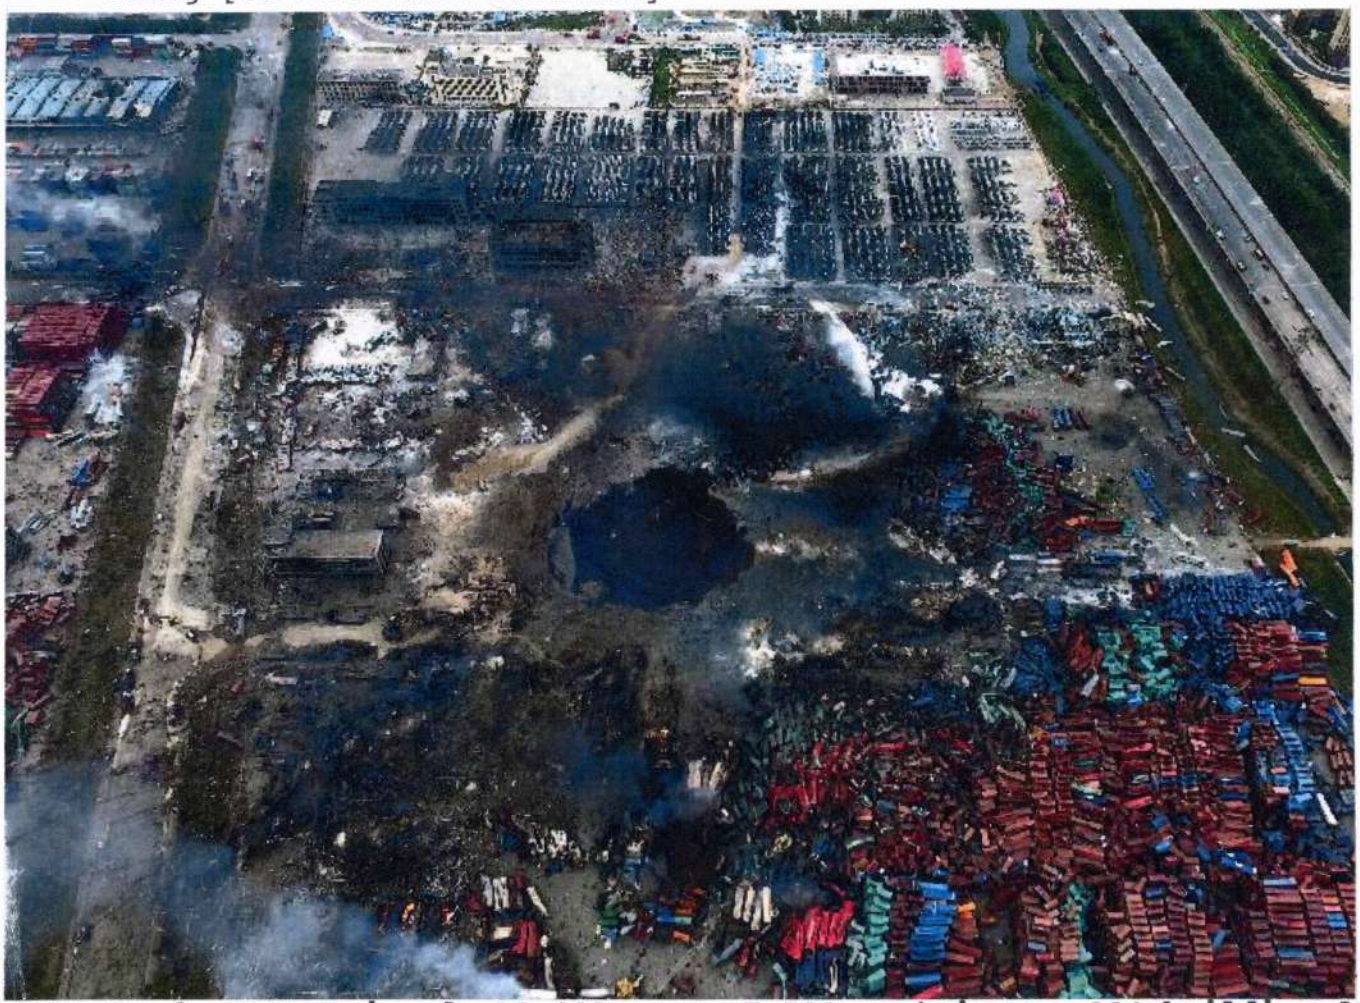

the two-staged Teller-Ulman H-bomb. What this means is if you put DT gas or 2HF (Freon) in a vacuum chamber such as a car radiator, you reduce its density thus it takes less energy to either split or fuse it when exposed to neutrons; Gamma-rays or even soft x-rays from a nearby nuclear explosion - if the blast is large enough or close enough.

This forms the basis of a micronuclear explosive device, with ignition temperatures high enough to melt just about anything that comes in contact with it. The key is in the lower density of the gas making compression of it a lot easier. This explains all of the melted car air conditioning radiators and follow on fires. Also the lack of fallout.

Summarizing now:

[BDA (Bomb Damage Assessment) Tianjin Examining The Tianjin Crater Images]

This was NOT an [above ground] accident. The fracture pattern around the crater proves the event to be a shallow sub ground burst. ...not a fuel-air bomb because fuel air bombs will not leave craters, and will leave an oily carbide residue on everything [as tell-tale evidence].

[173 Dead, 700+ Injured, 12,428 cars, 7,533 containers, 304 buildings]

If the blast happened at ground level, almost all of the energy would [be directed] upwards and the blast would not have made a large deep crater. On the righthand side of the [crater], you can see fracture patterns in the earth, which were caused by the earth being compressed sideways and not downwards. This would only [result] from a subsurface blast. After the blast, the earth [shifted/rebounded] back towards the center of the [crater], opening up the cracks clearly seen.

...containers laying in the lower left corner of the [previous] picture reveal they have no paint or color - which means that their surfaces had been incinerated by intense heat that only a nuke (or other super weapon) would be able to create. If this was a carbide (fuel air) blast, these steel containers would be black or have their original colors to some degree. Complete color change to gray proves this explosion was Freaking Hot!

This type and size of blast crater will only happen if a massive bomb goes off a few feet underground, such as a tactical nuke in a drain pipe (sewer system), which leaves scant few options. No chemical blast produced the devastation revealed in the imagery.

The building in the upper righthand side of the photo duplicates a typical example of what is left after a nuclear blast. Concrete buildings seldom get leveled, but they do get gutted. Evidence revealed in this imagry is completely consistent with a nuclear blast.

Destruction on this scale will become [more and more] common place if the perpetrators are allowed to get away with this, as it will signal to all parties possessing tactical nuclear weapons that it is possible to put them to use without disclosure of that fact by the [enemy-owned] media. Perhaps more concerning is China's silence on the nuclear aspect of this great crime - they are still sticking to their story of fire setting off explosions of stored chemicals.

---End of summarized excerpt from one VeteransToday.com Tianjin story---

The supplied VT excerpt (summary) represents only a small portion of their research. Reviewing the extensive BDA research details available from Veterans Today is highly recommended. VT has compiled an excellent set of extensively-detailed scientific evidence reference works in their **Nuclear Education Series** (published from August of 2015 to July of 2021)

As is evident from the massive amount of **Forbidden** History evidence available, China's/world media's story of fire setting off explosions of stored chemicals is about as credible as U.S. Government claims of comparatively light aluminum projectiles (airliners) - with their limited kinetic energy - **Penetrating and "Dustifying" steel WTC towers!** There's also the one about hijacking airliners with boxcutters, and impossible-at-the-time phone calls **with the heroic/movie-like script: "Let's roll!"**

While we're at it: How about equally incredible claims of production line/standard-issue Boeing B-757 and B-767-200s being able to remain structurally intact - having somehow attained the 470 to 590 mph airspeeds within the considerable air density encountered at sealevel - and their remarkable ability to maneuver as claimed, within The Enemy's [Laws of Physics - Impossible] fairytale '9-11 Commission Report'! [See **The Second Half of 9-11/What Really Happened On 9-11** among these pages]

Whited-out fireball indicates overload of CCD camera pickup chip and a temperature of over 4,000 degrees C. 4,000+ C: only possible in nuclear blast!

Purple haze evident within smoke and vapor clouds indicates the presence of radiation-triggered toxic levels of fluorine, chlorine and sodium gases.

As shared here elsewhere: **Khazarian Talmudic-Jew Zionists are**

The Hidden Hand

behind virtually everything around you that seeks to destroy civilization as moral, ethical and logic-based humans once envisioned it! As revealed - yet again - within the words of Israel Cohen in 1912, communism was a creation of Khazarian Talmudic-Jews, as one of their many masks to hide their true identities - at all costs.

During "The War On Terror", Talmudic-Jew Zionists
Wore Their ISIS Mask: israeli Secret Intelligence Service!

Before Khazarian Talmudic-Jews created communism, and Marxism, there was their Bolshevisim 'mask' - where Jewish-Bolsheviks (together with their Cheka-Bolshevik 'Enforcers', Mass-Murdered Somewhere Between - Hell - Who Knows How Many (45,000,000 To As Many As 100,000,000) Together With Talmudic-Jews Considered As Inferior! By 1917, just prior to the Revolution, Talmudic-Jews Made Up About 10 Percent of Bolsheviks in Russia. Far less than 10 Percent gradually took over all of the United States Government, with mere-slight opposition to their "controlling interest"!

[Enemy-Occupation of America began around 1787: See **America's Colonists Lost The Revolutionary War By 1787!** and, **Founding Father's Quotes**]

A greater awareness of this **Hidden** knowledge is important.

Declarations such as Israel Cohen's are all too common coming from the minds and mouths of Khazarians. Though noted elsewhere among these pages, here are just a couple more.

**"Our race is the Master Race.
We are divine gods on this planet.
We are as different from the inferior races
as they are from insects. In fact, compared to our race,
other races are beasts and animals, cattle at best.
Other races are considered human excrement.
Our destiny is to rule over the inferior races.
Our earthly kingdom will be ruled
by our leader with a rod of iron.
The masses will lick our feet and serve as our slaves."

Albert Einstein tried to warn Americans about Irgun Terrorist leader Menachem Begin and his Zionist Freedom Party in his 2 December 1948 warning letter (published in the New York Times 4 Dec.): **"It is in its actions that the terrorist party betrays its real character; from its past actions we can judge what it may be expected to do in the future."**

Benjamin Netanyahu Quotes
israeli Mossad Terrorist - Always
Prime Minister 1996-1999, 2009-2021 & 2023 ->

On 9-11-01 Netenyahu was asked to comment on the (false flag) attacks on America on that day. This radical extremist terrorist leader said:

"This is very good. Well, not good for you, but it will bring renewed sympathy for Israel!"

But there's so much more that Netenyahu has revealed to the world.

Much of the following scenario was outlined initially in 1990 in a discussion at Fink's Bar in Jerusalem. At the head of the table was Netanyahu. The group at the table had just stolen five American KG 84 cryptographic devices with the help of the Canadians serving with the UNTSO on the Golan Heights, giving this israeli-led cabal real-time access to all U.S. State Department, Naval and NATO communications.

This is a transcribed quote taken from an audio recording of Netenyahu at that meeting:

**"If we get caught they will just replace us with persons of the same cloth.
So it does not matter what you do,
America is a golden calf and we will suck it dry,
chop it up, and sell it off piece by piece
until there is nothing left
but the world's biggest welfare state
that we will create and control.
Why? Because it is the will of God
and America is big enough to take the hit
so we can do it again and again and again.
This is what we do to countries that we hate.
We destroy them very slowly and
make them suffer for refusing to be our slaves."

"Man-Made Climate Change/Global Warming"

By George Wegner, Senior Editor, Forbidden-History.org

Massive **Forbidden** historic evidence reveals
that there occurred **a period of Glacial Maximum**
upon our good Earth
from about **26,500 to 19,000 years ago.**

Likewise, **another period of Glacial Maximum**
occured upon this planet - Earth -
from about **180,000 to 140,000 years ago.**

Yet **another period of Glacial Maximum** occurred
about **370,000 to 340,000 years ago.**

Just what was it
about man's existance upon this planet
that brought about a worldwide warming
that melted away these glacial periods
on our good Earth, so very long ago?

Ah, the question Not Allowed to be asked!

The Long-Documented Subject of Cycles of Sun Activity, Conveniently Ignored - Das Ist Verboten!

Anyone who thinks someone on this planet Earth posseses technology that can affect our closest star's activity - 93,000,000 miles away - when our Sun has long been doing whatever it wants, is lacking logic.

A **massive** (and apparently, all too effective) **propaganda scheme** has put many, many billions of dollars into the blood-dripping hands of this planet's worst enemy, as well into the hands of all the treasonous Govt. filth that support them! Far worse still, it continues to allow enemy control of the sheeple's abilities to live what used to be normal lives.

Firefighters
vs
'Law-Enforcement/Judicial System'

By **George Wegner, Senior Editor, Forbidden-History.org**
& Routt-County-Corruption.com

Stark Differences Exist In Their Ability To Accept Forbidden History

Having given **Forbidden** History presentations to firefighters in five western states, and having attempted to share reality with those in what is supposed to be 'law-enforcement' - and even one judge - definate and absolute differences in their reality acceptance are worth considering.

Firefighters Want To Know what happened to close to 98 percent of their 343 comrades who perished on 9-11-01! They never found a coat, a boot, a belt, a badge, a bone, a radio knob, and not a piece of a helmet, from almost all of **those 343 who disappeared!** I've seen, They **Need To Know!**

One Battalion Chief I encountered in a parking lot, asked me **the most critically-probing and logic-based questions**, for near to an hour.

What are fraudulently refered to as **"law-enforcement"** personnel - near completely - will tell you they reject completely any and every 'story' but the U.S.(/Zionist) Government's portrayal of the events on 9-11-01.

Nearly all 283 cops disappeared! Except for just three men I spoke to - police officers outside of their work environment - every police officer or sheriff's deputy **cannot allow the public to know, That They Know,** what they do is largely theatric in nature. Their obligation to protect the public is massively constrained by the treasonous -holes above them who act as assets for the world crime syndicate. Their overall enforcement actions are **orchestrated to let the worst of the worst law-breakers roam entirely free!** And, all too often, these 'public servants' are directed to act as **thugs for the world crime syndicate that Owns Them,** by targeting anyone who reveals historic reality - **Forbidden** History!

For most any 'law-enforcement' type to **acknowledge historic reality,** they must **admit** that 'law-enforcement' has **Completely Ignored At Least 10 False Flag Nuclear Attacks on Americans and others - both military and civilian - within the borders of Our country, and too often abroad!**

The exact same thing, for the exact same reasons, can be accurately stated for what is called this nation's **treasonous 'judicial system'!**
Total Sell-Out Treasonous-Filth!
Selling Out The American People Each And Every Day, For A Paycheck!

Back To Our Firefighters

Here is just a single example of a firefighter's **Need To Know everything** and his ability to understand the physics of the 9-11 false flag attack. I still so clearly recall one firefighter coming up to me after the presentation saying: "I worked with _____ for __ years. His family has asked me for at least five years: Where is _____? [their son] Should I tell them?" I told him: "You know them. I do not. Consider first what they have already been through. Consider thoroughly if you think this historic truth will help them in their lives. Consider **fully** that what you now know of what happened to _____, might **not** improve their lives."

A Search For Historic Reality That Led To My Duty

By **George Wegner, Senior Editor, Forbidden-History.org & Routt-County-Corruption.com**

So many have asked what motivated me to study and share these historic realities, that it was suggested that some of you, too, may find some interest in **what initiated this research** and what drives my need to know.

Note: This discovery story is Purely To Answer The Often-Posed Question properly. Forbidden History sharing is **Not About Me.** This **Duty** To Share **Forbidden** History is likely similar for other loyalists: I am just a messenger, an educator, **On A War Mission.** There has long been **A Need to share this Forbidden knowledge**, that is much like a need to breathe.

Watching The Vietnam War being played out in black and white on my parent's late-1950s-era Dumont television, over radio broadcasts, and in reading their subscription-delivered U.S. News & World Report and Newsweek magazines, I was struck by thoughts that **something was wrong with what I was seeing and hearing portrayed by these 'news' sources!**

In the early months of 1966, on into early 1967, I also became clearly aware of our military draft, and that many of my schoolmates - and likely me as well - would most likely be headed off to Southeast Asia before too long. This combination of an ever-growing gut-feeling that **something was ever-more clearly, more than just wrong, with what I was seeing and hearing**, together with a closer-each-month 'Greetings...' letter from this Government to report to "...fight communism over there to protect American's freedoms at home", caused me to begin my first serious investigations into **what might really have gone on** to involve America in fighting yet another war - this one in Southeast Asia.

By early-'67 I set out on a journey of discovery, driven by **a compelling need to live in a world of reality** - a journey continuing to this day.

This research involved many trips to many libraries and used book stores near and far - searching military journals, newsletters, books, whatever I could find - together with asking what many times turned out to be uncomfortable questions to veterans, active military members, military recruiters, and anyone else I thought might add some reality-based historic insight into the mechanisims that initiated war after war.

These many months of excursions into serious discovery were reliably accomplished on my '65 Honda CL-77 305 Scrambler, then my '66 Triumph TR6R 650, and into 1968, at the wheel of my '38 Chrysler Royal Sedan.

As my investigations progressed, I routinely found annoying indications that an ever-widening variety of non-Vietnam-War-related events, that I once thought were historically and accurately portrayed in books, in documentaries, in magazines and newspapers relating to 'what was called history', needed to be researched at some point too. Soon, I had many notebook pages of 'Highly Suspect Events In American and World History', tied to one or more clues/references in specific journals, newsletters or articles, to remind me to dig into these subjects at some later date.

Good science creates more questions than answers.

Continuing on ever-more-earnestly in late 1967, my research too often led to a growing understanding of what appeared to me to be a seriously repulsive degree of United States Government and press **deception**, and at times, what I believed was clear evidence of **treason!** This knowledge base was quickly and effectively destroying the many learned concepts of my early childhood beliefs in 'a Government of, by and for the people'.

I was profoundly struck by what my evidence revealed about what really, accurately and historically, took place within **so many** events, compared to what was previously sold to me as 'history'. It became ever-more increasingly clear that **so many historic accounts** easily found in print and broadcast form were clearly **a cover and deception op: 'History' Made Up Of Lies, Repeatedly Told, Eventually Believed As Truth! Propaganda!**

I noticed more and more often within this irresistible curiosity that the same sources repeatedly claimed, in near identical stories, an alternate reality - compared to what it appeared my evidence revealed! It appeared to me that much of the evidence I'd managed to uncover - and in some cases found three or more sources that offered verification for - most likely shined a bright light on **what had actually taken place!**

At one most memorable point, this research began to indicate genuine progress when I found, sometime in the second half of 1967, in a particular often-frequented library, the periodical titled **I.F. Stone's Weekly.** The August 24, 1964, VOL. XII, NO. 28 issue had the overline: **Special Issue on The Indochinese War - The International Law We Violated in Our Reprisal Raids on North Vietnam.** Headline: **What Few Know About the Tonkin Bay Incidents.** This information tied in **perfectly** with my other evidence! Their publication date was just 20 days after the claimed event! [See this four-page issue of this **I.F. Stone Weekly** that follows. Reproduction here is for fair use/as educational material.]

At this point, together with what I believed I had already compiled as logically historic, I began to 'sense' even more that I was on the right track. I was increasingly consumed by a hunger for **actual historic reality** while being ever-more driven to discover more, and to many times more attempt to find further **solid verifications** of historic truths I'd managed to unearth **from amidst so much distraction and obfuscation.**

Beginning day one, my major interests were immediately revealed to be events in history where mass-murder of American military members took place - most always leading to some claimed retaliatory strike or a long series of hostilities. This lead naturally to a specialized interest: **U.S. Government-Enabled False Flag Attacks On American Military!**

I was struck by a realization that the intense focus of my interest had so quickly evolved. I was uncovering much more than just a seriously disturbing, well-orchestrated and huge organizational undertaking of deliberate deceit and disinformation. I had absolute and massive evidence that the effects of these lies was keeping Americans from learning that **American military had long been routinely mass-murdered by a 'hidden hand' that appeared to be able to control American Government!** A hidden-hand was starting world wars and scheming each regime change!

This education process forced me to learn to identify, very early on, the massive amount of, and the variety of specific types of, the disinformation and distractions that make up oh so typical **propaganda** -

the 'theater acts' that **Treasonous U.S. Government officials** play out on a daily/nightly basis. Each is similarly emphasized with emotion by an equally crime syndicate compromised/owned world 'press'. This historic reality was near-equally repulsive as it's discovery was enticing! [See **JFK's speech 27 April, 1961 to a Publisher's Convention** - unmasking them as propagandists! The CIA's 1950s **Operation Mockingbird** is a reality!]

Consider this quote from newly-minted **CIA Director William Casey**, from his first staff meeting, in **1981:**

"We will know that our disinformation program is complete when everything the American people believe is false."

I found this research provided truly unexpected personal rewards - like nothing else I'd ever found interest in. The discovery process involved in **understanding a new reality** proved seriously fascinating to me in so many ways. I envisioned that the evidence I'd uncovered would allow my classmates to understand the treasonous deceptions directly related to this Government's latest war. Each investigation required an intense focus; identification and documentation of the various distraction and disinformation attempts; finding connections of names, places and dates; cataloging every pattern; discovery of further verifications; always, **always** searching for even the slightest hints of the most obscure clues, that often lead to the necessary evidence of: cui bono? - **who benefits?**

Once I had a substantial collection of **thoroughly contradictory** historic evidence compiled and held within my memory, I began to more directly share my research with a number of schoolmates I knew to one degree or another. The response to my questioning was that I found all but a couple of them had believed **everything** that the television, their news outlets, school teachers and their parents had told them (roughly): **Communism would surely take over these United States if 'The Commies' were not stopped over there in Vietnam!** ...very effective Propaganda!

Over time, the couple guys who had seemed genuinely interested in what I'd found - and had even asked some very good, very logical questions - eventually succumbed to the pressures around them and became, like other schoolmates, true-believers of the Government/press propaganda/**psy-op**.

The Historic Events My Earliest Research Focused On

The primary thrust of what developed into 13 handwritten pages, was to clearly lay out, historically, contradictory evidence regarding **two** major events 'shaping American history' that also resulted in 'foreign entanglements' - evidence that I felt strongly supported my discoveries.

1. **There was no 4 August 1964 attack on an American destroyer: There was no "Tonkin Gulf Incident". There was no legitimate reason for the Vietnam war! There was solid evidence of** many months of 'black ops/mercenaries' attacking North Vietnamese shore facilities - hit-and-run attacks, intended to provoke their forces into attacking our ships out at sea. Evidence also offered far more than mere suspicions of U.S.-CIA/Mossad-driven drug agriculture, processing and distribution out of the Golden Triangle region. [Just as with Afghanistan, more recently]

When **This, Not OUR, Government** realized that the forces of The North could not be provoked (despite so many months of obvious and murderous CIA/KM provocations), **the U.S. Government simply made up a story** - like theater! [Think: Aluminum (airliners) penetrating Steel in **What Really Happened on 9-11-01**; WMDs in Iraq... See also **Murder Of Jim Morrison**, elsewhere here, for more details of these early **Vietnam** machinations.]

- -- --- ---- ----- ------ ----- ---- --- -- -

58,220+ U.S. military killed - though real related death numbers may exceed **1.5 million Americans**, when considering Agent-Orange-related deaths, suicides, homeless/exposures, etc. 303,700+ wounded/maimed for life, **over 1,600 still MIA!** [MIA?, See **John McCain** III elsewhere here] Then, there are the substantial numbers of 'locals' in Vietnam, Laos and Cambodia who paid the price for this **Khazarian/Zio-Mafia** instigated and orchestrated war to enable both drug and war materials profits, together with further debt-enslaving and financially-controlling ('Babylonian Money-Magick') foreigners and Americans through City of London Banksters 'saving' these governments from 'difficulties' that the KM-Zios created!

The NSA admitted (quietly) 27 years later, that There Was No Tonkin Gulf Incident. SecDef Robert McNamara admitted the same in a video interview in 2009. The history of drug cultivation, production and distribution from the region - orchestrated by Zionist Mossad & CIA - is likewise, history to be discovered by anyone with a patriotically-driven interest.

[Discover for yourself that the "Iran-Contra Affair" was, in historic reality, the **israel**-Iran-Contra Affair! It takes some digging, but it is well worth the effort. **The first casualty of war is always truth!**]

- -- --- ---- ----- ------ ----- ---- --- -- -

Amongst the many hundreds of clues that revealed pieces of **hidden** history (never taught in school), I discovered so many **historic quotes** from our nation's Founding Fathers and Framers of our Constitution - and quotes from many others who were **"awakened"** and spoke out - **warning Americans of the most dangerous threats they had observed in their lifetimes.** [Some of these quotes are included among accompanying pages]

- Once Again -

"The means of defense against foreign danger historically have become the instruments of tyranny at home."

- James Madison, 4th U.S. President

"If tyranny and oppression ever come to this land, it will come in the guise of fighting a foreign enemy."

- President James Madison

"If our nation is ever taken over, it will be taken over from within."

- President James Madison
Acknowledged As The Father Of Our Constitution

And, A Second Historic Event, Included In My 13 Pages

2 **Enemy-compromised, treasonous elements within this U.S. Government had monstrously blown up the USS Maine, in a Cuban harbor on 15 February, 1898!** At least 266 American military were murdered, and over a hundred-plus more were wounded! My research revealed that this world-changing event was **not** a Cuban mine, not a spark-triggered magazine explosion, **nor** was it a Spanish torpedo attack, but was in historic reality a **False Flag U.S. Government-Enabled/Orchestrated Attack In Order To Initiate The Spanish-American War, for the Khazarian Mafia world crime syndicate/City of London associated banksters!** The Intel community has acknowledged this, more or less.

Goals uncovered here were to: Create a (false) need for a war; take over Guam, the Phillipiness, etc. as U.S. Territories; then, 'Save Them' by installing the debt-enslaving banking system, to benefit world crime syndicate banksters! **[See (two-time MOH recipient) U.S. Marine Corps Brigadier General Smeadly Butler's quotes and his book: War Is A Racket]**

A Logical Next Step?

Around the middle-or-so of 1968 - largely due to my schoolmates inability to comprehend the weight of the realities I'd uncovered - I thought that sharing a copy of my 13 pages of hand-written research (with 1 1/4 pages of reference source notations) with my 11th grade 'history teacher' would - at this point - be a logical next step. **I was certain my research proved There Were No 4 August 1964 Attacks on any U.S. destroyer in the Tonkin Gulf, and, that blowing up the USS Maine in the Cuban harbor on 15 Feb. in 1898 was Orchestrated by the U.S. Govt.!**

I went ahead with this next step, knowing well that too much of what I'd heard from teachers was not at all what my own evidence so very strongly revealed, especially with regard to the War in Vietnam and the 'constant threat of Communism', together with the Spanish American War 'history'!

General Douglas MacArthur's Warning

Having followed every order from the **High-Treasonous U.S. Government Executive Branch** during his long career, MacArthur was compelled to speak Historic Truth in 1957.

"Our government has kept us in a perpetual state of fear, kept us in a continuous stampede of patriotic fervor with the cry of grave national emergency. Always there has been some terrible evil at home or some monstrous foreign power that was going to gobble us up if we did not blindly rally behind it."

- General Douglas MacArthur, 1957

I remember all too clearly, setting a Xerographic machine copy of my thirteen pages of relatively neatly printed Historic Reality evidence on an open space on a corner of this teacher's desk - after the day's class had ended - and walking out of the classroom. He did not say a word. I did not look back. He never did say anything to me about **my homework.**

A bit later in 1968, I believe this one idea of taking 'a logical next step' with this information, led to him **Failing me!** Where I should have justifiably earned either a B or B+, or an A- (just sayin') for my work in class, this obviously flawed 'history teacher' had struck out against me - clearly - **because he could not comprehend a reality beyond what he had been 'taught and propagandized by'!** Apparently, he could not come to a realization - despite the substantial evidence I'd provided - that would enable his mind to embrace any thoughts that **'his Government' could be so treacherous, so monstrous, so treasonous, so Completely Owned by 'some unseen hand'!** He probably could not envision his government's willingness to mass-murder America's military members. He likely could not accept that some kid in his class had uncovered **high treason.**

For fully 55 years now, off and on, I have witnessed too clearly that:

Too many American sheeple are not just disturbed by historic reality, they are frightened by it!

To Be Perfectly Clear...

Nothing I have discovered, in any way, takes away from our nation's warriors' belief in duty to country, personal sacrifice, and the guts necessary for the feats of actual heroism, that have been engaged in by so many military members over so many decades - whether acting instinctively to do the right thing, or inspired to act through pure loyalty!

My research makes it all too clear that, by far, most of **these warriors fought for the guys on their left and on their right. They fought to get home in one piece, and to try to help those around them they had come to know, to likewise, make it home.** For the most part, any thoughts of **defending the homeland from 'the enemy' - within a land that the U.S. Government had invaded** - were far from foremost on their minds. Even if they had 'figured it out' to one degree or another, they did their job, they followed their orders - most of them, **fulfilled their duty** to this Government. Some, performed well beyond their call of duty!

I had already learned, through so many historic examples, that the propaganda perpetually pushed by countless compromised sources is always much more comfortable for sheeple to digest than True Historic Reality - much easier to swallow than the bitter horror of real **Forbidden** History.

This particular North Hollywood (CA) High School 'history teacher'- at the end of the semester and before grades were handed out - announced to the class, **with obvious enthusiasm** (probably remembered by some), that

(almost exactly): Our class's graduation from 11th grade **was of no interest at all to him!** He was 'moving to Europe to be with the truly interesting and genuinely educated people!' He declared he was all set to leave the United States in the next few days, and could not wait!

Even then, as a comparatively inexperienced young feller, I considered fully what I'd observed to be 'the bureaucracy' that made up High School 'Incarceration'. Other students had shown me their report cards - they had shared with me that a teacher in one class or another had displayed a last-minute change-of-mind and had changed their semester grade upward one notch. The images of these last-minute changes stuck with me.

I pondered: What are the chances that this school's employees would follow up the veracity of this not wholly uncommon late change-of-heart granted to **this otherwise fine fellow**, who's long school record did not, otherwise, reflect any need for anything below even a C grade?

Waste part of the few months 'out of prison', **in Summer School?** Not me!

Using a black marker pen, I crossed out the **F** portion of the grade, and replaced it with an oversized, somewhat sloppy, obviously hurridly-applied **D**, together with a similarly hurridly-scrawled 'signature' - as close as possible this history teacher's signature. The pen strokes of his signature were **right there** for me to copy! A brief foray into dishonesty? Not at all, considering this teacher's obvious retribution!

My comparatively slight 'obfuscation of his retribution' proved me right, when no mention of this last-minute grade change ever came up.

A Journey That Drew Me Ever-Onward

Driven on by an ever-more profound realization of **the significance of the devastating evidence** revealed by my analysis of whatever Open-Source (some not-so-OSINT) and HUINT-sourced evidence I could ferret out, I could not envision any possibilty that could prevent my need to continue to uncover **still more** of what I would one day call **Forbidden** History!

There was No Way I could not continue what had become an insatiable hunger - to find more evidence of U.S. Government Treason! It was clear from what I'd already unearthed and by my pages listing so many more far more than extremely suspicious events in our nation's 'history' that were begging me to dig into them, that this particular search for historic reality was to be a part of my life for an unforseeable future.

It was just as clear that what I would soon be able to uncover about so many other justifiably questionable events in our nation's history, would likely prove even worse than what I'd already found! I fully envisioned finding truly decisive and incontrovertible evidence of: still more orchestrated wars; still more examples of U.S. politicians selling out the citizens they've pretended to be working for; still more mass-murder of American military - for reasons still to be discovered; and, a chronological record of ever-increasing oppression and tyranny, mercilessly wielded against American citizens at home and abroad, **by thoroughly-compromised, tax-paid civil servant/U.S. Government tyrants!**

What became undenyably clear through my driving compulsion to discover more **historic reality**, was that through proper parental guidance and through my newly-found understanding of world events, my Duty to try to educate - in those memorable months - had only just begun.

This Is OUR Country!

This Is NOT Our Government!

1967 and '68 were the first months of what became decades of discovery; of rejection by the few lacking the necessary logic, intelligence, and interest in **What Has Happened To Our Nation**; a few minor confrontations with former IDFers (mostly claiming to be Mossad); and only a beginning of helping to educate as many loyalists as possible, from about 80 at a time (face-to-face in casual presentations), to countless one-on-ones.

The One Man I Couldn't Share My Evidence With

The thought had very briefly come of sharing this seriously hidden and most dangerous history with one man in particular. Before mear moments passed though, I realized that there was no practical use of sharing this, **Forbidden** History, with the one man who had molded me - largely without words - to become who I was just beginning to realize I was.

I sensed I was becoming much like my father. I understood an oportunity for 'reverse knowledge sharing' would, most likely, never happen.

My father, James, had taken on his part in World War II from near to it's inception, as did many of my uncles. He enlisted in the U.S. Navy, while his brothers chose the Marine Corps, Army and Army Air Corps.

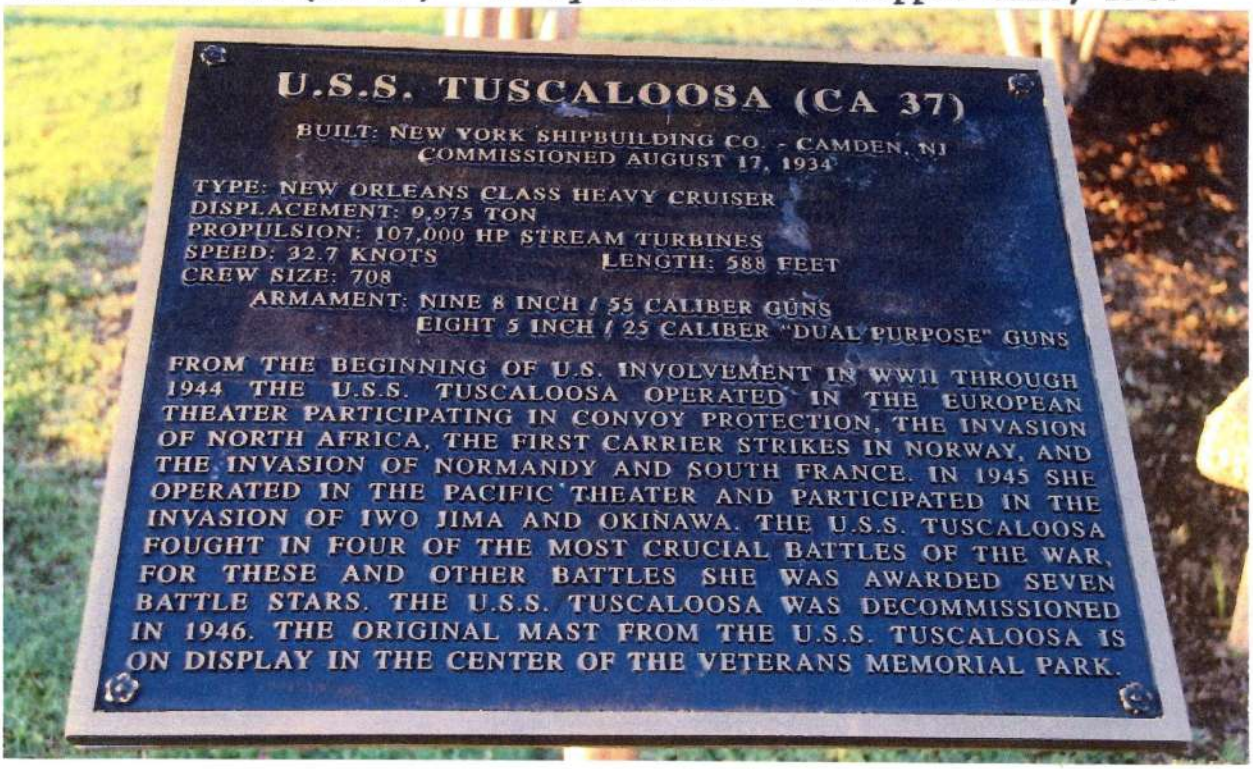

My father's ship, the USS Tuscaloosa, CA 37 - a heavy cruiser - took part in many of the most important **shore bombardment and troop landing operations**: from Operation Torch, the landings/invasion of North Africa in 1942; on to a number of critically important troop support operations throughout the war; to the D-Day invasion of Europe, through Normandy, France, in 1944; to more shore bombardment/troop landing operations for Iwo Jima and on to Okinawa in 1945; then more of the same on to Leyte Gulf and Philippine Islands toward this war's end.

Pesident Rosevelt personally chose the Tuscaloosa as his most trusted seagoing transportation on many occassions. At times, one of Rosevelt's guest/passengers aboard ship - for special meetings of Allied Forces - was British Prime Minister Winston Churchill.

Before the World War II hostilities were so massively-treasonously initiated and orchestrated* by the World Crime Syndicate, the Tuscaloosa enabled President Roosevelt and many of his world-traveler guests to fish off her decks in various oceans. **[* See WWII/The McCollum Memo]**

USS Tuscaloosa (CA 37) - Heavy Cruiser - In Dapple-Camo, 1944

The historic knowledge I had managed to uncover would not have done my father any good. The man who taught me so much (so often by example, rather than with words) - and that I was not able to tell how much and how sincerely I appreciated all he'd done for me - died of cancer at the early age of - just days short of - 58, in 1980. His cancer was almost certainly caused from asbestos inhalation and ingestion during his years aboard ship, through his duty as a Motor Machinists Mate.

One of the few details he chose to share about his time aboard ship and in the service was that his bunk was near to one of his ship's 8-inch, triple gun turrets. His bunk was often so very near these guns that the paint would fall onto him - especially as these guns were fired - when he was very temporarily off duty, and tried to get some 'rack time'.

I much later heard stories from people I met about some of the things their father who served in World War II - as a Motor Machinists Mate - shared with them. Their father told them he and others would gather the pieces of asbestos insulation that had fallen off the many pipes in the engine room, put them in a bucket of water, and then press and mold them back into position around the pipes. I later found references to this practice of reattaching the asbestos pipe insulation elsewhere as well.

Today, the job of Motor Machinists Mate is widely acknowledged as **The Number One Most Hazardous for asbestos-caused cancers** aboard any U.S. ship before, during and after this time of war.

After he served in the Navy, he went on to stand tall as a television frontman/auto salesman - first for his brother's car dealerships, then for many other dealerships. Through my early youth, I recall clearly that for years, my father was broadcast on **live television**, representing a variety of car dealerships. He was responsible for bringing the feature movie viewing audiance out of their movie experience and directly onto the car lot he was on. There were no other commercials, only his.

My father James, in the earliest days of Live Television broadcasting.

He would thank the viewers for tuning in to the movie, by title, then transition smoothly to offering the viewers the opportunity to purchase one of the many vehicles shown as he strolled down the line - the camera on a dolly - calling out features and the low, low prices. Attractive payment plans were offered. Next he reintroduced the stars of the featured movie, and led the viewers back into the 'Million Dollar Movie' or whatever they called the regular time slot and whatever movie was on. **My father originated the still often-heard: "You'll be glad you did!"** My father's work on television was long before Cal Worthington or Ralph Williams in the Los Angeles area. Jim was among the very first to have this kind of a job. I can imagine the stress of **Live TV** - striving to never make a single error or misstep during the earliest days of the newfound popularity of **television, broadcast live** (before videotape).

My mother would often put this youngster in charge of audio recording many of his commercials so that my father could work toward developing any possible improvements in his presentations. I still remember my earliest feeling of 'pressure' in trying to gauge just when the movie might break so I could start the reel-to-reel recorder at just the right time **to not miss his very first words** in his commercials. Shutting the recorder off at the proper time without recording the movie was easier.

I recall that he had to be there well before the feature was broadcast, and was expected to perform flawlessly until the featured movie ended. During several weather events he would be out there, standing or walking in the wind and rain, and at times the two-foot-tall Masonite price numerals would blow off of the windshields during rain and wind storms.

One time the camera dolly must have rolled into a small depression on the car lot, and the camera crashed to the ground - leaving (What was it? Likely) KCOP with nothing but snow and hissing sounds for close to three minutes before the network noticed and switched back to the movie.

In between the times he was performing live on television, his talents as an interior finish painter were requested by high-end clients and celebrities who had heard of his talents and perfectionist work ethics from one satisfied customer to another. James' finish carpentry skills, in the dificult task of hand-crafting perfectly matching new woodwork to existing pieces - down to matching wood grains and varnishing to blend seamlessly - also earned him a steady number of requests for his work.

Also during these same many years, my father ran medium to large exterior/interior painting crews - handling jobs on up to painting and restoring very tall church steeples - even bidding on painting the vast expanse of Pacific Ocean Park at one time. In December of many years, he and his brothers got together to run their own Christmas tree lots.

Yet, somehow, even when juggling two and three jobs, he found time for family life. I recall so clearly his helpful advice and instruction in carving and painting my Cub Scout Pinewood Derby racecar. Just as clearly I remember his patience in teaching me to pound out a fender dent (the only dent) in my '38 Chrysler Royal, using tools he first used as a youth, then relied upon for decades thereafter. And, thousands more fine memories...all the states he drove our family to on road trips visiting family and friends. His striving for perfection shone through in everything he did, from caring for his family's health and safety,

to repairing vehicles, to teaching me how to do, **so many things** - the right way. My father was patient, resourceful and an excellent teacher.

Providing evidence on why my father and mother were attracted to one another, my mother too shared these same characteristics of striving toward the best outcome with everything she came in contact with.

Our parents, similarly to others of such importance in our lives, never really leave us. Their massive influence on us - like our many memories of them - **remain within us always, as a very large part of who we are.**

I am perpetually appreciative of even the genes they passed on to me, that have enabled a body structure and long-term health to do things I've enjoyed: 500cc motocross competition up through local pro level; snow skiing and racing; earning a pilot's certificate to fly aerobatics and enjoy a third dimension in travel; owning and flying **sailplanes**; many decades of **Forbidden** History research and analysis; years of photo-journalism and technical writing at nine magazines; 57 years of **real** running; inventing both patented and unpatented things; designing and building or effectively upgrading each of my homes. **Thanks mom and dad!**

My Mother, Also Contributed To The WWII Effort

Through much of World War II, my mother Dorothy worked at Lockheed/Vega Aircraft in Burbank, California. More specifically, she worked within the Vega Aircraft Corp B-17 assembly section, a subsidiary of Lockheed's southern California development, manufacturing and test-flying facility.

Most of her work within this war production plant focused on helping to assemble the cockpit portions of many Lockheed Vega B-17 Flying Fortresses. Like my father, my mother was similarly detail-oriented and quality-driven in every endeavor she sought to master.

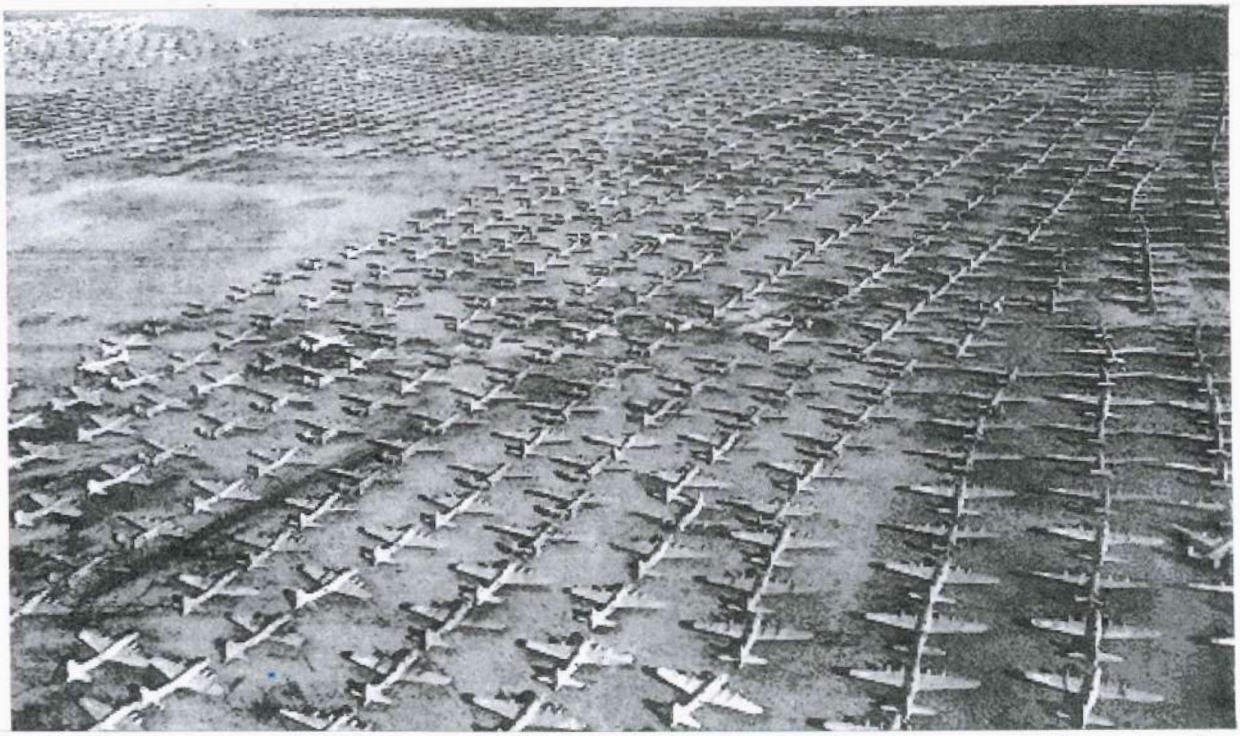

The aircraft Dorothy worked on were Boeing Aircraft designed planes that were Lockheed Vega built - under license from Boeing Aircraft. So yes, my mother was one of the many 'Rosie The Riviters' who helped enable the airborne contributions of the 2,750 Lockheed/Vega B-17 Flying Fortresses.

Like my father, my mother was ever-ready to share her experiences, share her knowledge, answer any of my questions and to suggest related research.

My mother, at age 86, reunited between rain showers one windy, April 2006 day @ VNY with a B-17G she may well have helped to build. **Tax-paid Zionist Terrorist-Protectors And Terrorist-Supporters in Routt County CO Government** Prevented Me From Leaving To Share In Her Final Days, Or Attend Her Funeral.

Here, hundreds of Boeing B-17s that had somehow managed to survive, into the mid-1970s, were ordered to be scrapped/recycled - immediately making any surviving examples in private hands hugely more valuable.

The International Law We Violated in Our Reprisal Raids on North Vietnam

I. F. Stone's Weekly

VOL. XII, NO. 28 AUGUST 24, 1964 WASHINGTON, D. C. 15 CENTS

What Few Know About the Tonkin Bay Incidents

The American government and the American press have kept the full truth about the Tonkin Bay incidents from the American public. Let us begin with the retaliatory bombing raids on North Vietnam. When I went to New York to cover the UN Security Council debate on the affair, UN correspondents at lunch recalled cynically that four months earlier Adlai Stevenson told the Security Council the U.S. had "repeatedly expressed" its emphatic disapproval "of retaliatory raids, wherever they occur and by whomever they are committed." But none mentioned this in their dispatches.

When Britain Staged Reprisals

On that occasion, last April, the complaint was brought by Yemen against Britain. The British, in retaliation for attacks from Yemen into the British protectorate of Aden, decided to strike at the "privileged sanctuary" from which the raids were coming. The debate then might have been a preview of the Vietnamese affair. The British argued that their reprisal raid was justified because the Fort they attacked at Harib was "a centre for subversive and aggressive activities across the border." The Yemeni Republicans in turn accused the British of supporting raids into Yemen by the Yemeni Royalists. "Obviously," Stevenson said, "it is most difficult to determine precisely what has been happening on the remote frontiers of Southern Arabia." But he thought all UN members could "join in expressing our disapproval of the use of force by either side as a means of solving disputes, a principle that is enshrined in the Charter," especially when such "attacks across borders" could "quickly escalate into full-scale wars." The outcome was a resolution condemning "reprisals as incompatible with the purposes and principles of the United Nations." That resolution and Stevenson's words are as applicable to Southeast Asia as to Southern Arabia. Though the Czech delegate cited them in his speech to the Council on August 7 about the Vietnamese affair, no word of this appeared in the papers next day.

In the August 7 debate, only Nationalist China and Britain supported the U.S. reprisal raids. The French privately recalled the international uproar over the raid they had made under similar circumstances in February, 1958, into the "privileged sanctuary" afforded the Algerian rebels by Tunisia. They struck at the Sakiet-Sidi-Youssef camp just across the border. Senators Kennedy, Humphrey, Morse and Knowland denounced the raid and Eisenhower warned the French the U.S. would not be able to defend their action in the Security Council.

Reprisals in peacetime were supposed to have been outlawed by the League of Nations Covenant, the Kellogg Pact and the United Nations Charter. All of them pledged peaceful settlement of disputes. Between nations, as between men, reprisals are lynch law. Some White House ghost writer deserves a literary booby prize for the mindless jingle he turned out to defend ours in Vietnam. "The world remembers, the world must never forget," were the words he supplied for Johnson's speech at Syracuse, "that aggression unchallenged is aggression unleashed." This gem of prose is a pretty babble. What the world (and particularly the White House) needs to remember is that aggression is unleashed and escalated when one party to a dispute decides for itself who is guilty and how he is to be punished. This is what is happening in Cyprus, where we have been begging Greeks and Turks to desist from the murderous escalation of reprisal and counter-reprisal. Johnson practices in Southeast Asia what he deplores in the Mediterranean.

More Reprisal Raids Coming?

Public awareness of this is essential because the tide is running strongly toward more reprisal raids in the Far East. The first was the raid by U.S. Navy planes in June on Pathet Lao headquarters in Laos in retaliation for shooting down two reconnaissance planes. We would not hesitate to shoot down reconnaissance planes over our own territory; such overflights are a clear violation of international law. But the U.S., now seems to operate on the principle that invasion of other people's skies is our right, and efforts to interfere with it (at least by weaker powers) punishable by reprisal. This is pure "might is right" doctrine.

The very day we took the Vietnamese affair to the Security

Whose Freedom? What Freedom?

"He (Stevenson) ventured to repeat that the peoples of Laos, Vietnam and Cambodia wished to be left alone. To whom was he addressing himself? Would he not do better in telling this to his Government, to the Pentagon, to the CIA? He alleged that the U.S. is in Southeast Asia for the purpose of helping friends to preserve their opportunity to be free. What kind of friends are these? Yesterday it was the Ngo family, with their torture chambers; then it was a military junta; and now it is Khanh who, in order to save himself from impending fall, has just now proclaimed martial law and suppressed the last vestiges of freedom in the remnant of the territory he holds with U.S. support, and is trying to create new provocation of war and following the example set by the aggression on the coast of the Democratic Republic of Vietnam, by unleashing aggressive actions against his neighbors. Tomorrow it may be perhaps another puppet, equally as corrupt or possibly even more so, and perhaps more brutal."

—Czech delegate to the Security Council Aug. 7.

[I.F. Stone Weekly issue included here for educational use/fair use]

Council, Cambodia illustrated a sardonic point to be found in Schwarzenberger's *Manual of International Law*—"military reprisals are open only to the strong against the weak." The UN distributed to Security Council members the latest in a series of complaints from Cambodia that U.S. and South Vietnamese forces had been violating its borders. It alleged that at dawn on July 31 "elements of the armed forces of the Republic of Vietnam, among them Americans in uniform," opened fire "with automatic weapons and mortars," seriously wounding a peasant and killing a bull. If Cambodia could only afford a fleet large enough, we suppose it would be justified by Johnsonian standards in lobbing a few shells into the U.S.A.

The Law We Applied at Nuremberg

Even in wartime, reprisals are supposed to be kept within narrow limits. Hackworth's *Digest*, the State Department's huge Talmud of international law, quotes an old War Department manual, *Rules of Land Warfare*, as authoritative on the subject. This says reprisals are never to be taken "merely for revenge" but "only as an unavoidable last resort" to "enforce the recognized rules of civilized warfare." Even then reprisals "should not be excessive or exceed the degree of violence committed by the enemy." These were the principles we applied at the Nuremberg trials. Our reprisal raids on North Vietnam hardly conformed to these standards. By our own account, in self-defense, we had already sunk three or four attacking torpedo boats in two incidents. In neither were our ships damaged nor any of our men hurt; indeed, one bullet imbedded in one destroyer hull is the only proof we have been able to muster that the second of the attacks even took place. To fly 64 bombing sorties in reprisal over four North Vietnamese bases and an oil depot, destroying or damaging 25 North Vietnamese PT boats, a major part of that tiny navy, was hardly punishment to fit the crime. What was our hurry? Why did we have to shoot from the hip and then go to the Security Council? Who was Johnson trying to impress? Ho Chi-minh? Or Barry Goldwater?

This is how it looks on the basis of our own public accounts. It looks worse if one probes behind them. Here we come to the questions raised by Morse of Oregon on the Senate floor Aug. 5 and 6 during debate on the resolution giving Johnson a pre-dated declaration of war in Southeast Asia. Morse was speaking on the basis of information given in executive session by Secretaries Rusk and McNamara to a joint session of the Senate Committee on Foreign Relations and Armed Services. Morse said he was not justifying the attacks on U.S. ships in the Bay of Tonkin but "as in domestic criminal law," he added, "crimes are sometimes committed under provocation" and this "is taken into account by a wise judge in imposing sentence."

Morse revealed that U.S. warships were on patrol in Tonkin Bay nearby during the shelling of two islands off the North Vietnamese coast on Friday, July 31, by South Vietnamese vessels. Morse said our warships were within 3 to 11 miles of North Vietnamese territory, at the time, although North Vietnam claims a 12-mile limit. Morse declared that the U.S. "knew that the bombing was going to take place." He noted that General Khanh had been demanding escalation of the war to the North and said that with this shelling of the islands it was escalated. Morse declared the attack was made "by South Vietnamese naval vessels—not by junks but by armed vessels of the PT boat type" given to South Vietnam as part of U.S. military aid. Morse said it was not just another attempt to infiltrate agents but "a well thought-out military operation." Morse charged that the presence of our warships in the proximity "where they could have given protection, if it became necessary" was "bound to be looked upon by our enemies as an act of provocation." The press, which dropped an Iron Curtain weeks ago on the anti-war speeches of Morse and Gruening, ignored this one, too.

Yet a reading of the debate will show that Fulbright and Russell, the chairmen of the two committees Rusk and McNamara had briefed in secret session, did not deny Morse's facts in their defense of the Administration and did not meet the issue he raised. Fulbright's replies to questions were hardly a model of frankness. When Ellender of Louisiana asked him at whose request we were patrolling in the Bay of Tonkin, Fulbright replied:

> **These are international waters. Our assistance to South Vietnam is at the request of the South Vietnamese government. The particular measures we may take in connection with that request is our own responsibility.**

Senator Nelson of Wisconsin wanted to know how close to the shore our ships had been patrolling:

> **Mr. Fulbright: It was testified that they went in at least 11 miles in order to show that we do not recognize a 12-mile limit, which I believe North Vietnam has asserted.**
>
> **Mr. Nelson: The patrolling was for the purpose of demonstrating to the North Vietnamese that we did not recognize a 12-mile limit?**
>
> **Mr. Fulbright: That was one reason given. . . .**
>
> **Mr. Nelson: It would be mighty risky if Cuban PT boats were firing on Florida, for Russian armed ships or destroyers to be patrolling between us and Cuba, 11 miles out.**

When Ellender asked whether our warships were there to protect the South Vietnamese vessels shelling the islands, Fulbright replied:

> **The ships were not assigned to protect anyone. They were conducting patrol duty. The question was asked specifically of the highest authority, the Secretary of Defense and the Secretary of State. They stated without equivocation that these ships, the Maddox and the C. Turner Joy, were not on convoy duty. They had no connection whatever with any Vietnamese ships that might have been operating in the same general area.**

Fulbright did not deny that both destroyers were in the

Neither Party for Peace

> **"The last episode—the attack by North Vietnam vessels on U.S. naval vessels—I consider an inevitable development of the U.S. steady escalation of our own military activities. . . . I regret, and consider it a pity, that both our political parties appear now to be committed to a policy of war. Yet American public opinion, judged by my mail, is overwhelmingly committed to a different policy—a policy of peace. My mail pours in with virtual unanimity on this subject. It comes from a truly representative cross section of the American people. It includes bishops, deans of colleges, university professors, business executives, teachers, retired Army officers."**

area at the time of the July 31 shelling and inside the territorial limits claimed by North Vietnam. He did not deny Morse's charge that the U.S. knew about the shelling of the islands before it took place. He merely denied that the warships were there to cover the operation in any way. Our warships, according to the official account, just happened to be hanging around. Morse's point—which neither Fulbright nor Russell challenged—was that they had no business to be in an area where an attack was about to take place, that this was bound to appear provocative. Indeed the only rational explanation for their presence at the time was that the Navy was looking for trouble, daring the North Vietnamese to do something about it.

Why Our Ships Moved Out to Sea

Morse made another disclosure. "I think I violate no privilege or secrecy," he declared, "if I say that subsequent to the bombing, and apparently because there was some concern about the intelligence that we were getting, our ships took out to sea." Was this intelligence that the ships were about to be attacked within the territorial waters claimed by North Vietnam? Morse said our warships went out to sea and "finally, on Sunday, the PT boats were close enough for the first engagement to take place." This dovetails with a curious answer given by Senator Russell at another point in the debate to Senator Scott of Pennsylvania when the latter asked whether Communist China had not published a series of warnings (as required by international law) against violations of the 12-mile limit. Russell confirmed this but said, "I might add that our vessels had turned away from the North Vietnamese shore and were making for the middle of the gulf, *where there could be no question*, at the time they were attacked."

The italics are ours and call attention to an evident uneasiness about our legal position. The uneasiness is justified. A great many questions of international law are raised by the presence of our warships within an area claimed by another country as its territorial waters while its shores were being shelled by ships we supplied to a satellite power. There is, first of all, some doubt as to whether warships have a right of "innocent passage" through territorial waters even under peaceful circumstances. There is, secondly, the whole question of territorial limits. The 3-mile limit was set some centuries ago by the range of a cannon shot. It has long been obsolete but is favored by nations with large navies. We make the 3-mile limit the norm when it suits our purposes but widen it when we need to. We claim another 9 miles as "contiguous waters" in which we can enforce our laws on foreign ships. While our planes on reconnaissance operate three miles off other people's shores, we enforce an Air Defense Identification Zone on our own coasts, requiring all planes to identify themselves when two hours out. In any case, defense actions may be taken beyond territorial limits. The law as cited in the U.S. Naval Academy's handbook, *International Law for Sea-Going Officers* is that "the right of a nation to protect itself from injury" is "not restrained to territorial limits . . . It may watch its coast and seize ships that are approaching it with an intention to violate its laws. It is not obliged to wait until the offense is consummated before it can act."

Prize Explanation

Mr. Robert PIERPONT (CBS News): Do you have any thoughts yourself on why the North Vietnamese Navy would have decided to take on the U.S. Navy?

Senator Eugene McCARTHY (D. Minn.): I don't know. It may be that they were bored."

—On CBS Face The Nation, Aug. 9.

If the Cubans Shelled Key West

More important in this case is the doctrine of "hot pursuit." The North Vietnamese radio claims that in the first attack it chased the U.S. warships away from its shores. "The right of hot pursuit," says Schwarzenberger's *Manual of International Law*, "is the right to continue the pursuit of a ship from the territorial sea into the high sea." The logic of this, our Naval Academy handbook explains, is that "the offender should not go free simply because of the proximity of the high seas." It is easy to imagine how fully these questions would be aired if we spotted Russian ships hanging around in our waters while Cuban PT boats shelled Key West. Our actions hardly fit Johnson's description of himself to the American Bar Association as a champion of world law.

There are reasons to believe that the raids at the end of July marked a new stepup in the scale of South Vietnamese operations against the North. These have been going on for

U.S. Secret Operations Against North Vietnam Began 3 Years Before Rebellion in South

"However sensational the latest events in the Gulf of Tonkin and whatever their exact circumstances, they should not make one forget that the American 'Special Services' for several years have encouraged and supported guerrilla operations against North Vietnamese territory.

"Thus as early as 1957 there was created at Saigon a 'service of liaison in the presidency', headed by several American specialists and charged with the organization, training and command of parachutist commandoes specializing in intelligence and counter-espionage. Within this service 'Section 45,' assisted by four American advisers, was trained for operations in the North. . . . These recruits finished one stage of training in a camp at Nha-Trang. Then the best were sent on to Formosa or Guam for more advanced training. It was only then that these agents, grouped in commandoes, tried their luck in Tonkin. . . .

"Until 1960, however, the pace of these operations was very slow. The United States had not yet intervened directly in the second Indochinese war and the southern commandoes lacked zeal. Things changed from 1961 on when Washington decided to step up its efforts in Vietnam. The objectives also were to be changed. The purpose henceforth would be to disorganize the economic and military potential of the North in order to prevent its aid to the rebels in the South, an aid one feared without yet having formal proof of it. The overturning of the Communist regime was consigned to second place. The famous Staley-Taylor plan, which forecast the pacification of the south in 18 months, assigned an important role to commando operations against the North. At the same time, the government of Hanoi, from 1961 on, more and more often announced the capture of 'American-Diemist saboteurs, caught in the act.' . . . Most of the agents intercepted had been recruited among Catholic refugees from Tonkin or former soldiers in the French army."

—Georges Chaffard in Le Monde, Aug. 7.

Was the Reprisal Raid A Long Planned Strategic Bombardment?

some time. In fact, a detailed account in *Le Monde* (Aug. 7) says they began (See Box p. 3) three years before the rebellion broke out in South Vietnam. Ever since January of this year the U.S. press has been full of reports that we were planning to move from infiltration and commando operations to overt attacks against the North. *Newsweek* (March 9) discussed a "Rostow Plan No. 6" for a naval blockade of Haiphong, North Vietnam's main port, to be followed by PT boat raids on North Vietnamese coastal installations and then by strategic bombing raids. In the middle of July the North Vietnamese radio reported that the U.S. had given South Vietnam 500 "river landing ships" and four small warships from our mine sweeping fleet. A dispatch from Hong Kong in the *New York Times* (Aug. 14) quoted an "informed source" as saying that the North Vietnamese had concealed the fact "that the shelling of the islands" on July 31 "had been directed at a sensitive radar installation." The shelling of radar installations would look from the other side like a prelude to a landing attempt.

How The Public Is Brain-Washed

These circumstances cast a very different light on the Maddox affair, but very few Americans are aware of them. The process of brain-washing the public starts with off-the-record briefings for newspapermen in which all sorts of far-fetched theories are suggested to explain why the tiny North Vietnamese navy would be mad enough to venture an attack on the Seventh fleet, one of the world's most powerful. Everything is discussed except the possibility that the attack might have been provoked. In this case the "information agencies," i.e. the propaganda apparatus of the government handed out two versions, one for domestic, the other for foreign consumption. The image created at home was that the U.S. had manfully hit back at an unprovoked attack—no paper tiger we. On the other hand, friendly foreign diplomats were told that the South Vietnamese had pulled a raid on the coast and we had been forced to back them up. As some of the truth began to trickle out, the information agencies fell back on the theory that maybe the North Vietnamese had "miscalculated." That our warships may have been providing cover for an escalation in raiding activities never got through to public consciousness at all.

The Day After The Battle Was Over

"I find the speech of the Senator from South Dakota [Mr. McGovern] very interesting but very belated. For approximately 6 months the Senator from Alaska [Mr. Gruening] and the Senator from Oregon have been urging support for the very suggestions which the Senator from South Dakota made this morning. If Senators who have held the views of the Senator from South Dakota—and many of them have held them privately for these many months—had joined the Senator from Alaska and the Senator from Oregon 5 or 6 months ago in urging a diplomatic settlement of the Asiatic strife under the rules of international law, we might have been able to change the warmaking course of our government in Asia. But one of the saddest things is that during all those months the talk of many Senators in the cloakroom has been noticeably different from their silence on the floor of the Senate."

—Morse Aug. 8, day after the war resolution passed.

The two attacks themselves are still shrouded in mystery. The Maddox claims to have fired three warning shots across the bow of her pursuers; three warning shots are used to make a merchantman heave-to for inspection. A warship would take this as the opening of fire, not as a warning signal. The North Vietnamese radio admitted the first encounter but claimed its patrol boats chased the Maddox out of territorial waters. The second alleged attack North Vietnam calls a fabrication. It is strange that though we claim three boats sunk, we picked up no flotsam and jetsam as proof from the wreckage. Nor have any pictures been provided. Whatever the true story, the second incident seems to have triggered off a long planned attack of our own. There are some reasons to doubt that it was merely that "measured response" against PT bases it was advertised to be. Bernard Fall, author of *"The Two Vietnams,"* who knows the area well, pointed out in the *Washington Post* Aug. 9 that "none of the targets attacked" in the reprisal raids "was previously known as a regular port or base area. Hon-Gay, for example, was one of the largest open-pit coal mining operations in Asia, if not the world." Was this one of the strategic industrial targets in Rostow's "Plan No. 6?"

A long-and-glad romance which began at fifteen, ended last night with the death of Mrs. George Lansbury, wife of the Parliamentary Leader of the Socialist Party. Their Hyde Park years of happy married life began in the Gospel country and endured through a disappointing emigration to Australia. The dramatic story of this perfect domestic partnership is told on Page Thirteen.
